

HORIZONS

AS
36
.C23
E4
1977

There are, from time to time
Mornings, both in summer and in winter
When, especially, the world begins anew.

When there are visible, the effects
Of a certain creative energy.

In the midst of these marks of
Creative energy recently active
When the sun is rising
. . . i look back.

Thoreau

CALIFORNIA STATE UNIVERSITY

HORIZON 1977

President's Message

June, 1977

Dear Graduates:

At a time when many academic traditions have faded, I find it encouraging that Cal State students have reestablished a yearbook for graduates.

Cal State is a university still at the threshold of becoming. Developed during a period when student roles were changing, it has yet to create a body of tradition on the campus. Most CSUH students commute; many take night classes only; many come with two years of community college experience already behind them. Individuals progress according to their own abilities, needs and resources, making distinctions between freshman, sophomore, junior, and senior difficult to define and of less significance than in older colleges.

Nevertheless, those who persevere until they earn their degree share a sense of achievement and fulfillment, and seem to gain, as commencement approaches, a sense of unity which carries through the formal ceremony.

This yearbook, the 1977 *Horizons*, will not only be a source of pride for those who receive it, it will record and preserve that sense of unity in the years to come. As a symptom of renewed interest in those traditions that have made universities more than just a place to go to school, *Horizons* will help to make this university a special community for which we feel a special affection long after we leave.

Graduation is not the end of our association, but the completion of the first step. I invite each of you to maintain your relationship with the university through the Alumni Association, and through my office. Your continued interest and support is essential to the further growth and improvement of Cal State.

Ellis E. McCune, President

Alumni

"The CSUH Alumni Association serves as the traditional tie between the University and former student and blah, blah, blah . . ."

It's a familiar pitch used by many alumni groups for the sake of the old alma mater—"here's what you get for your membership dues . . ." Well, at CSUH one should ask *WHO* is the Alumni Association, because the CSUH Alumni Association is *PEOPLE*.

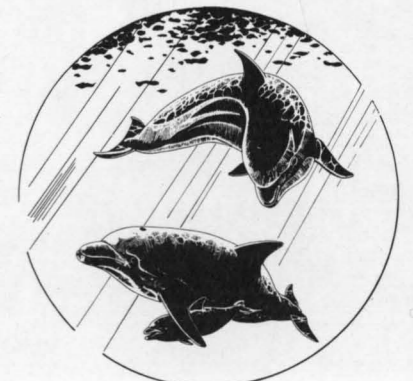

The CSUH/AA is people like President Diana Black looking forward to a year of membership growth and new involvement in programs and services.

It's people like Vice President Frank Correia helping to generate interest in the Alumni Association by sponsorship of programs for current CSUH students like Beer Days and Graduate Brunch.

It's people like the 12 member board of directors helping to build strong support by bringing former students closer together by keeping them up-to-date with current CSUH news and starting new programs of interest to all CSUH Alumni.

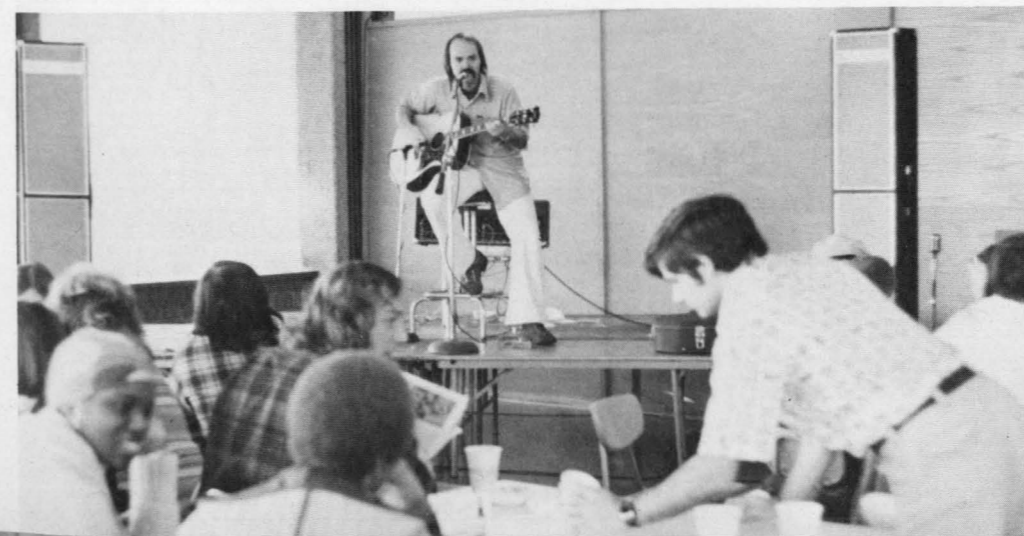

The CSUH/AA is people like *YOU* taking advantage of alumni programs like the Alumni Summer Picnic, use of CSUH library facilities, special discount rates to CSUH events and much more.

