

## Plan To Turn In Your Toxic Material Nov. 20

By Ron Neiss

Imagine your child or grandchild wanting a glass of water, but the water is not safe to drink! Why? How did it get that way? What should be done about it?

It will not take much effort and NO money to PREVENT what could happen to our water if we all, you and I, do our little bit to avoid poisoning our underground water supply.

We don't mean to poison our water, but we do it by using drain cleaners, toilet cleaners, ammonia cleaners, snail killers, paint thinner, etc.

You might say "The little I use can't do any harm to our underground water system!" You are right, but you are not alone. You and I, your neighbor, my neighbor, etc. etc. etc. It adds up and come a rainfall, it all soaks into the ground, whether around your house or at the dump where your garbage has been piled.

The poisons leach out and contaminate the water underground. The more we use these poisons, the worse it gets year after year. It has got to stop! We can learn now.

The City of Camarillo is doing its part to help us do our part. The City will accept all toxic wastes—used oil, used antifreeze, old car batteries, drain

cleaners, pesticides, weedkillers, DDT, fluorescent tubes. Some can be recycled; none should be dumped onto the earth willy-nilly.

The Village has a plan to help dispose of the toxics in your home. A collection of toxic materials will be made on Friday, November 2 from 10:00 a.m. to 6:00 p.m. in the East parking lot of the Rec Center. Please bring your toxic material between these hours only. DO NOT LEAVE ANY WASTE IN THIS LOT.

Help your grandchildren live healthy lives without cancer. A list of non-toxic cleaning agents to replace the use of commercial toxic ones follows:

## Arts & Crafts Show

By Don Holmes

We hope that all Villagers will view the ALL-CRAFTS SHOW to be held in the shops area, the West end of the Rec. Center on Sunday, November 11, from about 10:00 to 4:00. There will be live demonstrations of nearly all of the Crafts Groups practicing in the Village, the only exceptions being where more than one Craft uses the same shop, or where the presence of visitors might make live demonstrations hazardous, in which cases static demonstrations and explanations will be done.

## Fall Sale Of Sales

By Jeanne Carlson

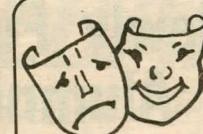

Last year's Bazaar picked an unfortunate date. The night before, San Francisco had a spectacular earthquake which affected many Villagers. It also was the day of one of our rare rains. The city of Camarillo had several other charitable festivities on the same date. But the Bazaar was a success nevertheless.

This year in spite of rule changes about fund-raising and hot weather, the Women's Club was able to have a good day once more, because of the support of our friends, the Villagers.

There were lots of things to buy from the

The Village Players Fall event promises to be one of those theatrical experiences that are memorable. The play for this year, is the Moss Hart comedy, "Light Up The Sky".

It is witty, the lines are brilliant and humorous.

What we witness is opening night of the out-of-town (Boston) trial run. It is a story of the exhilaration, the anguish, the uncertainty and the suspense of preparing a play that it is hoped will be a Broadway success.

Villagers are in for a treat with a stellar cast, ably directed by Don Pearlman, a professional actor who has endeared himself in the many parts he has played for both Village Players and Variety Guild.

The cast includes Phil Aaronson, Jackie Solway, Blanche Follen, Carolyn Cohen, Helen Gold, Larry Sawyer, Morris Erney, Jack Silver, Herb Schwartz, Charles Kent, Al Law, Irwin Steinhart, Dorothy Karlin and Billie Pachter. Irv Leeds is responsible for the production.

The performance will be November 14 through the 18th. 7:30 p.m. Wed, Thurs, Fri, Sat, nights and 2:00 p.m. Sun Matinee. Tickets are on sale in the Rec Center lobby Mon and Fri. 9:00 a.m. to noon; Wed 1:00 - 4:00 p.m.

Tickets are moving fast... a tribute to the Village Players past performances.

## ILV Heartily Commends The Establishment Of The Newly Formed Board Alumni Committee

When members of Leisure Village's Board of Directors finish their two-year term, they usually move on to other projects. Some become involved in community efforts, such as the city council and the local water board. Others return to the Village committee system and become activists who frequently attend the open Association Board meetings monthly.

Whatever their choice of post-Board activities, often the great reservoir of experience and talent gained as policy makers is not tapped for the benefit of the village.

In an attempt to make even further use of these minds, a Board Alumni Committee was formed recently, composed of former Board members. They are being asked to assist the sitting Board in an advisory capacity, working on projects such as long term planning for the Village, a real "think tank."

The Editors of Inside Leisure Village heartily applaud this move to reap further benefit from the skills and experience of these valuable resource people.

### Letters:

Charles Lich wishes to thank his friends and well-wishers for their show of interest in his recent bout with surgery. His heart goes out to all of you.

Charles Lich, V. 42

Many thanks to our great friends in Leisure Village for your caring, generosity, cards and tributes. We can't begin to tell you how much it meant to us. We are both on the mend.

Again, Bob and I are grateful for friends like you.

Bob and Goldie Denny, V.

We deeply appreciate the many tributes and phone calls we received on the passing of Saul's Brother, Arthur Hunau, and his sister, Irene Topper.

The warm expressions of sympathy comforted us at this time of our bereavement. Many thanks to all our friends in Leisure Village.

### Yet Another "Serious Walker"

The sidewalks were definitely not built with the "walker" in mind.

The "Serious Walker" is one who has a regular regimen because of a cardiac or arthritic condition or to prevent the same. Medical personnel write and advise walking on a level asphalt plane rather than cement. The intersections, at each village, (going up and down) and the various levels on the sidewalks put an extra strain on the legs and can cause much discomfort.

I walk every morning about 7:00 a.m. in the "bike lane" and always give the bicycle the right of way. Most mornings there are not any riders. If I try to walk on the sidewalk, I have to keep "jay walking" across the streets to avoid the sprinklers.

Either we need a walk-

### THROUGH MY TEARS

I didn't think I could hurt so much  
for someone I feel I hardly knew  
My Sister-two words that can have  
so much meaning  
And for me-always the hope of a  
relationship that might have begun anew.

Karen-you were such an enigma  
a woman with so many fears  
The depths of all those layers  
are now enveloping me in my own tears.

I wanted so much to know you  
and to help you with your private war  
I ache now to think of your loneliness  
and the constant battle you had to endure.

I wish I could have told you  
how much I really cared  
I'm not certain what prevented me  
I think maybe I was just scared.

You probably would have smiled  
and responded to me in kind  
But what you were really feeling  
I would not have been able to find.

Perhaps that was part of the problem  
you told others what they wanted to hear  
But underneath all those words  
was the Karen-you would let no one near.

I'm so sorry I couldn't find a way  
to reach you in your despair  
I pray that you are now in a place  
where you have found  
Contentment and Care.

I want to express my heartfelt thanks and gratitude to all of you wonderful friends and neighbors who showed so much care and concern for me during my recent illness and heart surgery. Your tributes, cards, phone calls, flowers, gifts of candy, cookies and food, and above all, your prayers for my recovery, are sincerely appreciated and will never be forgotten. Sid and I feel fortunate to live among all of you nice people.

Bea Weltman, V. 44

This is a belated thank you for the sympathy cards and tributes upon the death of my beloved wife, Margie.

Sidney Friedman, V. 35

Thank you for remembering Norm, with all the love and support that was expressed in the notes, cards, letters and tributes.

A special thanks to the Tikvah group and the beautiful Friday night service that was so meaningful to our family.

HIGH TWELVE  
CLUB

By Gabriel Barkley

The next meeting of the High Twelve Club will be on Monday morning, November 19th at 10:00 a.m. in the AR. The guest speaker will be Dr. Norman Narchi, a specialist in Neurology. The subject of his talk will be "Neurology And Related Illnesses." The very nature of this subject should arouse a good attendance at this meeting.

Most of us are aware of the fact that the nervous system in the human body is the electrical panel that makes it function, as in all other forms of animal life. Thus, you can be assured that this meeting will be a fruitful one, your time will be well spent.

Our social half hour will begin at 9:30 a.m.

Everyone is invited. Everyone is welcome.

