

ROTATIONAL INTERNSHIP

Mission

The Learning Center comprehensive internship aims to provide graduate students with a full student services experience.

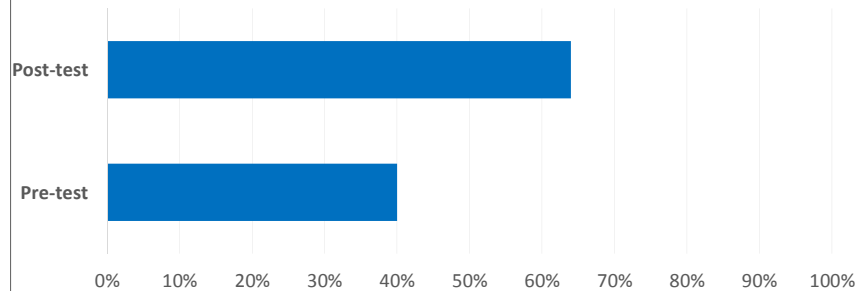

Learning Outcomes

- Advise students in 1:1 and group settings on study and learning strategies
- Understand how a learning support program functions
- Develop training content
- Facilitate Academic Success Workshops
- Conduct and organize outreach
- Supervise, train, and provide feedback to student employees

Learning Center

Training Assessment

Highlights

- 1,205 students met with interns
- 17 Tutors and SI Leaders were formally observed and given feedback by interns
- Interns applied academic coaching with STEM students through the Advising Resource Center (ARC)
