"Is that a spy ship with all those antennas...oh, never mind. It's just the Bear."

Casey Harrington, Max Browatzki, Darrin Muenzberg, Mark Manes, and Tim Dickson take a short break from doing nothing.

Lahaina's Pioneer Inn, once home to sailors and whalers, now a major tourist attraction with a commanding view of the waterfront.

Just behind the Inn is the Banyan Tree, immortalized in Tom Robbins' *Still Life With Woodpecker*. The tree is so large, only the center one-third could be captured in a ground-based photograph.

LAHAINA, MAUI

The Garden spot of Hawaii

2-D Brew Crew Ken Chu, John Wright, and Kevin Marshall in a tourist trap.

After five days at sea and seven days of "rubber docking," setting foot on any piece of land probably would have been okay with most midshipmen—especially when it had been in sight for the last week. Fortunately, we landed in Paradise.

.....

Timmiss Vo, Phong Le, Peter Penso, Peter So, and Jermaine Turner pause for a moment in their new rental something-or-other outside the Pioneer Inn.

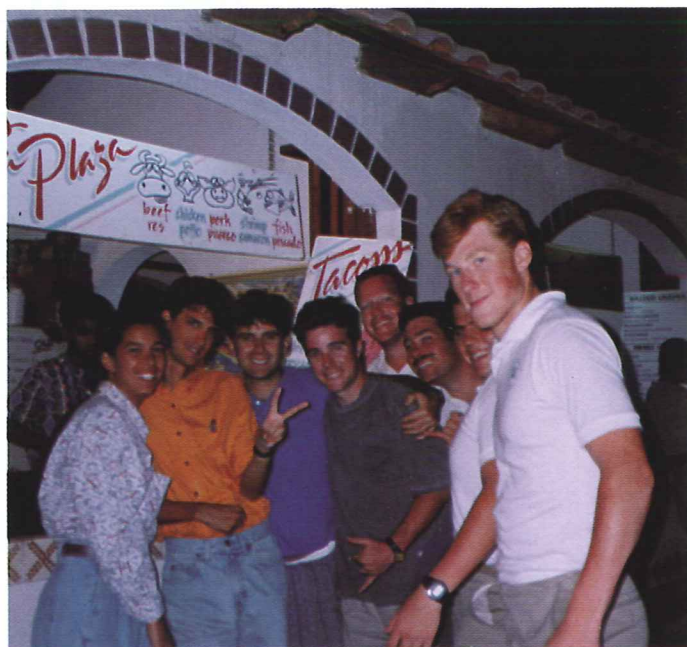

Jim Heinzer glances at a statue somewhere on the back roads of Lahaina.

3-E comes to the aid of a fellow mid-shipman (slightly decapitated) while on the beach.

"I don't get it. Say you're buying drinks for all of your friends, and suddenly everyone knows you." Large mixed drinks in funny-looking glasses were the standard fare.

Tasha Buijten, Chris Klein, Eric Brady, Robert Fox, Mark Nelson, Chris Watson, Chris Yeghoian, and Karl Rassau at one of the finer eating establishments of Cabo.

"Tailor by committee?" Squid Roe was claimed to be one of "the" happening spots for Cabo San Lucas night life, as evidenced by the proliferation of white shirts with "CMA" emblazoned on them.

CABO SAN LUCAS, MEX.

Surf, sun and sand, south-of-the-border style

Jon Clow, J.P. Porter, and Shawn Jones mug for a moment outside the Rio Grill.

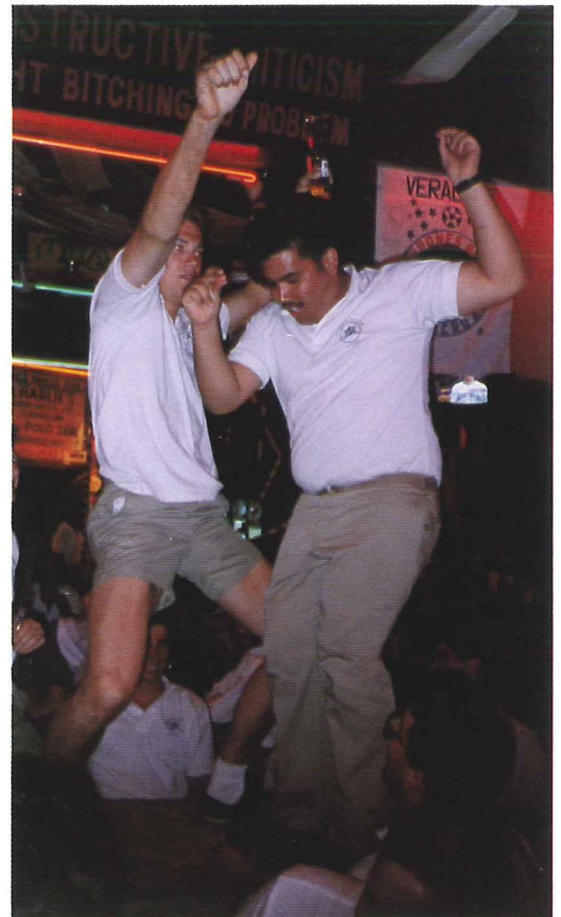

Cabo San Lucas was the only foreign port on the 1993 training cruise, but that didn't keep midshipmen from seeing, doing, and drinking everything they could during their four-day stop at the southern tip of Baja California.

.....

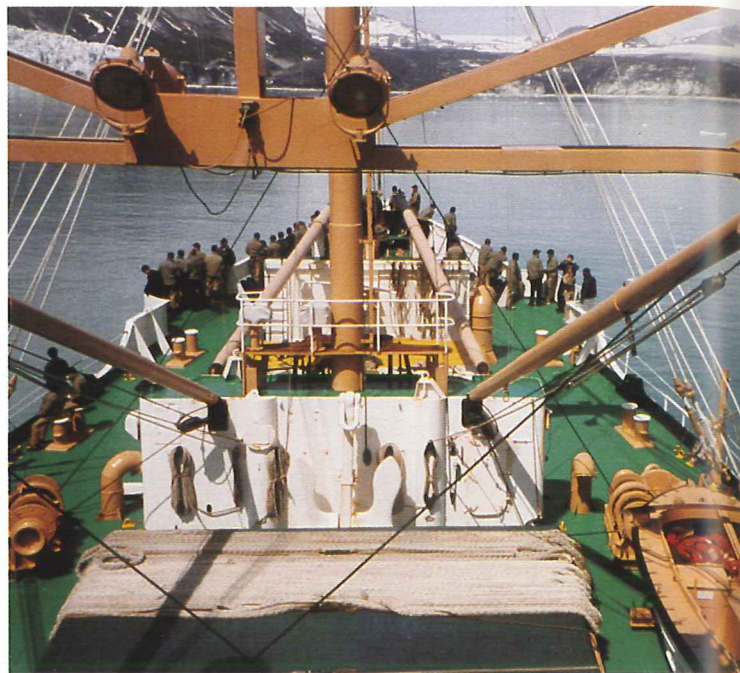

"Bartender! Dos cervezas all around!" Anastasia Harrison, Sharon Velasco, Laura Ruel, and Adrian Pasion at Squid Roe.

"By the way, what is the legal load limit of this table?" Ben Hayes and Joel Smart doing their respective impersonations of John Travolta at Squid Roe.

Mr. Shaw puts on his "Gumby Suit" in preparation for some first-rate glacier chasing.

"Okay, everyone, on the count of three: beer! Got it?" Midshipmen gather on the bow to observe the spectacle of Glacier Bay.

The mighty doth fall (haze at center of photo).

Another, smaller glacier in the Bay.

The beauty of Glacier Bay will stick with us long after the less-pleasant memories of the West Coast Experience 1993 fade. A three-hour stopover was allowed for in the itinerary, and in that time, two lifeboats were launched to recover small bits of ice, the largest being about the size of an IBM computer. Many things were shouted at the glacier in an attempt to make a "berg" fall, but the yell suggested by Dave Cohen that brought the ice crashing down (pictured above, lower left) was a word frequently used by middies: "BEER!"

THE CAPTAIN WANTS WHAT?

The Iceberg Experience on the T.S. Glacier Chaser

Boldy the brave explorers/future tugboat operators set forth...

Claiming an iceberg for CMA seemed like an entertaining way to spend an afternoon. However, three hoist attempts and three cargo nets later, the battle was surrendered. The captain had to drink warm Coca-Cola for the remainder of cruise.

.....

...Recovered the berg...

...only to watch the nets fail, dropping the ice back into the "really cold water," as divers Jim Hayes and Todd Roberts put it. Final score: iceberg 3, TSGB 0.

Sitka, Alaska.

David Hegeman, James Burnside, and a native woman all gather at the Moose Lodge.

The TSGB gives a scornful snort to those who ride on the floating hotels. (Plus, we think 2-E was on watch.)

Tan Dao, Mark Manes, and John Wright all leaning to starboard.

ALASKA

T.S. Golden Bear tied up at the Coast Guard dock in Juneau.

In addition to Glacier Bay and Prince William Sound, the **Golden Bear** also stopped at Sitka, Juneau, and Ketchikan. Without a doubt, the receptions at each of these ports let us know we were welcome.

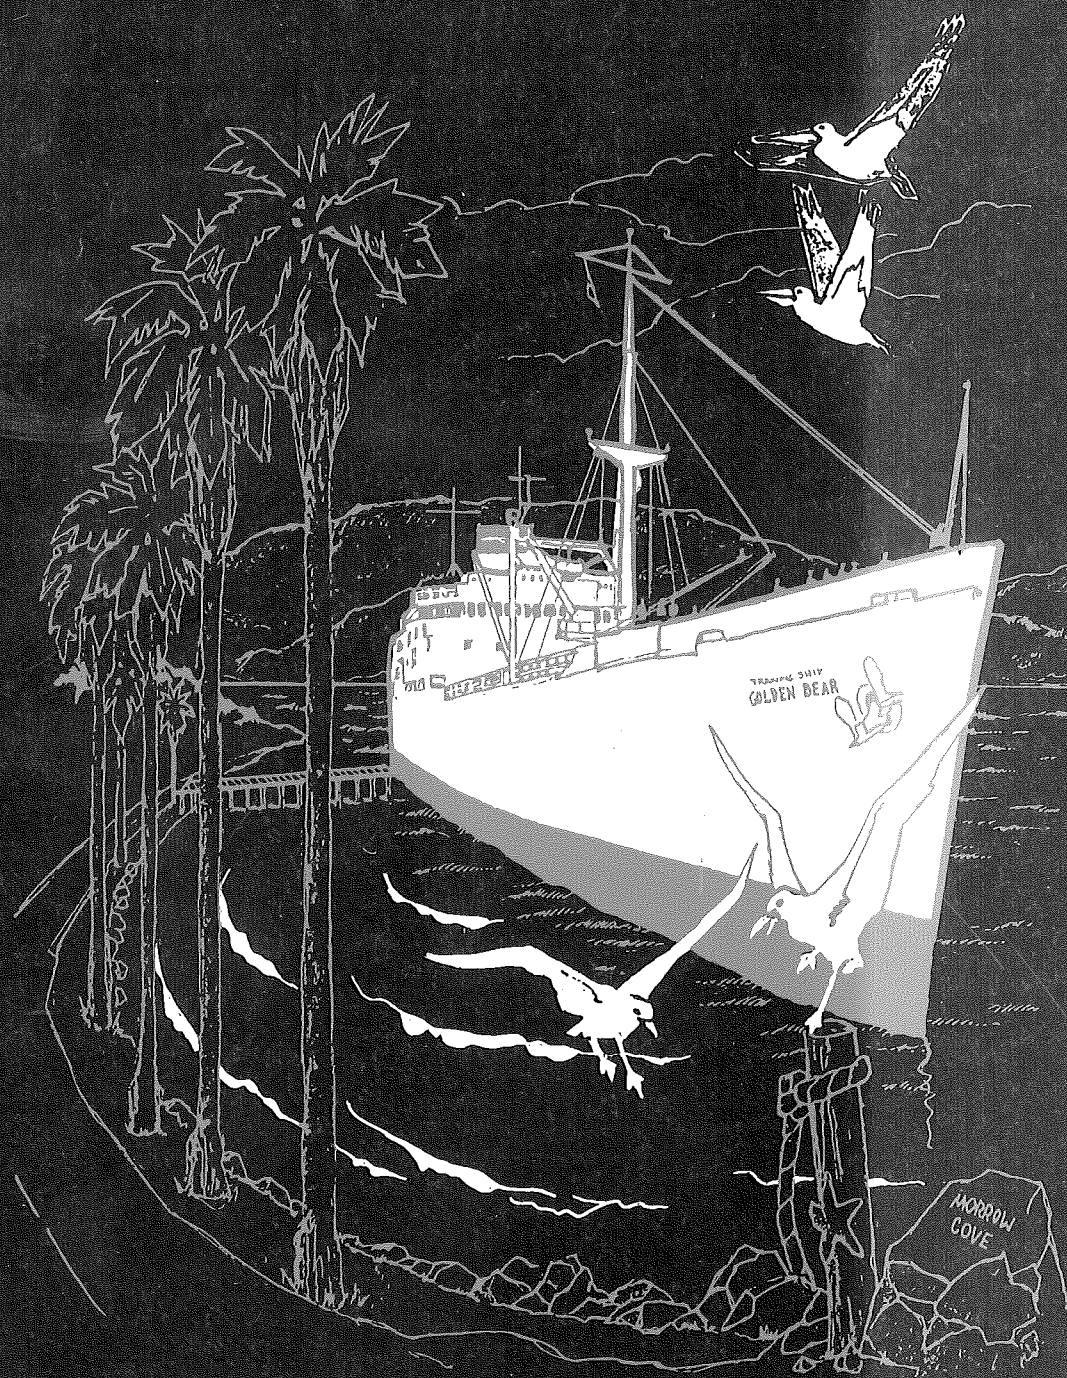

.....

Geoff Nelson, Tim Petrusha, T.J. Truitt, and Colin Hensley on a fishing trip somewhere in Alaska. Many locals of the various ports donated charter time for midshipman recreation.

Steve the barber, owner of the Acme Barber Shop, Sitka. One chair. He also owned the bar and liquor store next door. Gave a good \$9 haircut, too.

Dedicated to...

It is my belief that the yearbook dedication, if one is given, should be a very personal choice of the editor. In my case, I dedicate the book to the man who is without a doubt my best friend on the CMA staff.

This man arrived on campus November 11, 1969 and took his position in the Old Residence Hall, in what is now the Residential Life Director's apartment. Soon after, he was transferred to Gallagher Hall, where he has stayed for twenty-five years so far. Over the years, he earned a reputation for being a character—somewhat gruff, but usually very helpful and friendly to middies and campus guests alike.

When I arrived at CMA in 1991, I immediately went to work for this man's department, but did not meet him until what would later turn out to be the final winter trimester. The bald-headed fellow sitting in the glass cubicle turned out to be an immediately likeable guy, a fact that most middies never discover because they never seem to take the opportunity to talk to him. I admittedly spent much of my time "working" at the library in his office debating Academy politics, history, and other what-have-you.

In the summer of 1993, I worked in the library full time helping to coordinate the computerization of the library—probably the biggest undertaking the library has seen in its history. None of this would be possible, however, without the direction of the senior librarian and "head curmudgeon," a title of his own choosing.

This man means a great deal to me—in addition to employer, he has been a friend, mentor, and simply someone to talk to. My Cal Maritime experience would have been darker and drier without him.

In case you haven't guessed, the 1993-1994 *Hawsepipe* is dedicated to Paul O'Bannon.

Thanks for everything, Paul.

Parting Words: "I'm on top of the world, Ma!"

Michelle J. Giannetti

Division 4-D, BA

Accomplishments: Crew, 1 yr. Managed to complete CMA in 3 1/2 years while being in 4-D with Kevina, Geisha, Redle, Steffie, & Stealth. Tattooed in Australia & still alive so far!

Parting Words: Thanks to Mom & Dad for all your encouragement and your cash. I couldn't have made it through this institution of higher learning without your support. I would like to give special thanks to Mr. Welts for having so much confidence in me. He said, "I would never make it through CMA because I would meet a man and get married." Well, did HE ever get a surprise—a wife and no life! I would also like to thank Beth for her I.D., Faith for our lengthy conversations that kept me sane and Kevin for putting up with me for so long. Good luck to Kreta and JayPee! Lastly, Dee you better invest in some WD40 before you even set foot on the Bear. Sorry!

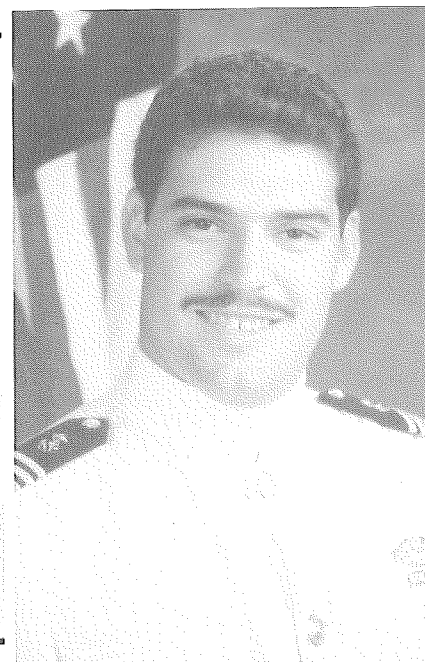

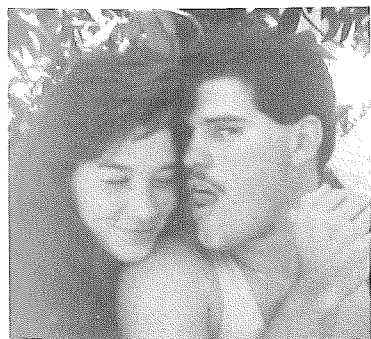

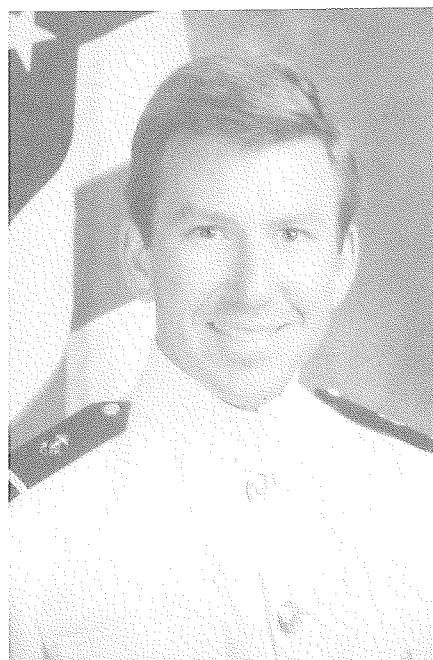

Jerald J. Gordon Jr.

Division 3-E, ME/MET (BA minor)

Accomplishments: Corps Commander, Engineer All-Star Football team 1992, 3-E Softball Champions every year, never went to a Mills Dance, met a lot of people—some became friends, some I pissed off; graduating on time, made Dean's list 7 times, last great Dizzy Lizzy team (1989).

Parting Words: Never punt when all your chips are on the table; never open your mouth unless you're sure it won't be shut by someone else. Thank you HK and 3-E (especially DDM, Boogaloo Kid, Lind, Fisker, and H) for the mostly enjoyable trip and memories. Special thanks to Julie, Laurie, and Big John for everything this past year. You're wonderful people. Gotta thank Mom and Dad, if it weren't for them I wouldn't be here in more ways than one!

Paul J. Gunis

Division 1-D, MT

Accomplishments: Graduated in 2 1/2 years.

Parting Words: The real world is waiting, and it's mine.

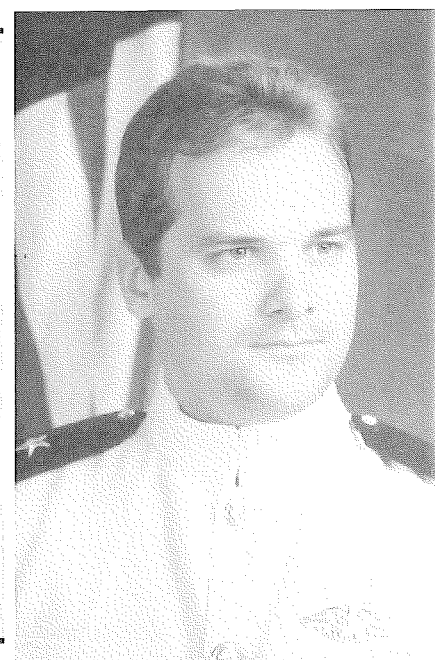

Eric T. Haroldson

Division 1-D, MT

Accomplishments: Stayed on Brian Law's good side, even after telling him Lee Harvey Oswald acted alone. Never took a test in Sam Shaw's Radar class. Listened to everything the Chief Mate told me. Took Woodle's advice in Astoria (I know what it means). Studied diligently for Bob Stewart's tests. Inherited the Earth while drinking a lot of beer.

Parting Words: We did not learn from our teachers; we learned from ourselves, and the teacher was within us. No lesson must be forgotten—not just the trivial facts we sought by coming here, but more importantly the lessons in trust and integrity. Those are what will take us through time and infinity. —ETH, Mexico, 1991.

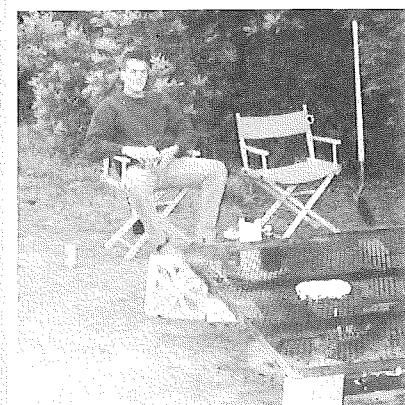

... Goodbye, Farewell, and Amen.

Eric J. Harrier

Division 3-E, ME/MET

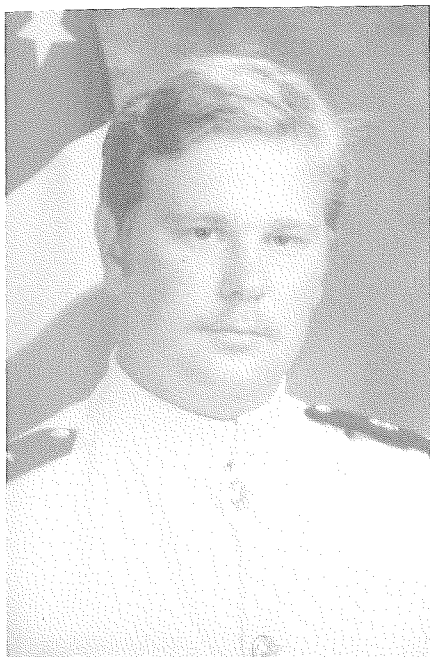

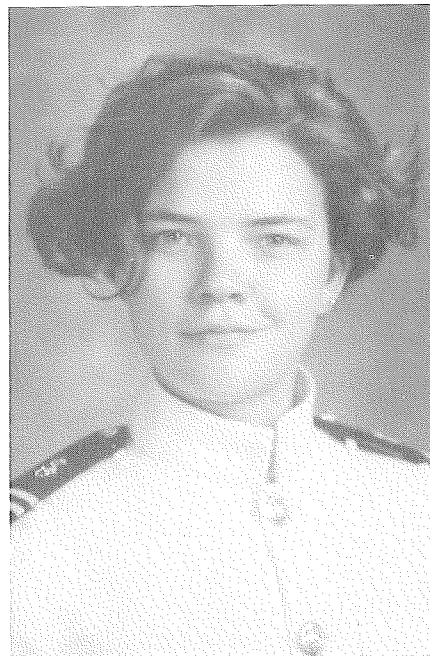

Accomplishments: I never took a Parks class twice.

Kurt H. Lind

Division 3-E, ME/MET

Accomplishments: Survived the Dr. Parks Legacy, '90, '91, '92, '93 Intramural Softball Champions, received two degrees for the price of one, managed not to lose my mind or any fingers from the marathon pace of engineering.

Parting Words: Thanks Mom & Dad for giving me this opportunity for a valuable career. Hey Mel, thanks for continually putting up with me... don't forget Tranquility Pond.

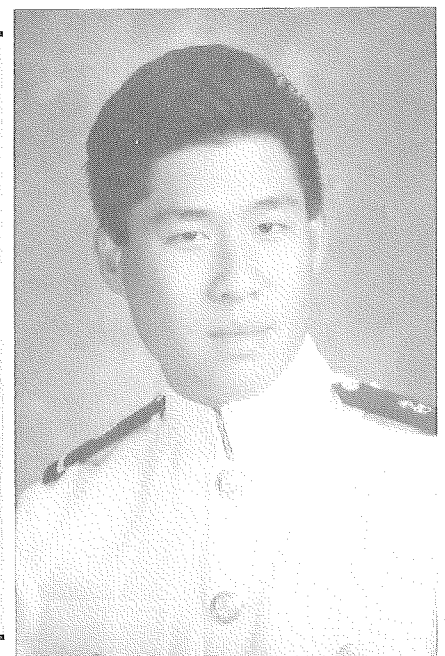

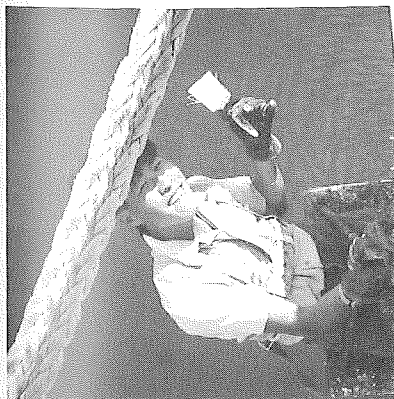

Stefan Francisco Lowe

Division 4-D, BA

Accomplishments: Dean's List, Music Club President 1989-1992, Cruise Band 1991.