## Floral Arts Show Credits

By Madelyn McKean

The Garden Club's Annual Floral Arts Show was again an afternoon of pure pleasure on October 18. The many beautiful flower arrangements and table settings, made by members of the Club, were a delight to the eyes especially as they were displayed on our beautiful new table cloths made recently by Marietta Pluim, Mary Ralph, and Loaine Yrigoyen--helped at times by other Club members.

To carry out the theme of "Autumn Festival" Alice Hinig and Mary Whalen, assisted by their enterprising committee, had decorated the walls with many traditional cut-outs of witches, harvest moons, autumn leaves and quite a few hand made wreaths. On the stage a barnyard scene was presented complete with bales of hay, scarecrows and ghosts. An island had been created in

the center of the AR with similar props, putting everyone into the "fall mood" in spite of the weather.

Many thanks to the four chairpersons; Lida Geddes, Mary Ralph, Millie Worth and Loaine Yrigoyen, for their tireless work and ingenuity in planning and producing a delightful afternoon. Other committee chairs to be thanked are Dora Cronyn for enlisting and training the hosts and hostesses, Lois Atz and Erna Hesson for publicity, Vivian Anderson and Carmen High who ably handled ticket sales, and Jack and Fran Calder who made the name signs for the arrangements. Last but not least thanks to Eleanor Kramer, Rita Leffler and Martha Moffitt who arranged for the cooking and serving of the hot cheese and sausage treats, fruits, pumpkin cake and cider.

# DON'T WAIT GET READY FOR THE QUAKE

By Paul Kelwin

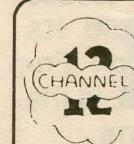

Can't say much about the day this ILV "hits the stands" on Friday October 26 as this is/was the day of our Emergency Services Organization's DPX (Disaster Preparation Exercise). The ESC (Emergency Services Committee) trusts and hopes all the ESO and Villagers were made more aware of what to do in case we were ever involved in a disaster. We firmly believe it is to the advantage of all of us to be as prepared as possible rather than to feel "it won't happen here" and be doing nothing. The City and County would be too involved elsewhere, so, we'd be on our own. Check the new phone directory of LV and those 8 pages immediately preceding our listed names.

We'll have the statistics as to how many white "flags" were displayed at this DPX. This will be the third year we've done this. In October 1988, 1289 "flags" were displayed, in October '89, 1518. So, with 2136 homes, we're hoping for at least 1900 "flags". Did you put yours out? IF you're reading this before 10:15 a.m. October 26th, please get it out! It means: A-OK at our house.

We're still going to publish a current list of each village Co-ordinator and alternate(s). Our Chief Co-ordinator, Bill Huffman, had a bout of illness and hospitalization. Fortunately for LV and the ESO he is recovering nicely at home. Good luck Bill; we missed and need you!

Another interesting subject we're working on is with George Parker's Insurance Committee. What would be the actual financial problems of the

association and of each Villager should a devastating earthquake occur?

LOOKING AT  
CHANNEL 12

By Jack Whalen

There are several ambitious sports-related filming plans that George Huddleston hopes to put into action soon for Channel 12.

One would involve tapping the LV bowlers who have a weekly Friday afternoon tournament which runs from September until late April.

Among the male bowlers we'll try to film will be high average men Al Sparkman, Sid Weinberg and Barney Simon. Among lady bowlers Rosemary Cobb, Marty Gregory and Lindsey Merrill generally turn in good scores.

There promises to be some comedy in the program as we have bowlers who have some "unusual" form and delivery styles.

Plans are also being formulated to tape some of the better lady and men golfers in action, perhaps during a tournament in early spring.

The November Board of Directors meeting will be telecast live at 9:00 a.m. on Monday, November 5 with a repeat showing at 10:00 a.m. on Saturday, November 10.

Channel 12 continues to search for a few good volunteers who would be willing to devote one to two hours of service a week.

## for City Council

- ★ **Fight to stop development outside the city**, in the Santa Rosa Valley and in other greenbelts.
- ★ **Pledge to continue to keep senior citizens' needs in mind** in all decisions.
- ★ **Spend the time needed** to continue work on inter-governmental committees to solve county-wide problems.
- ★ **Oppose scheduled passenger service** at Camarillo Airport - jet or otherwise.
- ★ **Support programs to conserve our natural resources:** Recycling, water conservation, water reclamation, waste reduction
- ★ **Work to fast-track construction of the Santa Rosa/101 interchange.**
- ★ **Monitor city finances** to ensure that investments and expenditures are proper.

I believe that my experience, education, dedication and commitment to resolve the city's problems are needed to help the city meet the challenges of the next four years. I promise to continue to research, study and carefully make sound decisions, based upon the best interest of the people of Camarillo.

Your Neighbors Care Group is helping to conduct a simple scientific research project under the direction of Dr. Robert Wiswell and Sandra Howell in affiliation with the University of Southern California. The project requires volunteers from 60 to 88 years of age who do not exercise more than three hours per week. The study is limited to measuring hip joint range of motion.

Presently, there has been no research conducted on persons in this age group category. In participating in this study, residents of Leisure Village have an opportunity to be part of an exciting study that involves per-

sons of this age for the first time. The results of this study will not only aid in the research project, but will allow other physical therapists to develop new protocols for improved treatment of this rapidly growing population of society.

The actual participation time for each volunteer requires only 15 to 20 minutes per person and will be thoroughly explained to each participant prior to taking any measurements.

They hope you will be able to participate in the study and aid the profession in better furthering itself. If you have any questions, please do not hesitate to call Derek Meacham (213) 344-1267, Sandy Okum 482-8125 or Sonia Brink 484-2387.

# Built with Safety in Mind

One of the most important considerations in choosing a retirement residence is safety. We are all looking for a secure, safe lifestyle and this is of special concern for seniors.

At The Victorian, soon to be Ventura's newest senior living community, our building will offer the most technological, state-of-the-art safety and security systems available.

## PERSONAL SAFETY

In each bathroom and bedroom there will be an emergency call cord that will bring you help 24 hours each and every day, and as you would expect there will be grab bars in all bathroom showers and tubs. Also available as an option will be a push button necklace device that sends a signal directly to the Paramedics. The phone system will provide for an emergency alert if the handle is off the hook for over 30 seconds, and a voice intercom

from each unit to the front desk will be an added benefit.

## DISASTER SAFETY

When The Victorian opens its doors for occupancy it will be completely equipped with a state-of-the-art fire detection and prevention system. This system will include smoke detectors connected with the central station, a sprinkler system and personnel on duty 24 hours a day to monitor all aspects of safety.

The Victorian is being constructed above state and local residential building codes. In fact, The Victorian is being built to exact state regulations that apply to health care facilities. These regulations include directives that doors, walls and interior dry wall will have extremely high fire ratings to prevent the spread of fire and smoke and that the amount of concrete and steel in the building along with the construction techniques used will make

The Victorian almost impervious to damage from an earthquake. What this all means is that in the event of an earthquake, fire or other disaster The Victorian could quite possibly be the safest house in town.

