

Danville July 3rd 1887

B. Pinstimne Esq

Dear Sir

I was up to see Parkson with the release of the mortgage of the Sam Strange Place. He told me that he had sent to his Brother in Oakland for the release which would be here in a few days, and He makes the money here and will not take it else where. He Parkinson is on his ear, because I think that He wished the note to run on, Parkinson says that the interest will have to be paid in full, He thinks that He owes the Rothchilds, to hear him talk, you can advise me what to do, as the mortgage calls for interest six months in advance He will call for that interest. I think it best for you to me the money in required letter greenback is good & says on the gold. if He calls for the six months interest I will pay him and take his receipt for you and he can wait for six months longer. I do not think that He can demand his money

Am but the easiest way is the best
He says that the release will be here in four
days and I had better get the money ready
in greenbacks or gold and no Bank Checks,

you will remember Perkinson He is the
man that I sent you his note some two years
ago that he wrote you the High Toned letter about
He can have his say now but when the business
is settled he will hear from me. Please to
act quick if the money comes and not needed
I will return it.

I hear that F. C. and Sam Thompson
are having a picnic and not yet home yet
but are very near home but yet so far,

Delivered 898 sheep to Saginaw yesterday
Took his receipt for the same will go for the cattle
The 10th inst and send you the statement with
check for balance in our favor

left our mail on this route you will get this through in one

days
