Students Helping Students

Blanca Villa volunteered her car-washing skills on the weekend to help raise \$143 (so far) to help student Maurice Pittman, whose possessions were all destroyed in an automobile fire on his way to enroll at CSUB.

CSUB Plans to Party at 25

Party begins next Friday

The year was 1970.

American troops were still patrolling Vietnam, the Amazin' Mets were celebrating their miracle championship season and the California State University at Bakersfield began the first of its 25 years of education in Kern County.

To help mark CSUB's quarter century of leadership in this community, special commemorative banners have been fixed to campus light poles throughout the academic year, along with a myriad of special events slated throughout the 1994-1995 school year.

The bright blue and gold banners which blanket the campus have been sponsored by university and community leaders, including *The Bakersfield Californian*, ARA, Bakersfield College, Bank of America, Castle & Cooke Homes Inc. and Borton, Petrini & Conron to name a few.

The theme of the 25th Anniversary Celebration is University/Community Partnership, which campus officials insist is one of the key reasons CSUB thrives as one of the more productive of the 20 CSU campuses.

Each sponsor donated \$500 to a fund which will pay for the celebrations and various publications.

"I think any 25-year anniversary is a significant step forward," said Jacquelyn Kegley, co-chair of the CSUB 25th Anniversary Committee.

"It's time to look back and take account of where we are going. It is a pivotal time," said Kegley, whose late husband, Charles Kegley, was one of the founding faculty here.

In addition to the symbolic gestures, the extended university program will offer computer classes to CSUB alumni.

Each class, also offered to Extended University Alumni for the low price of \$25, includes traditional academic courses, continuing education and certificate programs, as well as general interest classes and off-campus degree and credential programs using diverse educational technologies.

ASI Program Director Quits in Protest

By BOB CHRISTIE
News Editor

For the second time since last May's Associated Students, Inc. election, a newly-elected board member has resigned, creating questions for the remaining board members to address before they deal with the normal business of running the ASI.

Jeff Edwards, elected to serve during the 1994-95 school year as ASI program director, resigned his position in mid-July. The ASI board has temporarily filled the vacancy by appointing Will Moton to serve as interim program director.

The ASI program budget last year was \$21,000, and a similar amount is budgeted

for this year's activities. The money is allocated for various entertainment and student benefit events, and the program director is responsible for determining how the funds are to be allocated, subject to the approval of the ASI board.

In May, newly elected ASI vice president Carrie Hailey resigned before the results of the election were certified, citing personal reasons, and Hailey's opponent in the election, Adela Lucchesi, was declared the winner by default.

Moton, who serves as CSUB's representative to the California State Student Association, will not receive the \$200 monthly stipend normally due the program director, and will be replaced as soon as practical.

ASI has yet to make a final decision on the method of replacing Edwards, but it will be either through a special election or an appointment by the ASI board from qualified students who apply for the post.

Edwards, who ran in a tightly-contested race against Hilda Huizar, Philip Kroll and Cesar Bolanos, and later faced Huizar in a runoff for the post, said in his letter of resignation that he had entered into office filled with excitement and enthusiasm, but, much to his dismay, "that excitement and enthusiasm has been shot down."

Edwards cited in his letter of resignation "backbiting and remorse" shown by other

Send a letter to the Editor. Drop it off in Science Bldg. II Rm. 166. We want to hear from you!

Dear Editor,

It's fall, time once again for the annual financial aid ritual at college campuses across California. You know: where you stand in long lines that wrap around the school's administrative offices like a lethargic snake. Where you wait for the work-study assignments and student aid checks and the lines never seem to end.

All totaled, Governor Wilson has slashed nearly \$340 million from the UC budget and \$195 million from the budget of the state universities. In 1992 and 1993 he vetoed legislation that would have made up to \$200 million available for low-cost student loans. Under Wilson, tuition at community colleges is up 225 percent, UC fees are up 52 percent and CSU fees have jumped 54 percent.

Wouldn't you think that Wilson, up for reelection this year, would intervene in this crisis?

After all, Wilson touts himself as the "education governor." Why has Pete Wilson been sticking it to education? Because, as voters, Wilson sees you in college as insignificant.

