

Medical Examination: Upon acceptance, a health history and physical examination form will be mailed to all new students by the Admissions Office. The health history should be completed by the student, the physical examination performed by a private physician, and this form mailed to the Student Health Service at least two weeks prior to registration. The completion of the physical examination is a requirement for registration at CSUF. Candidates for teaching credentials must secure approval of the Health Service at both the time of application for admission to credential programs and upon assignment to directed teaching. A credential may not be issued unless the candidate possesses satisfactory physical and mental health to meet fully the responsibilities of teaching.

PROFICIENCY TESTS

Proficiency tests are required by some departments prior to admission and programming students in certain courses or curricula in business, chemistry, engineering, foreign language, mathematics, music, physical education, physics, and teacher education. Some of the tests are administered by the Testing Center; others, by the departments concerned. Further information may be obtained from department advisers.

ADMISSION AS AN INTERNATIONAL (FOREIGN) STUDENT

At CSUF individual admission decisions are made on the basis of complete academic records from all secondary and college level schools, demonstrated English proficiency by performance on the Test of English as a Foreign Language (TOEFL), and certified financial support.

APPLICATION PROCEDURE—CALIFORNIA STATE UNIVERSITY AND COLLEGES SYSTEM, 1974-75

UNDERGRADUATE APPLICATION PROCEDURES—1974-75

All prospective undergraduate students must file a completed application for admission within the appropriate filing period. A complete application includes an application, a residence questionnaire, a data coding form, and the \$20 nonrefundable application fee. Each undergraduate applicant may file only one application for any one term with The California State University and Colleges System. Applications may be obtained from any campus of the system or high school and community college counselors, and should be filed with the campus of first choice. Alternate choice campuses may be listed on the application. Applicants seeking financial aid should also complete and submit with the application a *Preliminary Financial Aid Application*.

GRADUATE APPLICATION PROCEDURES—1974-75

All applicants for any type of postbaccalaureate status (e.g., Master's Degree aspirants, those seeking credentials, and those interested in taking courses for professional growth, etc.) must file a complete application packet for admission to postbaccalaureate status within the appropriate filing period. A complete application packet for admission to postbaccalaureate status includes an "Application for Admission/Readmission" (for postbaccalaureate students), a "Residence Questionnaire," a "Supplemental Graduate Admissions Application," a "Data Coding Form," and the \$20 nonrefundable application fee. Postbaccalaureate applicants who were enrolled as undergraduate students at the campus in the term immediately preceding the term for which they now wish to apply are also required to complete and submit an application packet and remit the \$20 nonrefundable application fee. Applicants seeking financial aid should also complete and submit with the application material specified above, a "Preliminary Financial Aid" application.

Since applicants for postbaccalaureate programs will be limited to the choice of a single campus on each application, redirection to alternative campuses will be minimal. In the event that a postbaccalaureate applicant wishes to be considered by more than one campus, it will be necessary to submit a separate application (and fee) to each.

Application materials may be obtained from the Office of Admissions and Records or the Graduate Studies Office of any campus within the system and should be filed with the campus of first choice.