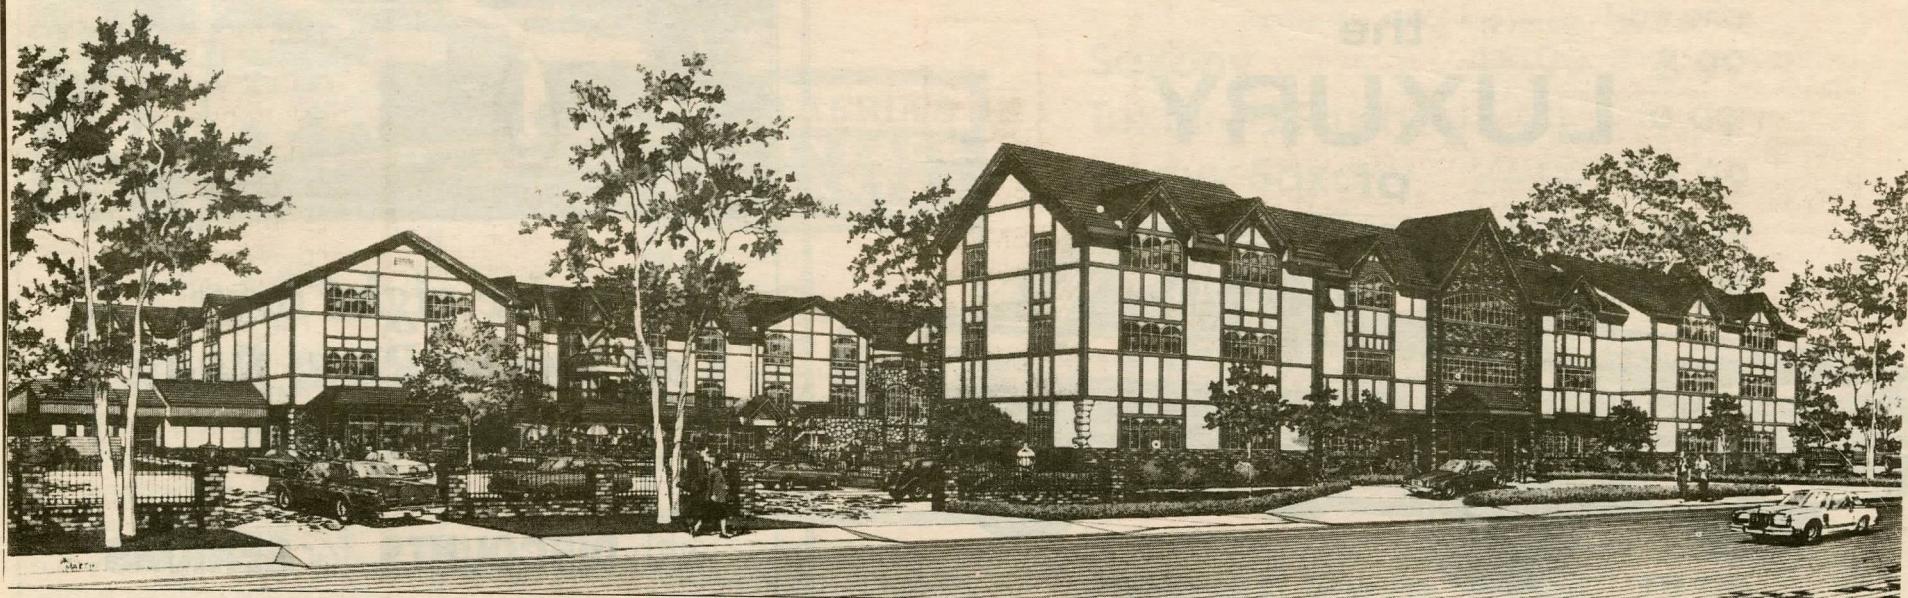

## SECURITY

There will be security television cameras strategically positioned in the complex, and all outside doors will be electrically monitored at the central station, as well as a security guard and other 24 hour personnel to insure safety and security.

So if you consider safety and security of the utmost importance in a retirement residence, The Victorian is what you are looking for.

Bob & Eleanor Service

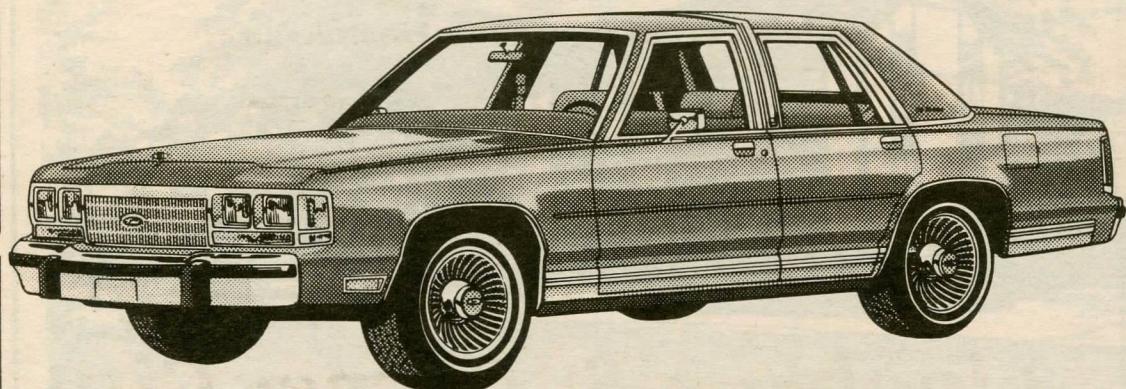

Within the first minute of a visit with Bob Service of Village 11, it's obvious this Scotsman has an uncommonly interesting story to tell.

Bob was born in 1905 in Kilbarchan, Scotland - a Glasgow suburb - where his father was in the construction business. During Bob's earliest years, construction went through a difficult period and his father decided that Canada offered better opportunities. In 1910, Bob's dad sailed across the North Atlantic to Halifax leaving his wife and family behind in Scotland. He settled in Merritt, British Columbia, built a home there and in December of 1911 was joined by his wife and family.

From this point on, Bob Service followed one of Mark Twain's dictums, "I never let my schooling in-

terfere with my education. Although Bob did not formally graduate from high school, he has made every day of his life a learning experience. He is justifiably proud of his engineer's license in the plastics field.

At the time of his father's death in 1917, Bob was an unusually mature 12-year old. His elementary school record in Vancouver displayed consistently high marks in the 3 R's. Books by Dumas, Melville and Twain were at the top of his reading list. But as a young boy in British Columbia, Bob was also a good skater and hunter.

Bob's working career began as the delivery boy for a Vancouver grocer and lasted until he had an unfortunate accident with a delivery of eggs. From this humble beginning, Bob's adventures and experiences read better than fiction. His early work travels show stops in printing, bookbinding and cement laundry tub manufacturing. Around 1920, Bob went with Crown Zellerbach Paper Corp. in Ocean Hills, B.C. and was closely associated with paper mills and paper making for a good many years. Music also became an important part of Bob's life and he mastered the saxophone, clarinet and trumpet. His love for music continues as a member of the Leisure Village Symphony.

While in Ocean Hills, Bob managed to stir up excitement in his own special ways. Even though "only idiots would climb the steep vertical face of Clara Marian mountain" Bob jumped at the chance to try it. And he met a big mountain goat when he got to the top. His hunting adventures placed him face-to-face with a black bear which slowly turned around and walked away, and with an eagle. Bob is quick to explain that when on flat land an eagle has

to speed down a runway and then take off much like a 747.

In 1942, Bob - and his wife Eleanor, whom he married in 1934 - headed for San Francisco where his sister was living. Eleanor and Bob had met two years earlier in Kapskissing, Ontario. He went to work at 95¢ an hour in the Kaiser Shipyards as an inspector of welded seams. After the end of WW II, his business and work career is a varied and continual success story. Bob and Eleanor did take time out on Friday the thirteenth of January, 1950 to become American citizens.

With the American Molding Co. in San Francisco, he designed several special plastic parts. Then came a turn at selling farm equipment and he was good at this too. Next stop was a return to paper making at a newsprint mill in Sacramento. A small world story occurs here also; two of the key people at Sacramento were with the Crown Zellerbach plant in Ocean Hills when Bob worked there.

Bob Service continued to have an impact in the plastics industry. As a sales rep for the Bee Chemical Co. of Los Angeles, his first customer for a new plastic-adherent paint was Mattel. Nothing like starting at the top. There's more. In the 1950's Bob designed and manufactured plastic novelties for the Ice Follies. Hundreds of thousands of these were made and sold.

Blessed with a fine mind, sharp wit and an infectious personality, Bob Service never knew when to stop. Among other achievements, Bob invented a cream separator for Carnation and made 25,000 by hand; was a top-producer insurance salesman for the Foresters; and starred in the dual role of a hardware store clerk/handyman for

THE LEISURE  
VILLAGE  
WOMEN'S CLUB

By Jeanne Carlson

The October meeting of Women's Club consisted of brief business and an outstanding program.

President Kay La Prell presided and stated that it was beginning to look a lot like Bazaar time.

Dorothy Fencl, Bazaar Ch. and 2nd V.P., added that everything was ready for the big day. We have a terrific amount of sales items on hand. She thanked all the workers for their accomplishments.

