

Dear Michele

Sorry I did not return your call. Actually I lost your number on my answering machine. Thanks for calling.

I am looking forward to your work. I am going to print on the first week of April so if your still working on it, there is still time.

I read your book and I like the way you honestly portray yourself.

I am enclosing a gift for you, it's an etching print covered with my favorite color.

Thanks Michele

I hope this letter finds you in good health.