Wilson has kicked aside the issues that most directly you: How will you pay for your education? What will you get for your money? What sort of job will your education get you? In truth, you can make a difference, as you did in 1992. Two years ago you were part of the "Rock the Vote" effort that swelled the student-age voter rolls by SEVEN full percentage points over 1988. In absolute numbers that meant that 2.2 million more 18-24 year-olds voted in 1992 than in 1988.

You can do it again this year. Rock the Vote was predicated on the idea that young voters have an enormous potential to create change. So get angry!

You have too much at stake, your future and the future of everyone you know and care about. Help ensure that Rock the Vote wasn't an aberration. Help ensure that the issues closest to you get real consideration from those we elect. Register, work for your candidate, vote!

Bill Press
Chair of the California Democratic Party

Adviser's Note:

The *Runner*, as explained below, is a laboratory class designed to give students hands-on experience in planning, preparing and producing a weekly newspaper, developing the skills they will use in newsrooms upon graduation. Student editors plan stories and determine their newsworthiness as far as placement in the edition, assign student reporters, copy edit the material, assign photographers to certain stories and lay out the newspaper. The *Runner*, therefore, is entirely student-produced. The adviser reads copy for legal purposes, advises editors as to news angles on stories they are preparing, and spends class time critiquing the finished product. What you read each week is graded and also used as clips for future jobs.

Letters To The Editor

Dear Editor,

A bill I wrote, AB 2714, is now on the Governor's desk that would prohibit any pay hike or perks for the "executive officers" of the UC and CSU systems if student fees go up more than ten percent in any given year.

Help me to convince the Governor to sign this critical pro-student bill. WRITE A LETTER TO PETE WILSON. Prove to the Governor that students want AB 2714 signed into law.

Unless students write TODAY, I am very worried that this bill will be vetoed. The Governor can decide on this bill at any moment.

You know why AB 2417 is essential. Student fees have gone up every year since 1986. Between 1982 and 1992, fees rose 135% for the UC students and 190% for CSU students. Write to Governor Pete Wilson, State Capitol, Sacramento, CA 95814.

Betty Karnette,
Assemblywoman, 54th District

Dear Editor,

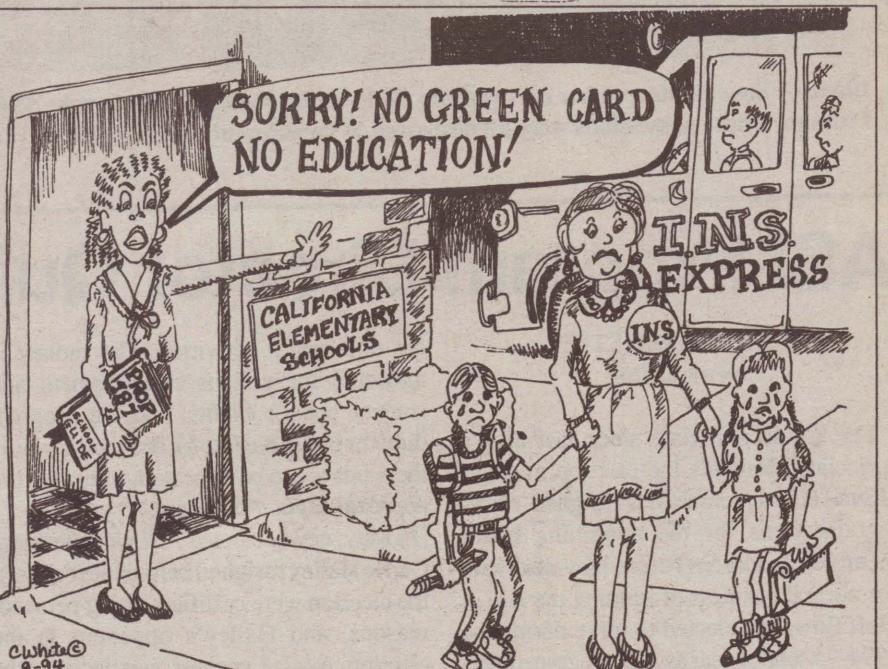

As we embark on a new academic year, the California State Student Association is excited about the prospect of working together for the benefit of CSU students. Just as your newspaper is charged with getting information out of the students on your campus, the California State Student Association is charged with advocating student issues. A big part of what we do is keeping the students of the CSU informed of the events which are happening state-wide. Together, we can get information out to students which will help them make informed choices about the issues which affect them.

