

255T. Seminar in Social Psychology and Related Areas (2-4; max total 15 if no topic repeated)

Prerequisite: permission of instructor. Theories and research about individual functioning in society; also includes such topics as environment psychology and the psychology of women. (May include lab hours)

261. Clinical Intervention Techniques I (3-6) (Former Psych 262, 263, 271)

Prerequisite: Psych 166 and permission of instructor. Principles and techniques of clinical interviewing and history taking; theory and application of individual psychotherapeutic techniques. Includes supervised practicum experience.

262. Clinical Intervention Techniques II (3-6)

Prerequisite: Psych 166 and permission of instructor. Principles and applications of group psychotherapy. Theory and techniques of behavior modification. Includes supervised practicum experience.

265. Clinical Assessment I (3-6) (Former Psych 264 and AS 255)

Prerequisite: Psych 149 and permission of instructor. Administration, scoring, and interpretation of individual and group verbal and non-verbal measures of intelligence and achievement; case studies on children and adults will be developed. Includes supervised practicum experience.

267. Field Work in Clinical Methods (3-18; max total 18)

Prerequisite: Psych 261, 262, 265, 268, and permission of instructor. Supervised field work in clinical assessment, intervention and case study techniques. Field placements will include hospitals, schools and clinics, depending on students needs. Regular conferences and critiques with supervising faculty.

268. Clinical Assessment II (3-6)

Prerequisite: Psych 149 and permission of instructor. Administration, scoring and interpretation of measurement instruments used for learning problems, physical-motor development, vocational aptitude, social maturity and emotional and personality appraisal; development of prescriptive and rehabilitative statements in case studies on children and adults. Includes supervised practicum experience.

270T. Seminar in Applied Behavioral Science (1-6; max total 15 if no topic repeated)

Prerequisite: permission of instructor. Topics in applied behavioral research; conflict management, group dynamics, organization development, sensitivity training, and related processes. For students in the fields of business, communications, education, psychology, and the social sciences. (May include lab hours)

275T. Seminar in Community Psychology and Related Areas (2-4; max total 15 if no topic repeated) (Former 270T section)

Prerequisite: permission of instructor and graduate standing. May be repeated with different topics. Survey course of basic concepts in Community Psychology including levels of prevention, crisis work, consultation, program evaluation, community influence and organization and new approaches to mental health problems. Open to graduate level psychology and non-psychology majors with an interest in mental health programs.

277. Seminar in School Psychology (3-4)

Prerequisite: admission to the School Psychology credential program and permission of instructor. Professional issues, ethics and current practices; applicable state educational codes and court decisions; use of community resources; in-service training theory and practicum.

290. Independent Study (1-3; max see reference)

See *Academic Placement—Independent Study*.

299. Thesis (2-6; max total 6)

Prerequisite: see *Master's Degrees—Thesis Requirement*. Preparation, completion, and submission of an acceptable thesis for the master's degree in compliance with Psychology Department regulations.