Parting Words: See no evil, fear no fright, lose no feeling. Keep the target in your sight, know the cards you're dealing! Up the irons! ...And a very special thanks to the following people, whom without their support, these last four years would not have been possible. They are: Mom, Dad, and family, Jennifer Hand, Theresa Cerrone, Carla Turley, The Town House, The Roach Coach, D. Slack, E. Brady, R. Parker, and specially Audrey and the Sakatas.

Chris E. Moorhead

Division 1-E, MET

Accomplishments: Successful early career as a student. Crew, MSC Co-op, B.S. before thirty, degeneration of my morality and maturity, one smart pin, BMW tackling team, Wanna-be Diesel Dog, Oyster Dancer. Just said no to Parks. Only one TSGB Cruise.

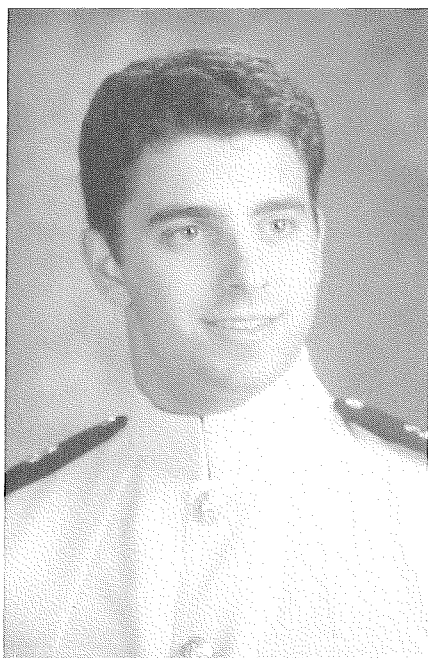

Parting Words: Stop trying to bruise my mind, I can do it on my own.

Damon D. Mote

Division 3-E, MET

Accomplishments: Division Commander, first-time-sailing to skipper in under a year, member of the DVC scammin' crew, never went to the Horse-Cow, pissed everyone off at least once, and got out of CMA with a smidgeon of sanity left. Still on an apparent never-ending search for the perfect Mai Tai.

Parting Words: Whatever your situation, remember that our individuality is all that we have. There are those who barter it for security, those who repress it for what they believe is the betterment of society as a whole, but blessed in the twinkle of the morning star is the one who nurtures it and rides it in grace, love, and wit, from peculiar station to peculiar station along life's bittersweet route.

Scott K. Murphey

Division 1-E, MET

Accomplishments: Corps 2nd A/E, Badseed, only one cruise on the Bear, survived four 1E rafting trips, never sent my application to Chico State, never had extra duty.

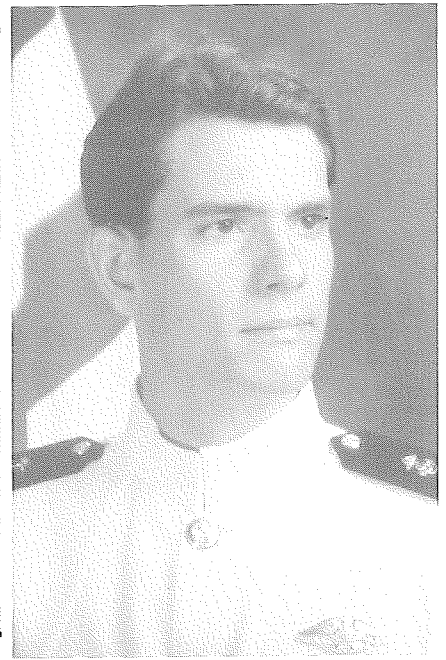

Parting Words: "I love the friends I've gathered together on this thin raft. We have constructed pyramids in honor of our escaping." -Jim Morrison. "Are we better off now than we were four years ago? I believe the answer is yes." -Ronald Reagan

Parting Words: Fellow Third Herders, the last four years have been the best. Thank you for all the wild & crazy times. I wish you well! Keep in mind: "if your ship doesn't come in, swim out to it!"—Jonathan Winters

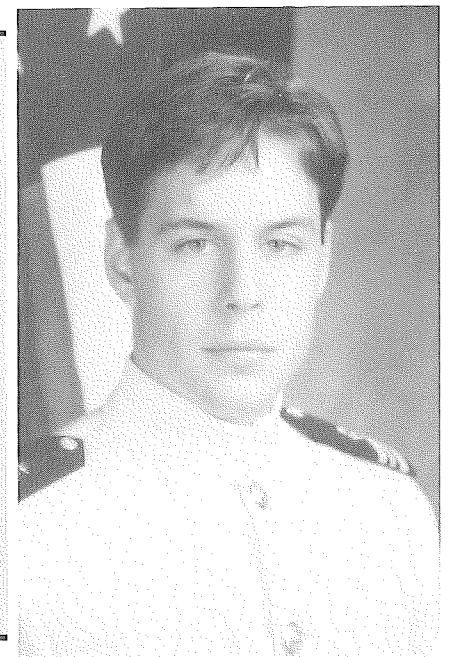

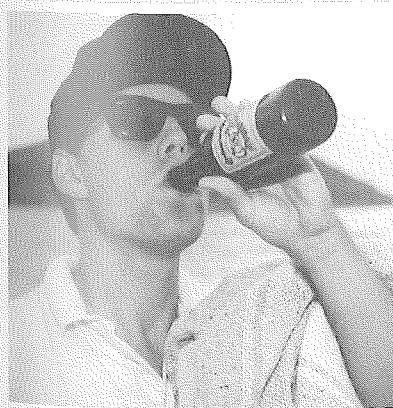

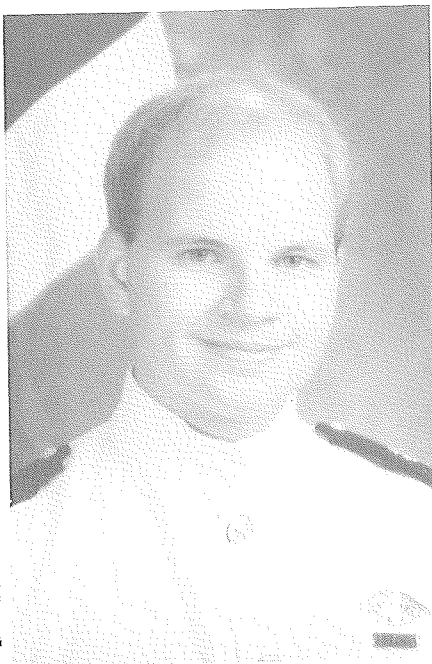

Damien Edward O'Bid

Division 2-E, ME/MET

Accomplishments: 2-E Division Commander

Parting Words: When I first got here, it was like stepping out of the sensory deprivation tank of Marin and into the real world; I had a lot of learning to do. Through these four years I've come to know and grow closer to the friends that I've made here than any other friends I've ever had. Gus, Ira, J and the rest of 2-E, thanks for being there through the good times, the bad times, and for putting up with my stubbornness. We've all come a long ways together; I will never forget you and I wish you all the best of luck in life.

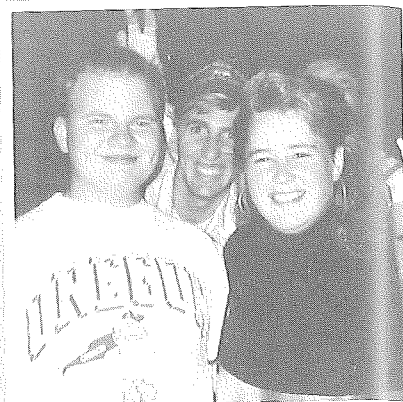

Carl John Obermeier

Division 4-D, MT

Accomplishments: Carried on the 4D tradition of Corps Navigator, Editor of the 1991 **Hawsepipe**, made the last of the "real" training cruises, Ensign MMR/USNR, never been to Grim's (but did do the Horse-Cow), THIRD MATE!!

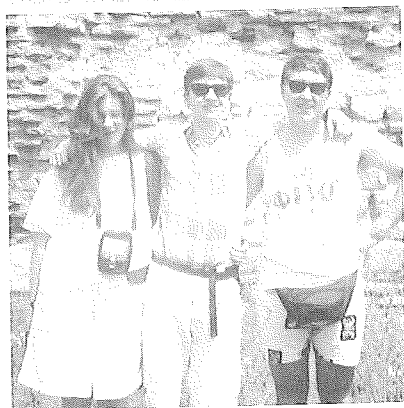

Parting Words: Thanks to all the family and friends who have made my years at CMA bearable—especially 4D Class of 1993!

"And he became an officer and a gentleman, which is an enviable thing." —Rudyard Kipling

Kenon E. Owens

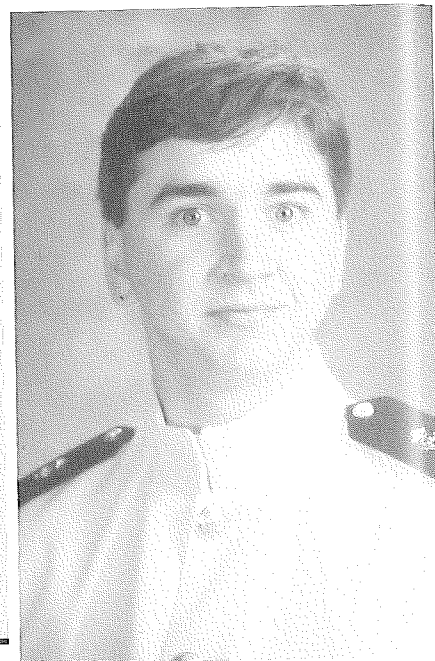

Division 3-E, ME/MET

Accomplishments: 3E IM Softball champs 3 yrs in a row, played varsity volleyball and club baseball, minor in Computer Science.

Parting Words: Time has shown me that I should not wait to act. I am one who has earned his place on this glorious planet, and I am going to excel. Life has thrown me a few curves/pinks, but throughout all the strikeouts in the world, and all the extra duties in life, I will survive. I will be strong and I will win. Nothing can bring you down unless you let it, and I will never let life drag me into the depths of despair because life is much too short to be so sad all of the time. I miss you Alejandro Chavez. I sincerely want to thank all of you from La Machine, 3E. I couldn't have done it without you. Mom, Dad, K.O. Division 2-E, MET

Accomplishments: Proved everyone wrong by graduating, and proved to myself that I could do something besides nothing.

Parting Words: Thank you Mom and Dad for being behind me the whole way, without your support I probably would still be digging fence holes in Skagit County. Survived the Kaufman Era, even though most of the employees didn't. Stayed dazed and confused for 4 years, now I can go to work. 2E pride still lives!

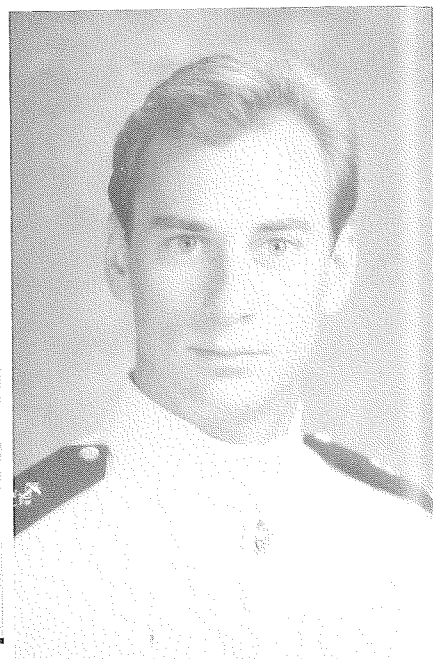

Jeffory S. Spagg

Division 2-D, BA

Accomplishments: CMA volleyball, SUDS Committee, cheated death on several occasions, four years overtime on my liver, been there done that, conquered Carquinez Bridge, honor roll, last of the 2D AB scammers.

Parting Words: Special thanks to my financial institution, Bank of Ron. Glad I am finally the f@\$% out of here, so I'll catch you cats in the sandbox. And don't forget to use a condom!

Dennis J. Starbuck

Division 1-E, MET

Accomplishments: Corps Administration Officer Winter 1990, Propeller Club Vice-Pres 1990-91, Propeller Club President 1991-92, CMA ASB President 1992-93.

Parting Words: Thanks Mom and Dad for all your support through the bad and good times. Those of you still at CMA, just remember: "CMA is hell to be at, but a great place to be from."

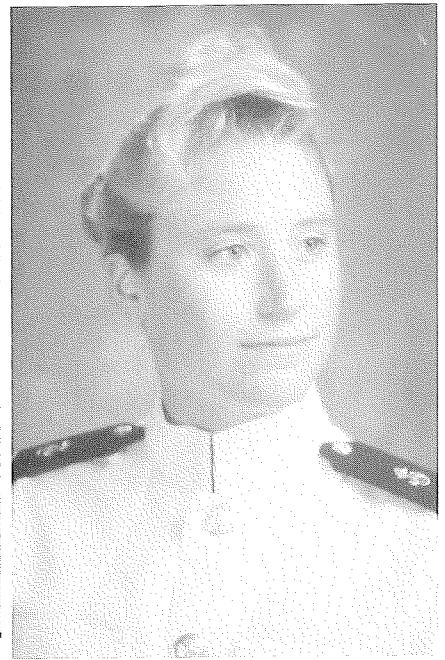

Elizabeth M. Stowell

Division 1-D, BA

Accomplishments: Only one cruise on the Bear. Never had extra duty and never had beer on campus. Hee-hee!!

Parting Words: That's the best \$60,000 I ever spent-NOT! Thanks to my family and all my friends for supporting me. "There ain't no surer way to find out if you like people or hate them than to go on cruise with them."

Peter C. Sutherland

Division 2-E, MET

Accomplishments: Surviving CMA, teaching SCUBA diving at CMA.

Parting Words: It will be good to return to the real world.

Jeanine Elise Swift

Division 2-D, MT

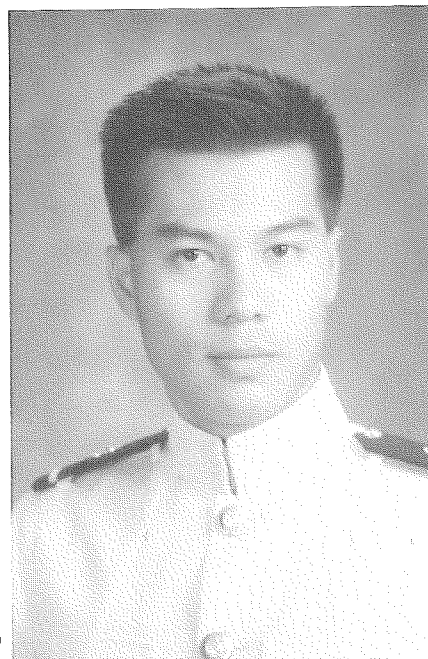

Accomplishments: Never had a DRIC, never changed my major, and never got pushed around.

Parting Words: To all those who believed in me I give you my love. To those who didn't—it's a small world out there and I have a very good memory! Mommy, Daddy, look at me—I'm a MATE!

Steven R. Velie

Division 4-D, MT

Accomplishments: Founding President of SUDS, Member of the Propeller Club, chief of ABI in the AAB, Sail Club, Ocean Resources Club, Geek Squad, Team Booze, Rang the Bell, Shook the Tree, the Bear-did her.

Parting Words: Whenever possible-ride the short bus! It's harder to get into trouble when you have an excuse.

Christopher F. Vivian

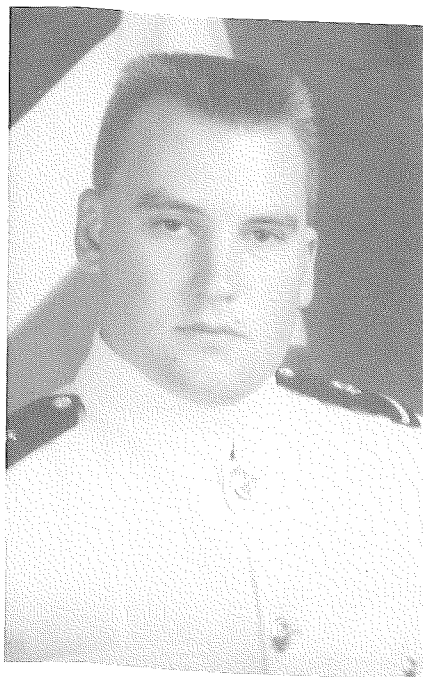

Division 1-D, MT

Accomplishments: No tenure demerits, never been kicked out. No extra duty. Enjoyed my stay at CMA. Never puked in foreign land. Dry chemical discharge on fellow midshipman. Underwear blowout. Water balloon head shot. Cleared out auditorium from back row.

Parting Words: I want to thank my family with all my heart; my uncle John & aunt Pam, brother Jake and my mother. I love you all so very much. No words could ever express how grateful I am to have you in my life, thank you. To everyone who touched my life in a positive way at CMA, I wish you fair winds and currents. Those who touched my life in a negative way, you know who you are. Burn in hell.

Adrienne M. Walli

BA

Scott A. Weinkauff

Division 2-D, BA

Accomplishments: Coach of Olympic Synchronized Drinking Team, member 300+ Club, founding member of SUDS, member of Carquinez Hiking & Outdoor Club, minister of sexual harassment for the AAB. As for real accomplishments, let's just say I never exceeded anyone's expectations. Oh yeah, I never inhaled.

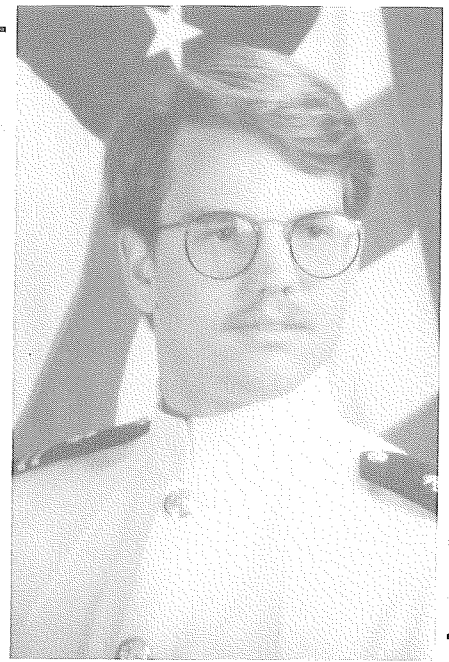

Parting Words: I would like to offer my sincere thanks to all the faculty and administration who so thoughtfully told me how to act, live, and breathe. Yeah, thanks a lot! To everybody else, keep snoozing, keep boozing, and never ever get caught.

Ira K. Weiny

Division 2-E, ME/MET

Accomplishments: Varsity Water Polo '89-'92, Windsurfing Club '89-'92, Photo Club Pres '90-'91, ASME '91-'93, ASHRAE '92-'93, Dean's List, Division XO.

Parting Words: "All things in the universe have a question and... all questions have an answer, but to have one without the other, is to have nothing at all. A bit of philosophy."—Neil Pride, 1989. I would like to thank my parents for being the most supportive parents in the world. Without their help this world would be a much darker place. Thank you to all my friends now and forever for they are the people who make life worth living. To Gus, Damien, Scott, Pete, Ken, Mike, Luther, Kristy, and the rest of you 2E goons—good luck in your endeavors. We have and will always make it through the worst and best of times. Finally, thank you Lord for the luck and times you have brought me.

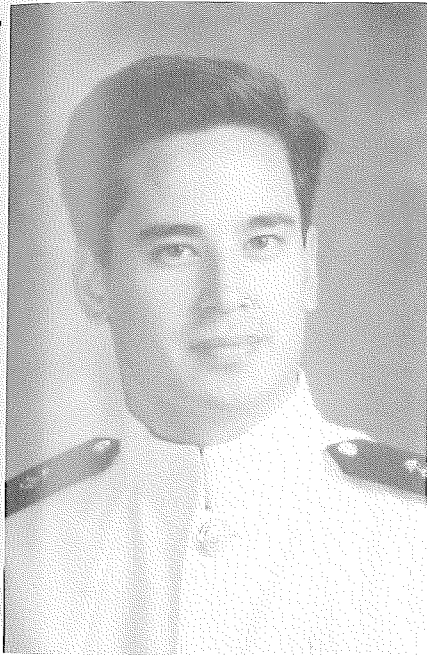

William P. Whitmore

Division 3-D, BA

Accomplishments: Never became a California Resident, increased sleeping time, outta here on time with my degree and license, made some lifelong friends.

Parting Words: Even though this place causes a lot of hardships and pain, the end result is much greater and more lucrative. Remember—once you are gone from here you do not have to return. It's plain and simple.

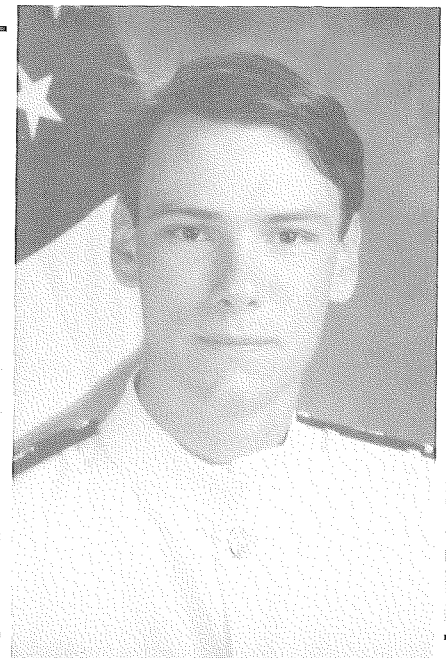

William S. Woodman II

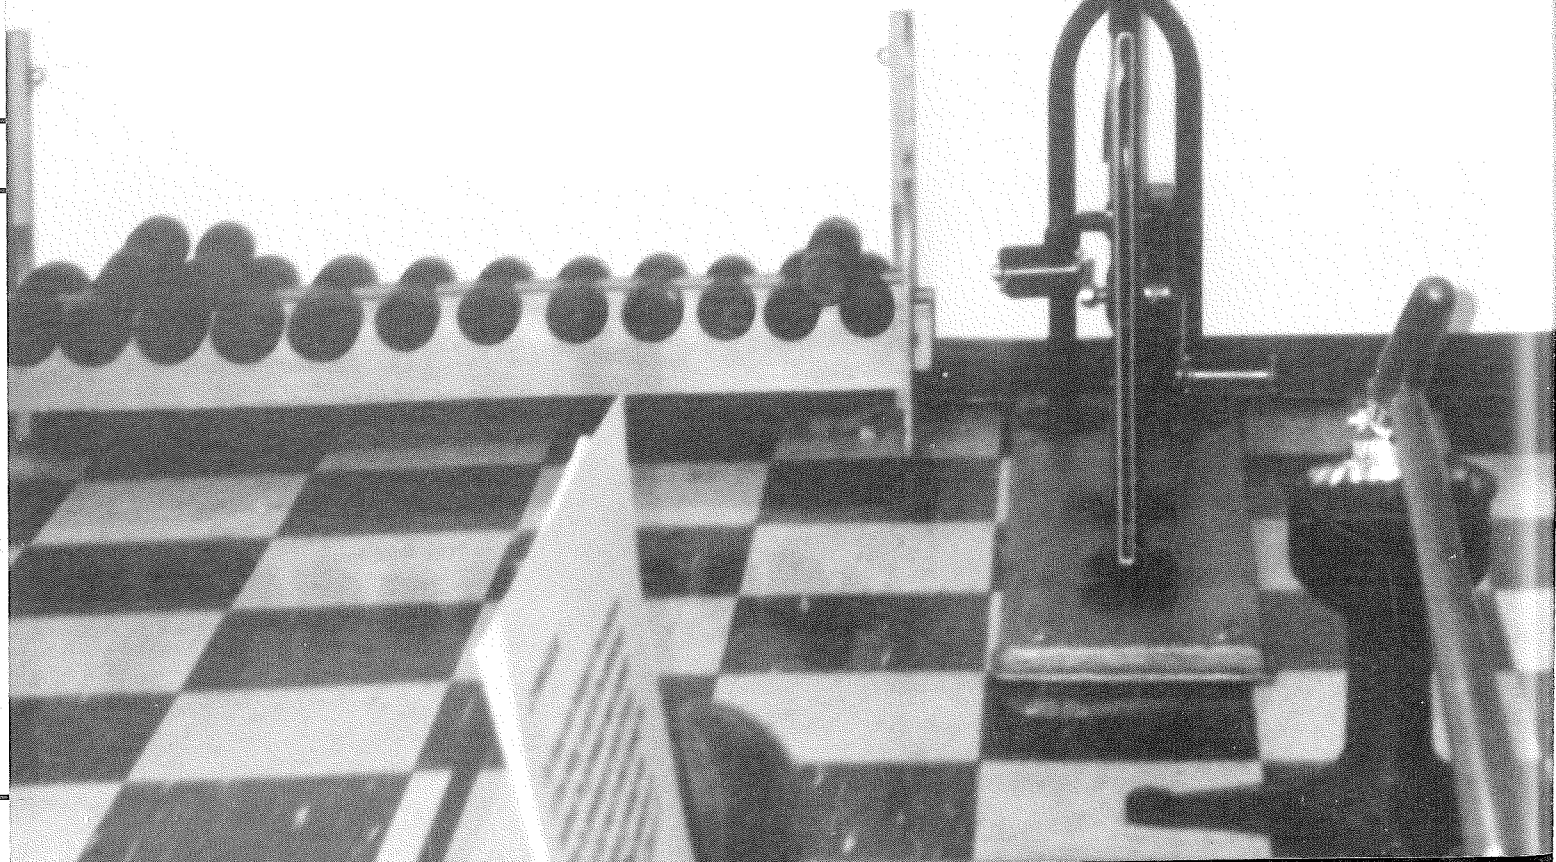

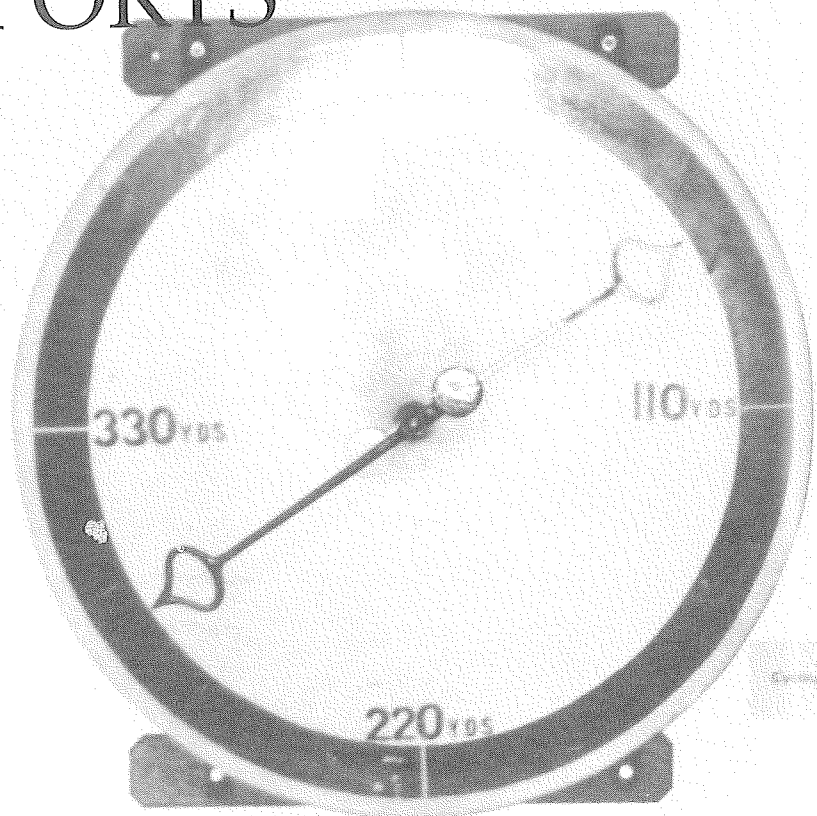

Division 2-D, MT

Accomplishments: 2D XO (by default), 2D Warrant Officer (by default), Ship Ops supervisor (by default), graduated (by default).

