337th Day—28 days to follow

	CLEAR
	CLOUDY
	RAIN
	SNOW

I am Dr. Harvey's, biologist  
& director of Field Studies,  
secretary. I have a desk  
in 5127 & use my  
own key. The pay is less  
than Thomas's, but I need  
not commute, I can work  
around classes and I do not  
have a fearful supervisor.

Now, Mother, maybe you  
will be able to have lunch.