Dorothy also announced that See's Candy sale is already organized for December delivery--\$6.00 here, \$8.80 elsewhere. Dorothy and her crew will be in the lobby the weeks of November 5 to November 16 (no Saturdays), 10:00 a.m. Mailing boxes will be available.

Kay then announced that The Campbell Soup Co. labels will still be accepted in the MPR on Tuesdays, 9-11:00 a.m. The club will also collect Von's cash register tapes in order to obtain an Apple computer for Las Colinas school. Louise Houser will collect these at Workshop until the end of January. It takes many dollars worth, so please help.

First VP Renee Greene then announced the program of the day. Members received a real pleasure--a mini-concert by talented professional pianist, Dorothy Weiss, and violinist, Sally Raderman. Both ladies were child prodigies and have had outstanding careers. Mrs. Weiss appeared as a soloist at 16 and has played See WOMEN'S ..... Pg 13

VARIETY  
GUILD

By Lorraine Kaplan

A joint meeting of the Variety Guild and Village Players was held October 18, 1990. The business of the evening was the presentation of the slate of officers for the newly-merged group "Players Guild" for the year 1991. The list of nominees are as follows: Jackie Solway- President; Lorraine Kaplan, Executive Vice-President; Don Pearlman, 1st Vice-President, Program; Gertrude Kern, 2nd Vice-President/ Publicity, Jim Holthouse, Recording Secretary; Herb Schwartz, Treasurer; and Ruth Weiss, Corresponding Secretary. The vote will be taken at the November 8, 1990 meeting. Be sure to attend.

The November meeting will be another joint meeting and the program to be presented will be "Off

The chairs will soon be recovered with new fabrics and padding installed to make seating more comfortable and to spruce-up the Billiard Room.

Announcement of the names of new officers for the 1991-1992 year will be made in the next issue.

Whoever they may be, please give them your full cooperation. Your opinions and suggestions are always appreciated and help them to make decisions for betterment of our playing conditions.

Our Annual Dinner will again be held at the Cafe Basque on Sunday, December 9 at 6:00 p.m. Tickets are \$14 per person and can be obtained from Bill Ross and members of his committee. Last year's event was a sell-out. Don't be left out, get your tickets now. Guests are welcome until capacity has been reached.

It won't be long now before the 1991 Tournament begins. If you have any ideas or suggestions for changes in rules, etc, be ready to present them to the Tournament Committee. Tables are in their best condition in years and play should be more competitive and interesting. Sign up when the event list is posted.

THE  
CERAMIC  
PLUS  
CLUB

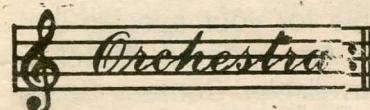

By Don Holmes

The Ceramic Plus Club held its annual Sale during the Women's Club Bazaar on October 13th, and it was very successful. We thank all our supporters. All of the articles on sale were hand-crafted "from scratch", by Club members. This includes rolling out the original clay, shaping it by the various processes, then glazing and firing it as required for the finished article.

This brings us to the All-Craft Show to be held on Sunday, November 11. The Ceramics Plus Club will, along with most of the other Craft groups, be

demonstrating their art. They will be in the Ceramics Shop, where all of the above will be in some stage of completion, with President Irma Shapiro heading a group of Club members. In addition, the present plans include demonstrations on the "Potters Wheel" by Mike Zerkel and Al Pachter, and copper enameling by Joe Poliak and Ben Smithkin. Be sure to visit all the shops and other rooms in the west end of the Rec Center, where other crafts will be demonstrating and showing their products.

Next Club Meeting falls on Thanksgiving, so the date will be changed. Watch Channel 12 for the new date and the program.

By Don Holmes

The Leisure Village Orchestra was quite active last month, and this will be more of a report on what we did in October rather than what we will be doing in the future.

The Orchestra played its Annual Free Concert during the Women's Club Bazaar, in the Club Room on Saturday, the 13th. The theme was "Around the World in Eighty Minutes", with music from America through Scandinavia, Europe, and Russia, and back to America. Since our audiences for these concerts are "drop in and rest your feet", we play the shorter, lighter numbers. Last year we introduced a lesser-known Strauss waltz, "Morning Journals", and this year we introduced the "I Tipfer!" polka. We also played music for the holidays, "Chanukah Celebration", "Christmas" Memories", and the ever popular "Carol of the Drums". The latter number featured our own "Rawza of the Drums".

The Leisure Village Board of Directors is concerned over low attendance at the monthly Board Meetings, and the Orchestra has volunteered to play a short program just before the Board Meeting, from 9:00 to 9:30, occasionally. We can't do it every month, and we suggest that other performing artists and groups within the Village help out by doing the same, and taking turns putting on a little entertainment before the business meeting. We will be happy to coordinate dates and arrange publicity if you want us to. Just phone Don at 482-4979.

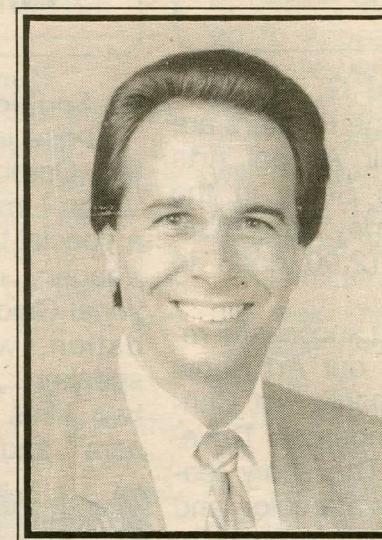

The Orchestra rehearses every Tuesday and Thursday at 7:00 to 9:00 in the CR. If you would like to be part of these programs - and we'd like to have you - you'll have to come out. We can't come after you.

## VILLAGE PAINTERS

By Mildred G. Oberg

The Village Painters are having their Annual Arts and Crafts Show in the AR on Sunday, November 4th from 12:00 noon to 4:00 p.m.

We had a successful reception for our Art Show at the Camarillo Art Center on Ponderosa Drive, Camarillo. The show featured oil, watercolor and mixed media paintings, also a new feature of mini paintings. A beautiful presentation of art! The dates were October 7-8th and 13-14th.

The member displaying her paintings in the LV Library of the Rec Center this month is Ruth Hellman. Do stop in and enjoy it. For anyone interested in joining this active group, please phone Marion Jayne, 484-5112.

## MEET YOUR NEIGHBOR

By Mary Erbsen-Kent

The October meeting of Meet Your Neighbor will be held in the GR on Friday, October 26 at 2:00 p.m., when Richard Mathes, LV Recreations Manager will be the principal speaker, presenting an in-depth explanation of the services available to all villagers.

Last month, the speaker was Joseph Beckerman, a member of the Building and Grounds Committee, who detailed the functions of the committee, as it related to the Board as well as the manner in which residents benefit from the activities.

Meet Your Neighbor presents an opportunity for new residents to meet villagers who have been here for a while; a chance to ask questions; and, to make new friends, while enjoying coffee and cookies. Everyone is welcome.

## VISION LIMITED

By Sophie Brown

Those in attendance at the October Meeting of Vision Limited were given a special treat. Genevieve Vaughn, of the International Guiding Eyes Foundation, was the guest speaker. She presented two films entitled "Partners" and "Willing Walk-

Helen Gray with seeing eye dog Nicky.

ers" about the use of seeing eye dogs and their training.

Highlight of the meeting was the introduction of Helen Gray, who is blind, and her dog Nicky. Mrs. Gray told of her training and how Nicky made a great difference in her life giving her a greater sense of security.

The presentation was so well received that plans are being made for Vision Limited to attend a future "graduation" at the Foundation. Those interested are urged to watch this space and Channel 12.

The next meeting will be held on Monday, November 5 in the Lanai Room. The functions of the Ventura County Department of Rehabilitation will be presented and discussed.

Everyone is welcome. For further information call Florence Block at 484-5838.

## SOLO CLUB

By Monica Alves

The regular monthly brown-bag lunch meeting will be on Friday, November 16, at 12:30 in the Garden Room. New single residents are always welcome to join us.

It's not too early to be thinking about Christmas. The Solo Club Christmas Dinner will be on Friday, December 7, at 5:30 p.m. in the AR. Marie Chase is taking reservations at 987-7212. Deadline is December 3rd. The cost of the catered dinner is \$10.75, BYOB.

