Mrs. Jane Tolmach, Chairman
Oxnard, California

III-

Dear Jane:

In regard to your month old question about registration, I thought you would be interested in the following information.

The Kennedy National Campaign has agreed to match dollar for dollar those funds raised in California for registration purposes. To date, the Democratic State Central Committee and the California Democratic Council in Southern California have donated \$8,000.00 and in addition, \$4,000.00 has been contributed by the Los Angeles County Democratic Central Committee.

All of this money is being handled by the Southern California Registration Drive Committee under the chairmanship of Bernard Selber, CDC First Vice President.

Should you be desirous of some of these funds, I suggest that you contact Bernie at your earliest convenience.

Please bear in mind that I am trying to arrange to have U.S. Senator Eugene J. McCarthy appear in you county on September 16th from about 4:30 to 5:30 PM.

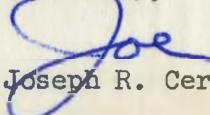

I would hope that an all out effort is being made in your area to have as many people as possible attend the Kennedy Rally in the Shrine Auditorium on September 9th. This promises to be a wonderful affair.

I am also awaiting word from you as to if and when you would like Governor G. Mennen Williams of Michigan at your proposed garden party. The sooner I hear the better it will be for all of us.

Hope to hear from you soon and in the meantime, kindest personal regards and sincerest best wishes.

Yours for a Democratic Victory.

Sincerely,

Joseph R. Cerrell
