

189S. Career Education Seminar and Workshop (2)

June 17-28. A seminar and workshop to provide teachers and prospective teachers an opportunity to study the concept of career education. This will involve lecture and discussion of the total concept of career education in the community, in industry, in the home, and in education. Emphasis will be placed on career education's role in education with a further emphasis on practical application in the classroom at various grade levels.

189S. Graphic Arts Photography Workshop (2)

July 1-12. A workshop structured to give participants experiences in the following areas: photographic experience with 35 mm cameras, cut film speed graphic cameras, twin lens reflex camera and horizontal bed copy camera; copy preparation using hand set type, machine composition, photocomposition, strike-off and rub-on composition, paste-up and layout, copy fitting methods; darkroom techniques involving film and paper processing, enlarging and contact printing. Individual and group instruction.

189S. Utilizing Community Resources (2)

July 15-26. A workshop structured to use the industrial tour or field trip as a learning activity. Participants will be provided an opportunity to plan and conduct small group tours within the Fresno area. A tour of selected industries or special interest locations outside the Fresno area will be offered. Classroom preparation, tour arrangements, and post-tour discussion will be emphasized. This workshop is intended for teachers or students of any grade level or subject area. Tours will be selected according to participant's areas of interest.