## Friday Morning Discussion Group

By David Goldstein

Friday Morning Discussion Group features a relaxed discussion of the world around and within us. Gently stretches the mind with a mix of humor, politics, crisis and crystal balls with a little art and the human condition thrown in as leavening.

This causes the ferment of thought to rise and gives a delightful whiff of the ideas that can make our lives more interesting and productive.

Of course, all this doesn't happen accidentally, it takes preparation in which Esther Shulman and Helen Gavron so ably assist.

So give yourself a treat and give us the pleasure of your company.

When? 2nd Friday, each month.

Where? MPR room.  
Time? 9:30 a.m.-11:30 a.m.

Next? November 9.

By Ellis King

The October 5 meeting of the Amateur Radio Club included information on code and theory classes held in Thousand Oaks as well as a general discussion of some of the unique aspects of amateur radio operation in LV.

In a chalkboard-assisted talk, KI6RR discussed the ESO startup procedures assuming an earthquake during the small hours of the morning. The need for some kind of battery backup for HH sustained operations was mentioned. Best solution: access to 12-volt battery system (car, RV, etc.) via the available adapter cable for your specific unit.

An updated roster is available. Contact Secretary Bob Kumler for your copy.

The LVARC Net continues on Fridays at 7:00 p.m. on 146.58. Next regular meeting will be November 2 at 10:00 a.m. in the Sun Room.

## CAMERA CLUB

By Sam Weinstein

The October 3rd competition meeting of Camera Club was enlivened by the critiques and evaluations of our judge, well known Camarillo Professional Photographer, Dan Murphy. Dan, no stranger to our Club, made the sparks fly this time as he went straight to the heart of the matter-did he like the picture? If not, why not-if yes, why? Technique and composition could not, in Dan's opinion, make a winner out of a picture lacking impact and interest. It was only by a strong combination of all three factors that a picture received Dan's approval.

He was tough, alright, but his knowledge and professionalism provided a great learning experience which was certainly appreciated by the membership.

Sam's winning print will be displayed in the Rec Room corridor the month of November for all to see and enjoy.

In the "Open" category, Sam Weinstein took first place with an impressionistic shot of a colorful beach umbrella seen through a framework of bright, backlit blue and white umbrellas. Milt Mankoff, keeping up his winning streak, took second place with a beautiful, informal portrait of his niece, a charming, bright-eyed gamin. Bob Novick took third place with one of his well done kitchen studies, a bowl of fruit multiplied with a doubler.

lens so that the fruit appeared to be repeated ad infinitum.

Our next competition meeting will be held on Wednesday, November 7. Our themes will be "Night Scenes" and "Open". Night scenes are always popular with shutterbugs and we expect another interesting, hotly contested competition. We urge all our members to pick out their best shots, bring them in and join in the fun. Who knows, you may win the next Picture of the Month, but we do know this, if you don't compete, you can't win!

Reporters: Please name your club or group in first sentence if possible. Use third person: "our" and "we" are not usually used in good reporting.

**SWING  
DISCO  
JAZZ**

By Marguerite Abdellour

Swing Disco Jazz Dance Group will host their tenth Anniversary Celebration Saturday, November 3 from 8:00 to 11:00 p.m. We are overwhelmed by the response to ticket sales. It is quite evident that R.G. Kanner "Hired Hands" is a favorite of many dancers. Tables are being reserved for parties of 10 and 12. At the rate tickets are going, sales should close early. Tickets at \$2.00 can be purchased Monday and Friday from 9:00 to 11:45 a.m. also Wednesday from 1:00 to 4:00 p.m., at the Recreational center.

**VILLAGE  
SWINGERS  
SQUARE  
DANCE CLUB**

By Al Siegel

The Village Swingers greeted the end of summer and the beginning of autumn at their regular weekly dance on October. A full schedule of weekly dances and special events made the month very active and festive.

Vacations are over and we hope those on the sick list will soon be back in action. What could illustrate the club's enthusiasm more than the fact that we had not one, but two, costume dances in October. The "Around the World" theme dance, where those who had them wore ethnic costumes they may have purchased on an overseas trip. Of course, Halloween itself allowed those so inclined to let their imaginations run free, and possibly even win a prize, along with having fun dancing.

On October 23 our guest caller was Gary Dane. We seem to never

At our October third dance we enjoyed the new speakers, donated to the Village by Elmer Eymann and his dance group. Swing Disco Jazz Dance Group thanks you for sharing.

Masters of ceremonies at the dance Anne and Irv Dubin welcomed Villagers and guests. Irv, singing the Anniversary Song paid tribute to Isabel and Bruno Torchia who were celebrating their 51st Wedding Anniversary. As is customary the celebrants lead the Anniversary Waltz.

Walter Bell and Imogene Gregory emceed our evening of fun, October 20th "Western Night Dance".

At our tape dances, donation of 50¢ will get you refreshments and ice, music is free. B.Y.O.B. at all dances.

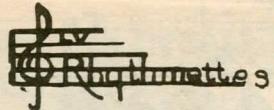

tire of his fine calling and singing. Bill Burrier cued rounds as usual on guest caller night.

Speaking of rounds, you should know that a new round dance class on Sundays from 1:00 p.m. to 3:00 p.m., has been started in the Village. Carol Archer is the cuer/teacher and does a superb job.

If you are thinking of learning to round dance, or if you'd like to brush up to get back into it, now is a very good time. Reviewing the basics might be just the thing that makes it all fit into place. The class needs your support.

Looking forward to November, we'll be dark on November 6 due to elections, but we'll have our regular schedule with the annual Turkey Trot on November 20. You can't win a turkey if you're not there. Our guest caller for November is Arlen Miller on the 27th.

Dancing feet are happy feet, so, come every Tuesday and "square up" with your friends and neighbors.

By Trudy Orsan

The Rhythmettes are into the fall swing of music with Christmas just around the corner. Piff De Simone was back in the directors slot, seated this time due to recent, minor foot surgery, and we all were happy to have the nimble fingers of Selma Simon back at the keyboard of our grand piano. We all are happy knowing that Ethel Bellanger and Maxine La Porte have kindly promised to play for us monthly, too.

Attendance was down a bit due no doubt to vacations yet unfinished and day trips, but we are looking forward to all members coming back in full swing and also will welcome new music lovers who would like to enter in the fun. Join us on Tuesdays at 1:00 p.m. in the AR.

**EASY  
SQUARES  
CLUB**

By Maury Ogens

The Easy Squares started the month with a wonderful dance that included a potluck dinner with all the tasty goodies brought by our members. Our caller that night was Lloyd Lewis, a newcomer to us.

Our former caller Paul Diffenderfer has taken off for an extended tour of Canada which resulted in our need for a replacement at this time.

We also have had Don Hart, a fine caller from Santa Paula. With our round dance programmer John Quackenbush, we always have fun and pleasure at our dances.

An evening of square dancing gives us an equivalent of 5 miles of walking. Visitors are always welcome, so join us for fun and exercise at the same time.

**SATURDAY  
NIGHT  
BALLROOM  
DANCE**

By Anne Janoff

Let's fall into step as autumn fills the air, by attending the Saturday Night Ballroom Dance on October 27. Hosts for the evening will be Bob and Ruth Novick and Al and Fay Zelman.

Dancing from 8:00-11 p.m. in the A.R., only fifty cents per person, coffee, tea, punch and ice available. BYOB.

The lively music playing fox trots, swing, waltz and Latin rhythms by top bands recorded on tape will bring most of our

dancers to their feet. Though the season is right, any lurking ghosts or goblins are not expected to appear.

On November 10, Edward and Eunice Donahue and Sy and Isabel Blau will do the hosting. The following dance will be on November 24.

All residents and guests are welcome and we encourage new villagers to join us at our Saturday Night Ballroom dances. We believe that many of our villagers who come to these dances regularly might enjoy hosting an evening. Don't hesitate about inquiring. Please let us hear from you by calling 484-1238.

**HAPPY  
HOOFERS**

By Dorothy Karlin

The Happy Hoofers were most pleased and excited when the Board of Directors of the Village gave their approval to their project of fund raising for the purpose of putting down a wooden floor on LV's stage.

