RE: NAMI Walk  
DATE: April 4, 2005

Attached is the information about the Ventura County Professional Women's Network meeting coming up in April. This might be another good meeting to attend to spread the word about NAMI. I've also given the president your name as a speaker.

The luncheon on Wednesday was excellent. It sounds like things are really moving along and you have a wonderful team putting this together. We had our monthly VCCW meeting on Saturday and we discussed the NAMI walk. We'd like to know exactly what you'd like us to do to assist. We'd like to get our group signed up as soon as possible so they can add the walk to their calendars. Please let me know what you have planned for us and I'll pass it on to our group so they can sign up for the help you need.

Look forward to being involved.
