

## American English Institute

The American English Institute (AEI), which has been a university program for more than 25 years, is designed to prepare international students for American university studies by offering instruction in English as a second language. Students receive 20 hours of instruction each week but do not earn academic credit. Qualified students earn a certificate of completion at the end of each session. During each session, up to 140 international students enroll at the institute. Students have come from more than 50 different countries.

**Admission Requirements and Application Procedure.** Applicants must be high school graduates who are at least 17 years old. Applicants should be motivated to improve their English speaking, listening, reading, and writing skills. They should be prepared to attend classes every day and to do homework regularly. Interested students should call or write to the institute to obtain application forms. After completed application forms have been submitted along with an application fee, students will receive an I-20. Since processing and mailing of the I-20 take time, students should apply at least six weeks before the session begins. For further information, call (559) 278-2097, send a FAX to (559) 278-5586, check our Internet site at <http://www.csufresno.edu/AEI>, or write:

**Calendar and Fees.** AEI has spring, summer, and fall programs. The institute charges students application, tuition, health, and student service fees. Interested students should contact the institute to get specific information on fees and session dates.

**Instruction Offered.** AEI has an effective theme-based curriculum which focuses on students' needs and interests. Topics such as current events and American culture be-

come the basis for authentic listening, speaking, reading and writing tasks. The basic intensive program includes the following courses: reading and writing, listening and speaking, grammar, TOEFL preparation, computer laboratory, and pronunciation.

**Special Programs.** AEI also offers special classes and programs, such as GRE and GMAT preparation.

## Applied Ethics

The Applied Ethics Program incorporates a wide range of courses addressing ethical issues and the application of moral values to problems students are likely to face in their professions, private lives, and responsibilities as citizens. Applied ethics courses are intended to enhance the students' appreciation of their own values throughout life.

While the program has neither a major nor minor, inclusion of several applied ethics courses in the students' curricula should be beneficial in a number of careers and in life itself. Several applied ethics courses count toward General Education requirements, as well as graduate seminars in certain departments. Prerequisites for advanced courses may be established by participating departments. For further information, consult the coordinator, Dr. Warren Kessler (Philosophy) and the *Schedule of Courses*.