Parting Words: They were right, it WAS a long four years. "Don't worry—cover it with zinc chromate." I'm no longer a middie, I'm "Quad Boy." It's not the size of your Woody, it's how you sign your name.

Andrew Huskisson displays his awards for Water Polo team captain and Most Improved.

Frank Springett was honored with the Scott Strong Award, presented by none other than Scott Strong.

Chris Holland received the Coaches' Award for Volleyball.

Stacy Justesen gives volleyball coach Jerry Carter a support hug.

SPIKE!

Led by captains Buijten and Justesen, the women's volleyball team continued to improve this year. Stacy Justesen was this year's MVP, Natasha Tuckett received the Most Improved Award, and Natalie Buijten received the Coaches' Award. During Graduation, Carolyn Oxsen received the Female Scholar Athlete Award, and Justesen was named as Cal Maritime's Outstanding Female Senior Athlete.

Meanwhile, the men's team this year had the potential to finish in the California Coastal Conference's top four teams and go to post-season tournament for the first time. The Keelhaulers faded down the stretch, however, and wrapped up the season in a heartbreaking fifth place. Coach Carter looks forward to next season though, with nine returning lettermen. At the postseason Awards Banquet, Chris Stevens received the team MVP, team captain Brad Rusk received as Honorable Mention for All-CCC, and Chris Holland was named for the Coaches' Award. Ronnie Lee was named as Most Improved. All the award winners will be returning next season.

No matter whether the Seahags were winning or losing; a good turnout almost always graced the stands.

Winning is all about teamwork. Michelle Bird and Suzie Wolfe exchange a quick "five" after completing a spectacular volley.

Home games in boldface

While no photos were available of the regular season Keelhauler baseball, photos of the faculty-student game are available and thus presented below.

Tim Carmichael makes a solid hit for the students at the faculty-student matchup.

Bob Hammaker receives a quick bit of advice from Lloyd Kitazono.

BATTER UP!

The season started out very promising for second-year coach Nick Esposito and the Keelhaulers with a sweep of the Caltech rocket scientists in Pasadena. The rain-shortened season proved to be a blessing for the sluggers, however, for little success was enjoyed against the recruited athletes from the larger colleges on the schedule. On the plus side, the student body had a great time attending the games and most of the team will be returning next fall, so "...wait 'till next year!"

Ken Smith took home this year's MVP award, Todd Pelman received the Coaches' Award, and David Berro received the Most Improved Award. Ivon Friedman was named team captain.

"...batterbatterbatterbatterSA-WING batter!"

Bob Hammaker pitched for the faculty. The infield stands at the ready in anticipation...

NOTHIN' BUT NET

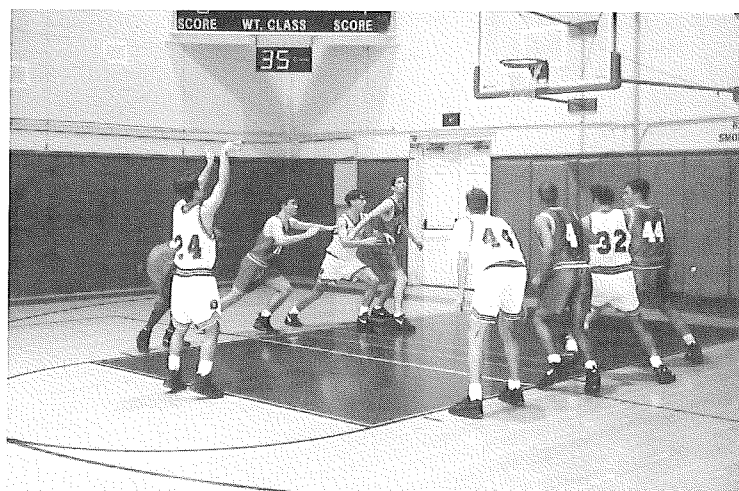

The Keelhaulers, fielding a young and inexperienced team, took their licks for most of the season, but showed promise for future campaigns, losing only senior point guard Hung Tran. Their first defeat occurred before the first game when two starting guards were declared academically ineligible for the season. Coach Stephenson, however, made the best of a bad situation and the hoopsters continued to improve as the season progressed. Despite the final record, many of the games were close contests—often last second decisions.

Todd Robinson was named team captain for the second time this year (the first being in soccer), Mabini Nicolas earned the Most Improved Award, Hung Tran earned the Coaches' Award, and the MVP went to sophomore Jeff Lind.

SEASON WRAP-UP

The Cal Maritime intercollegiate Crew had an up and down season this year, beating teams they weren't supposed to at times and losing races they were favored in at others. Victories over the Cal and USC boats were sweet—defeat at the hands of underdog Humboldt State was not. Although most of the team weighed in as lightweights, they were forced at times by the schedule to compete in open events. A highlight of the season was the trip to San Diego where the Keelhaulers took part in one of the largest meets in the Nation with over 100 colleges in attendance. All eyes are looking forward to next season as the oarsmen are only losing 3 seniors.

Junior **Frank Springgett** cleaned up on the awards. He received an award as Co-captain with **Rob Farmer**, shared the Scott Strong Award with **Matt Guanci**, and was named the Crew's Most Valuable Oarsman. **Jonathan Lenters** won the Coaches' Award and **Damien Pollard** was named the Most Improved Oarsman.

50 Years at Morrow Cove

In the beginning, there was Morrow Cove. Before the Carquinez Bridge (the current west span) was constructed, the Lincoln Highway had its terminus just a few feet west of the current pier. A ferry terminal owned by the Six Minute Ferry Company allowed cars to cross the Strait to Valona and Vallejo Junction, since encompassed by Crockett. (A landslide destroyed the ferry terminal in 1922, putting Six Minute Ferries out of business. The run was taken over by the Southern Pacific Railroad. All that remains of the Six Minute Ferries are two ferries under construction at the time of the landslide, the *San Mateo* and *Shasta*, both purchased by Puget Sound Navigation, and subsequently, Washington State Ferries.) On May 21, 1927, the bridge was opened and the car ferries were put out to pasture.

An unknown party abandoned the schooner *Bangor* at the Cove, and it was followed shortly by the Southern Pacific rail ferry *Contra Costa*. Both vessels languished at their moorings.

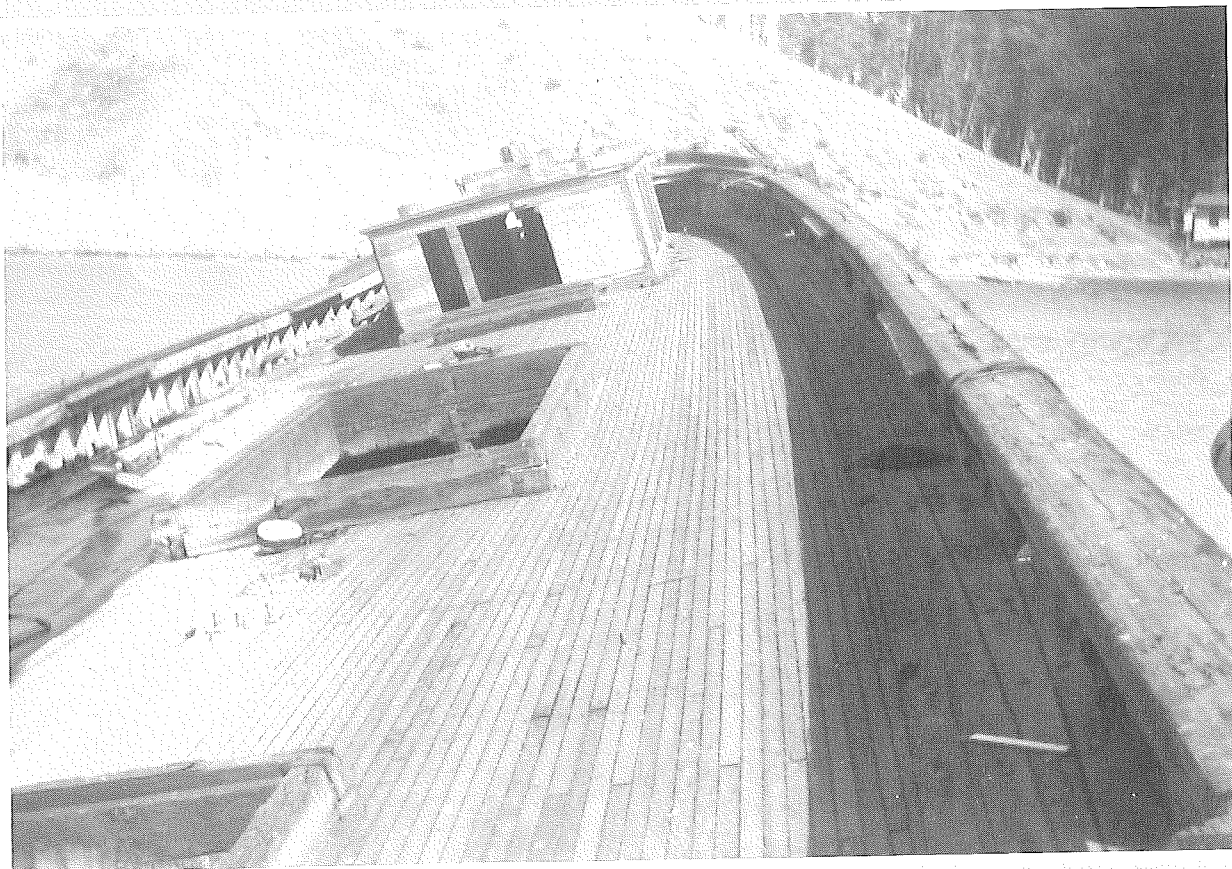

The year was 1939. In Tiburon, the California Maritime Academy—having recently changed its name from California Nautical School—was ordered by the Navy to vacate the coaling depot they had occupied for the previous ten years. A search for a suitable replacement began. The site that interested the committee the most was the old ferry terminal at Morrow Cove, since the Southern Pacific was done with it. Captain Mayo made a trip to the site in 1940 and found that with a bit of fill dirt, it would provide the Academy with an excellent location.

1930s

At the inboard end of the *Contra Costa* was the schooner *Bangor*, seen here towards the end of her decline. The hulk, if it remained, would be located approximately where the Rizza Auditorium is today. The *Contra Costa*, now marked by the yellow buoy, is still visible at low tide even after repeated burnings and at least one dynamiting attempt failed to remove the hulk completely.

1940s

THE NEW CALIFORNIA MARITIME ACADEMY

"After years of planning," enthused the 1943 **Hawsepape**, "the dream of a permanent shore base for the California Maritime Academy has finally become a reality. This came about largely through the efforts of Captain [Claude B.] Mayo, who has constantly striven to establish and maintain a California state merchant marine academy second to none.

"Several suggested sites for this new base were contemplated at length before the final selection decided upon Morrow Cove, near Vallejo, California. Ground was broken, and construction of the temporary buildings was begun. Troubles of all sorts then beset the work and retarded the process of turning a former park into the home of the world's only [sic] sea-going college. Finally, however, the dock and the temporary buildings were completed, and, on August 24 [1943], the training ship *Golden State* moved into her new berth in the shadow of the Carquinez Bridge.

"The temporary buildings include: classrooms, offices, three barracks, engineering building, recreation hall, storeroom, and mess hall. These will be superseded by the permanent buildings some time in the not too far distant future.¹ The completed grounds and buildings will compose a campus to be envied by many other colleges.

"These grounds will include: baseball field, parade grounds, football field, pistol and rifle range, tennis courts, swimming pool, gymnasium, marine railway, boat basin and boat house, administration, barracks, commissary, school and engineering building, hired workers' apartments, garage and parking lots, and staff officers' residences.² The entire grounds will be covered with green grass and numerous eucalyptus trees and shrubbery.

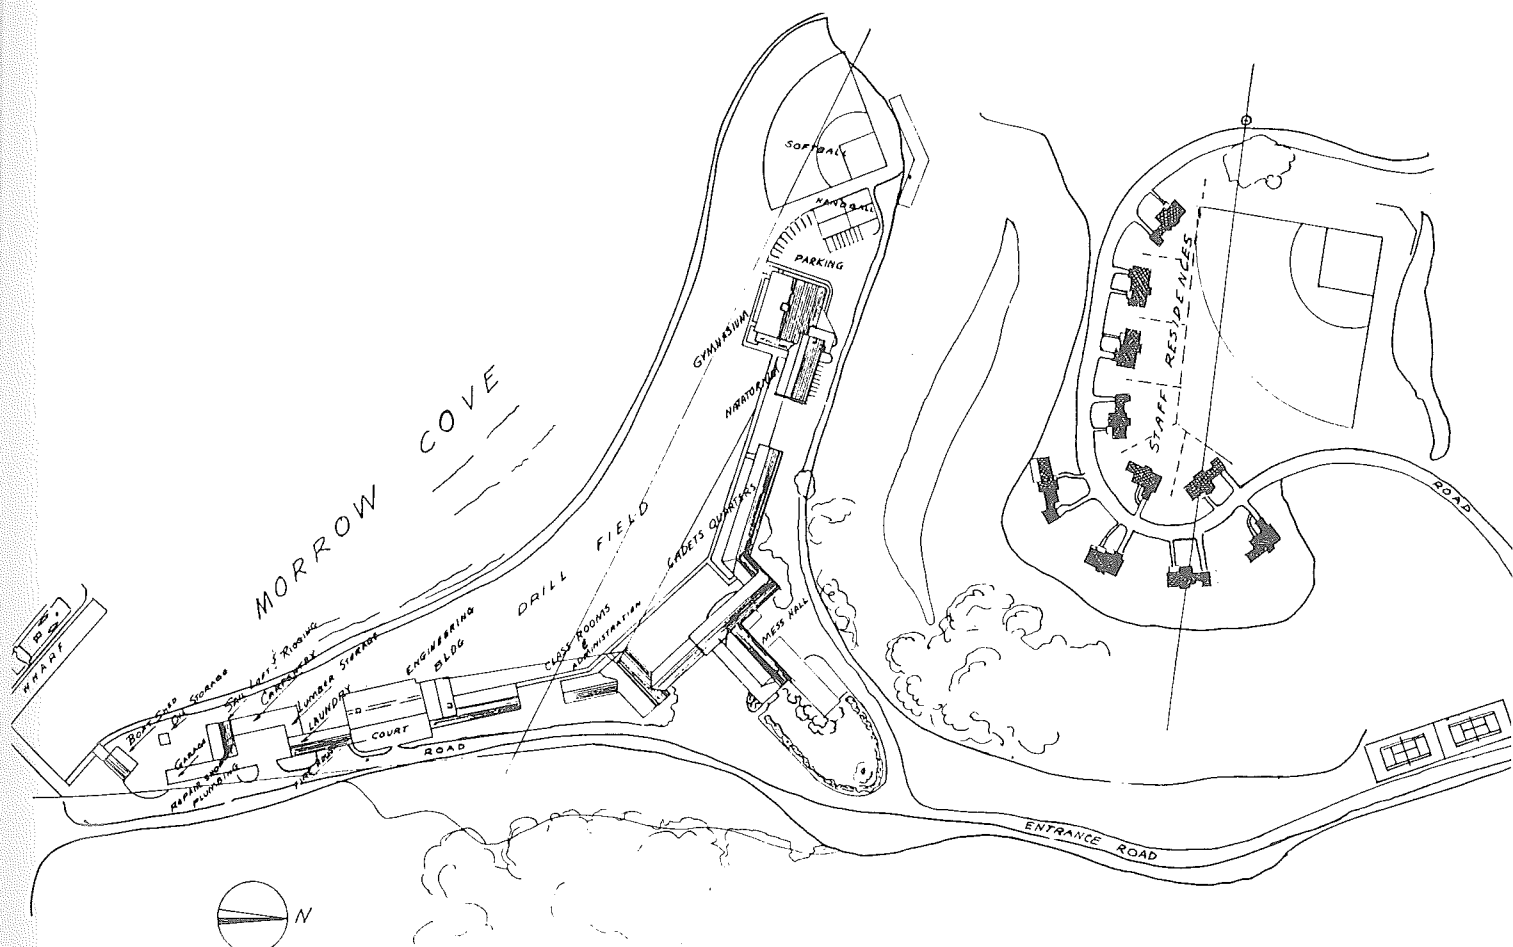

"It is planned that, when the academy is complete, provisions will be made for alumni to return to the California Maritime Academy for post-graduate work. This will enable them to specialize in various marine fields and to brush up before applying for raises in grade.³

"Without a doubt, the new California Maritime Academy, when complete, will be the finest training academy for merchant marine officers to be found throughout the length and breadth of these United States, yes, even throughout the entire world."

¹The last "temporary" building was torn down in 1979.

²The parade grounds and rifle & pistol range have come and gone. The marine railway, commissary, and hired workers' residences were eventually forgotten as more pressing needs came about.

³We're still waiting.

BEGINNING OF THE END for the old train-ferry—nearly 500 feet in length, and one of the longest in the world—started this week for the old bulk resting on the mud of Carquinez Straits offshore from the California Maritime Academy at Morrow Cove. The remains of the old ferry is the subject for a series of dynamite-blasting experiments

ordered by Capt. Claude B. Mayo, superintendent of the Academy, by which the hull, an eyesore on the waterfront since 1928, will be removed. Above is shown the old craft before and during the blasting operation Friday. (Photo by Times-Herald.)

ACADEMY GROUNDS Under construction at the California Maritime Academy near Vallejo are an \$800,000 residence hall (1) and a \$150,000 administration building (2). Other structures in the picture (top from lower right) are four storage sheds, handball courts, a combination gymnasium-sunbather, mess hall and classroom building. The present administration building is left of the new center construction. Faculty cottages at left are the addition field.

MARITIME ACADEMY CONSTRUCTION PUSHED

Officials of the California Maritime Academy hope to complete a \$800,000 building project in time for the opening of the school's 1960-61 session. The new residence hall, which will house 1,000 students, is the largest building project in the school's history. The new administration building, which will house 100 students, is the second largest building project in the school's history.

The new residence hall will be three stories high and will have a total area of 100,000 square feet. It will be built on a hillside overlooking the water. The new administration building will be two stories high and will have a total area of 10,000 square feet. It will be built on a flat area near the water.

The school's 1960-61 session will begin in September. The new residence hall will be ready for occupancy in the fall of 1959. The new administration building will be ready for occupancy in the fall of 1960.

1960s

The 1960s, although politically turbulent, were relatively quiet at the Academy. The Engineering building, formally known as Dwyer Hall, was constructed for a cost of \$364,236. The alumni donated a pedestal and statue that became known as "Golden Bear Park."

\$919,394 ASKED

Maritime School To Seek Building

The California Maritime Academy will seek a \$919,394 appropriation from the new legislature for the purpose of constructing and equipping an engineering building, the board of governors announced yesterday.

Preliminary plans for the building have been received. Both the plans and need for the building will be reviewed by the state public works board, the legislative analyst and other agencies before the money is approved for inclusion in the Academy's capital outlay budget.

Capt. Henry Richter, USN, (Ret.), Academy superintendent, said the building would cost an estimated \$750,000, and its equipment another \$169,394.

It would have a machine shop, a diesel engine laboratory, elec-

trical and electronics laboratories, the superintendent said. He added that it would be of one-story construction generally, with the exception of the machine shop, which would be two-storied to permit installation of an overhead crane.

Captain Richter said it probably will be two or three months before the fate of the appropriation request for the engineering building is learned.

The engineering building pro-

See **SCHOOL** Page 3

posal comprises the lion's share of the Academy's 1959-60 capital outlay budget, which totals \$985,794.

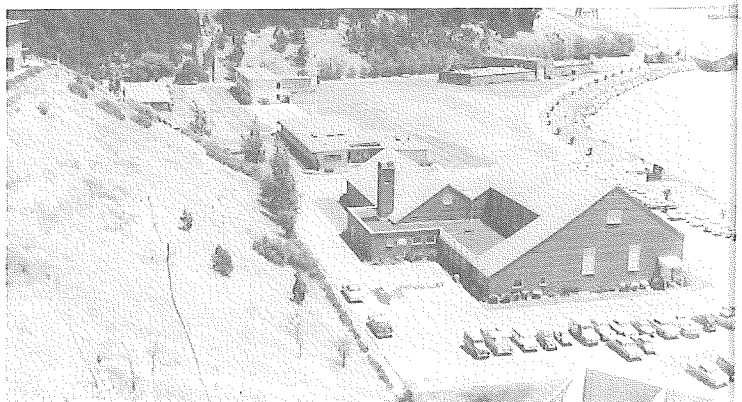

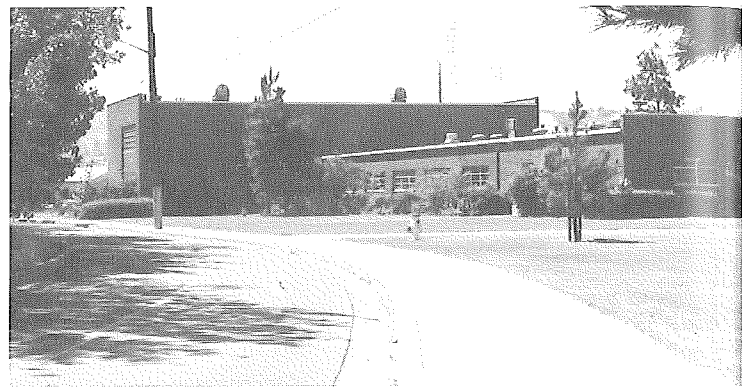

Other items in the budget include a drainage system, estimated to cost \$47,000; resurfacing of existing roads and construction of new ones, \$14,400; construction of a signal station, \$1,000, and a sentry house, \$4,000.

The superintendent said midshipmen have finished moving into the new dormitory at the Academy, and that work on razing the old wooden quarters built in World War II has begun.

Captain Richter also disclosed the Academy training ship Golden Bear has received two 40-foot motor launches from Mare Island Naval Shipyard. Both boats are in excellent condition, he said, except that their seams need filling as they have been beached many months.

He also noted in his report to the board of governors that 218 midshipmen are currently enrolled at the Academy.