If you are not familiar with the California State Student Association (CSSA) let me take a moment to give some background information on who we are and how we serve students. CSSA is "the official voice of CSU students" to the Board of Trustees, the State Legislature, and all other statewide policy making bodies. We are governed by a Board of Directors which is made up of representatives from each campus. The Board of Directors meets monthly to debate issues of concern to all CSU students and to implement policy choices.

One of the goals of the Board of Directors this year is to get more information out to the students. Often times the only source students have for state-wide student concerns is their campus newspaper. Through your campus representative, William Moton, we hope to provide your newspaper with information on current issues under discussion in the CSU and the legislature.

By working together we can make the resources available to empower students.

Welcome Back to Cal State Boring

By GAVIN MARKOVITS
Managing Editor

Another summer has come and gone, and another fall at CSUB has begun. Welcome back to all those students who are returning to Cal State, and a big welcome to all those students who are attending CSUB for the first time.

I hope everyone enjoyed their three months of freedom, but now it is time to put your nose to the grindstone and get back into the swing of school -- scary thought.

Fortunately, I was able to spend the summer in San Diego living with two friends a block from the beach. You know I loved every minute of it!

I don't think the temperature was over 85 while I was there. I do have to admit, though, this was my first chance to live away from home, and I tried to savor every fleeting moment.

San Diego has a lot more culture than Bakersfield, like that is hard to do. There are actual communities, with different nationalities and cultures represented. Oildale does not qualify as a community. I loved the fact that no matter what time of the day or day of the year, there was a festival, celebration or performance going on somewhere.

It opens your mind to many different cultures, races and nationalities. It provided me with an opportunity to talk to people I would have never seen in Bakersfield, let alone talked to. Most people think Cal State is the center of diversity and culture in Bakersfield, where growing minds meet and interact.

Give me a break, as a friend said the most exciting thing happening on this campus is the removal of asbestos in the old library. There are no rallies or protests on this campus, and I will not blame this on "older students." Most of the students on this campus are more interested in the opposite sex than the political scene.

I encourage anyone to get out of Bakersfield at least for a couple months, and see that the best view from the cliffs is not of oilfields.

Sept. 14, 1994

ASI, continued from page 1

board members, as well as several "acts of dishonesty" as factors influencing his decision to resign.

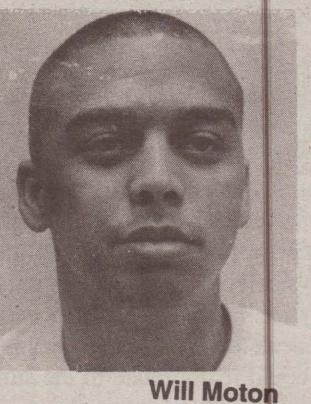

ASI President Roberto Eureas said he was unaware of the specifics of Edwards complaints about dishonesty among board members, and had not spoken with Edwards about them.

"I don't feel that the current officers are there for the students ... they're there for their personal interests," Edwards said in an interview Monday. "For me to give up something that I'd worked so hard for ... something had to be really wrong."

When asked about the "acts of dishonesty" Edwards cited three ASI personal emergency student loans that were unaccountably "crossed off" the books last year. He also

said that the new ASI board had "wasted" about \$6,000 left from last year's budget on unneeded office equipment such as an electronic Rolex and a computer scanner, instead of the normal practice of placing the money in reserves.

Last spring, program director David Motion, Will Moton's brother, also resigned from his post, citing problems with the administration

Will Moton

of then-ASI president Shanna Treanor. David Moton's unexpired term was filled by Deborah McDowell, who was appointed from several applicants interviewed by the board.

McDowell then unsuccessfully ran for the post of comptroller against Brian Vailes, who had also applied for the interim program director's seat, and Mary Apprill, eventually losing in a runoff with Vailes.

McDowell was reportedly under consideration for the current program director vacancy, but was opposed by some ASI Board members, and as a result, Will Moton was chosen to temporarily fill the post.

The program director's post is one of at least six openings on the ASI governing board, normally comprised of 21 students.

Health Services Welcomes New Director To CSUB

By BOB CHRISTIE
News Editor

Just in time for the opening of the fall quarter, CSUB has hired a new director of Health Services to fill the position vacated by Dr. Michael Huey, who resigned last spring to take a new position at Florida State University.

