Special drawings received - Any changes in house B except outside terrace & steps serious set back - can add loggia etc to house C but will take more time on account of material needed - To add^{to} bed rooms would have to dig into hill as floors are level with adjacent ground on main house side - or throw away work now in - think this would look badly anyway although agree that rooms are small if used permanently -

Bogart arranged for shipping 200 tons on March 26th