1969-1970

The 1969-1970 school year brought us John Keever as Corps Commander, the construction of the Hugh Gallagher Library, and employees Harry Diavatis, Paul O'Bannon, and Gary Cooney. Arriving shortly before the end of the year was an ex-troop transport by the name and number of *USS Crescent City*, APA-21. The common thread of these people and things, of course, is that they're all still here.

Left: Gallagher Library under construction, 1969.
Right: interior, Gallagher Library; and senior librarian and head curmudgeon Paul O'Bannon.
Bottom: campus, 1970... including two TSGBs.

1977

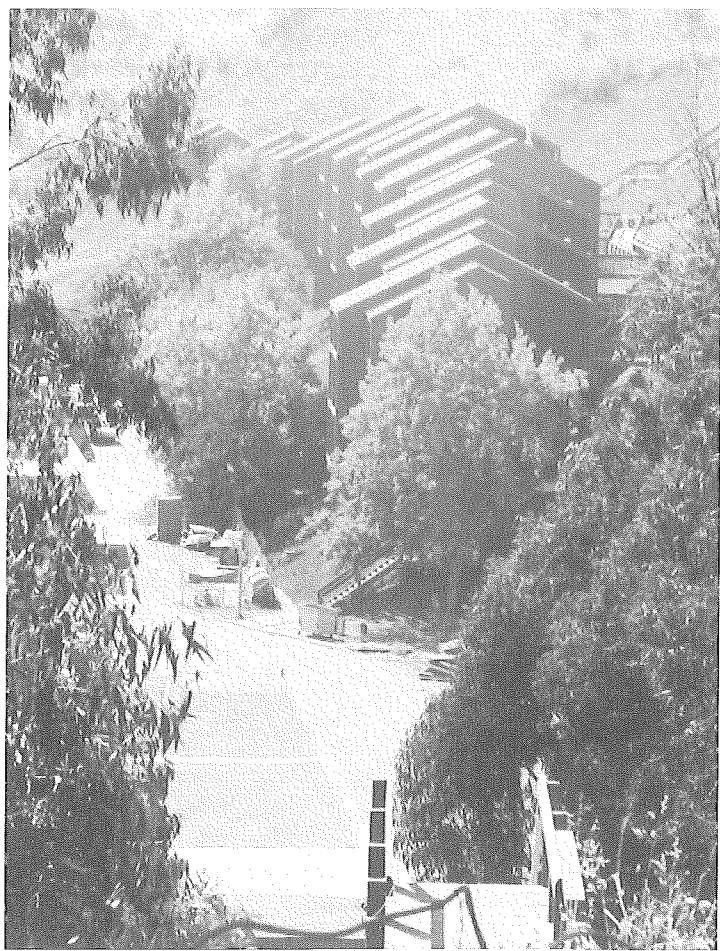

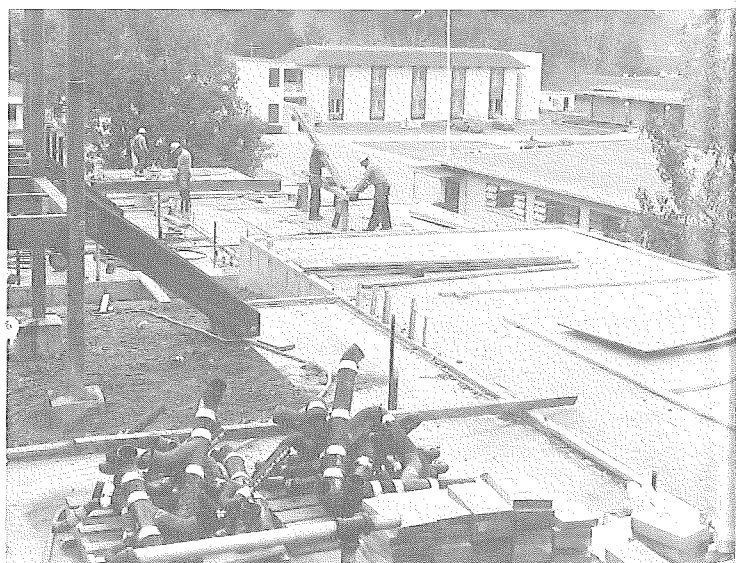

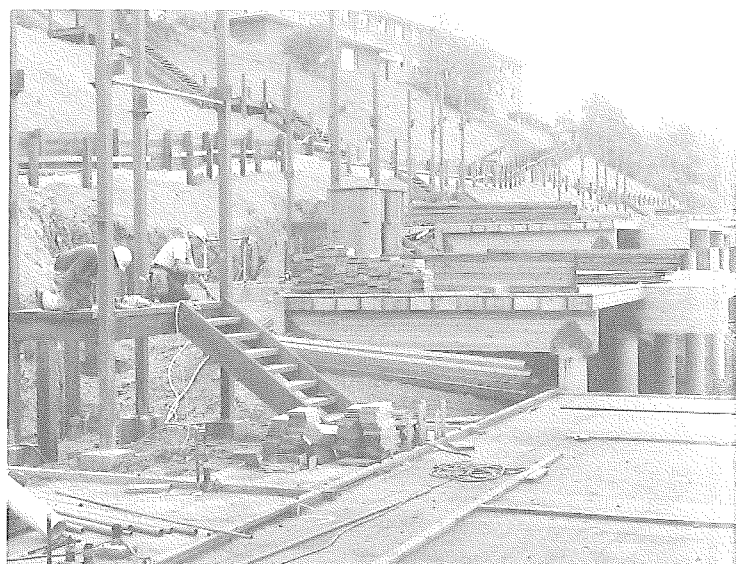

The 1976-1977 school year presented the most ambitious construction project that the campus had seen since its inception. With the completion of this project, the Academy was now entirely in its second generation of buildings—none of the originals existed any longer. In addition to building new faculty offices, library annex, auditorium, student commons, the new residence hall, wardroom, and the upper parking lot, the gymnasium was extensively renovated, including repair of disintegrating window frames and replacement of the roof. When the dust settled, the result was essentially the Academy we know today, with the exceptions of the boiler arcade, radar lab, and raquetball courts.

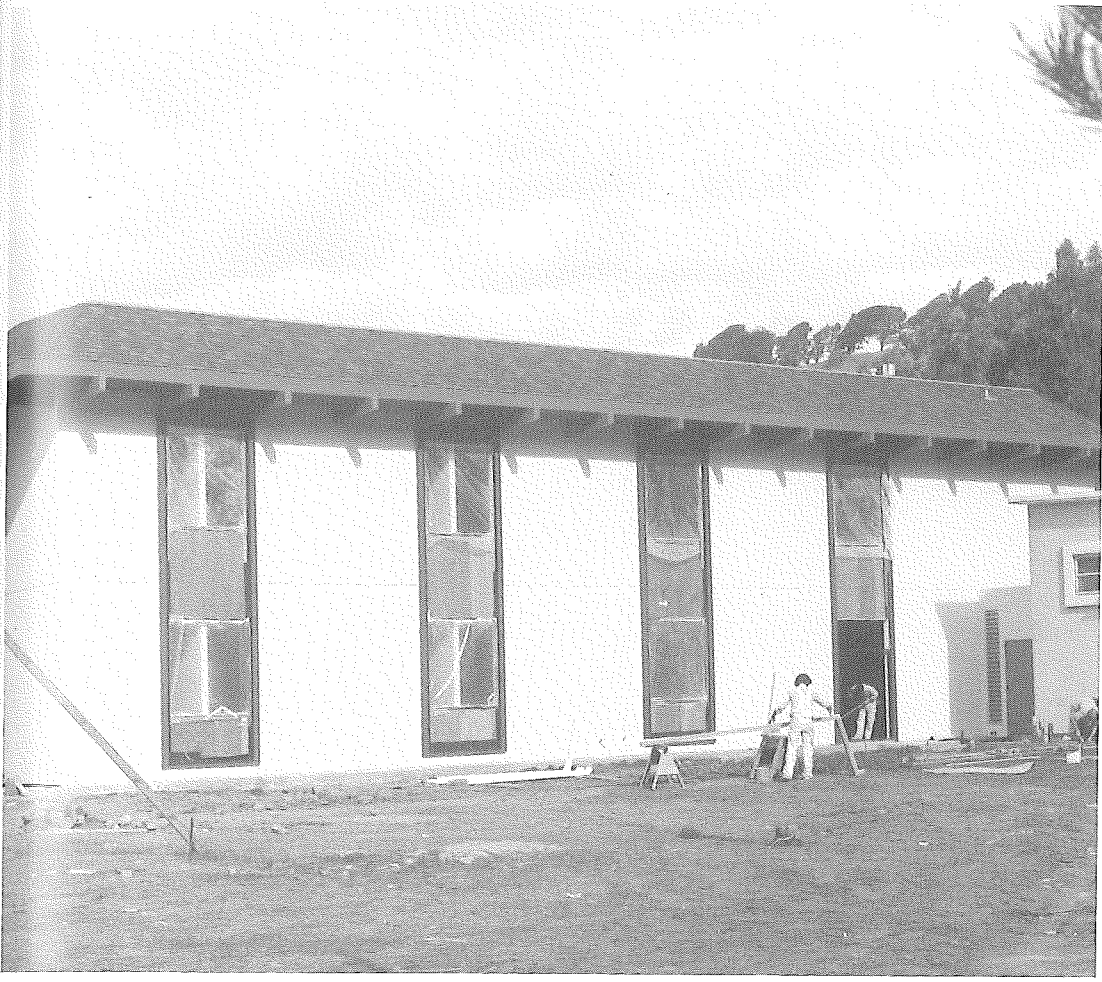

Upper right: In the beginning...

Middle right: the new residence halls slowly take shape.

Lower right: buildings A1 and A2, overlooking the new Faculty building.

Below: Condoland completed.

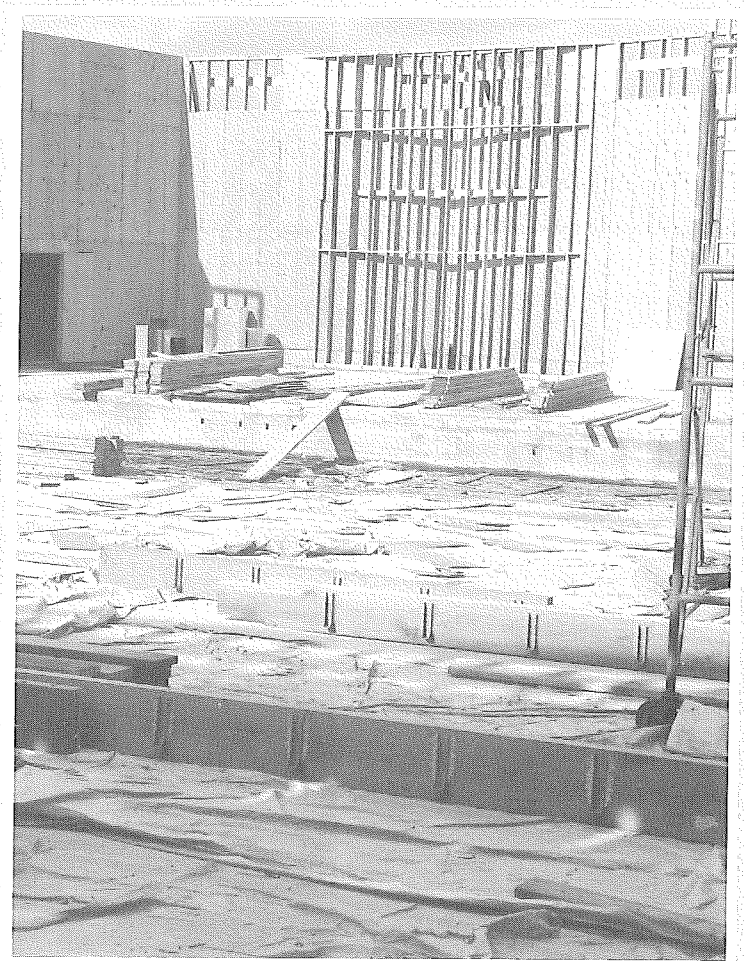

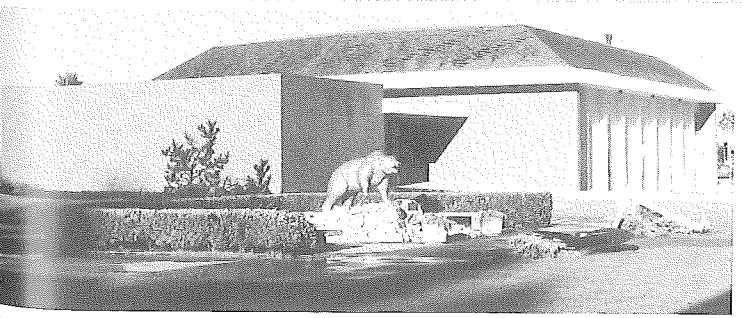

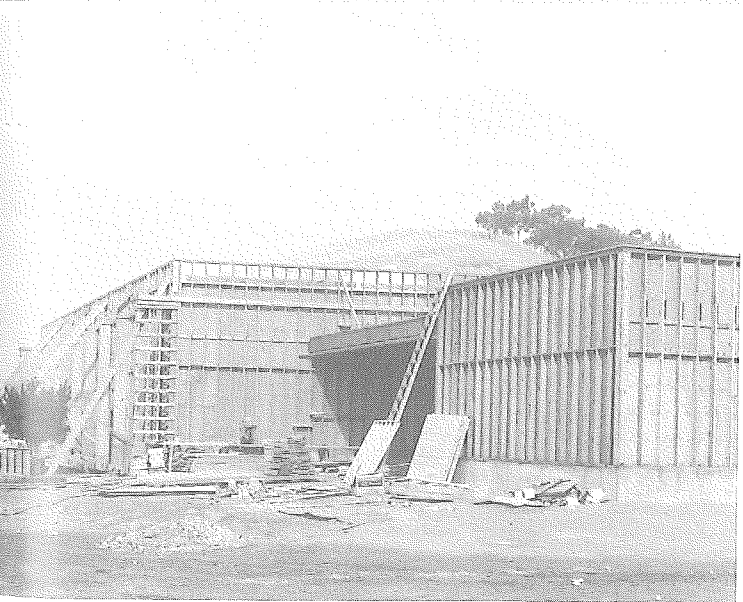

Upper left: the Faculty Building, viewed from where the Radar Lab will be in 1983.

Center left: South side of the Auditorium, looking west.

Lower left: Rizza Auditorium (a name not bestowed until Admiral Rizza's retirement in 1983) upon completion.

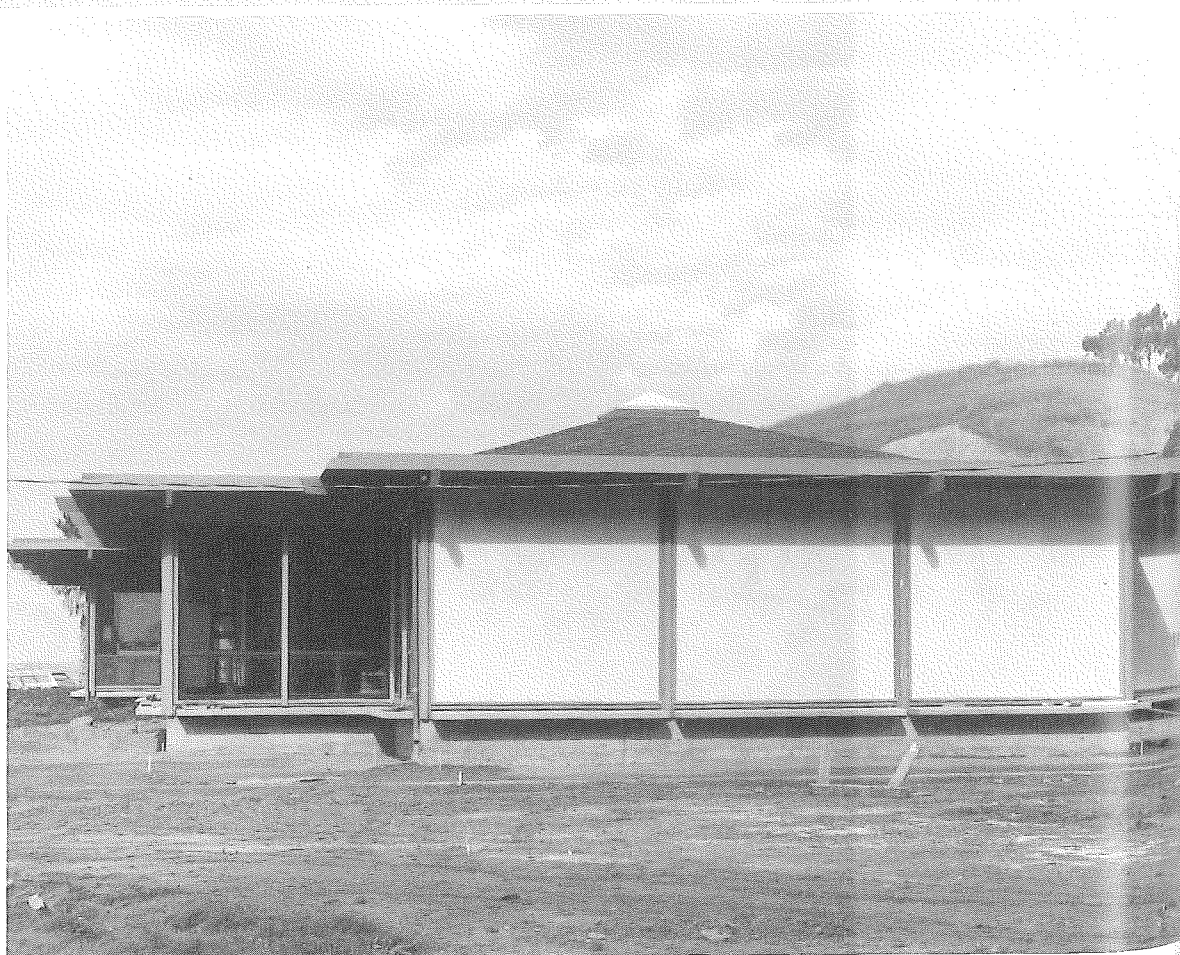

Right: what will become the stage and 300-seat area of the Auditorium.

The student commons under construction in late 1976. Changing times brought changing needs, however, and in late 1993 a remodeling project was begun. The remodeling was completed just as the final section of the **Hawsepipe** was going to press, and, therefore, no photos were available of the renovation.

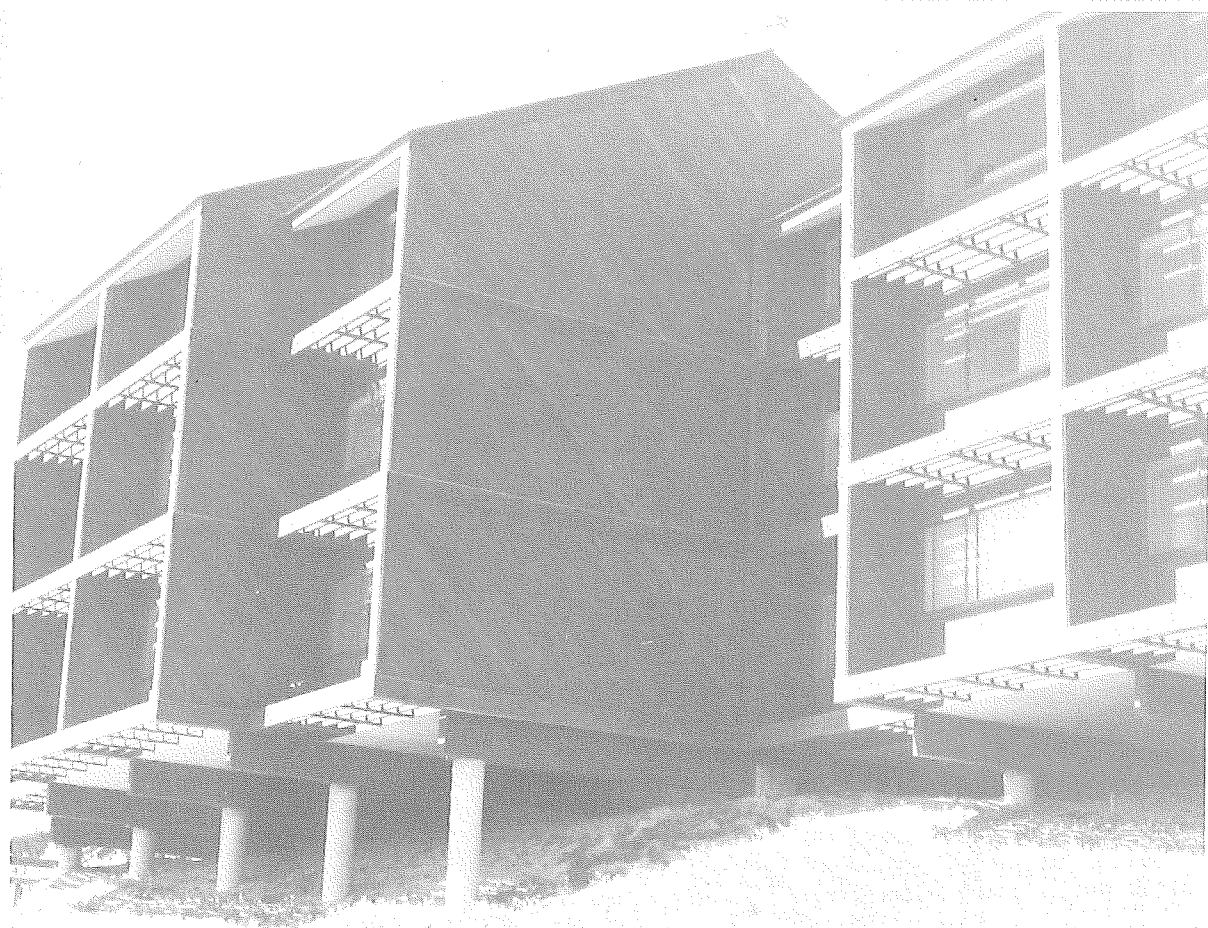

The library annex, completed in early 1977, nearly doubled the overall space of the building. Now, seating space would be available for nearly 100 students with ample room left over to house the Academy's collection of almost 25,000 volumes.

The "trail" leading from the now-old residence hall to the new dormitories. Although the primary purpose was to comply with disability-access requirements, its primary use today is in assisting midshipmen move in and out of their rooms.

The C4 building upon completion. The building is at the extreme west end of campus, placing it in an inconvenient spot for classes, formation, and meals. However, since no one travels that far, it's also very quiet and has the best view of San Pablo Bay.

1993-2043: WHERE DO WE GO FROM HERE?

It's hard to guess the directions in which the Academy will go over the next fifty years. As one can see from the 1946 "Master Plan," the best of intentions often fail to live up to reality—but are occasionally replaced by something far better. This much is clear.

