Dear Stevenson Friend:

We who believe, with you, that Adlai Stevenson is the man our nation needs welcome you to our volunteer movement. We want you to join in the welcome of Stevenson on Saturday and the Monday evening "Draft Stevenson" rally and parade outside the Los Angeles Sports Arena. We are enclosing the convention addresses of some key delegates so that you may write or telegraph them asking for their support.

You realize, of course, that Adlai Stevenson alone cannot accomplish all that needs doing in Washington. He must have a sympathetic, enlightened Congress as well. We believe that we in Ventura County have a candidate for Congress who can become a truly outstanding governmental leader in the pattern of Adlai Stevenson. This man is L. Boyd Finch, 35-year-old Ventura newspaperman. Boyd holds a Master's Degree in political science and was a Congressional Fellow in Washington where he worked with the late Sen. Dick Neuberger of Oregon and Rep. Lee Metcalf of Montana. In addition, he joined the Stevenson movement early, serving on Gov. Stevenson's own campaign research staff in Chicago in the summer of 1956. Will you join us in working for Adlai Stevenson, for Boyd Finch, and for the liberal Democratic club movement? Let me know by return mail-TODAY- how you want to help. Thank you.

Sincerely yours,

Les Maland, Chairman  
"Draft Stevenson" Ventura Co.
