October 30, 1956

Dear Jane:

Now that the Presidential campaign of 1956 is drawing to a close, I want to take this opportunity to say how much I have enjoyed working with you. Since the time early in the Spring when I had the pleasure of appointing you to serve as the Stevenson coordinator for your district we have gained a lot of momentum. And so much of this is due to conceintious effort on your part. Whatever the outcome on election day, there are many who know that you did more than your share.

Sincerely,

  
Roger C. Johnson
