(Partial List)

Dear Fellow Democrat,

Democrats don't usually support Republicans, however, this year there is a candidate who has earned all of our support and trust, Congressman Bob Lagomarsino.

Bob has been an extremely effective legislator for our area. He is responsible for bringing thousands of new jobs to our community.

This year when it comes to public service, we have an opportunity to make our vote count twice. Bob's opponent, Gary Hart, has done an adequate job in the State Senate. A vote for Bob is a vote to keep Gary Hart in Sacramento, and Bob in Congress.

That's not the only reason we're supporting the re-election. His record on the important issues is solid.

On Crime:

Congressman Lagomarsino has always supported the death penalty.
He also opposed reconfirming Rose Bird.

On The Environment:

Bob is working to close and clean-up the Casmalia facility and eliminate the toxic threats in our community.

On Senior Citizens:

Bob has consistently supported cost of living increases for Social Security beneficiaries and has worked with fellow Congressman Claude Pepper (D-Fla) in working to establish a comprehensive catastrophic health care program.

As you can see, Congressman Lagomarsino's record is very impressive, but what his record really demonstrates is his deep concern and commitment to people.

On Tuesday, November 8th, please vote. We hope you will join us in casting your ballot for Congressman Bob Lagomarsino.

Sincerely,

George Hobbs
Mayor of Santa Maria

Ken Verkler
Solvang City Councilman

Tom Laubacher, Sr.
Former Supervisor
Ventura County
