

## **Background Notes for APM110 proposed changes (Mullooly)**

### **PERSONAL NOTE:**

On 9/26/16, I informally ran into Dennis Nef and asked him about APM110. He told me that there were two sets of modifications. Some that were in response to an Executive Order and some that were designed to improve procedural aspects of the Ancillary Unit Reporting process.

**Subject:** Ancillary Unit Policy

Kevin:

Executive Order 751 dealing with centers and institutes was replaced by coded memo **AA-2014-18** in October 2014. I was given the task of completing an annual report to the Chancellor's Office in December 2015 and discovered that our policy on Ancillary Units APM 110 needs to be updated to comply with changed system policy. I have attached a proposed draft for senate consideration that includes the needed changes along with some other changes that I think would improve the policy. I would be happy to meet with the Executive Committee to discuss it at your convenience.
