

SPECIAL PROGRAMS

- Anthro 155 Folk Medicine (3)
- CD 100 Principles of Communicative Disorders (3)
- La R 125T Aging and the Chicano (3)
- Rec 159 Volunteer Coordination (3)
- Rec 165 Foundations of Therapeutic Recreation Service (3)
- W S 10 Introduction to Changing Woman (3)

In addition classes on aging which are offered through Division of Extended Education, and the Saturday classes may be accepted for meeting elective credit requirements.

- D. Intern or research course. Required field work or a research project relating to the aging, in the student's major field and supervised by an instructor in the student's major. The number of units required determined by the department concerned.
 Consideration will be given to previous work experience with the aging 3-6
- 21-24

The basic and core courses in the minor can be beneficial to any student in understanding the aging process and in correcting misconceptions about characteristics of aged individuals.

For further information, please call or write Dr. Michael B. Hoffman, Coordinator, Gerontology Program (294-3992).

126 GRADUATE STUDIES

It is the policy of the Division of Graduate Studies and Research that a graduate student who makes use of university resources while completing course work under an SP grade must be enrolled at the university. Two special courses, Graduate Studies 295 and 299, have been created to make this enrollment possible when the student is not registered in any regular course. GS 295 is to be used when the student is continuing work in any course besides a thesis (299) or is preparing for comprehensive examinations. GS 299 is to be used for thesis continuation only. The courses carry zero units and are to be used only to maintain enrollment at the university. The work must be completed within the stipulated time period. If a student must suspend work for more than one semester on the thesis or other courses in which the SP grade was given, application for an academic leave of absence should be filed. Summer Sessions are exempt from continuous enrollment policies. (See: *Grades, Scholarship, Records—SP Grade and Special Programs—Graduate Studies.*)

GRADUATE STUDIES (GS)

295. Graduate Work Continuation (0)

Prerequisite: prior registration in a departmental graduate course with an assigned grade of SP or certification by the major department that the student will be using university facilities to prepare for departmental comprehensive examinations for the completion of master's degree requirements.

299. Thesis Continuation (0)

Prerequisite: prior registration in a departmental thesis 299 course with an assigned grade of SP. Registration is required in any semester in which the student expects to use the facilities and resources of the university after receiving the grade of SP in Course 299.