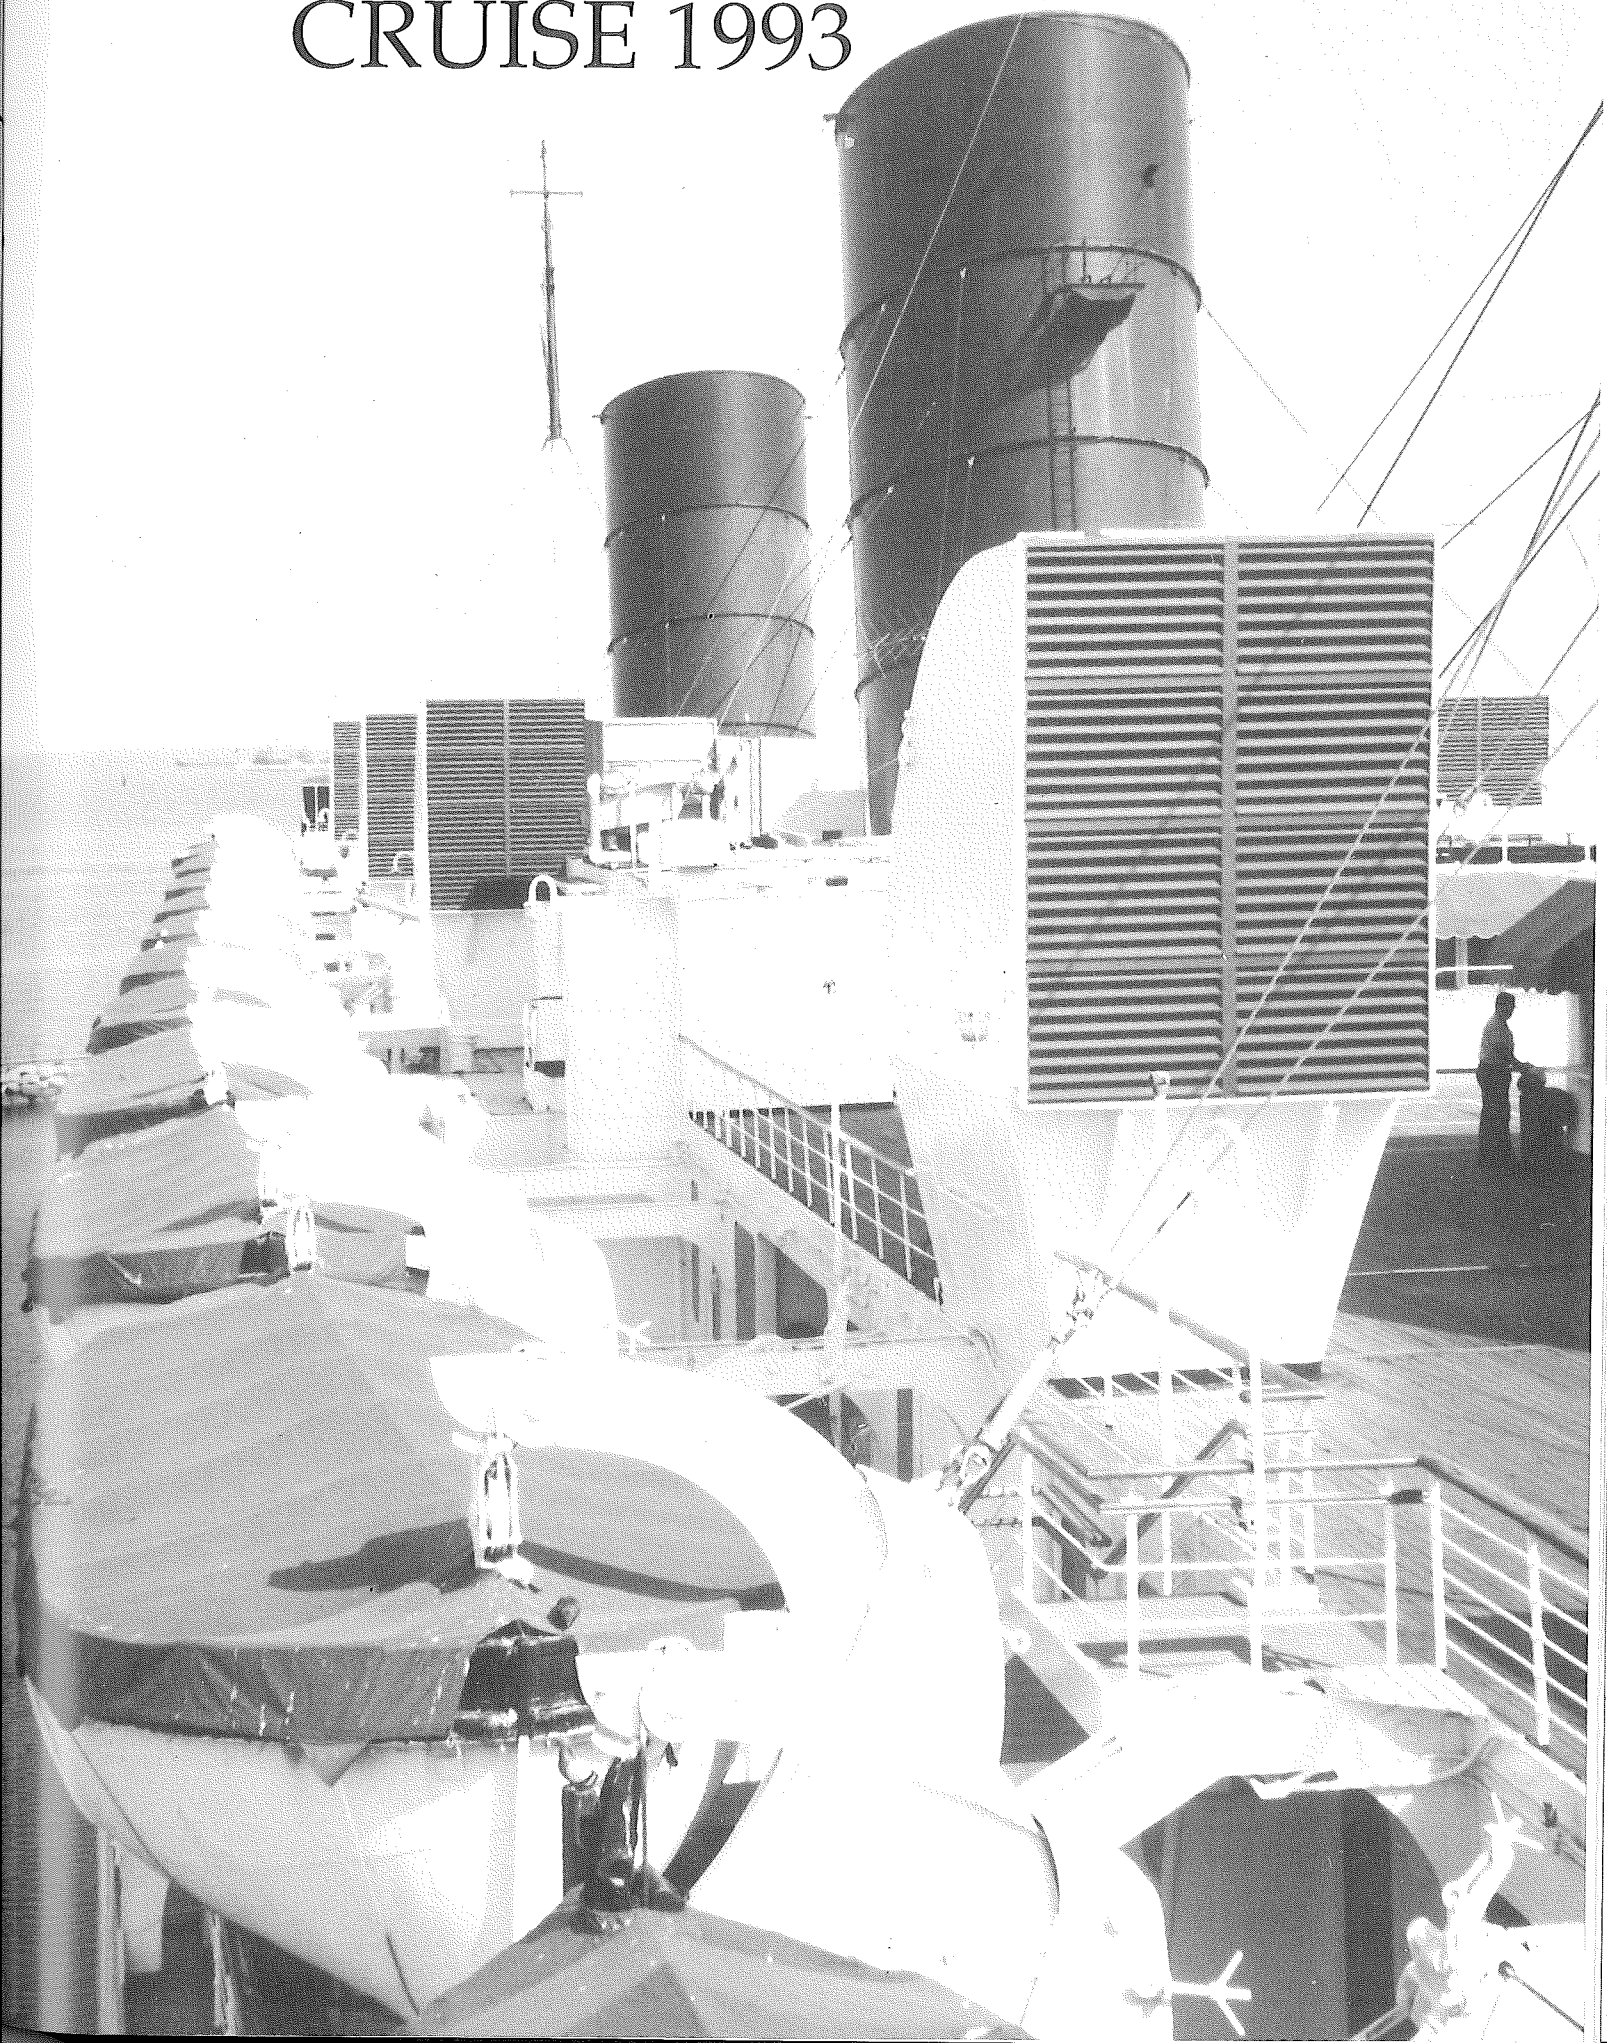

This will be the last year of independence for the institution. In July 1995 the California Maritime Academy will join The California State University as its twenty-first campus. The merger provides greater campus visibility, budgetary stability, and countless opportunities for collaboration with other CSU campuses in the areas of General Education, research, and service to the marine transportation industry.

The training ship *Golden Bear* is due for retirement. The replacement ship, the USNS *Maury*, is scheduled for "hot ship transfer" during the Fall of 1994. Working with the California congressional delegation, CMA has requested \$14 million to re-fit this 1990 naval research vessel. Upon completion, CMA will operate the most modern and sophisticated merchant training platform in the United States.

Technology is also pushing the Academy into new arenas. In the industry, automated power plants, electronic technology on the bridge, and satellite navigation aids are commonplace. CMA has followed these developments closely, adapting much of this technology into its current curriculum. Last Spring, for example, CMA reopened and dedicated the largest and most advanced radar training facility in the country. During the 1994-95 academic year, a full bridge simulator will be acquired for training purposes. A course on GPS applications has been added, and a Global Maritime Distress and Safety System (GMDSS) simulator will be purchased in the next several months.

These are some of the ways in which the California Maritime Academy continues to evolve and prepare for the twenty-first century. Its fundamental purpose, however, remains intact: to select and train the most talented men and women for professional service in the maritime world.

CRUISE 1993

"Is that a spy ship with all those antennas...oh, never mind. It's just the Bear."

Casey Harrington, Max Browatzki, Darrin Muenzberg, Mark Manes, and Tim Dickson take a short break from doing nothing.

Lahaina's Pioneer Inn, once home to sailors and whalers, now a major tourist attraction with a commanding view of the waterfront.

Just behind the Inn is the Banyan Tree, immortalized in Tom Robbins' *Still Life With Woodpecker*. The tree is so large, only the center one-third could be captured in a ground-based photograph.

LAHAINA, MAUI

The Garden spot of Hawaii

2-D Brew Crew Ken Chu, John Wright, and Kevin Marshall in a tourist trap.

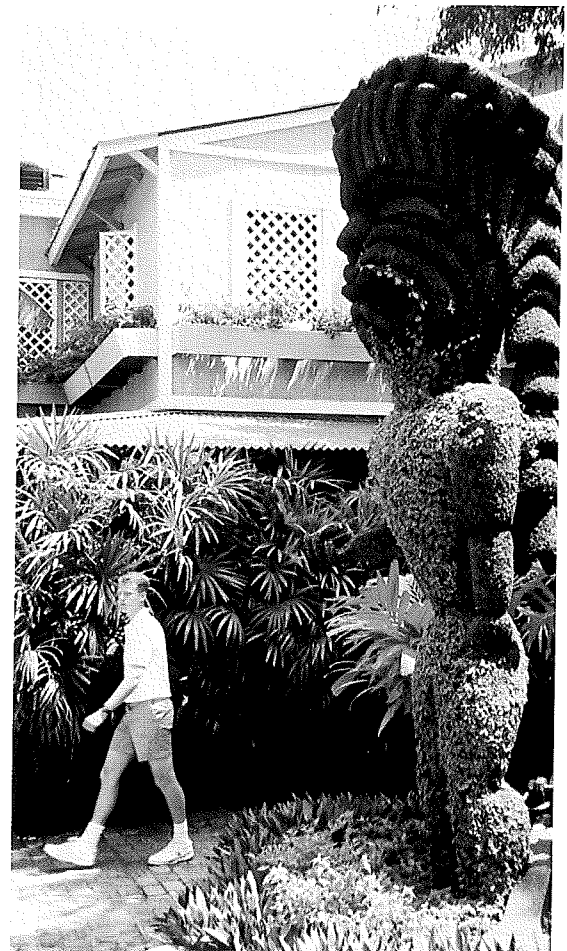

After five days at sea and seven days of "rubber docking," setting foot on any piece of land probably would have been okay with most midshipmen—especially when it had been in sight for the last week. Fortunately, we landed in Paradise.

.....

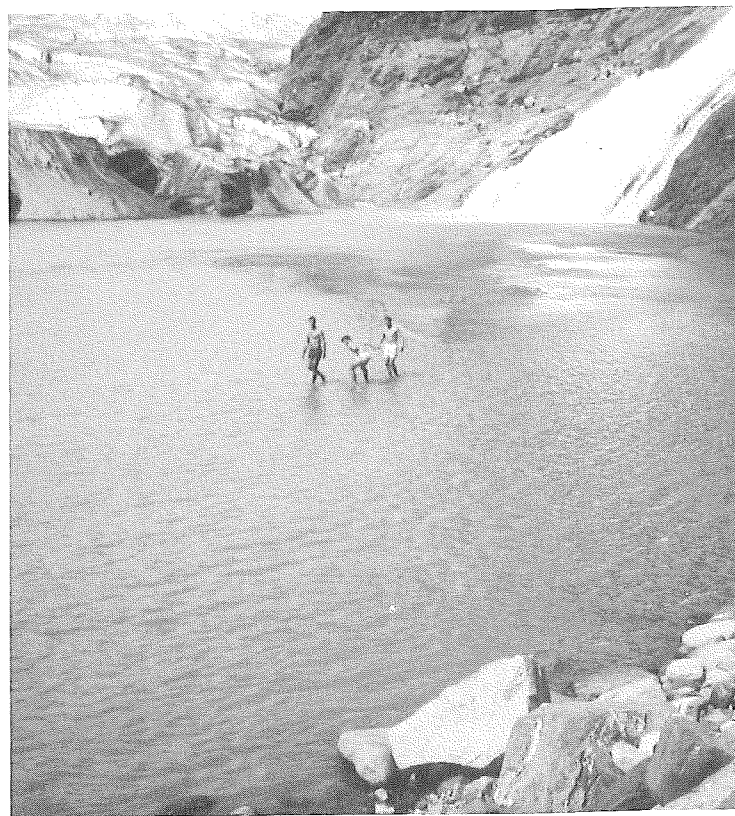

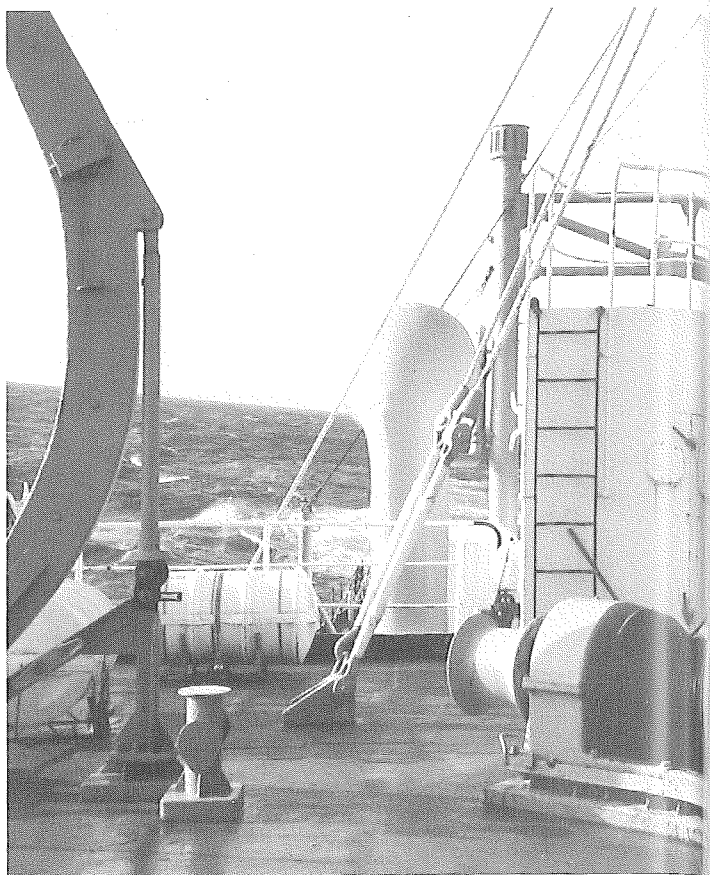

Timmiss Vo, Phong Le, Peter Penso, Peter So, and Jermaine Turner pause for a moment in their new rental something-or-other outside the Pioneer Inn.

Jim Heinzer glances at a statue somewhere on the back roads of Lahaina.

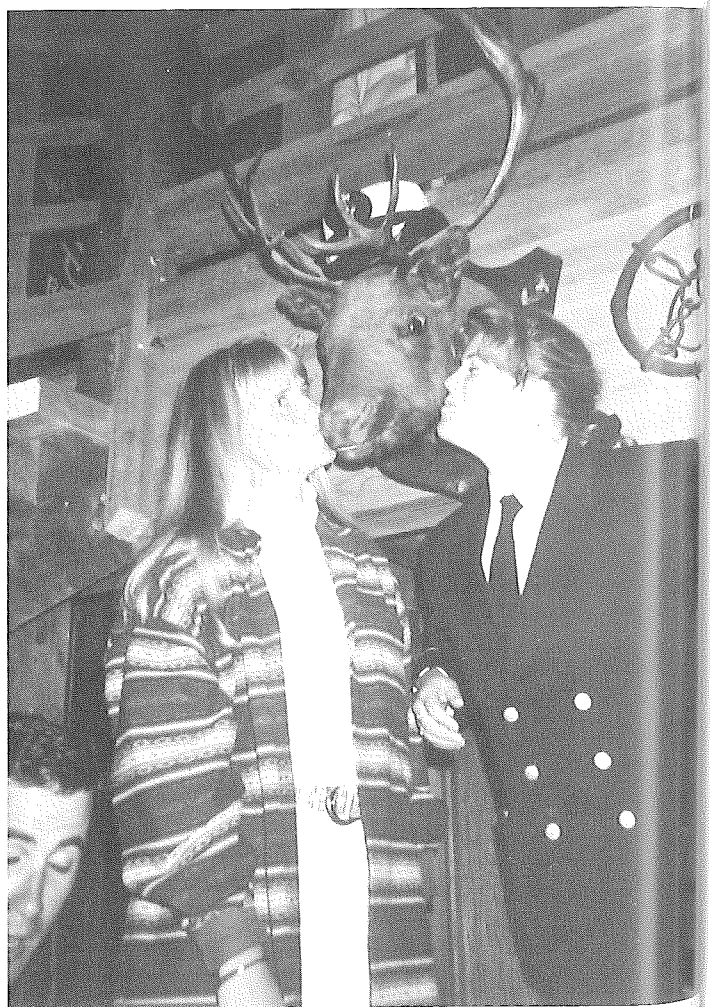

In Long Beach, the fireboat came out to greet us with a fantastic display and escorted us to our berth.

"Will someone please straighten the damn horizon?" Rough weather simply wasn't a part of this cruise, but for the weak of stomach, that didn't really matter...

We're not certain if these were the gentlemen that made the police blotter, but the local authorities were unamused at some of the midshipmen going "skinny-dipping" at the public park.

Jennifer Howard and Kristen Anderson decided to check out the rumor that it was good luck to kiss an antlered animal.

LIFE ON CRUISE

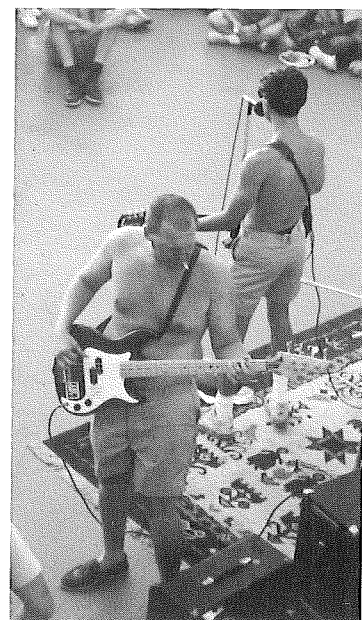

Little Things That Made It Bearable

Jeff Johnson, Steve Altman and Jason Wise meet a few of the local women while in Alaska.

There's more to cruise than port time. Daywork, classes, and the dreaded "CSD" may make the day drag, but the barbecues, parties, and impromptu concerts on the boat deck make it worthwhile.

.....

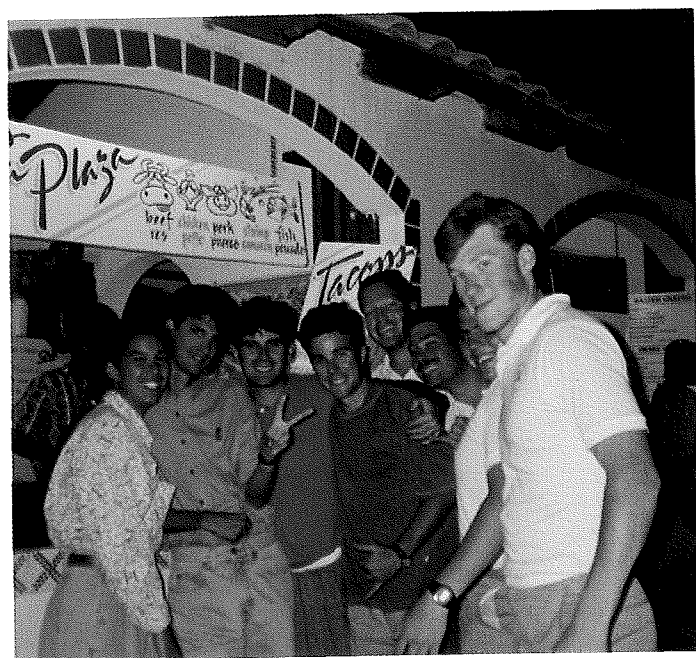

Ladies and gentlemen: Moby Slick.

Dimos Frantzeskos, Jermaine Turner, Tim Dickson, Kristen Anderson, Marjorie Spencer, Warren Wright, Darrin Muenzberg, Brent Slater, and Matt Lynch practice the fine art of Clean Sweepdown.

3-E comes to the aid of a fellow midshipman (slightly decapitated) while on the beach.

"I don't get it. Say you're buying drinks for all of your friends, and suddenly everyone knows you." Large mixed drinks in funny-looking glasses were the standard fare.

Tasha Buijten, Chris Klein, Eric Brady, Robert Fox, Mark Nelson, Chris Watson, Chris Yeghoian, and Karl Rassau at one of the finer eating establishments of Cabo.

"Tailor by committee?" Squid Roe was claimed to be one of "the" happening spots for Cabo San Lucas night life, as evidenced by the proliferation of white shirts with "CMA" emblazoned on them.

CABO SAN LUCAS, MEX.

Surf, sun and sand, south-of-the-border style

Jon Clow, J.P. Porter, and Shawn Jones mug for a moment outside the Rio Grill.

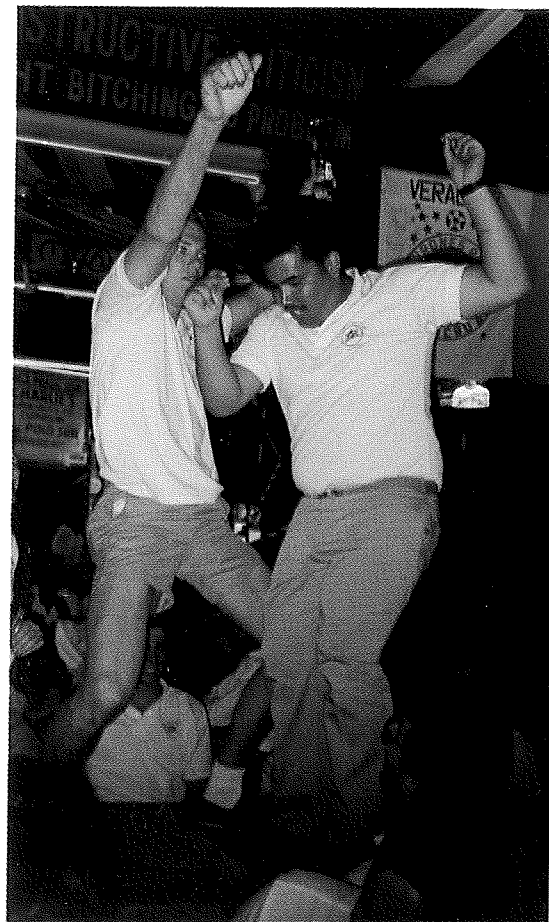

Cabo San Lucas was the only foreign port on the 1993 training cruise, but that didn't keep midshipmen from seeing, doing, and drinking everything they could during their four-day stop at the southern tip of Baja California.

.....

"Bartender! Dos cervezas all around!" Anastasia Harrison, Sharon Velasco, Laura Ruel, and Adrian Pasion at Squid Roe.