Oscar W. Rico, M.D., of Bakersfield, received the position on Aug. 12, and accepted the position Aug. 15. Rico's first day on the job was last Wednesday, and he has been busy catching up on paperwork and reviewing patient's files in preparation for today's opening of the fall quarter.

Rico has had a private practice in Internal Medicine, affiliated with the Clinicians Medical Group in Bakersfield since 1991. Prior to entering private practice, he did his residency at Kern Medical Center, following another residency, in pathology, at Los Angeles' Cedars-Sinai hospital. Both residencies were under the auspices of the UCLA School of Medicine.

Rico became aware of the vacancy at CSUB through a flyer that crossed his desk in late July, and he sent in his resume. He talked with Dr. Huey, who "said nothing to discourage me" from the job.

"I've been interested in this type of situation ever since I was a student at San Diego State. I remember when I was a student it was so reassuring to have (a student health center); it's part of the whole community."

"This center is just wonderful; on the outside a physical costs \$250, here it's only the quarterly fee. I think the students here have a great deal; that's why I took the job. I just felt I could really relate to the students."

Rico was one of four physicians interviewed for the opening as director of health services, following a nationwide search for applicants, said Richard Swank, Associate Dean of Students and chair of the selection committee.

CSUB advertised at over 250 leading colleges and universities across the nation, as well as with the Kern, Fresno and Kings county medical societies, all CSU Health Centers, UC medical schools, and V.A. Hospitals, said Swank.

Rico emerged as the outstanding candidate because "he could relate well to students, he was an internist, and he had management experience" Swank said. In addition "he was local, he knew the community; he just

"I hope I can continue to provide the great level of care that Dr. Huey provided here."

The Student Health Center is open from 8 a.m. to 5:30 p.m. Monday through Thursday, 8 a.m. to 5 p.m. on Fridays. Most services are free to CSUB students. Appointments are encouraged, but not required.

All students currently enrolled for classes are eligible for free care at the Health Center. CSUB ID's are required.

Some of the services performed are:

Pharmacy
Physical exams
Pap smears
HIV tests

Basic treatment of acute and subacute conditions

The Center is open Monday to Thursday 8 a.m. - 5:30 p.m. and on Friday from 8 a.m. - 5 p.m. The appointment desk is open at 8 a.m.

To call to make an appointment call 664-2394.

A Crime Prevention Reminder

from Investigator Dave DeWitt, University Police

With the start of the new academic year and new quarter here at Cal State, the University Police staff would like to extend a warm welcome to the new and returning students, faculty and staff. We would also like to offer a few suggestions and remind everyone of ways to protect their property:

WHEN DRIVING A MOTOR VEHICLE OR BICYCLE

- 1) Obey all traffic signs and rules
- 2) Drive defensively and courteously at all times.
- 3) Watch out for pedestrians at all times, especially during hours of darkness.
- 4) Do not stop in roadway to visit with friends.
- 5) Obey the posted speed limits.

ON PROTECTING YOUR PROPERTY

- 1) Keep all personal property such as purses, wallets and backpacks within reach at all times, especially in the library or cafeteria.
- 2) Don't hang anything on the backs of chairs where they can be grabbed.
- 3) If you are working on campus and leave an area, lock it up so when you get back everything will be there.
- 4) When parking your car, close all windows, lock the doors, and place all valuables out of sight or in the trunk.
- 5) Don't assume anything! If you leave your textbooks or any personal property unattended, anywhere, it is not protected.
- 6) DON'T BE VICTIMIZED! Buy a parking permit either at student registration or at the accounting office. These two areas are the only authorized locations to purchase parking permits. If any person offers to sell you a parking permit, refer them to the Department of Public Safety.
- 7) Report suspicious persons to the University Police at Ext. 2111.

For assistance any time day or night, call the University Police at 664-2111.

Greathouse -Green Honored by Award

Betty Greathouse-Green, dean of Cal State Bakersfield's School of Education, was honored recently by the Kern County Association of African-American Educators.

Greathouse-Green received the Outstanding Administrator of the Year Award for her devotion, care and concern at an awards banquet which carried the theme "Leaders Making a Difference."

"I have been familiar with this group and various members since coming to Bakersfield," Greathouse-Green said.

"The recognition by Kern County's African-American Educators was extremely heartwarming and rewarding. This is an honor I will consciously

recall during extremely challenging administrative situations."

