To California State College, Fullerton Graduate of 1971:

On behalf of the entire College, I congratulate you on receiving a degree tonight.

I commend you for your achievement, and for the share you have had in building an institution of highest quality. California State College, Fullerton is becoming known and recognized in many fields, both academic and extra-curricular.

This has been a year of reflection and self-evaluation in the College community. There are many exciting new ideas and plans we are making for the future. Your contributions towards the fulfillment of these programs are most appreciated.

Perhaps, out of all our experiences together, we are becoming more sensitive to each other and to the need of all men to be more aware of the ties that must bring us together. It is our hope that you will be a force for reason and goodwill for your alma mater and for all of us.

Wherever you go, and whatever may be your occupation or profession, we at Cal State Fullerton urge you to return here often, to visit and to offer your suggestions and ideas for improving and advancing our educational programs. We wish you well.

L. Donald Shields

President

California State College, Fullerton
