

State College conditions for partial fulfillment of requirements for elementary teaching under the credential law, including student teaching; and (4) to those in the internship program who complete requirements for a credential.

#### **Business, Industrial, and Governmental Placement**

Participation in this program is open to all graduating seniors and alumni who desire full-time positions in agriculture, business, industry, governmental agencies, and other related fields. Seniors are urged to complete and file a personal data sheet with the Placement Center early during the year in which they expect to graduate. Close cooperation is maintained with the various divisions and departments in the placement of candidates in these fields.

#### **Student Placement**

Participation in this program is open to any enrolled student. Many students earn part of their college expenses. Entering freshmen, however, should be prepared to finance their first semester of college attendance without working; and all students should keep their outside employment to a minimum so that the total program does not endanger either health or academic achievement.

Various types of employment are available. There are a number of hourly jobs in various work areas on campus for which candidates with specific abilities are sought. Other positions of a temporary nature are also available on campus. Active immunization against tetanus (available through the Student Health Service) is required for any student employed on the College Farm. Off-campus positions consist of a variety of jobs ranging from short-term positions to those with scheduled hours for the full year. Students desiring work on or off campus should consult the Student Placement Center. Employed students are expected in their work to reflect credit on the college. (See also *Work-Study Program* and *Graduate Assistantships*.)

### **STUDENT LIFE**

College students are expected to assume the responsibilities for personal conduct appropriate to their age and maturity. Wide freedom is therefore granted by the college administration to the students as individuals and as organized groups. This responsibility has been accepted in an admirable way by the students of the college, and an unusual degree of self-government has been established. A student court has authority to deal with cases involving interpretation of student regulations or their violation. A committee on student life composed of faculty and students evaluates the student life program and makes recommendations on policy and procedure. Regulations as to satisfactory scholarship, disqualification for unsatisfactory work and related questions bearing upon college requirements are administered in accordance with college policies.

#### **THE COLLEGE UNION**

The College Union building was designed to serve the entire campus community. This new structure was planned by students and is financed by student funds through the Fresno State College Association. The College Union is the campus community center for students, faculty, staff, and guests. In addition it provides convenient and inexpensive social and recreational opportunities. The building includes conference and meeting rooms, lounge areas, a coffee shop, a barber shop, art display areas, student government and committee offices, auxiliary organization offices, bowling and recreation areas, and numerous service facilities.

#### **STUDENT LEADERSHIP**

Membership and active participation in a reasonable number of student organizations are strongly recommended by the college. Student groups of this type are an excellent means of obtaining experience in leadership, group action and social competence. Participation in student government is also encouraged. Many
