Camarillo, CA 93010

Dear Joan:

Ventura County Teacher Support Programs is pleased that California State University Channel Islands is submitting an Education Specialist Mild/Moderate Level II Program to the California Commission on Teacher Credentialing. As the numbers of special education mild/moderate intern teachers grow, there must be a viable option to enter a Level II program. With an approved Level II program, CSU Channel Islands will continue to offer an important public university option for teachers in 22 consortium districts.

As an active member of your document review panel, I feel fortunate to have had ongoing input into the final document. The document articulates a strong collaborative relationship between the CSUCI Level II program and the Ventura County Consortium BTSA Program.

Teacher Support Programs strongly endorses its acceptance by the CCTC and believes that it is designed to comprehensively prepare working professionals who have excellent teaching skills.

Please keep us informed about your submission to CCTC.

Sincerely,

Paula Lovo, Ph.D.
Director, Teacher Support Programs
