Notes:

Enrolled² = Students Enrolled - Continuing Students

Freshmen = First-Time Freshmen: Enrollment Status = 5 (First-Time) and Student Level = 1 (<30 Units).

The calculations in this report are based on data from two datasets which are created and audited separately: ERS-Applicant and ERS-Student; data from these datasets were used in this report.

^a There are several instances where application and admissions figures in ERSa are lower than actual enrollment figures in ERSS; limiting the ability to calculate certain yield rates.

^b In Fall 04, there was a one-time instance in A&R data practice, where admitted students were rolled into the "Withdrew Application" category. Please see Appendix 1 for a summary of ERSa Data.

Notes:

- * In Fall 04, there was a one-time instance in A&R practice, where admitted students were rolled into the "Withdrew Application" category for Admission Status.
- Fall 04 "Withdrew Application" category includes: students who withdrew their application, as well as admitted students that "did not submit an intent to enroll."
