\*PAST PRESIDENT

Dear Friend of the Girls Club of Oxnard:

The Girls Club of Oxnard is growing... thanks to the help of people like you! This is our annual appeal for assistance in sponsorship of one or more of our Club members at a cost of \$35.00 annually for each girl sponsored.

For those of you who may not be familiar with our Club, we are in our sixth year of operation and membership is open to all girls, age 6 through high school, regardless of race, creed, or national origin. Membership now totals approximately 335 girls. Our aim is to help these young ladies to become confident, responsible citizens in our American way of life.

Our operating expenses grow each year and we depend solely on charitable donations. The United Fund of Ventura County has provided us this year with about 23% of our operating expenses.

We are confident that you share our belief that nothing is more important than providing these young people the background upon which to build a meaningful life. We will gratefully appreciate a donation of any amount toward this cause.

Please plan a visit to our Club soon and learn first hand of the important role it plays.

Sincerely,

Geraldine Furr  
President