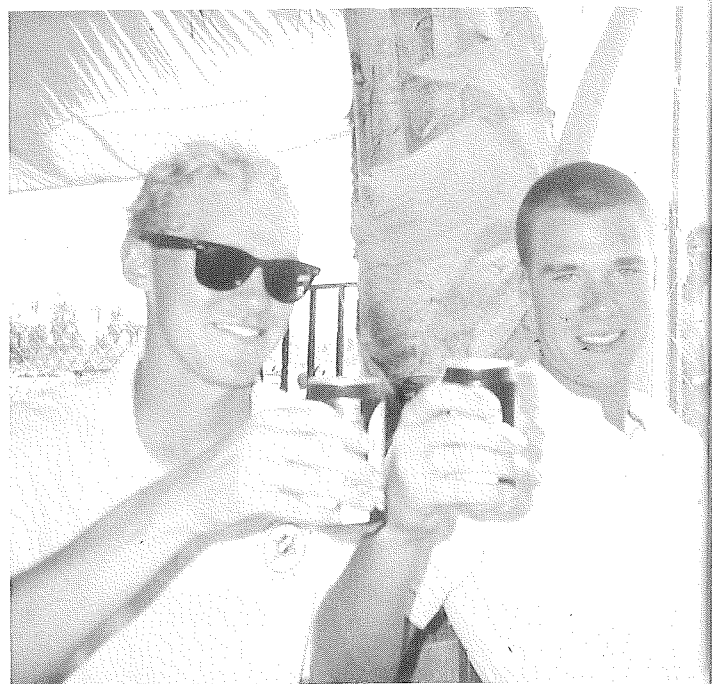

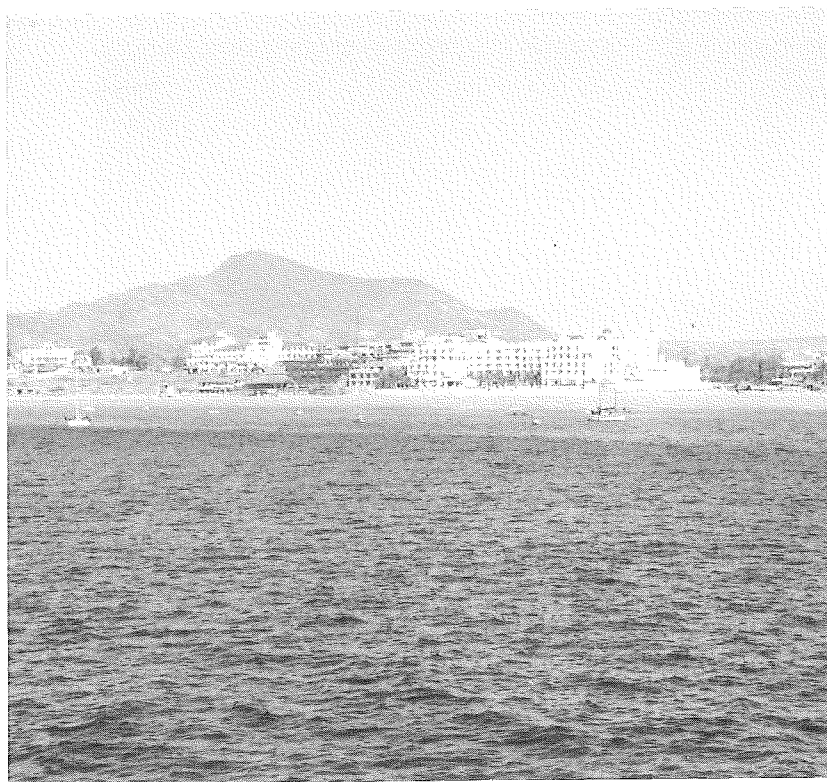

"By the way, what is the legal load limit of this table?" Ben Hayes and Joel Smart doing their respective impersonations of John Travolta at Squid Roe.

The photo was labeled "Bus Ride to Hell." Presumably, those involved know who they are.

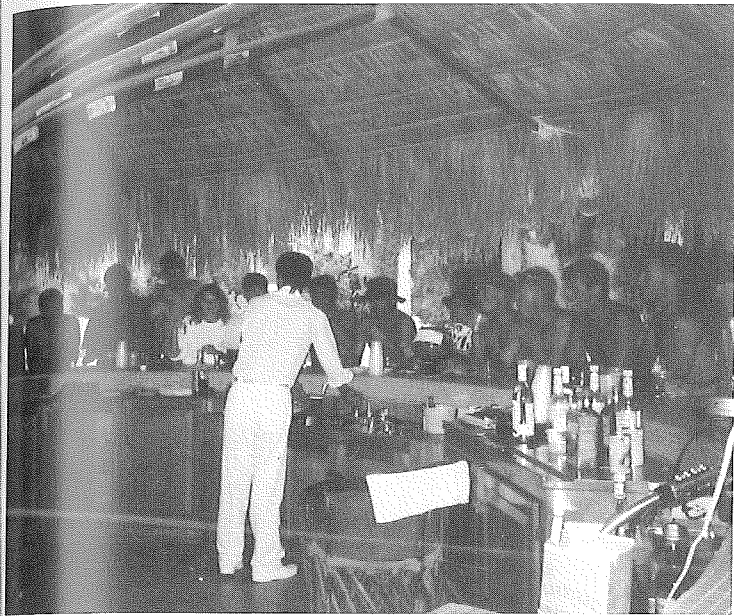

Michael Fudge reports that making a long-distance telephone call from Cabo San Lucas is "an entertainingly difficult procedure." Mike ended up waiting about thirty minutes for his call to go through.

Tourist Row: the "nice" part of Cabo, shortly before the invasion.

Jeff Kysor and Max Browatzki hold Tecate for posterity.

WHAT WE DID IN CABO

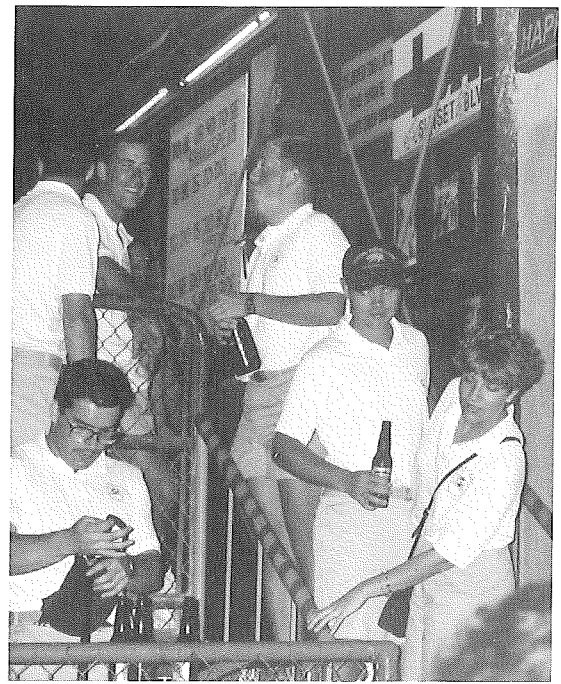

Division 2-D makes a valiant attempt to drink Cabo dry.

Okay, so it wasn't summer vacation. None the less, this is supposed to reflect what we did for the year, so let's be honest. We drank. Cabo was where even the people who had only one drink on cruise had their drink—as long as it wasn't the water.

.....

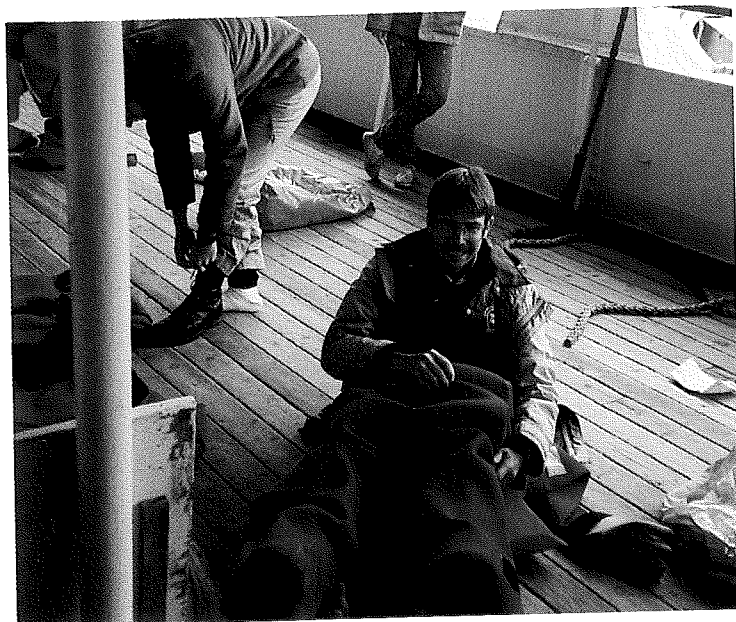

Karl Rassau, Jermaine Turner, Warren Wright, Art Balayan, Ben Borgie, and Dimos Frantzeskos proudly display the place where they could have happily spent the rest of cruise.

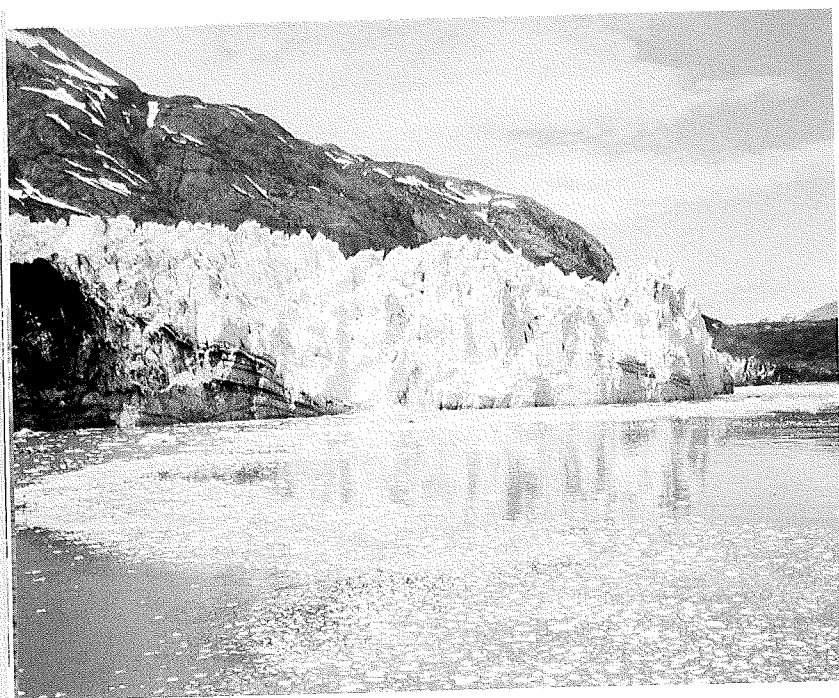

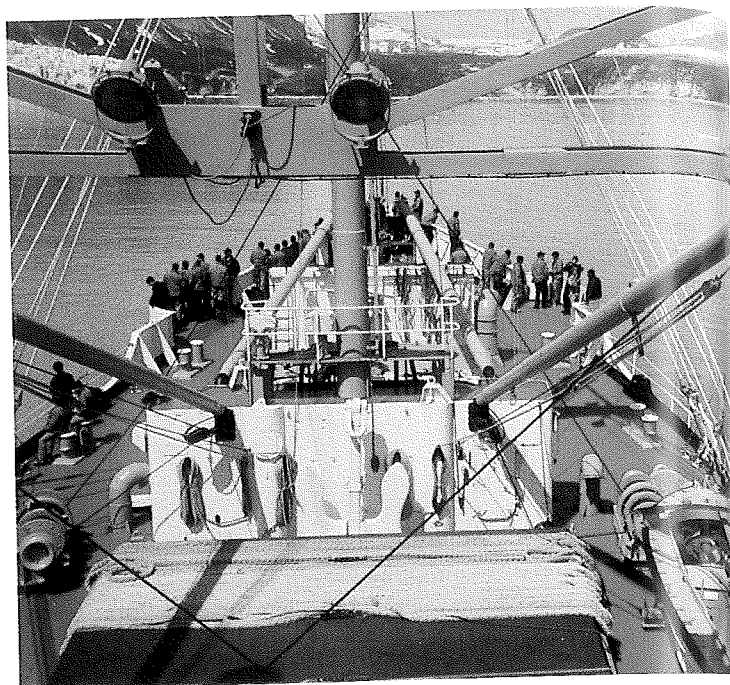

Tony McDevitt, Finn Roden, Shawn Jones, J.P. Porter, and Eric Mahoney secure the stairs at Squid Roe in the name of midshipmen everywhere.

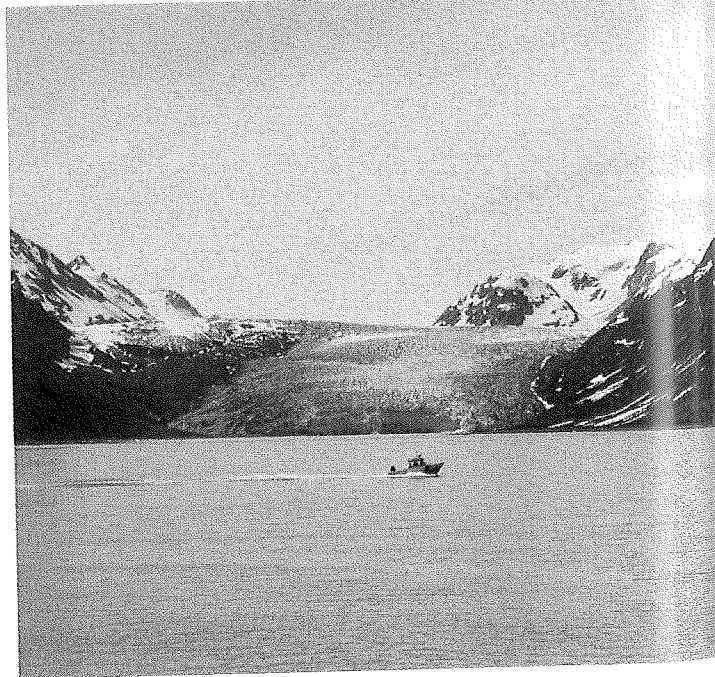

Mr. Shaw puts on his "Gumby Suit" in preparation for some first-rate glacier chasing.

"Okay, everyone, on the count of three: beer! Got it?" Midshipmen gather on the bow to observe the spectacle of Glacier Bay.

The mighty doth fall (haze at center of photo).

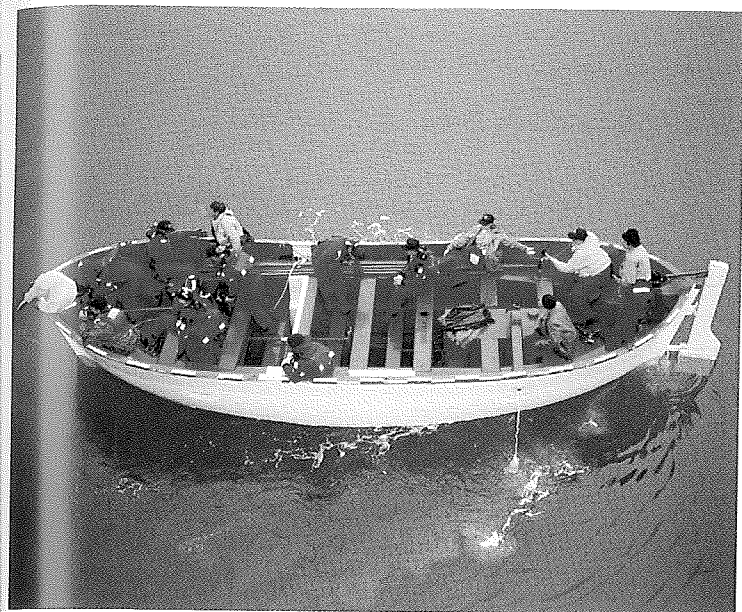

Another, smaller glacier in the Bay.

The beauty of Glacier Bay will stick with us long after the less-pleasant memories of the West Coast Experience 1993 fade. A three-hour stopover was allowed for in the itinerary, and in that time, two lifeboats were launched to recover small bits of ice, the largest being about the size of an IBM computer. Many things were shouted at the glacier in an attempt to make a "berg" fall, but the yell suggested by Dave Cohen that brought the ice crashing down (pictured above, lower left) was a word frequently used by middies: "BEER!"

THE CAPTAIN WANTS WHAT?

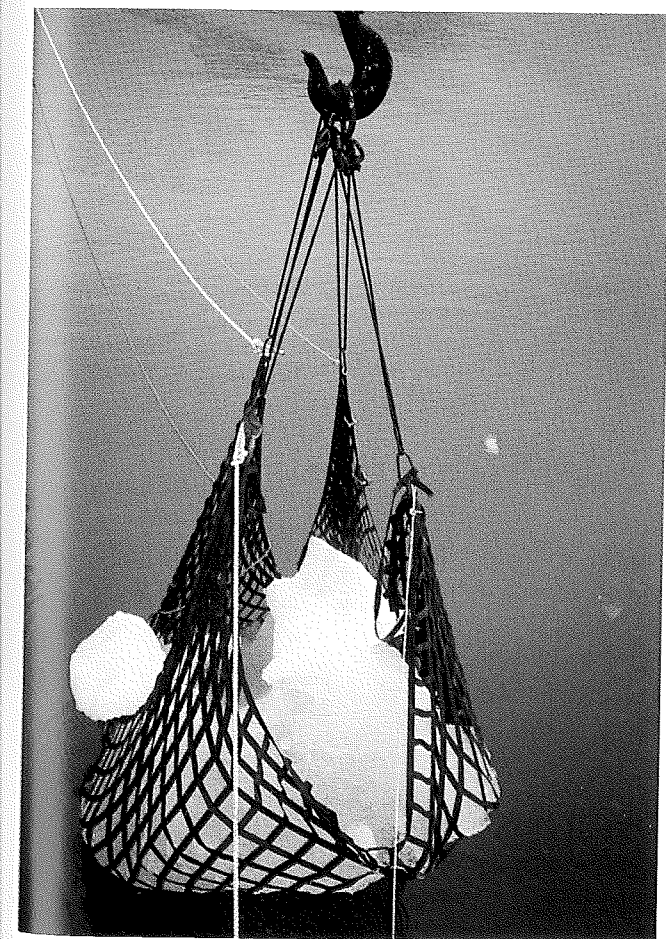

The Iceberg Experience on the T.S. Glacier Chaser

Boldy the brave explorers/future tugboat operators set forth...

Claiming an iceberg for CMA seemed like an entertaining way to spend an afternoon. However, three hoist attempts and three cargo nets later, the battle was surrendered. The captain had to drink warm Coca-Cola for the remainder of cruise.

.....

...Recovered the berg...

...only to watch the nets fail, dropping the ice back into the "really cold water," as divers Jim Hayes and Todd Roberts put it. Final score: iceberg 3, TSGB 0.

The crew of Chez Jorge, back row: Rich Williams, Mark Nelson, John Dunn, Brian Goldman, Rich Short, Angus McLelland. Front: Trish Christensen, Elizabeth Bischoff, Juan Vargas, Jennifer Gillis, Mark Garcia, George Thanash.

John Lizak and Anastasia Harrison mugging for the camera as they "win" the ultimate fishing derby.

Brent Slater and Darrin Muenzberg prepare to send Mark Maxim over the rail to paint the anchor after checking his safety gear.

Brandon Moser and commercial-cruiser Ed Mitchell toured the S.S. Lane Victory while in Long Beach. Moser was later quoted as saying, "great. My one day in port and I spent it touring other ships."

LIFE ON CRUISE II

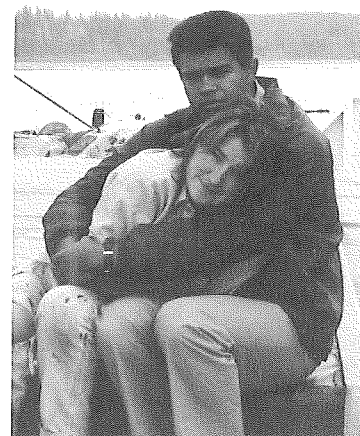

How We Coped and Why We Did What We Did

Nate Collar, Dee Dennis, JoAnna Sturge, Eddie Arrue, Tim Petrusha, Matt Buch, Oscar Caballero, Tammie Lassiter, and T.J. Truitt on a shopping trip.

A lot of goofy things happened on cruise; some of them we may be able to explain. None the less, a few of these items needed a place in the yearbook simply because *they happened*.

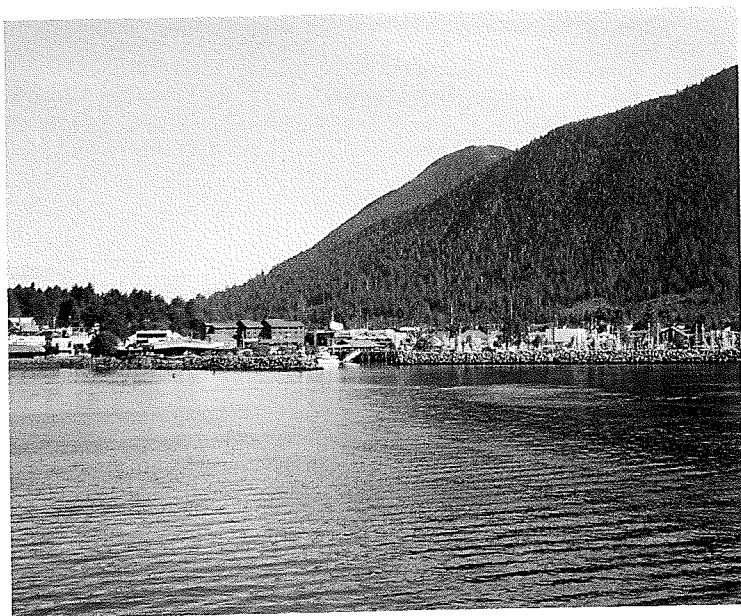

.....

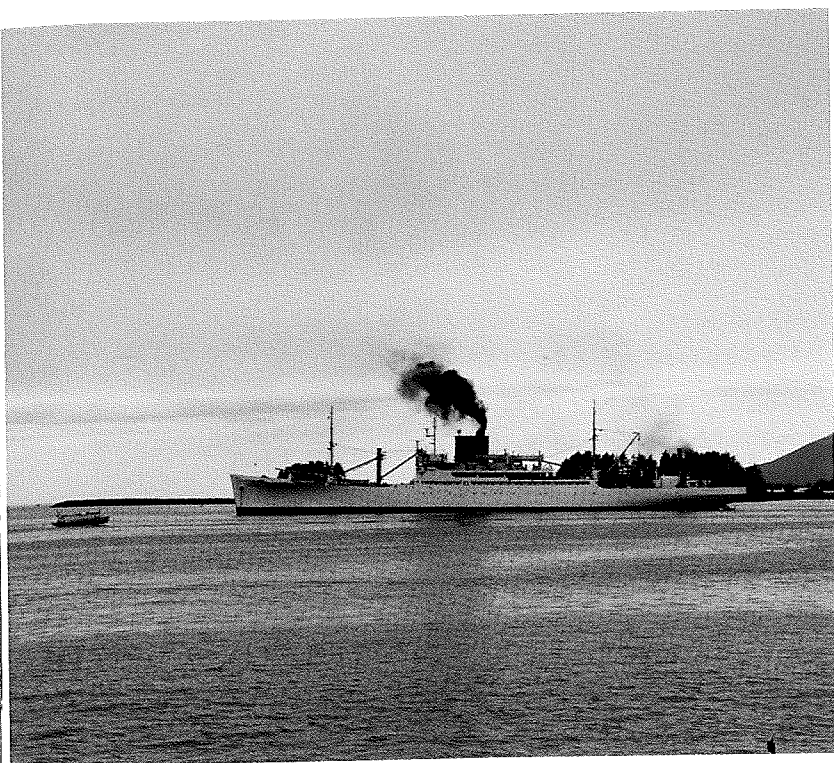

Frank Pineda and Tara Kowey were one of the many shipboard romances to be found.

3-E on scene and in command: Adwoa "Pookie" Dora, Joe Morgans, Mike Crissinger, Thuy Le (honorary 3-E), Phong Le, Jubal Engelhard, Shawn Sullivan, Mike Scheiwe, Adrian Pasion, Jim Heinzer, Gerona Goethe, Lorraine Schroeder, Dorian Brown, Naim Triki, and Joel Smart.

Sitka, Alaska.

David Hegeman, James Burnside, and a native woman all gather at the Moose Lodge.

The TSGB gives a scornful snort to those who ride on the floating hotels. (Plus, we think 2-E was on watch.)

Tan Dao, Mark Manes, and John Wright all leaning to starboard.

ALASKA

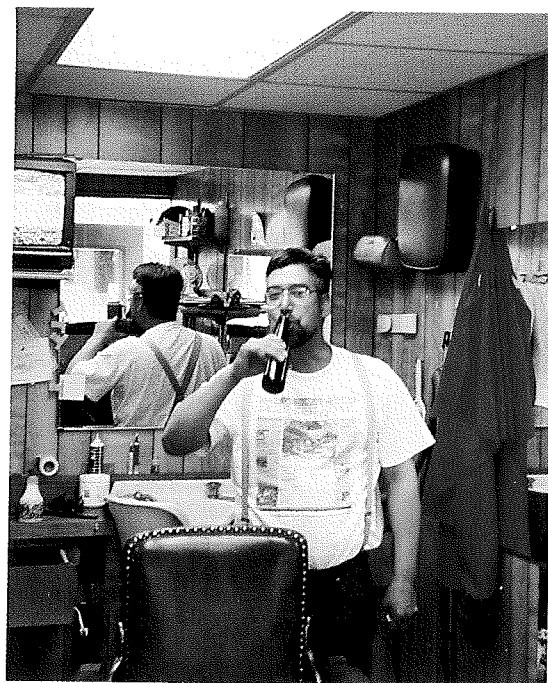

T.S. **Golden Bear** tied up at the Coast Guard dock in Juneau.

In addition to Glacier Bay and Prince William Sound, the **Golden Bear** also stopped at Sitka, Juneau, and Ketchikan. Without a doubt, the receptions at each of these ports let us know we were welcome.

.....

Jeff Nelson, Tim Petrusha, T.J. Truitt, and Colin Hensley on a fishing trip somewhere in Alaska. Many locals of the various ports donated charter time for midshipman recreation.

Steve the barber, owner of the Acme Barber Shop, Sitka. One chair. He also owned the bar and liquor store next door. Gave a good \$9 haircut, too.