Please, one-and-all, if a Hooper asks you to participate in some event we are sponsoring, give us your cooperation. Knowing the Hoofers, it's bound to be entertaining.

By Edith Zwiebel

Love Round Dance members are continuing to learn new dances right along. The intermediate class learned "Missouri Breaks", a new dance which was presented at the National convention in June. The easy level round of the month for September, "One More Time" was cued to class A and Class B and was easily picked up from cues.

The cause is worthwhile and will benefit the whole village.

Meanwhile, the Hoofers are busy practicing and perfecting routines for bookings coming up in October, November, and December. Happily, we'll garner more bucks for our goal. We will also be doing our part to help celebrate the holiday season by appearing in the Women's Club Holiday show.

That's it for now. Have a happy Halloween, and remember--it's Help-A-Hooper time, because a wooden floor will help all of us to keep on dancin'!

The nominating committee will present a slate of officers on October 7. Further nominations and balloting will take place on October 14, and installation of officers for 1990-91 will be on November 4.

The new beginners class is progressing very nicely. There are 11 couples in the class, and they are learning basics from our lovely cuer, Carol Archer. It is not too late to join. If you wish to brush up on steps you have learned in the past, this is the class for you. The time is from 1:00 p.m. to 3:00 p.m. in the AR.

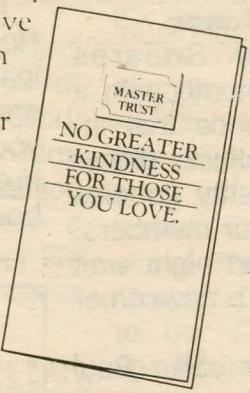

# Why pre-planning your funeral is one of the kindest things you can do for your family.

The most inevitable fact of life is that it will end one day. The kindest thing you can do for your family's peace of mind is to make sure that arrangements and financing are made well in advance of that day.

Pre-planning spares your family any additional concern and anxiety when the inevitable actually happens. It gives positive assurance that the arrangements will represent your personal wishes. It also relieves those you love of any financial stress, assuring them that funds will be available when needed to offset or completely cover funeral expenses.

For more information on pre-arrangement or pre-funding, write for our free booklet, "No Greater Kindness for Those You Love." If you have any questions, give us a call or stop in.

Please send me a copy of your folder, "No Greater Kindness for Those You Love."

INDOOR  
OUTDOOR  
GARDEN  
CLUB

By Madelyn McKean

On October 11 Garden Club members and guests took "A Look Behind the Scenes at the Fair" with Barbara Schneider, who is chairman of the horticulture Division of the Ventura County Fair. She talked about how the entries are judged and the importance of the display of the entry in competing for ribbons.

The next meeting will be traditional "Holiday Decorations" on November 8 in the MPR. Refreshments are served at 9:30 a.m. and the meeting follows at 10:00. Do join us and get into the holiday spirit. All Villagers welcome.

Culmination of the Bridge Marathon for Couples will be a dinner and bridge party at McCarthy's on November 8 when prizes will be awarded to the winning couples. All bridge playing couples who are members of Garden Club are invited. Tickets at \$10 per person may be obtained from Doris Kadish (482-7342) or Madelyn McKean (987-2414) or at the meeting.

The other Marathon Bridge group (ladies) will hold its Awards Luncheon at Saticoy Country Club on November 15 followed by a bridge party open to bridge playing members of Garden Club. Tickets at \$10.50 are available at the meeting or from Doris Kadish (482-7342) or Madelyn McKean (987-2414).

GEM AND  
MINERAL  
CLUB

By Don Holmes

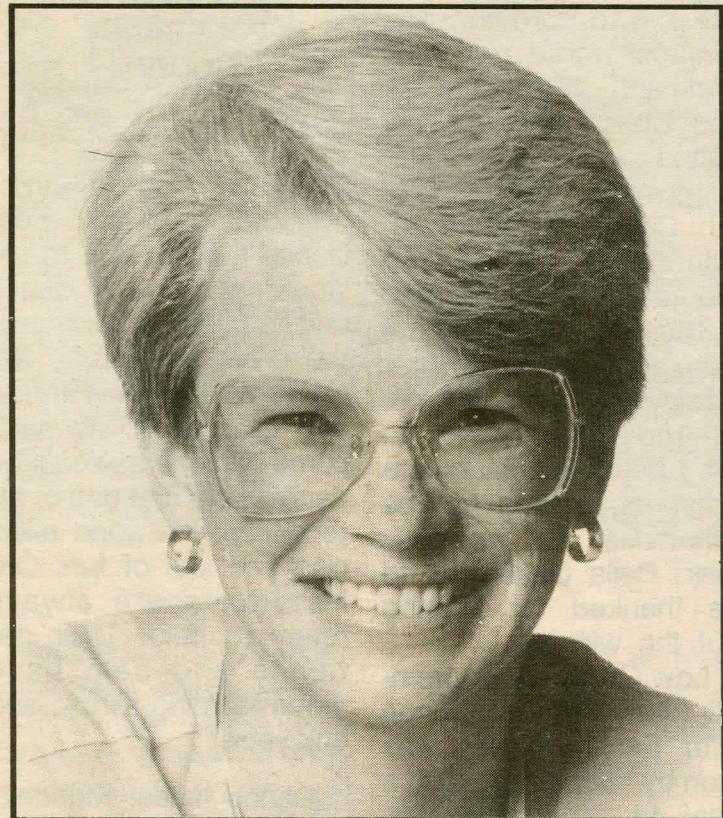

With the Gem and Mineral Club's President Bill Huffman on the sick list in September and October, Vice President Gordon Wagner took over the duty, in addition to his other duties of Program Chairman. His October Program was George Parker, Chairman of the Leisure Village Insurance Committee. George told of all the insurance coverage the Village needs, from fire and earthquake to personal injury and liability of employees and, surprisingly, of Volunteers while doing work for Leisure Village. At the top of this list is the Board of Directors. If you missed George's talk you really missed something; perhaps we can get him to repeat it.

The October Show-and-Sell was a big success, although, due to a State Law, we were not allowed to have our usual raffle, but we did have a

Silent Auction and a Surprise Door Prize. The Surprise Door Prize works like this: It is actually an extra gift. Of all the articles on sale, several were marked in a manner known only to the sales person, and the buyer of that article received the gift in addition to the article purchased. We also sold rings from "The Bill Skellinger Collection".

Next meeting will be Wednesday, November 28, 7:30, MPR.

Sunday, November 11 is Leisure Village "All Crafts Day", with the various crafts demonstrating their work. The Gem and Mineral Club will be in the Lapidary Shop, "lapidarying" rocks and other stuff. All stages of the work will be shown, from the rough to the finished gem. Due to fire regulations (and insurance problems) we will not be able to show metal casting and soldering, but several examples of the finished product will be there to see - and some of our members do absolutely beautiful work. Don't miss it.

# Why We Leisure Villagers Support GINNY CONNELL For State Assembly

## 36th District

A Former inner city school teacher and the mother of two, Ginny Connell knows intimately the needs of families. She has been one of Ventura County's most devoted community leaders, active in behalf of women, children and senior citizens. She will work for a program that includes:

### 1. Long-Term Health Care

This is one of the most serious concerns shadowing the lives of senior citizens. Private long-term care is too costly for most of us. Ginny Connell is pledged to a state-sponsored long-term program, similar to those existing in most industrial countries.

### 2. In-Home Health Care

The state has reduced the little it contributes for in-home health care for the poverty-level elderly. Ginny Connell is on record for restoring and increasing this vital assistance.

### 3. Senior Nutrition Programs

Many elderly depend on these programs at nutrition sites and through Meals On Wheels. But state funds for this program were reduced for 1990-1991! Ginny Connell will work to restore these funds.

### 4. Health Coverage For All

Thousands of California families have no health coverage. Efforts to provide a state-sponsored health care program for all Californians have been blocked, primarily because of the Governor's opposition. Ginny Connell will work to change that.

