FROM THE PRESIDENT

As President of California State University, Fullerton, I am pleased to welcome you to our 46th annual commencement. Commencement is a very special time for degree candidates, families, friends and other members of the campus community. It is a time when we celebrate the successful conclusion of degree programs designed to foster the development of humane leaders prepared to meet the opportunities and challenges of a changing, diverse world.

Today the university honors some 8,525 undergraduate and graduate students who completed degree requirements in January or who are scheduled to do so in June or August. It is fitting that recognition of your accomplishments should be in the presence of your professors, relatives and friends who have participated in a variety of ways in helping you attain your academic goals. As candidates for graduation, you are the proud products of our academic enterprise.

We hope that you forever will be life-long learners dedicated to the pursuit of excellence and the importance of life issues.

On behalf of the faculty, staff and students of California State University, Fullerton, I extend heartiest congratulations to the Class of 2005 upon reaching this educational milestone. I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family. The future is yours!

A handwritten signature in dark ink, reading "Milton A. Gordon". The signature is written in a cursive style with a large, stylized "M" and "G".

Milton A. Gordon

President, California State University, Fullerton

FROM THE ALUMNI

As President of the Cal State Fullerton Alumni Association, it is my pleasure to offer each of you my heartfelt congratulations on a job well done. You should feel very proud of yourself for setting your mind to the task and achieving the goal.

As you reflect today and in the coming years on your time here at Cal State Fullerton, keep in mind that you are now part of over 150,000 successful graduates that comprise the Titan Family. Among our graduates are Academy Award winning actors and screenwriters, television news reporters, Pulitzer-Prize winning journalists, successful novelists, doctors, lawyers, teachers, professional athletes, entrepreneurs, legislators, scientists and business leaders of some of our country's most successful companies. Count yourself as one of these alumni. Count yourself as one of the best.

Today's ceremonies do not mark the end of your connection with Cal State Fullerton; rather, they are a time for you to celebrate your accomplishments in joining this impressive network of Titan alumni. Be sure you take the time to stay connected to this University by joining the Alumni Association. As a member, you will have many opportunities to tie into this network, continue your professional development, maintain the friendships you have developed and take advantage of the resources that the Cal State University system has to offer.

Each of you knows that your accomplishments here today are due in part to the support of your family and friends. Similarly, the Alumni Association exists in part to help graduates succeed in their careers. Take advantage of this network of successful alumni and I look forward to meeting and working with you.

Best Wishes In All Your Future Endeavors,

D. Edward Hays, Esq. '89

President of the Alumni Association

ABOUT THE PROGRAM

LIST OF CANDIDATES: Students eligible to participate in the 2005 commencement ceremonies are January 2005 graduates and June 2005 and August 2005 candidates who filed for graduation prior to the announced deadlines.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: cum laude, 3.5 to 3.74; magna cum laude, 3.75 to 3.89; summa cum laude, 3.9 to 4.0. Students who have earned honors at graduation have been awarded ribbons with medallions that bear the seal of the university: white ribbons denote cum laude; orange ribbons denote magna cum laude; and blue ribbons denote summa cum laude. Program notations indicating achievement of these awards are based on the students' records at the end of the fall 2004 semester. Official award of appropriate diplomas and recognition of honors achieved (which are indicated on the diplomas as appropriate) are contingent upon the candidates having met all university requirements and related criteria.

PRESIDENT'S SCHOLARS: Students who are President's Scholars are noted in the list of candidates. This program to recognize academic and extracurricular excellence is sponsored by the President's Associates.

FACULTY MARSHALS: The faculty marshal leading the procession in each commencement ceremony has been honored as the Distinguished Faculty Member of that particular college. This distinction is bestowed by the president upon the nomination of fellow faculty members.

UNIVERSITY HONORS: Students graduating with University Honors have earned 24 units of Honors coursework, achieved a minimum grade point average of 3.5, and completed a Senior Honors Project. These students have been awarded medallions for their achievement. Program notations are based on the students' records at the end of the fall 2004 semester. Official award of University Honors (which is indicated on the diploma) is contingent upon the candidate having met all university requirements and related criteria.

PHI KAPPA PHI: Among those participating in commencement ceremonies are students wearing a white ribbon with a zigzag design. These students have been elected to membership in the Honor Society of Phi Kappa Phi, a national organization founded in 1897. Students are selected for membership from all of the recognized academic disciplines based on records of outstanding scholarly achievement.

PHOTOGRAPHY: The CSUF Alumni Association has arranged for a commercial studio to photograph each graduate at the moment he or she crosses the platform. Proofs and information on ordering prints will be mailed, with no cost or obligation, to participants. Guests may take photographs during the ceremonies; in the interest of decorum, they are requested to do so from their seats.

CEREMONIAL REGALIA

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters; and light coffee (drab), Business Education.

THE MACE: The mace is a ceremonial symbol of authority carried in academic processions at commencements and convocations. Originating in the Middle Ages, it once was a formidable weapon, held ready to protect the person of dignity. The University Mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973, and Master of Arts in Art in 1976. The design of the mace reflects the university's architecture, colors (blue and white) and location—the site of the first commercially grown Valencia orange grove. The stem is of cocobolo, a wood orange in color, while the university's colors are represented through the use of ivory and niello. At the top of the mace is the university seal.

GRADUATION WITH TITAN PRIDE: Cal State Fullerton is proud of the graduating class of 2005. Out of respect for each graduate, we expect graduates and guests to remain in their seats until the conclusion of each ceremony. We also ask that cell phones be turned off during the commencement events. Smoking and alcoholic beverages are not allowed at any of the commencement events.