The organization was formed by educators working from kindergarten to the university level in the 1960s to provide support for African-American teachers and school administrators.

The dean has been with CSUB since 1990. Recent publications include "African-American Male-Only Schools: Is that the solution?" and "Implications for increasing early childhood educators' joy in teaching."

Her specialties include child development, parent involvement and teacher education. Greathouse-Green holds her MEd and PhD from Arizona State University.

Volleyball Unites to Win Hawaiian Style Classic

By GAVIN MARKOVITS
Managing Editor

Head Coach Carl Ferreira has tried to instill one thing in his volleyball team: unity.

This was evident Monday night after the Runners quickly disposed of UCSD, 15-7, 15-8, 15-3.

That's when Ferreira introduced special guest Kiki Salazar to the 400 person crowd.

Salazar nervously announced his desire to wed Jennifer Gentry, a new recruit returning to Bakersfield from Judson College in Illinois.

Gentry accepted, and was mobbed with hugs and tears from her teammates.

The 1994 CSUB Volleyball Team

"I couldn't believe it. I am still in shock," Gentry said. This excitement was carried through the whole evening, as the No. 1 Division II team in the country returned home from a successful Hawaiian trip.

The Runners captured the Hawaiian Style Classic, posting a 6-0 record and earning their first tournament title under Ferreira. He was most impressed with the team's ability to play together: unity.

"The 6-0 (record) is actually icing on the cake at this point. We played well together as a whole," Ferreira said. The team seemed to carry this into Monday night, where their relaxed playing style resulted in the easy win over the Tritons.

"We played pretty consistently all night. We did not give away a lot of free points, they had to earn them," Ferreira said. He did see some need for improvement in his team.

"We did a good job of trying to get the ball in the middle on transition, that was a weakness in Hawaii, but we still need to get a more balanced attack," Ferreira said.

Wieneke again led the Runners with 12 kills, while Kara Schuetz pitched in seven kills and 14 digs.

Dream Becomes Reality for New Volleyball Coach

By GAVIN MARKOVITS
Managing Editor

His goal has always been to coach volleyball at a top-notch college.

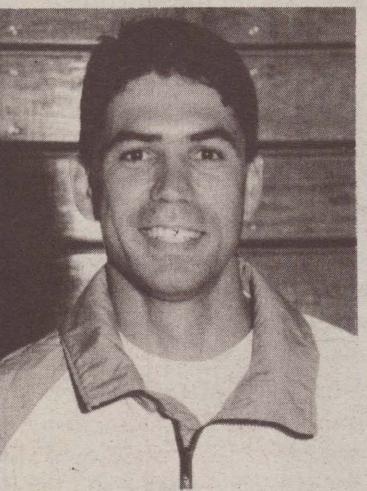

He thought he was nearing that goal when he received an assistant coaching position at Stanford University, one of the top volleyball programs in the country.

Little did he know then, four days after starting at Stanford he would be offered the head coaching position at CSUB.

"It was a better position here. I was very familiar with the volleyball reputation of this institution," new Head Coach Carl Ferreira said.

This all became possible for Ferreira when former Head Coach Mark Rosen departed the team four weeks before practice was scheduled to begin, leaving CSUB for rival Northern Michigan, who beat the Runners in last year's NCAA Division II final.

Ferreira knows the circumstances leading up to his

Ferreira

hiring were strange.

"I came off of vacation on a Wednesday and received a phone call from (Athletic Director) Rudy (Carvajal) expressing his interest in me applying for the job. I went to Stanford the next Monday, and accepted this job Wednesday. It all happened very fast."

Carvajal also knows that he was lucky to get such a qualified coach. In addition to his coaching experience, Ferreira has authored a 73-page coaching manual encompassing development of a coaching philosophy, practice planning, technical skills and tactical strategies.

Ferreira is confident he made the right decision in accepting this position.

"I know the reputation of community support, but initially I was very amazed, everyone is bending over backwards to help me."

Ferreira knew it would not be easy coming into a program that was already established.

First he met with each athlete "one-on-one to formulate where each one was, and finalize a game plan." The team started practice on Aug. 15, which provided Ferreira with his first look at the squad.

"I am real pleased with their level of competitiveness, their effort as a team, and their openness to learn a new system. All the women seem not to be concerned about the coaching change. They need the guidance and direction to get to the national championship," Ferreira said.

please see VOLLEYBALL, page 7

eraged over six kills and 3.9 digs while hitting a team leading .430 en route to earning MVP honors.

