00:23:17:09 - 00:23:52:23

Unknown

For many of us in, it is an honor to stand before you decided to quit and to have the opportunity to represent the Latino community. Tonight, I like to thank you for for giving my concerns a voice. The reason why I stand before you today is because one of my concerns is. That makes sense. Tonight, I would like everyone to take a moment to think, what is a Latina to me?

00:37:37:03 - 00:38:16:06

Unknown

And you know, some person does not wait for tomorrow to take action when describing his or her and most importantly, what the difference is. No for an answer. These are the key elements that you need a

success. My family has taught me this year, 1979 seniors immigrated to the United States can be managers of the land of opportunity as the oldest of six children, my father was expected to help his family survive and as a result, my father sacrificed many things for the well-being of his family.

00:38:16:09 - 00:38:45:00

Unknown

My father's dream was to college and the lack of money and family commitments. His dream never came to. However, history is years to me. My father once said, you can promise anything you say you might not, because we are the descendants of the great builders mathematicians. Since scientists and leaders, my father has taught me to take action now because there is no for tomorrow.

00:38:45:06 - 00:39:15:14

Unknown

There is only today. As you know, I have faced many obstacles in my life. I have come across many cultural stereotypes and educational system, using it as an asset that we're not expected to graduate, continue our education in college. I have also noticed that Latinos are expected who are recruited for honors or AP courses. Now it's time for them to use these stereotypes that you can accomplish anything.

00:39:15:14 - 00:39:20:24

Unknown

We set our minds to see the chance.

00:39:20:26 - 00:39:37:22

Unknown

Doctor X as Garcia. The family just needs a test which we should follow. Now is a time for Latinos to step up to the challenges of our everyday lives. Why wait for tomorrow when we have today to take action?

00:39:37:24 - 00:40:00:06

Unknown

My dream is to continue my education and to prove to my father that his efforts have inspired me. We must learn from our mistakes. It's like Charlie Solomon is with us and Doctor Garcia I to never take no for an answer. It's fine for our beliefs. Finally, I would like to recite a poem. I have a niece called Slim.

00:40:00:08 - 00:40:29:12

Unknown

This poem has encouraged me to take action. Now there is no waiting for tomorrow. When I say when yesterday's gone. And whenever my mama doesn't come. For he wakes tomorrow only for he who is not now, he will see tomorrow. My understanding is good. I hope it on my channel tomorrow is. Boy, I'll eat the chips. Last weekend.

00:40:29:14 - 00:41:07:15

Unknown

Our people to freedom win. Now I leave this video to my voice. Because there is no tomorrow. There is only today which has not speak.
