EDMUND G. BROWN
GOVERNOR

June 22, 1960

Mrs. Jane M. Tolmach
Oxnard, California

Dear Jane:

Our delegation has made its decision on the selection of a new National Committeeman. There were many considerations which had to be balanced by every delegate in casting his or her vote on this tough issue. I respect the feelings of those delegates who, like yourself, disagreed with the outcome in this matter.

No one has more respect than do I for the liberal leadership on the National Committee provided by Paul Ziffren during the last seven years. His tireless efforts have been one of the cornerstones for the successful rebuilding of the California Democratic Party in the past decade.

I feel confident that Stan Mosk will move in quickly to continue to give our State effective National Committee representation. I hope you will join me in giving him your full support in this difficult task. Only through a determined, unified campaign can we repeat our sweeping 1958 victory this November. And that, I am sure you agree, is the real task to which all Democrats now must dedicate themselves.

Sincerely