The team started the tournament with a 9-15, 15-8, 15-6, 15-9 win over NAIA Hawaii-Pacific. Wieneke lead the way with 15 kills and 24 digs. This was the Runners first attempt at implementing Ferreira's new offense system.

A system that allows for both setters to interchange effortlessly, and encourages the team to concentrate on playing as a whole instead of individually.

The Runners came back and swept Fort Lewis University and Sonoma State. Junior outside hitter Brandi Babcock lead the Runners versus Fort Lewis with 21 kills and Wieneke had 23 kills versus Sonoma State.

A 16-14, 15-2, 15-9 win over Brigham Young-Hawaii advanced the Runners to the finals versus host Hawaii-Hilo. Wieneke again led the squad with 23 kills.

In the finals, CSUB beat Hilo in four led by Wieneke's 28 kills and 11 digs.

The team closed out their Hawaiian trip with a three-game sweep of BYU-Hawaii in Oahu.

Ferreira is enthusiastic about his team's performance on the Islands.

"The feedback from the athletes was that this was as successful a trip as they have ever had. Yes, we were 6-0, but more than that they really enjoyed one another," he said.

The team seemed to carry this into Monday night, where their relaxed playing style resulted in the easy win over the Tritons.

"We played pretty consistently all night. We did not give away a lot of free points, they had to earn them," Ferreira said.

He did see some need for improvement in his team.

"We did a good job of trying to get the ball in the middle on transition, that was a weakness in Hawaii, but we still need to get a more balanced attack," Ferreira said.

Wieneke again led the Runners with 12 kills, while Kara Schuetz pitched in seven kills and 14 digs.

CSUB Soccer Kicks Off Season With A Lofty Goal

By KEVIN EUBANKS
Staff Writer

After a disappointing 1993 season, the CSUB soccer team has shown improvement early this year facing tough Division II opponents and staying undefeated through four games.

CSUB has won nearly as many games this season as they did the entire 1993 campaign. In 1993 the Runners finished the season 5-13-2, the worst record since Head Coach Simon Tobin came here in 1987. This season's 3-0-1 record has almost eclipsed the win total from last year.

The Runners began the season away from Bakersfield in Northern California to face two Northern California Athletic Conference opponents. In the first game, the Runners used goals from Henrik Marions and Ayman Hamid to battle past Humboldt State 2-1.

John Gore scored early and was followed by scores from Andrew Mockett and freshmen Matt Touchstone and Shane Huff as the Runners cruised past Chico State 4-0. Chico State was ranked number eight in the pre-season Far West Region poll.

"It was a bit of a gamble playing two top teams from the northern conference, because of the way the (NCAA post-season) bids are worked out. If you lose both of

those matches, it would make the rest of your season very, very tough. Two wins-especially on the road-was great for us," said Tobin.

The NCAA post-season bids are given to the top three teams in the Far West Region. Even if the Runners win the California Collegiate Athletic Association, they are not assured a playoff spot.

"If we win our conference, we will go to the playoffs. It isn't for sure, but it looks good," said Assistant Coach Jeremy Gunn.

CSUB took their unbeaten record into their own tournament last weekend, the CSUB Roadrunner Classic. The competition did not get any easier for the Runners as they faced Sonoma State, the number nine team in the nation, along with San Francisco State and CCAA rival Cal State Los Angeles.

The Runners played a ball control style game and controlled the pace of the game from beginning to end to win their second straight game 4-0. Gore scored two more goals to bring his total to three goals in three games. Herman Villareal and Hamid added goals as the Runners ran their record to 3-0.

In the earlier game, CSULA de-

feated Sonoma State 2-0 despite playing most of the second half two players short due to red cards.

CSUB suffered a major loss in the game against San Francisco State. Andrew Mockett, a senior from Essex, England, was lost for the season and will be redshirted this season and come back for next

tibia and fibula.

"It's a big blow to the team. But the squad is stronger this year, so we should be able to pull together as a team," said Gunn.

