

THE SECRETARY OF THE NAVY
WASHINGTON

12 MAY 1961

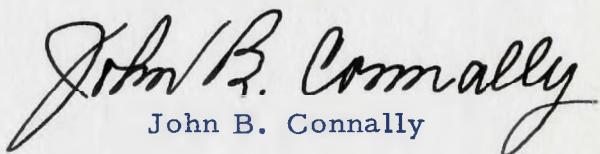

Dear Mrs. Tolmach:

In reply to your letter of 2 May concerning the film strip, "Communism on the Map," and my visit to Point Mugu, I must regrettably advise that I will be unable to accede to your request for an appointment.

As much as I would like meeting with you and your committee, I find that my schedule will not permit any additional stops or visits while in the area.

Your interest in this matter is appreciated and I hope that I will be able to visit your area another time.

Sincerely,

John B. Connally
