Jane Tolmach, Councilwoman

Oxnard, Calif. 93030

Dear Ms. Tolmach:

I would just like to let you know that I think you do a fine job as a councilwoman of Oxnard, and of representing the interests of the people. I know it is difficult to represent everyone at the same time, but I feel you come to logical conclusions which are usually in the best interest of the majority of residents. So many of us remain silent and never express our gratitude to those we elect who do a good job. I'd like to see another councilwoman, for I feel most women use more common sense in approaching controversies than do men.

I am also glad you are in favor of non-airport use for the old Oxnard Air Force Base. You certainly know the problem to the residents under the flight path as well as I do. Many of the people who now live in north Oxnard did not live here in the airport days and don't remember the ear-splitting noise which accompanied each take-off. I did not object at the time for I felt there was a need for aerial surveillance by the military, and the number of flights per day was nominal. I notice that the pro-airport people all live in areas which are not under the flight path!

Thank you again for being a good representative of the people, and letting us know there are those who serve honestly and for the good of the majority.

Sincerely,

*Mary Jane Johns*