Sound interesting? Want to help us grow? All it takes is *YOU!* Contact Mary Maxwell, CSUH Public Affairs Office, AD 908 or phone (415) 881-3724. You'll get a lot more than just "blah, blah, blah!!!"

PACIFIC DOLPHIN

Vice President Frank Correia helps out at Alumni sponsored Beer Day.

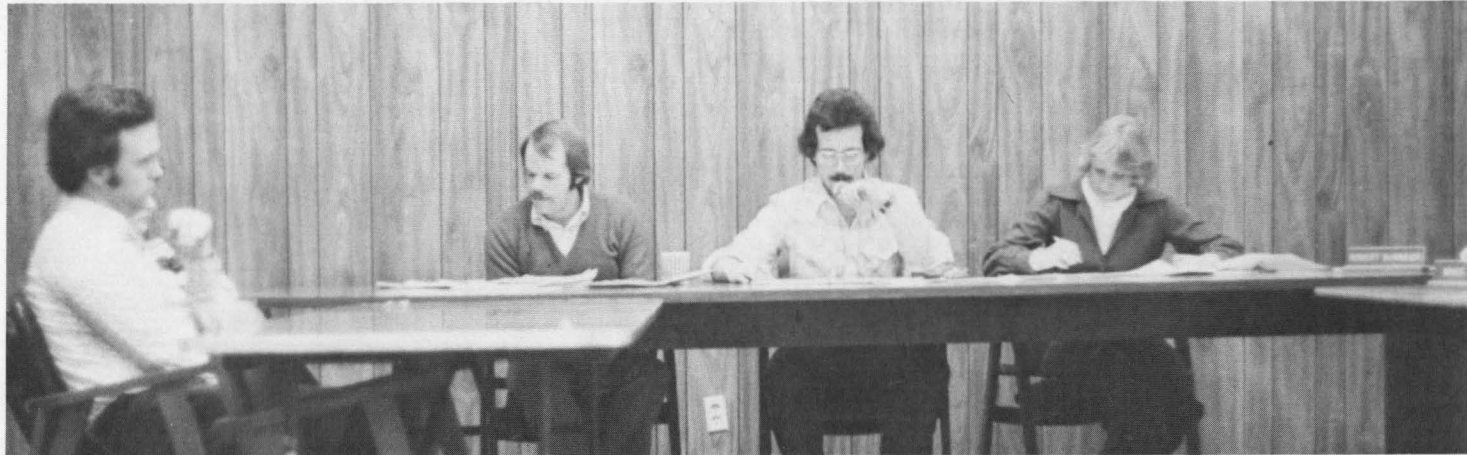

Student Government

Students government saw many changes this year; many new faces and many old problems.

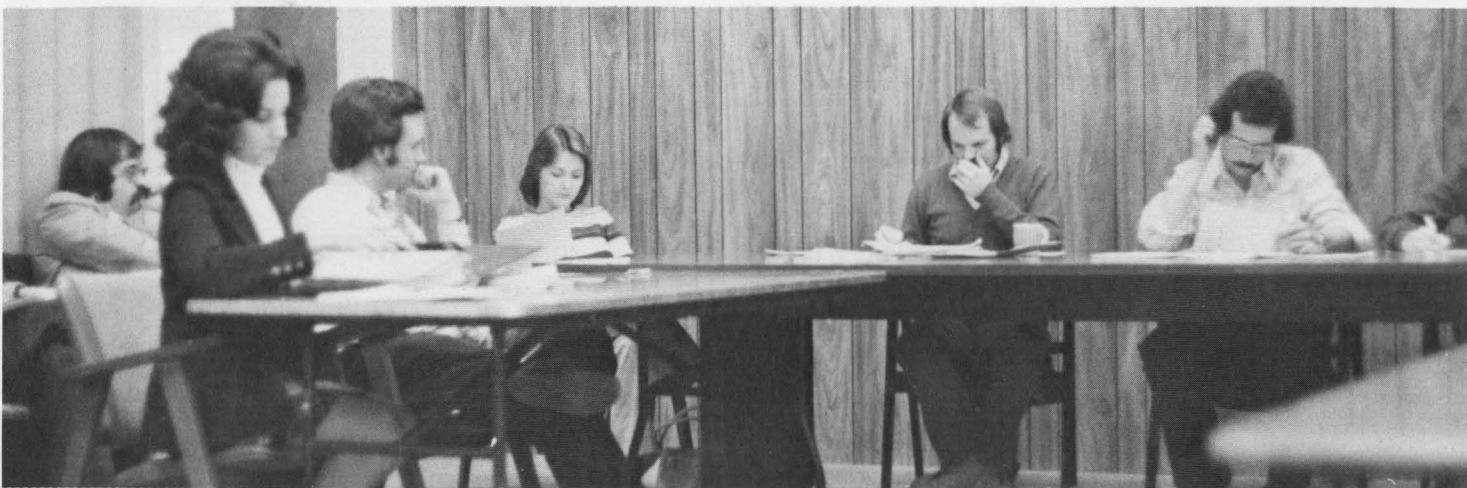

There were programs that produced successful student involvement, and others that were painful learning experiences.

