Attention: Stacy McDonald, President

Subject: Resignation from Commission

Dear Commission Members:

With regret, I find it necessary to resign my position on the Ventura County Commission For Women. My present and future work schedules are and will be so unpredictable (including weekends) that I will not be able to attend commission meetings.

It has been my pleasure to be a part of this commission and I strongly support your ongoing efforts to meet needs and provide support for Ventura County women. In particular, the activities of the political coalition will ultimately provide a visible and viable opportunity for women in the political process.

Thank you for the opportunity to work with you and enjoy the comradery and friendship of each of you.

Sincerely,

Helen M. Spencer
