Dearest Patricia:

I'm going out
to your Mom's early tomorrow
morning, to be there when a
plumber comes to clean out the
drain from the sink & tubs - the
one we thought we flushed clean
with the hose some time ago. If you

call me tomorrow, it will have
to be before 7:30 A.M. or at your
mom's if later in the morning.
In the P.M. I'll be home again.

But to call me before you take
off for the mountains with
Leon. I'll find out tomorrow ^{hope} when the
Needle will be available & will have it
kept at the sewing machine shop till
you can go out for a practice run
on it. (Sept. 29 or 30?) Love - Carl