FINIS

DIVISIONS

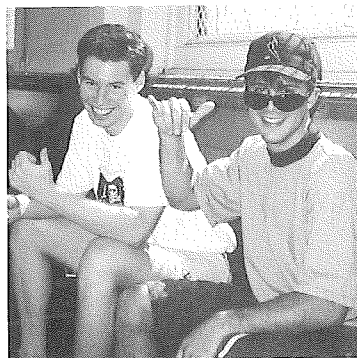

DIVISION 1D

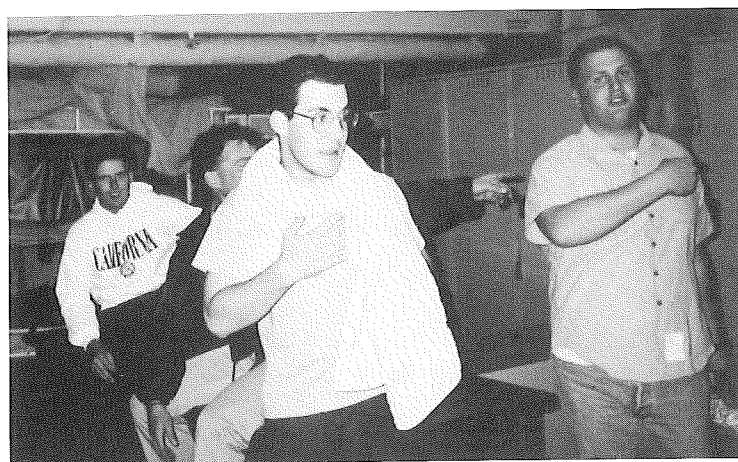

1D Division Commander Mary Bradley bravely volunteers for cookie patrol on one of the many weekend retreats sponsored by the Athletic Dept.

Casey Harrington and David Cohen were frequently in attendance at the women's volleyball games to enthusiastically offer their support.

"He did it! I swear it! It was HIS fault!" Nobody recalls who did what, but everyone on board will remember the 1993 Farallon Islands mini-cruise... especially the lunch (both times).

1D Class of 1996: Dimos Frantzeskos, Tim Dickson, Jermaine Turner, Jacob Robinson, Jason Wise, Ben Borgie, Brent Slater, Mark Maxim, Steve Altman, Jeff Johnson, and Darrin Muenzberg, somewhere in Alaska.

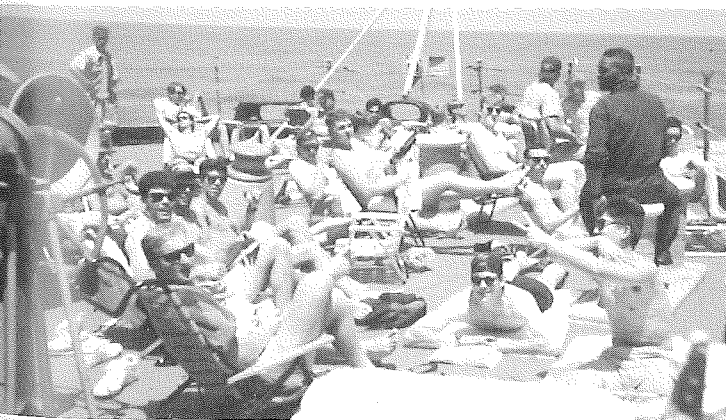

Jason Wise, Steve Altman, Jeff Johnson, Warren Wright (4D), and Mark Manes at the Mendenhall Glacier.

DIVISION 1E

While in Alaska, 1E took some time out to horse around and, consequently, receives this year's "Most Innovative Group Portrait" Award.

Ben Parmer, Kevin Canatsey, and Mark Nelson in their rendition of a totem pole.

Whether in the sun of the Hawaiian islands...

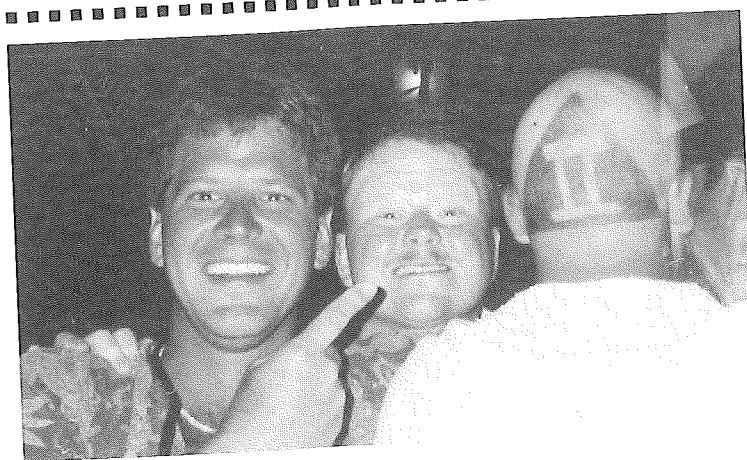

...or near the shores of Alaska, the fantail was exclusively 1E territory.

DIVISION 2D

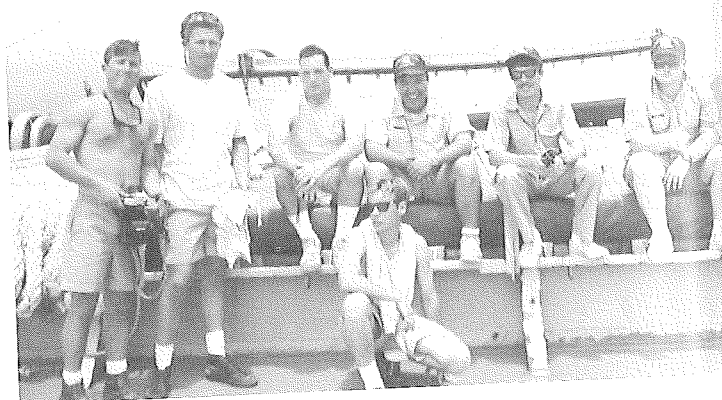

John Wright at the engine order telegraph, outbound for the Farallone Islands, March 1993.

Frank Pineda and Brandon Moser in Alaska's Glacier Bay.

2D Intramural Basketball team: Ken Chu, Mark Garcia, Geo Nelson, Jim Hayes, Frank Pineda, Chris Bach, John Wright, Will Petway, and Oscar Caballero.

Mark Gasinski and John Wright display their pride in their handiwork on the back of Geoff Nelson's head.

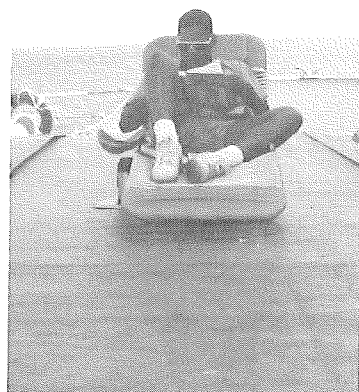

2D's finest take a moment from daywork to mug for the camera. Ruffians include: Jay Valentine, Ian Lawrence, Kevin Marshall, Bill Sargeant, Ken Chu, Jere Stewart, and John Wright.

DIVISION 2E

Division 2E's women: Trieu-Chau Nguyen, Tawnya Trent, and Janine "Jay" Brochue.

While on cruise, we all found an escape wherever we could, like Greg Desmangles. (Whom, I might add for 2E's benefit, is the only person in the division who contributed for this page.)

The Intramural Basketball Squad: Adrian Siebenhaar, Sean Campbell, Kevin Mardesich, Thong Pham, Andrew Rosebrook, and Gus Johnson.

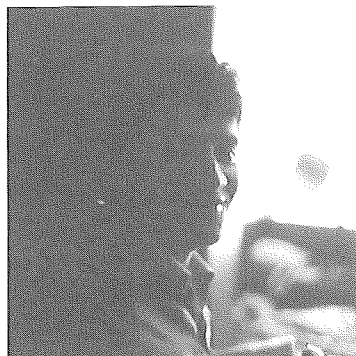

Division 2E, arrival formation, Juneau.

DIVISION 3D

Anja Marnewecke, Mark Juanes, Jon Clow and Kelly Tracy bravely guard the Los Angeles Maritime Museum.

Eduardo "Eddie" Arrue.

Brian Jensen, Clayton Christy, Ivon Friedman, Kate Gudmunson, Anja Marnewecke, Kevin McGraw, Sergey Ogurtsov, Ho Phung, Eric Esparza, Eric Thome, Rick Betancourt, Tyler VanSpanje, Jason Edwards, and Matt Hill in Sitka.

DIVISION 3E

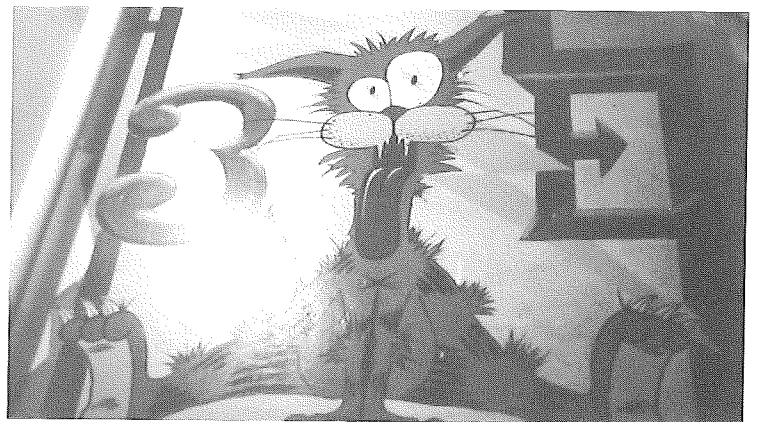

James Heinzer, Shawn Sullivan, Division Commander Phong "Phong Jovi" Le, Mike Scheiwe, Adrian Pasion, and Naim Triki in Sitka, with the M/S Westerdam in background.

"Hey everybody! Guess whose birthday!" Conspirators to place Adrian in the pool to celebrate included Joel Smart, Naim Triki, Travers Schwarz, Alex Nulsen, and Mike Scheiwe.

Phong Le, Rob Farmer, Bob McDonough, and Jubal Engelhard.

3E... Total Control.

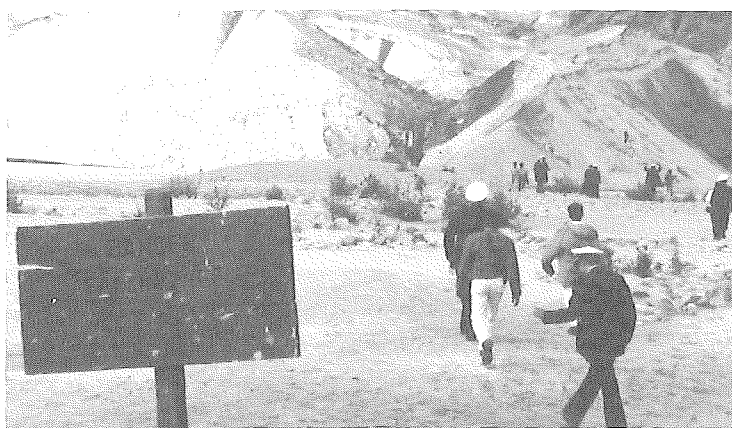

DIVISION 4D

Rich Williams and Krista Canton at the '93 Changeover Dance. It's such a good photo, we just had to use it.

Division Commander Noah Witt.

4D women Nancy Curry, Terrie Sullivan, Faith Berardi, Krista Canton, Michelle Giannetti, and Jen Gillis, Fall 1992.

Uhhh... yeah.

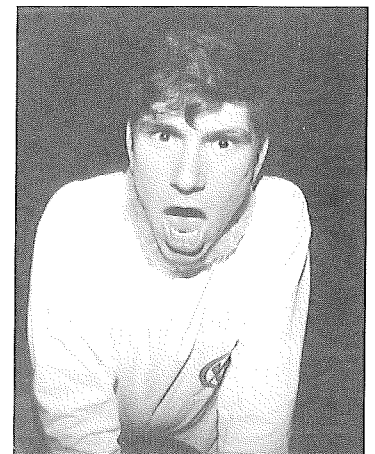

Henry Matthew, Victor Hoang, Steve Hiscock, Dave Thompson, Angus McLelland, Gary Day, Ray Diaz, Steve Booth, Ty Penny, Rich Williams, Peggy McEwen, John Lenters, Dave Olson, Travis Hansen, Nancy Curry, Steve Brodet, Jon Olmsted. Front row: unidentified, Dave Mandagi, Tan D, Eric Veloni.

DIVISION 4E

Division 4E is stared in the face by yet another Friday morning formo.

We finally realized the reason Brian Goldman likes to take the pictures: because every time he doesn't, photos like this appear.

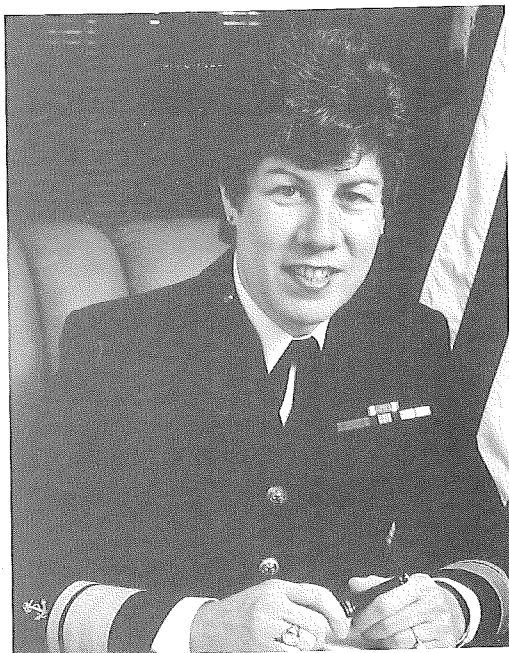

Nic Samonte and Mike Brevig: the Dynamic Duo.

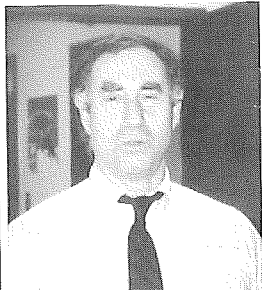

Eric Jacobsen, Dave Hegeman, Teresa Duffy, James Burnside, Kristen Anderson, Mike Avery, and Daryl Meyer, most of whom are from 4E. Pick us a winner, Mike.

CLASS OF 1994

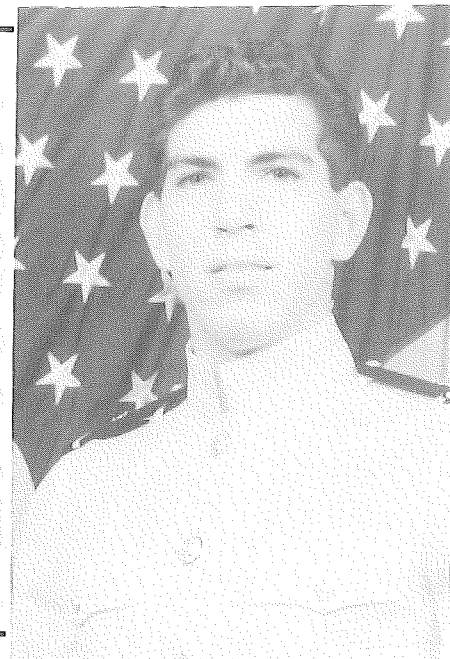

Rodney Scott Abba

Division 1-E, MET

Accomplishments: Survived Sacramento Psycho Killer, heard Rael got attacked by fruitbats. Did Calvin Klein in Sydney, ran from giant bugs in Hawaii, hit my head, broke my nose, twisted my ankle, stayed in Valdez 28 minutes, went to Cabo, met Sammy, came home, dragged my face in 50 ft. of water, hit crosswinds 200 ft. up, dirtied my shorts, got sunburned, and went to bed. Thanks 1E and Yogi.

Parting Words: Thanks to all my friends here at CMA and to those certain engineers whom taught me all I know (Lyle, John, George, Al, Ed, Bob, Marty, Sonny, Fergie, and Jerry). As the impeccable Ed Ferranto once put it, "let the games begin!"

M. Erich Ackermann

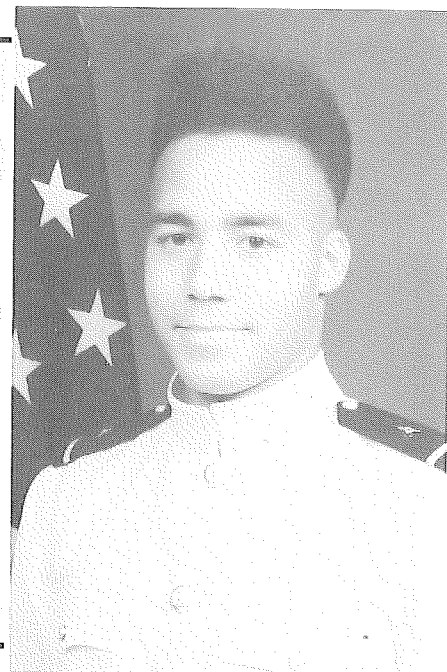

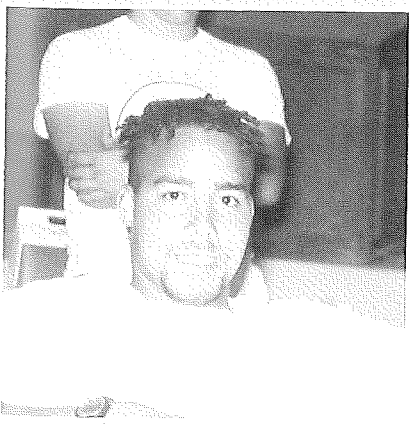

Division 1-D, MT

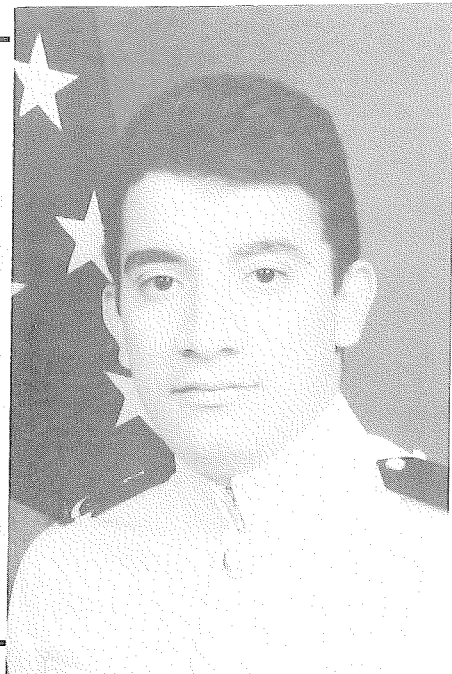

Paul Lamont Anderson

Division 2-E, MET

Accomplishments: Winter Trimester DivCom. Soccer team Captain '92, '93. I graduated before I was thirty years young, also, I did it my way!

Parting Words: Persistence is the key to success. In other words do not slack off. Thank you Ruby, Peter, Patrick & Paul for believing in me and helping me in the time of need. P.S. it took me a while but I graduated and I am happy, very happy. Rick do not drop the ball!

Eduardo A. Arrue

Division 3-D, MT

Accomplishments: Survivor of a 3 1/2 year stay in a place called: "CMA at Vallejo." Ever heard of it? Preferred member of Columbia House, Chase Visa and AT&T. Socially enrolled at UC Berkeley. Learned how to enjoy salsa (H.L.) in a cold weather. From 2-Dumb to Third Herd. Favorite Question: Ask me if I care?

Parting Words: A big thank you to my family & relatives for their support. Sincere gratitudes to my Panamanian & Puerto Rican friends. Wish you guys the BEST. Feel proud of who you are & where you come from. I will be fooling around in the center of the universe between two oceans: "Love Ya: Panama."

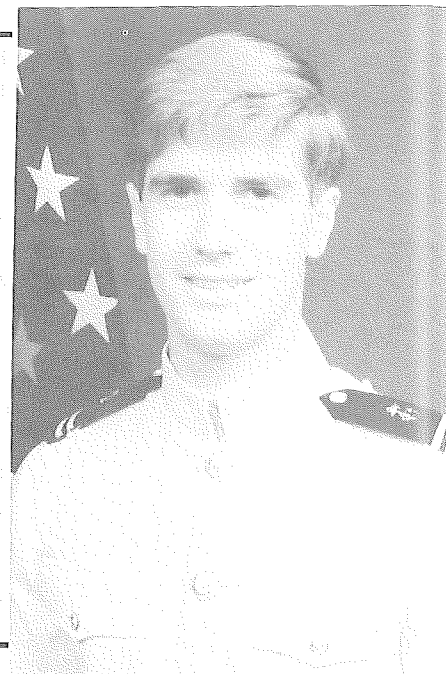

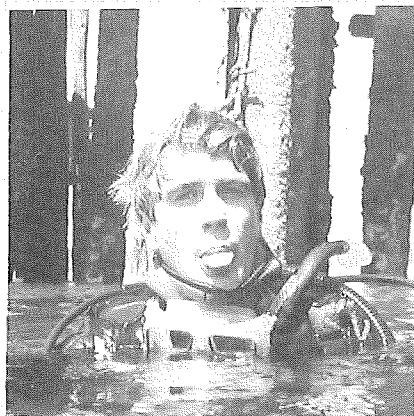

Joseph A. Ashton

Division 3-D, MT

Computer Science Minor

Accomplishments: Certified Advanced and Rescue Diver, Electronics Officer, Assisted in the "new" TSGB bridge. Sailed on *Ursa Major* in the Oakland-Catalina race. KO on *General Hospital*. Returned alive after being kidnaped by two midshipmen and taken to Chico.

Parting Words & Thanks: Jack is back asking "Who are ya?" Don't let them kick you when you are down. Thanks to Shirley for all her love and support. My parents for all their advice and support.

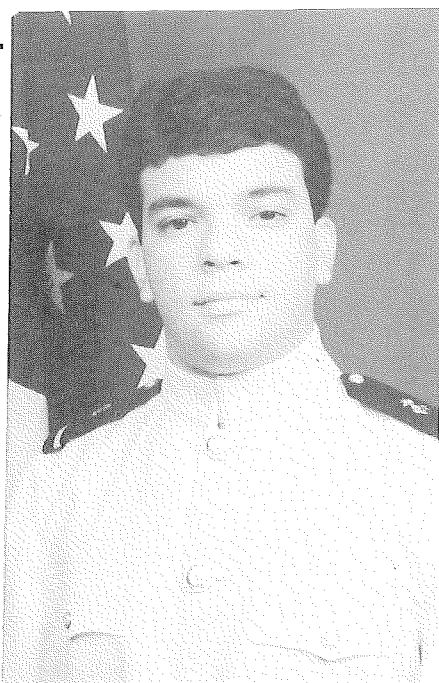

Marlon Barrera P.

Division 4-D, MT

Accomplishments: Being 5,756 NM away from home (Panama City) I survived at CMA. Guinness Record 75 demerits in one day for parking at the Old Residence Hall and never got my car towed away. That's all folks. I'm going back to the best place on Earth: the Panama Canal.

Parting Words: Thaks to my Mom and Dad for giving all their support and special thanks to my brother for sending me money. Well, I'm done and can't wait to get the hell out of Vallejo ASAP. And remember, tonight is your night BRO!

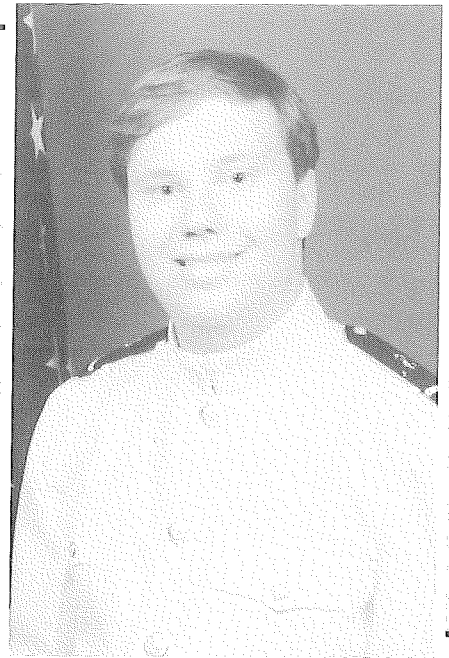

Aaron A. Belkin

Division 1-D, BA

Accomplishments: Closed down LB and rewrote the reg book in only thirty days!

Parting Words: Thanks to all my friends and family who helped me these last four years. I could not have done it without your support.

David E. Berggren

Division 1-E, MET

Accomplishments: Surviving three years of this town and graduating on time.

Parting Words: Thanks to my parents and everyone else who helped me get through here. I'm glad it's over. We'll see ya!

Stephanie J. Bergman

Division 1-D, BA

Parting Words: I saw many people come and go but I finally made it. Hey "Division Five," good people, good daquiris & good fun. Shane, if you hear me, you are missed dearly. Em, five years and still going strong. Thanks to the few inspirational teachers who have stood by the students through so many changes at CMA.

Alem Berhe

Division 2-E, ME

Michelle Linda Bird

Division 1-E, ME/MET

Accomplishments: 1) Physics II with Parks twice, and he liked me so much he recommended me to the next Phys II teacher.
2) "Hot Legs" from **The End of the World**.

Parting Words: Don't go away mad; just go away.

Accomplishments: 4D XO.