### 5. Family And Parental Medical Leave

We seniors are deeply concerned about the need for adequate health care for our children and grandchildren and, indeed, for all families. Assemblyman Tom McClintock voted against the bill that would have permitted employees to take up to 30 days' unpaid parental leave in case of family illness. Ginny Connell has worked for this type of legislation for years.

On these and similar family care issues, her opponent, Tom McClintock, has a record that is so uncaring and negative that he has become an embarrassment to other Republicans in Sacramento.

**L.V. WOMEN'S  
GOLF  
ASSOCIATION**

By Betty Bruce

The L.V.W.G.A. meeting on September 12 was informative and also very enjoyable. Our president, Donna Duke, and past president, Esther Malkin, donated their hole-in-one monies to purchase wine for the members. Delicious cookies and fruits were in abundance and the tables were beautifully decorated. A good job was done by the hospitality group.

Ho hum! Donna had another hole-in-one on #8. She is donating her winnings in "all" Leisure Village Tournaments to improve the water fountain on #15. It is to be a contribution of the L.V.W.G.A.

Buena Ventura was the course chosen for our regulation golf on September 20. The game

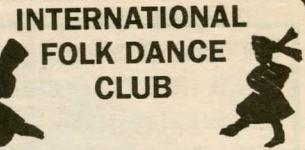

played was the combined net of two partners. The winners were; 1st: Alda Kroll and Mike Mancusi. 2nd: Chris East and Aggie Saltus. 3rd: Irene Cunningham and Betty Bruce. 4th: Donna Duke and Lucille Crosby. 5th: Ellen Moore and Fran Thomas.

There have been some very good scores on our weekly tournaments lately. Too many names to list. Eileen King is doing a great job setting up the schedules, not an easy task. Della Gageby is to be thanked for figuring out the winners.

Low Gross for September was won by Donna with 54. Low Net was won by Marge Horn with a neat 44.

Dora Cronyn had a beautiful hole-in-one on Wednesday, October 3rd on #16.

Los Robles will be the course to play regulation golf on November 15. November 21 will be Open Play due to Thanksgiving Day on November 22.

By Florence Friedman

Success of our Folk Dance Club is due to villagers who love to dance and faithfully attend. Join the group and enjoy the camaraderie of friends and neighbors. We welcome beginners. You'll be dancing the first day of attendance. It's good exercise and lots of fun. Our instructors are always ready to help. Their patience and help have made learning simple and enjoyable.

Dance times: Mondays 1:00-3:00 p.m. teaching and dancing; Wednesdays 9:00-10:30 a.m. review and new dances; Fridays 9:00-10:30 a.m. continuous dancing.

Membership meeting is the first Wednesday of the month in the AR at 10:00 a.m.

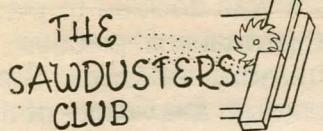

## A Leader for Responsible City Government

### Issues/Solutions:

- **Financial Integrity** - Camarillo needs a 5-year Financial Plan to identify future revenue sources and anticipated expenses.
- **Affordable Housing** - More housing is needed for residents in the \$35,000 to \$45,000 income range.
- **Public Transportation** - We need more attention and a higher priority for improving bus transportation.
- **County Airport Development** - No Commercial Airport in Camarillo
- **Growth** - Planned and controlled slow growth is a must. Housing growth control should continue. We are getting out of balance with too much commercial development.
- **Traffic** - Better engineering of intersections is required. Allocations for new homes should consider the impact on traffic.
- **Water Conservation** - Conservation measures must be emphasized continuously.
- **Waste management** - State mandated programs dictate that we reduce our landfill waste. We all must learn to recycle those products which can be recycled.

The Sawdusters Club October meeting was an interesting sequel to the September meeting, having the same topic of chip carving, as presented by a video tape. Also a one page handout showed seven patterns of carving.

There were no offerings in the Show & Tell, so Program Chairman Morris Lefkowitz spoke, encouraging members, who we know make things in the shop, to bring them to the Show & Tell.

The program for the November meeting promises to be of very great interest. Jack Beardsley will present his methods, techniques and secrets for constructing scenery for the Village Players. See you there.

Next meeting, November 1, 2:00 p.m. MPR.

The Racquet Club met October 10 in the MPR.

The winners of the September 27th tournament were: Ernie Slabotsky, Guy Moshier, and Budd Samuel. There was no paddle tennis competition.

The club is proud to announce an exceptional showing in the recent Gold Coast Senior Olympics by Les Solomon, Doug Ross, Kay Bell, Lee Gardens, and Ed Pollaine, earning medals ranging from gold to bronze. Yes-ee, how's that for representation of our gang! Let's give them a hip-hip-hooray and a well deserved salute!

supported our concerts.

The November meeting will be on the 23rd, with Broadway-Show Tunes getting top billing.

It was decided to place a permanent plaque in memory of Jack Simmons, in the vicinity of the paddle tennis courts currently undergoing renovation.

Nominees for club officers were announced and the slate will be subject to approval at the next meeting.

Refreshments were served under the able direction of Anne Wolfson and her crew for the evening.

We are looking forward to the October 19th Dinner Dance which has always been a highlight of the year. A more detailed report will be forthcoming in the next ILV issue.

We would like to boast a 100% paid-up membership. The nominal annual dues are a small price to pay for the many advantages of belonging to what we consider the best club in the Village! C'mon folks--if you haven't already done so, contact Eileen Weitz--let's do it!

With the confusion and inconveniences at the Wagon Wheel Lanes, due to the installation of new equipment, the L.V. Bowling League has not had one of its better starts this season.

Hopefully, by the time this is in print, we will be running smoothly again with everyone bowling their usual averages.

It is imperative that every member take home the weekly result sheet so that a list of subs and averages is available to you. You must use a sub with an average as close as possible to the bowler being replaced. The total average of the team may not go over the maximum of 545.

Congratulations to the following for being able to overcome the adversities and come up with some good scores:

Rosemary Cobb 190; Marty Gregory 189/483; Al Sparkman 225/524; Sid Weinberg 205/526 and Chet DiLallo 200.

After taking two months off to enjoy the summer, the Bocce Club members and guests met for their regular meeting on September 27.

Ben and Rhoda Smithkin entertained the group with a terrific slide presentation of their recent trip to Eastern Europe. The slides and Ben's narration were excellent. Afterwards, refreshments were served.

The Belles of Harmony entertained the group at the 11th anniversary dinner dance on October 25.

**"Yesterday, I had cataract surgery..."**

**...Today I can't believe my eyes!"**

A new method of cataract treatment now lets you return to your normal lifestyle almost immediately after surgery. With SingleStitch™ surgery, the cataract is removed and a foldable lens is implanted through an opening so small it takes only a single stitch to close. (Compare that to the six or more stitches required by traditional cataract surgery.) This smaller incision means your naturally heals faster. And the quicker recovery means a quicker return to the things you love most in life!

## Vons Market Plans To Give "Apples"

Women's Club has been saving labels for Las Colinas Elementary school on the hill near Von's. They will also be saving Von's cash register tapes for this same school. Bring labels and tapes to Workshop (Tuesdays, 9-11:00 a.m.) and give to Louise Houser who is taking care of the collection. Thank you.

You may also mail your register tapes to Las Colinas School, 5750 Fieldcrest, Camarillo, CA 93012 or drop them off at the school office.

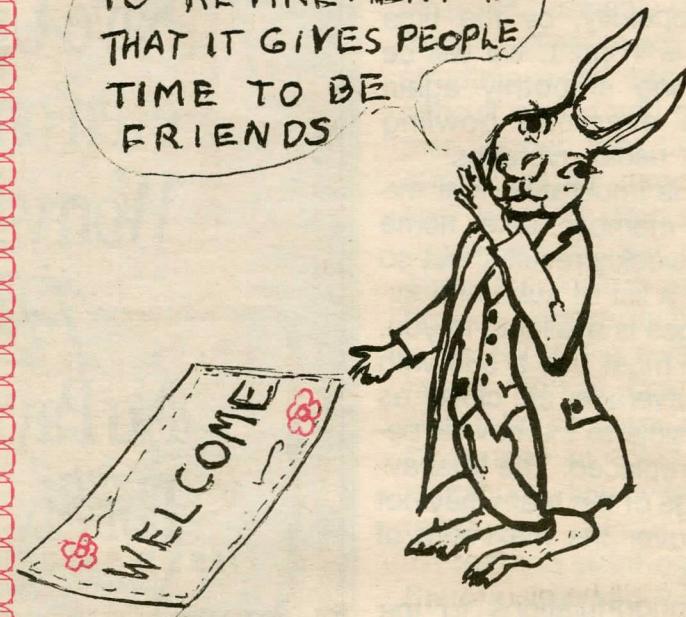

### St. Mary Magdalen School Will Appreciate Your Help

Your local St. Mary Magdalen School is also collecting Von's grocery slips toward acquiring an APPLE COMPUTER. They are in need and you can help. Call Alda Kroll, 482-0824. Connie San-

tangelo, 484-7463, or others will gladly pick them up for you, and the school 7463. Any of these Villag- will appreciate your help.