The good news is that Mockett broke his leg in only the third game of the season and will be able to redshirt this season and come back for next

Apple, the Apple logo, Macintosh, Performa and "The power to be your best" are registered trademarks of Apple Computer, Inc. AppleDesign is a trademark of Apple Computer, Inc. ClarisWorks is a registered trademark of Claris Corporation. An estimate based on an Apple Computer Loan of \$1,549.15 for the Performa 636, and \$1,882.59 for the Performa 636 with CD-ROM system shown above. Price and loan amounts are subject to change without notice. See your Apple Campus Reseller or representative for current system price. A 5.5% loan origination fee will be added to the requested loan amount. The interest rate is variable, based on the commercial paper rate plus 3.35%. For the month of August, 1994, the interest rate was 10.10%, with an APR of 11.36%. 8-year loan term with no prepayment penalty. The monthly payment shown assumes no deferral of principal or interest. Students may defer principal payments up to 4 years, or until graduation. Deferral will change your monthly payments. The Apple Computer Loan is subject to credit approval.

SOCCER, continued from page 8

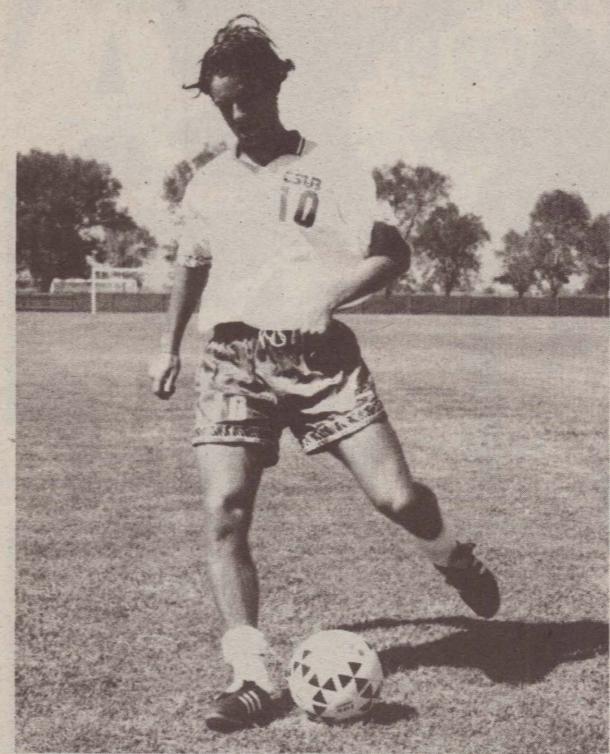

photo by Lori Evans
Senior Andrew Mockett suffered his second broken leg in as many seasons last weekend.

year's season.

On Sunday, the Runners stayed undefeated with a tie to Sonoma State 2-2. CSUB dominated play throughout the game, but was victimized by a Trevor White header from Eddie Breeden in the 77th minute to tie the game. Ben Mains and Hamid scored for the Runners.

CSULA was the tournament champion as they came from behind to squeak by San Francisco State 2-1. CSULA out-shot SFSU 14-2.

CSUB has had three goals from Gore and Hamid, but Assistant Coach Gunn does not want to mark them as leaders this early.

"Both players are playing well. But all our boys are playing well. We don't have one stand-out player. I expect each game to have a player coming up big for us," said Gunn.

The Runners have also come across three outstanding goalies. Senior Mike Jordan is returning from last year's team and has only given up three goals in four games. Touchstone, who also plays defense, is a goalie from Bakersfield High and Brandon Hearron is a freshman from North High.

"The job is Mike's. But the others are pushing him. The reason why Mike is playing so well is he is being pushed by the two freshmen. He's fighting for his position," said Gunn. Coming up this week the Runners continue to

play important Division II opponents. CSUB will try to continue its domination of Northern California when they face UC Davis on Thursday here in Bakersfield, followed by Metro State from Denver, also to be played in Bakersfield.

The Soccer team's next home match will be tomorrow against UCD at 5 pm.

IN THE ARMY, NURSES AREN'T JUST IN DEMAND. THEY'RE IN COMMAND.

Any nurse who just wants a job can find one. But if you're a nursing student who wants to be in command of your own career, consider the Army Nurse Corps. You'll be treated as a competent professional, given your own patients and responsibilities commensurate with your level of experience. As an Army officer, you'll command the respect you deserve. And with the added benefits only the Army can offer—a \$5000 signing bonus, housing allowances and 4 weeks paid vacation—you'll be well in command of your life. Call 1-800-USA-ARMY.

ARMY NURSE CORPS. BE ALL YOU CAN BE.