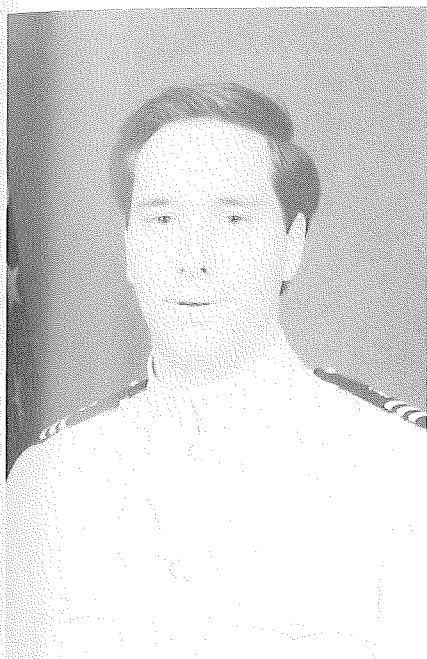

Matthew A. Buch

Division 2-D, MT

Accomplishments: Only spent 2 1/2 years at CMA, only went to Grim's/Choi's once, Corps XO, didn't kill Pat.

Parting Words: My Mom always told me that if I couldn't say anything nice, then don't say anything at all, well...

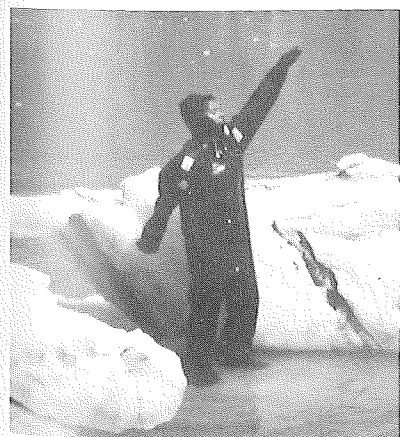

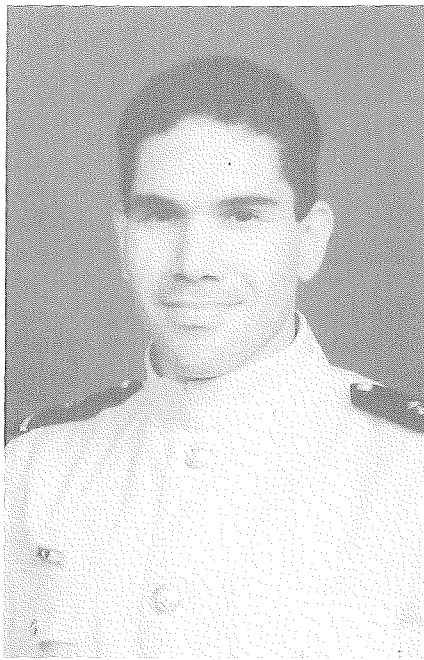

Natalie R. Buijten

Division 1-E, ME/MET

Accomplishments: 1E XO, Seior class Vice President, Outdoors Club Secretary/Treasurer, Volleyball captain 4 years.

Parting Words: When camping, use the lock box lest you awaken to the sounds of raccoon digestion, only to find the remains of your breakfast doughnut box scattered carelessly throughout the campsite.

Oscar E. Caballero Lugo

Division 2-D, MT

Accomplishments: Completed major & minor on time and still made the Dean's List every time.

Parting Words: Unforgettable days have been left behind & new horizons are now nearly sighted. Amidst all this, I cannot leave without saying thanks to my Mom Olga, Dad & all the Caballero-Lugo family. To my friends & "pacieros"; as well as all those who helped me through this long 4-year voyage: May the Lord guide your life-ships toward ports of happiness and success! So long...

Parting Words: Men & women are as beautiful as a South Pacific sunset. Believe it or not, I matured during my years at CMA. I've also realized my basic needs: beer, sex, travel, exercise and concerts. How 'bout that!

Michael F. Epstein

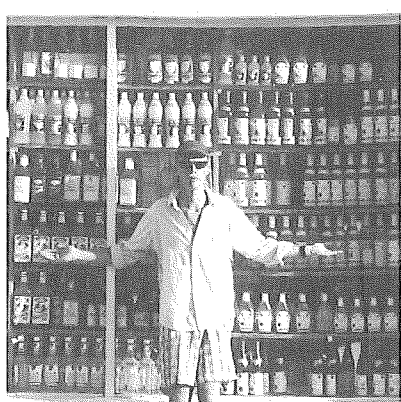

Division 1-E, MET

Accomplishments: Survived 4 years of CMA without visiting Choi's or Townhouse, three years of coxwain for CMA Crew, 4 years of non-catastrophic service to CMAF.

Thanks to: Mom, Dad, Greg, Jennifer and Susan. Susan, if I had to do it all again, I only wish that we could do it all together.

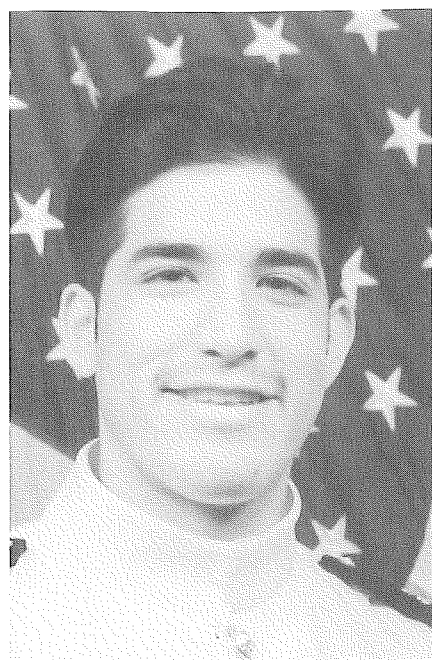

Robert V. Farmer

Division 3-E, MET

Accomplishments: Crew Captain 2-4, 3-E Eye Hye Club, putting over 50,000 miles on the state vehicles over 4 years and not getting caught, being able to survive a night at the Townhouse, but by far the greatest accomplishment is making it through CMA with some sanity left.

Parting Words: to all those people which have been in my life over the past four years, I wish you happiness and good fortune. The cure for any ailment which CMA causes is a shot of Jagermeister or a morning bash. CMA Crew's #1. Road Trips from hell, TJ, Newport, Corvallis, and many others. Rental cars in foreign countries a 3-E legacy, total control.

Oh, by the way, I do have a first name, try saying it, Nnnn...huh?
Aloha, talofa, iorana, malo e lelei, bulavinaka and peace to all.
One people, one love.

On a serious note: Proud to be the first Tongan to graduate from a maritime academy with a US license. Thank you my parents, brothers, sisters, and all those relatives who believed and supported me through these four years. Those who didn't and had doubts, well... enough said.

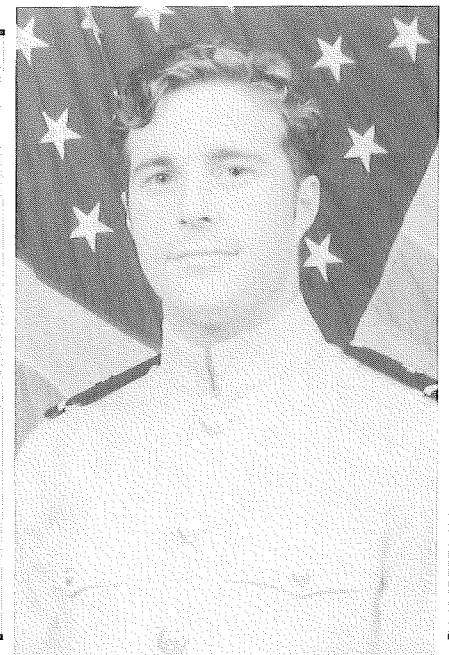

Robert Fox

Division 1-E, ME/MET

Accomplishments: became a famous, well respected, and professional advocate against age discrimination.

Parting Words: 1E Badseeds: the 3 1/2 year blur, thanks guys. Abba—you can have my car now. T—don't hurt him. E—happy honeymoon. Jerm—party until you puke. George—I'm still "lunchtime." Klein—man, you're right, these chicks are all mental.

Shirley M. Franke

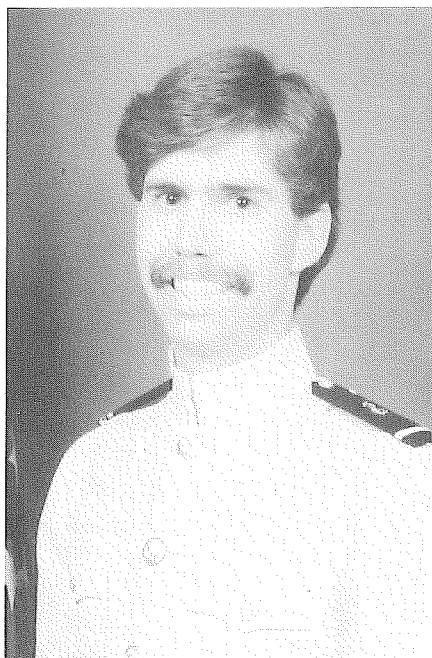

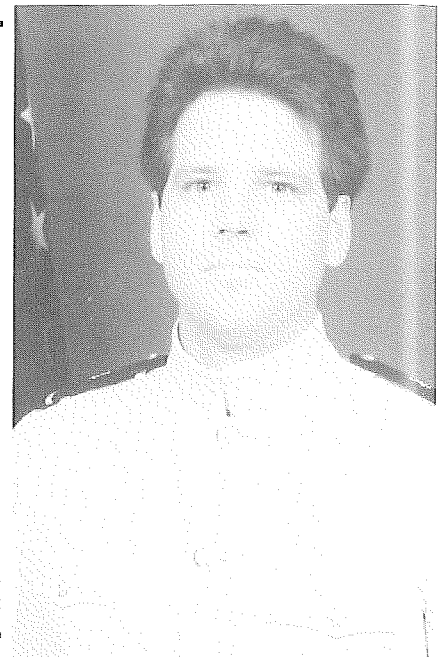

Division 3-D, BA

Accomplishments and Thanks: President of Dive Club, certified Advanced and Rescue diver, conned the largest US flag tanker fully loaded on my 20th birthday, last of the Golden Shellbacks, and I survived CMA and all the B.S. Thank you Mom for all your love, support and interest in my life. Joe, you have been my best friend and your love has made me incredibly happy and helped me through the difficult times.

Parting Words: "A dream is like a river, ever changin' as it flows, and a dreamer's just a vessel, that must follow where it goes, trying to learn from what's behind you and never knowing what's in store, makes each day a constant battle just to stay between the shores—too many times we stand aside, and let the waters slip away, what we put off 'til tomorrow has now become today, so don't you sit upon the shoreline, and say you're satisfied, choose to chance the rapids, and dare to dance the tide—sail your vessel 'til the river runs dry." —Garth Brooks, "The River"

THE LAST VOYAGE for Kim

Upon the Sultan Seas of Life,
My Lonely Soul must roam.
Sailing, wandering, endlessly
Searching for a home.

I've listened to the nymphs of "Paradise Cove,"
Hearing their enchanted voices sing.
There is a must, I drink their lust,
What quenchless thirst it brings.

The wind blows cold, the night comes young,
My destiny is lost.
Death soon becomes a sailor's mate
In the form of a gliding albatross.

Deep into the blackened skies,
A lighthouse breaks its reign.
I crawl inside this soft, warm cave
Within this love I will remain.

They said it was a long four years...

Division 3E, Class of '94... or so they hoped, during
~~Indoctrination~~ Orientation Week 1990.

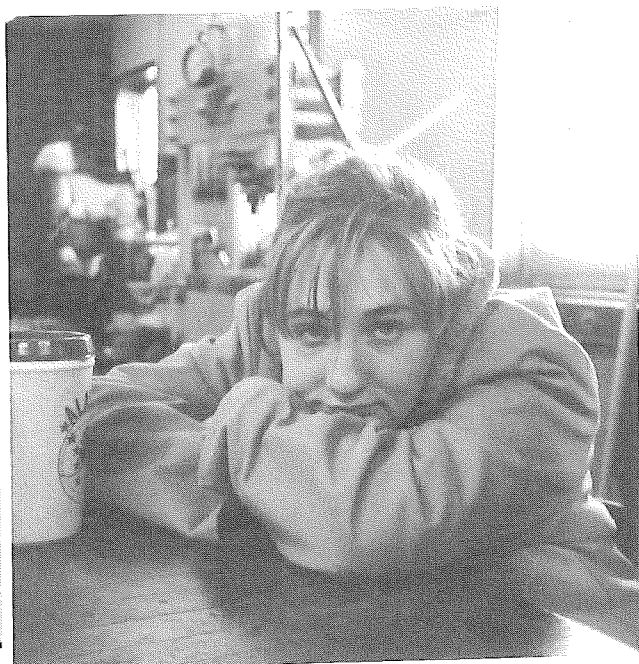

D Division Commander Tom Harlan provided us
with what the **Hawsepipe** staff considers the most
innovative self-portrait we've ever seen.

As seniors, Corps Officers, and Orientation Leaders,
George Thanash and Heathcliff Howland return to
Marine World three and two years later, respectively.

...and they were RIGHT!

But through the good times...

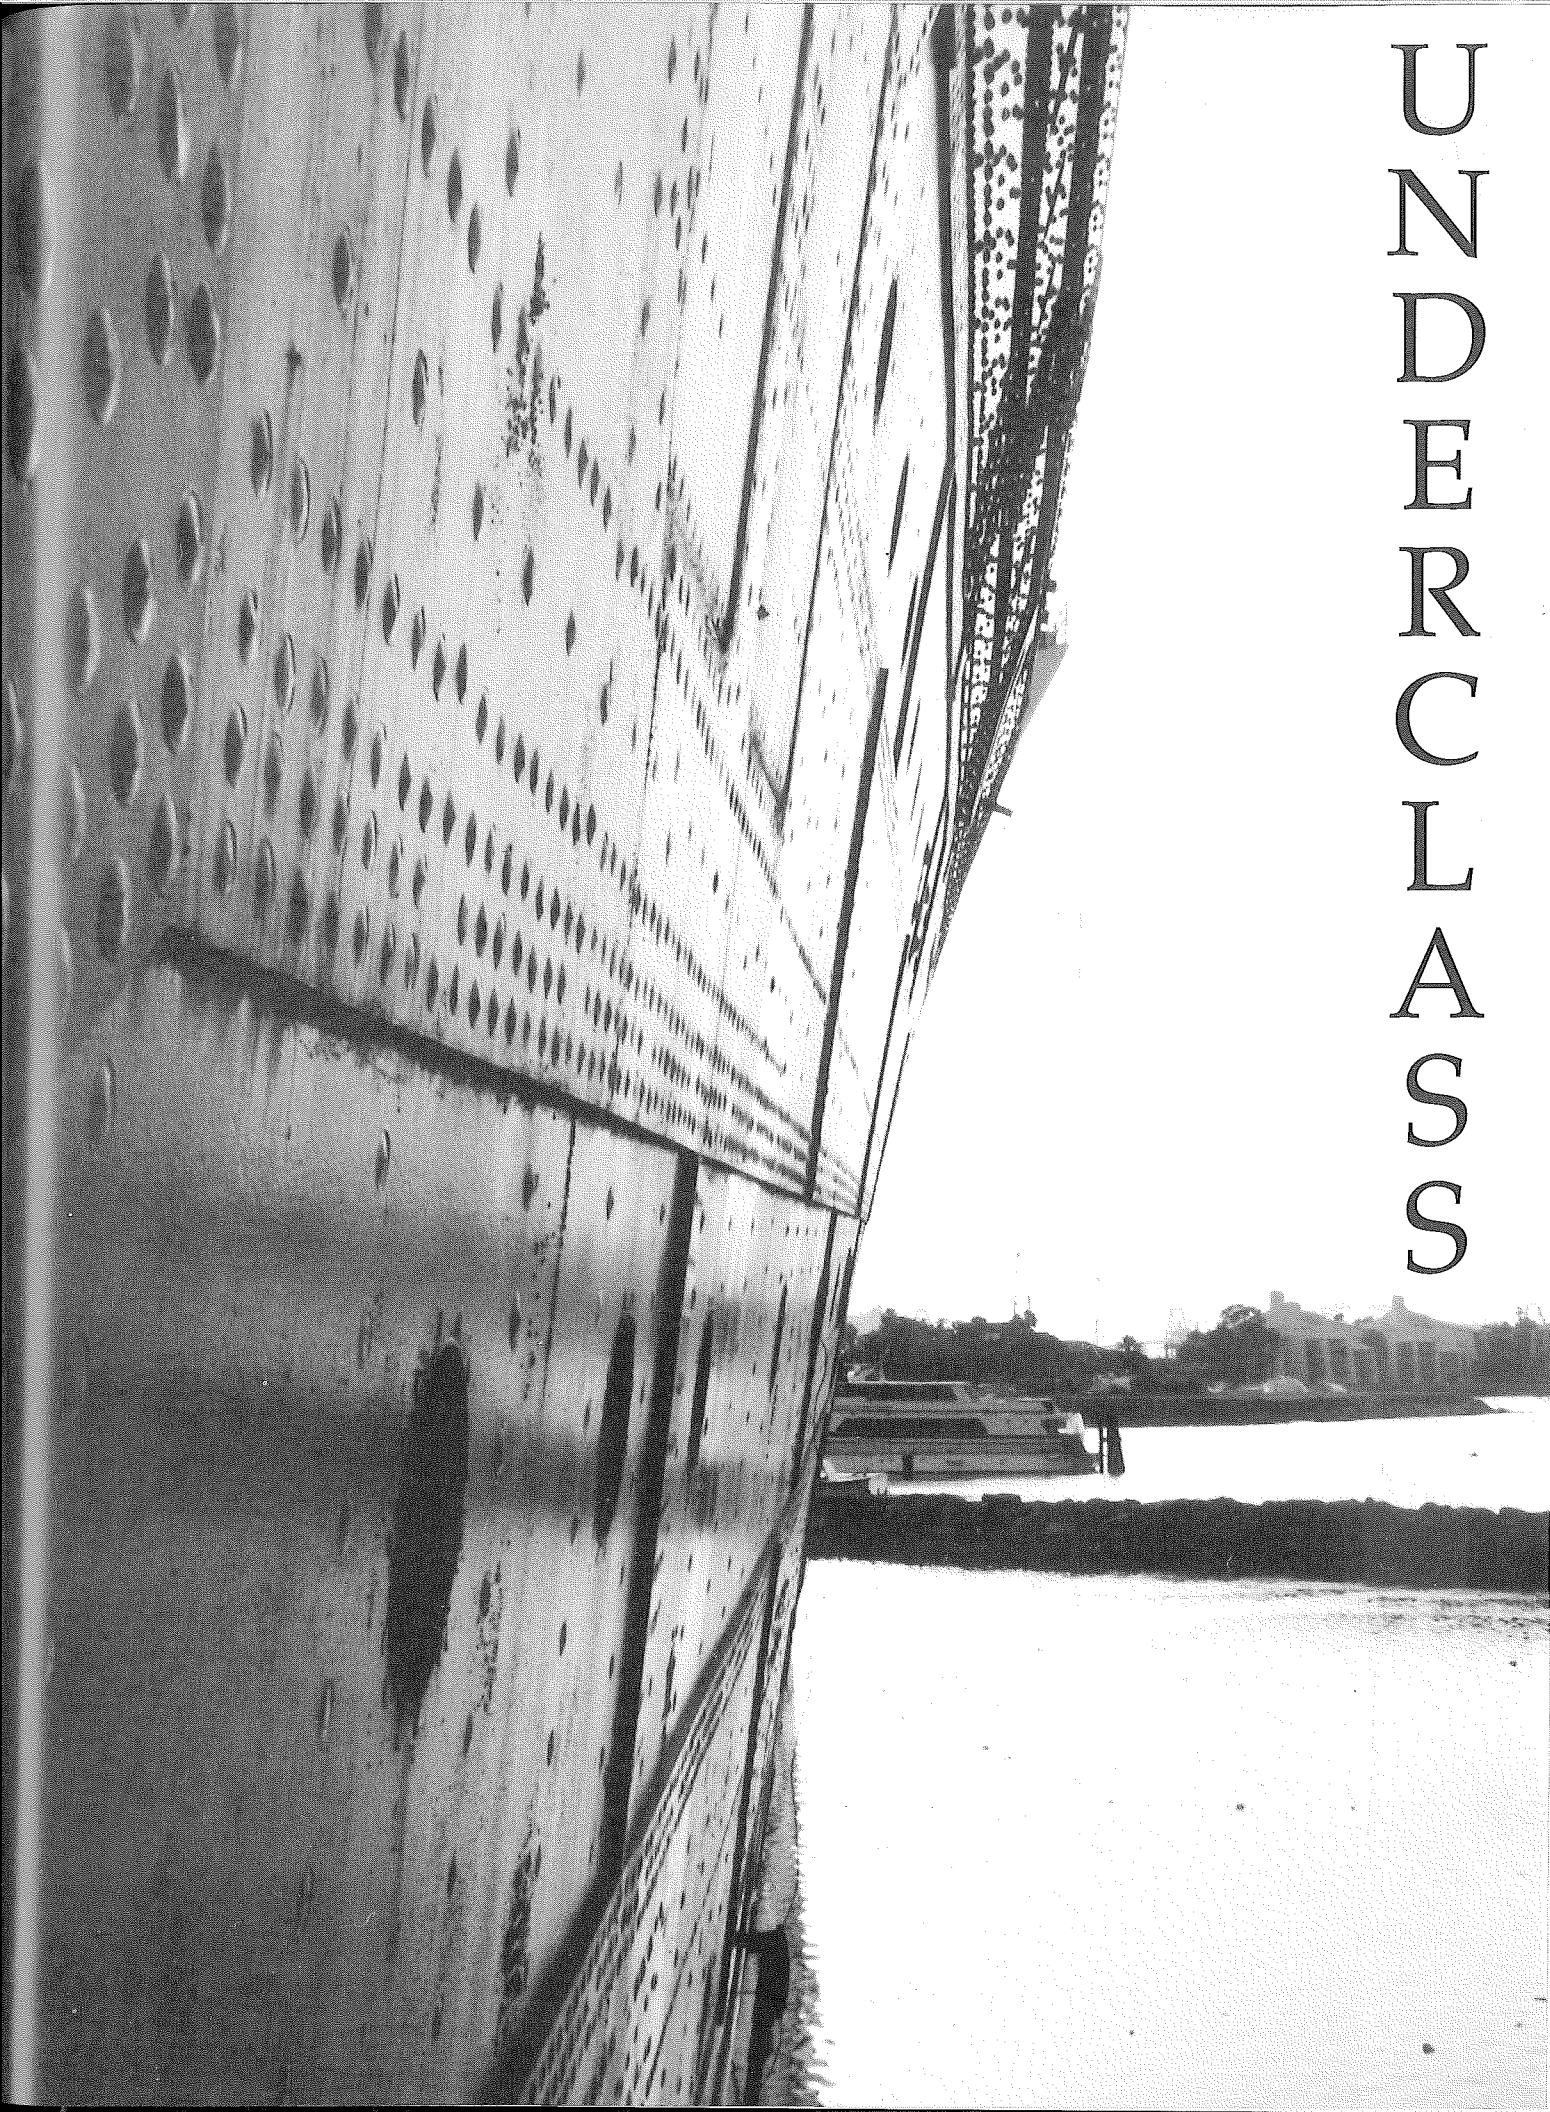

...and the bad...

...the class of 1994 were survivors.

"HEY BOS'N..."

Among the many things learned, practiced, or achieved during the "West Coast Experience 1993" by the Class of 1995 was a series of Marlinespike classes taught by everyone's favorite bos'n, Edward Souza. In addition to relearning the knots we'd forgotten from our freshman year, the art of cable splicing was also covered. Here, Gary Day, Mark Manes, Matt Hill, and Max Browatzki show the Bos'n the boat fender they have made.

stitution in any way possible—if that means being
be it. I beg of you: somebody, please step forward

a.
This, by the way, is the first yearbook that has been produced entirely on a computer. I'd
like to thank [redacted] (Chris 610), Tyler Jones, and Brian Goldman for keeping it—
and me—running. [redacted] did a whole thing. Kudos also go to Brian for the Glacier Bay photo o
the endsheets. Special thanks to [redacted] for the tour of the *Queen Mary*, where all the divider page
photos came from.

Also, I'd like to thank Randy, Mike, Harriet, Paul, and Harry for helping me in their individual ways. If it
weren't for the five (formal or informal, no difference) advisors, this book never would have been. Next, I'd
like to thank Brian Law for simply making me laugh once in a while.

Last but most definitely not least, I'd like to thank Dwight Purdy of Josten's Printing and Publishing for
catering to my every whim and need. Dwight, we shall both forever be martyrs to the cause! (Heh heh.)

I feel I have left my mark on CMA in a variety of ways, two yearbooks not being the least. And now, the
time has come to take my final bow as editor of the **Hawsepipe**. After two yearbooks in high school and
two more here, I simply can't do another. The **Hawsepipe** would have died two years ago had I not come
along, and it will die now if you don't.

If I forgot to mention you in my gratitude, please don't feel offended—thank you all, and you know who you
are. After all, it's now 4:30.

Harriet, I'm resigning. And I mean it this time. Big bear hug for all of it.

Thanks again, everybody. It's been fun. Goodnight.
