Dear Mrs Morgan,
~~The~~
latest rugs and
patterning ~~or~~ ~~not~~
mitfittas look very
well.

Are there any
other things we
can send them
there.

I think The fireplace
in the mens room
could be improved
in appearance

and in practical
qualities.

I will try to find
something as a
suggestion.

We need more
sofas and more
easy chairs in
this living room.
The wooden chairs
are rather ~~hard~~
severe. They have
been removed

to the dining room
very large, where
they look better.

The living room
could have a
dozen upright
chairs of comfortable
quality and picturesque.
It could also
have three more
sofas.

One sofa has
been removed for
the Taylor suitcases

We should replace
that and order
two more of the
same kind, —
the big blue green
kind.

Don't you think
the roofs of these
big rooms should
be stenciled or
stained

The picture on the
walls looks awfully
small. Sincerely, W. H. H. H.