EMERGENCIES: First aid stations are located in the parking lot of the Student Health and Counseling Center on the east side of the Titan Gymnasium, and on West Campus Drive west of the Stadium. If you need assistance, call 278-3333 or inform an usher or anyone at an information table.

Michele Ruiz, Former NBC4 News Anchor and Cal State Fullerton College of Communications Alumna, has been known to Los Angeles audiences since 1991. The award-winning broadcast journalist formerly co-anchored the weekday editions of the "Channel 4 News."

Ms. Ruiz initially began her broadcasting career as a news anchor for "Channel One," a national news program for high school students. She then spent seven years at KTLA, where she won three Los

Angeles Area Emmy Awards and two Golden Mikes for her outstanding work. She has received a total of 19 Emmy nominations during her career. She has won two prestigious Golden Mike Awards and a Los Angeles Press Club Award for a series she did on autism.

Ms. Ruiz has received recognition for her involvement in a number of community and professional organizations. She is a long-time mentor to young women; a board member of Para Los Ninos, an organization devoted to inner-city children; a member of Investigative Reporters and Editors, Inc., the Radio Television News Directors Association; and the National Association of Hispanic Journalists. Additionally, she and her husband work at raising awareness about the need to support genetics research.

HONORARY DOCTORATE

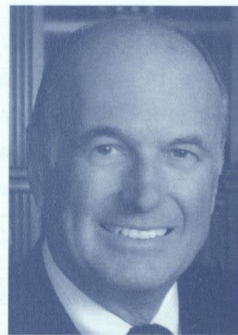

Steven G. Mihaylo, CEO of Inter-Tel, Incorporated, is a 1969 College of Business and Economics alumnus and the chairman, president and chief executive officer of Inter-Tel, Incorporated. He founded the company in Phoenix in 1969 beginning the 34-year odyssey that is Inter-Tel; evolving from simply providing business telephone systems to offering full-fledged managed services and helping businesses facilitate communications that increase business service and productivity.

Mr. Mihaylo's philosophy has always been to focus on the needs of the customer, growing Inter-Tel from a one-man shop to a global organization employing over 1,800 people, and servicing more than 500,000 business customers through a network of more than 60 direct sales offices and over 500 resellers worldwide. In 1981, common shares of Inter-Tel stock were offered and are quoted on the NASDAQ national market system under the symbol INTL.

Mr. Mihaylo has served on a number of community and civic organizations. In 2004, he pledged \$3 million to name the new building for the College of Business and Economics at Cal State Fullerton. "Over the years I have been grateful for the education that I received at CSU Fullerton and the opportunities that I was afforded. It is my honor and privilege to support the College of Business, and to be a part of the environment where all students have the opportunity to succeed."

SUNDAY, MAY 29, 2005

Dick Ackerman, California Senator, was unanimously elected as the Senate Republican Leader in May 2004. As a former local government official and small business owner, he is sensitive to the major problems facing Californians. Senator Ackerman is a respected leader with a common sense approach to government. He supports government accountability and local control in important decisions ranging from education to land use. Senator Ackerman believes the government must be accountable to our citizens when

spending tax dollars.

Senator Ackerman, a long-time Southern California resident, has represented Orange County in the State Legislature since his election to the Assembly in 1995. In 2000, he was elected to the State Senate, where he currently serves the 33rd District. Prior to his tenure in the legislature, Senator Ackerman had a long record of service in local government. He served on the Fullerton City Council for 12 years and spent two terms as Fullerton's Mayor.

Senator Ackerman's public service and effective advocacy have been recognized throughout the community. He has received several awards, including the Legislator of the Year Award from the University of California and the Legislator of the Year Award from the California Charter Schools Association.

OUTSTANDING PROFESSOR

"What E.O. Wilson did for ants, Nancy Segal has done for twins," said Irving Gottesman, Sherrel J. Aston Professor of Psychology Emeritus at the University of Virginia. "I am now tempted to compare her with Carl Sagan because of the more pertinent contribution Nancy has made as a scientifically sound popularizer and teacher. She has the ability to reach out and communicate with an infectious enthusiasm to both young minds and seasoned scientists."

Nancy Segal, Professor of Psychology and University Faculty Marshal for the College of Humanities and Social Sciences, is this year's recipient of Cal State Fullerton's Outstanding

Professor Award – the highest honor the university awards to a faculty member.

"Twin research is wonderfully exciting, so to be honored for doing the work I love best is so special," said Dr. Segal, author of the highly acclaimed book "Entwined Lives: Twins and What They Tell Us About Human Behavior," published in 1999 by Dutton Press, and the soon-to-be-published "Indivisible by Two: Lives of Extraordinary Twins," from Harvard University Press. She is also senior editor of the American Psychological Association's "Uniting Psychology and Biology: Integrative Perspectives on Human Development," published in 1997.

Dr. Segal joined the Cal State Fullerton faculty in 1991 and that same year, established the Twin Studies Center, which has been cited in numerous publications and resources.

She has authored more than 80 scientific papers in scholarly, peer-reviewed journals, more than half of which were completed since joining Cal State Fullerton. She also has written more than 20 book chapters.

Because of her groundbreaking work, she is frequently called upon by national media, including Dateline NBC, 20/20, Good Morning America, ABC World News Tonight, various PBS affiliates, New York Times, Wall Street Journal, Los Angeles Times, The New Yorker, Psychology Today and Discover Magazine. In fact, she's made more than 200 media appearances in the past two decades.

A Fellow of the American Psychological Association, American Psychological Society and Western Psychological Association, Dr. Segal also served as contributing research editor for Twins magazine from 1984-1998. Currently, she is an associate editor for Twin Research and Human Genetics, the journal of the International Society for Twin Studies.

Learning is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge.

Our affordable undergraduate and graduate programs provide students the best of current practice, theory and research and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society.

We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