THE CERAMIC  
MOLD  
DECORATING  
CLUB

By Ruth O'Neill

The big rush is on to finish the projects Ceramic Mold Decorators will have on display at the Leisure Village arts and crafts exhibits in November. This is "show and tell" time for our various hobby clubs and a good chance to acquaint villagers with our activities. Don't miss these demonstrations on November 4 and November 11 in the Rec Center.

CMD members are also hard at work on holiday gifts. It's still not too late to make those book-ends you promised your granddaughter in Miami. Stop by our workshop in the Ceramics room on Wednesday afternoon and we'll be glad to share the joys of mold decorating with you.

## NANCY KOCH

**Elect a Parent to Your High School Board!  
FOR:**

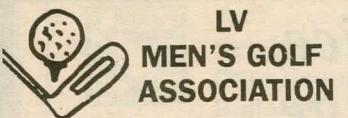

- High expectations & standards for all students
- More decision-making authority for teachers and parents
- Increased academic graduation requirements
- New ideas through leadership

Nancy has demonstrated leadership in education for 17 years and she will be your full-time representative on the High School Board.

**She will sincerely appreciate your vote.**

Paid for by Committee to elect Nancy Koch

By Jack Whalen

The first two Tuesdays in October found men golfers playing for the Club Championship which consists of 36 holes of medal play at scratch. True to form, despite slow, wet greens early the first week of play, the leader board found many of the low handicap players crowded near the top.

At the close of play, after the first 18 holes, Harvey Shirk with a 57 led the field. Three men were grouped in second place with 58 gross: Charlie Bellante, George Nolte and Alex Shusten. Jack Whalen followed with a 59, Barnie Simon with a 60 and Ben Alexander with a 61. One of these men, barring a tie, would be certain to win the following week.

The Santa Ana winds came on with full force at

the start of play for the final 18 holes. Alex Shusten, last year's winner, again showed superb iron play, carding a gross 57 for a total 115 to take the Club Championship. Harvey Shirk fired a 60 for a 117 total for second place. Charlie Bellante also had a 60 for a 118 total, good for 3rd place. Ben Alexander, with a 60 and Jack Whalen with a 61 both had 36-hole totals of 120 for a tie in 4th place.

Regulation golf in September was played at Mountain View with Charlie Bellante firing a fine low gross 81 to take top honors. Dick Hof took low net honors for Flight A.

A new name led the way for low gross in Flight B as Dick Griswold shot an 88. Stuart McGuire won low net for that flight.

Bill Sauers, noted for his long iron play, took Flight C low gross while Bill Mortensen won low net.

The last Sunday in Sep-

tember was the monthly Mixed Couples tournament which found Alex Shusten posting an excellent 53, one under par, to take low gross honors. Jack Whalen, just a stroke behind, with a par 54, settled for Low Net in Flight A. In second place was Sam Breitbart, always a challenger.

Flight B's Low Net was taken by Kennie Gifford, the steady one, while three men settled for second place: Bob Anderson, Tommy Lewis and Chuck Spurlock.

Flight C found Mike Mullery taking Low Net with Ernie Ohmstedt in the follow-up spot.

## Self Awareness Group

By Maxine Fritz

The Self Awareness Group meets Mondays in the Lanai Room from 7:00 to 9:00 p.m.

Do you ever find yourself saying something and wondering why you said it? It might even be almost absurd or embarrassing. So much so, that you apologize or say "I was only kidding!" But were you kidding? Many of us are aware of the child within that acts up once in a while. But, more likely it is a result of a repressed feeling that is just aching to be recognized and expressed one way or another.

Relax, meditate and keep in touch with your feelings. Express them and share them with safe, caring people. A safe person is one who will truly listen and not offer advice. Someone who will not discount your feelings by telling you that you shouldn't feel that way. One you can trust and is willing to just be a good listener - not to fix - but to share feelings and care.

# The more things change, the more we stay the same.

With the papers full of stories about deregulation, takeovers, name changes and all the other changes in the banking and savings and loan industries, you may have noticed you don't read much news about Home Savings.

The reason is that for more than a hundred years, we've done what savings and loans are supposed to do. We've put our

depositors' money into residential mortgage loans, one of the safest investments a financial institution can make.

Because of the way we do business, we've grown to more than \$47 billion in assets, and safeguard more deposits than any other savings institution today.

Which makes our customers feel very confident about tomorrow.

6 years. During their years in the Los Angeles area, Eleanor worked with the Santa Monica School District in the financial department.

When Bob and Eleanor saw Leisure Village for the first time a couple years ago, the environment reminded them of Merritt, British Columbia. So the decision to move from Santa Monica was easy and Leisure Village is a better place for their being here. The Services have two daughters and five grandchildren. One daughter, Mary Lou, lives in Camarillo and works at LAX with Delta Airlines and Carol Ann is in the real estate business in Las Vegas.

Mix vinegar, salt and water for surface cleaning. Try baking soda and water for bath room cleaning.

Rub area with half a lemon dipped in Borax, then rinse with water.

Mix one part lemon juice with two parts olive or vegetable oil.

Soak silver pieces in boiling water containing baking soda and a piece of aluminum. Antique silver knife handles are wax filled. Do not boil them.

Try baking soda and elbow grease with a toilet brush.

Use 1/2 cup Borax dissolved in one gallon of water.

Use a plunger, then flush with boiling water, 1/4 cup of baking soda and 1/4 cup of vinegar in that order.

Sprinkle dry corn starch on the surface, then vacuum.

## HAPPY HALLOWEEN

By Lillian Wallace

Scary little people  
Dress in costume on this night--  
Bag in hand, stopping  
At each house that shows a light.

They peek around the corner,  
Hoping they will see--  
The wicked witch upon her broom,  
Hear her laugh of fiendish glee.

The night is cold and scary,  
Could they, would they dare--  
Go by the darkened grave yard,  
To see what's happenning there?

Perhaps the headless horseman  
Will be riding on this night--  
And they'll feel tingling shivers  
As they watch the awesome sight.

So come, join them in the witch hunt,  
Wear your scariest costume, then  
Just call out "trick a treat"  
And be a kid again.

**SALE ..... From Pg 1**

various booths -- hand-made boutique decorations, wood items, aprons, tissue boxes, pillows, pot-holders, delicious home-made foods, toys, sweaters. The Trading Post carried on as usual, starting at sunrise to bring their goods in. The Leisure Village Orchestra gave a concert at noon and the Gem and Mineral Club had a private sale of hand-made jewelry.

Refreshments were available all day -- doughnuts, coffee, hot dogs, and soft drinks as customers flocked in.

The Bazaar is always a friendly social occasion and everyone has fun -- seeing neighbors and friends. There're cute grandchildren to see, as well.

Women's Club likes to try and follow the beliefs of the founder of the town of Camarillo, Don Adolfo Camarillo, who from his great ranch, which covered most of Pleasant Valley, donated land for the high school, started a police department, insisted on a library, built schools, and Old St. Mary's. Don Adolfo believed that you must repay gifts given you in this life and share with others.

And so the Club works yearly to raise funds for local charity to seniors and children, and community and Village improvements. Many good things are secured by this one fund-raising event. And, in turn, the Club realizes that you, our patrons and supporters are the spark that make it possible. Much thanks and love to all who attended the Bazaar. It is you who make it worthwhile.
