

TO: FRESHMEN IN BAKERSFIELD COLLEGE

The new State College in Bakersfield is scheduled to begin classes in September 1970. This means that if you carry full loads of transfer work at Bakersfield College we will be in operation just in time for you to do your upper division work with us.

When we offer our first classes the new College will necessarily provide only a limited number of programs. We want to insure that these first offerings will be of maximum service to our prospective students and that our faculty is distributed among the different departments in a way that will match student demand as closely as possible.

Since we expect a number of our upper division students to be transfers from Bakersfield College, we are asking you to complete this questionnaire. The information will be helpful to us and to those of you who may be applying for admission to our College.

Thank you for your cooperation.