Through it all, the student leadership worked together, trying to achieve a unity and standard of excellence for all CSUH students to benefit from now and in the years ahead.

(above) Steve Robison, AS President, presided at council meeting until December 1976.

(above) Tom Masnagheti took over as Presidency Winter Quarter and Charlie Mason served as V.P.

Getting here is half the fun . . .

Lines, lines, lines . . .

Lists of officially chartered clubs and organizations are available in the Student Union, or in the Activities Office, AD 465. If you don't see a club that interests you, why not start one? The Activities Advisors will be happy to help you find others who are also interested in your idea!

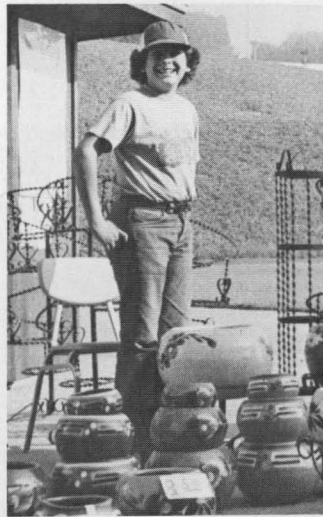

CSUH is not just classrooms and books . . .

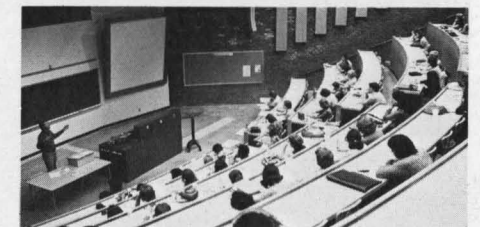

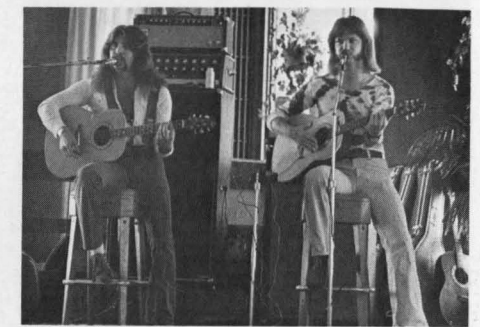

PEOPLE

made it different—

—people made it happen!!

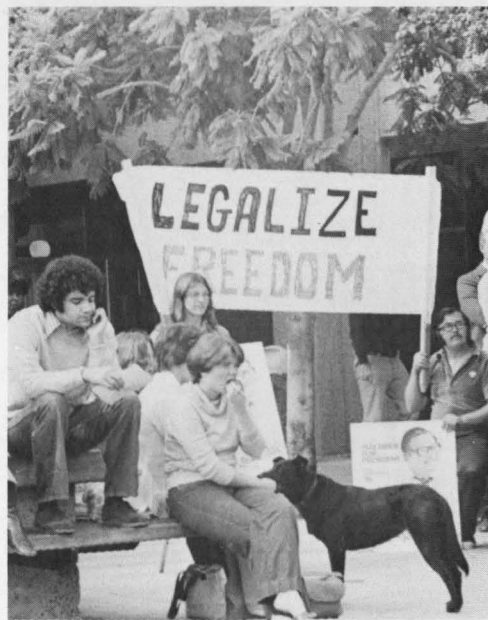

ASSOCIATE LIFE SCIENCE STUDENTS

The Associated Life Science Students (ALSS) is an organization of pre-professional students. It provides a forum wherein students meet with spokespersons from the various professional schools. Recent activities of the ALSS include visits to the campus by Dr. Peter Van Houten, Director of Student Advising and Assistance at U.C. Berkeley, who discussed factors and trends in medical school admissions. Dr. Jack Luomanen of the Berkeley Free Clinic, who discussed problems of admission to dental schools; Polly

Wheat, a second year medical student at U.C. San Francisco Medical School and a former CSUH student, who related to students her experiences in the application and admission to medical school; Dr. Robert Gibson, Director of Admissions at UCSF School of Pharmacy, who talked about pharmacy school admissions and the job outlook for the profession; Dr. Lee Husting, then Director of Health Sciences at CSUH, who discussed opportunities for alternative health science careers. The students of

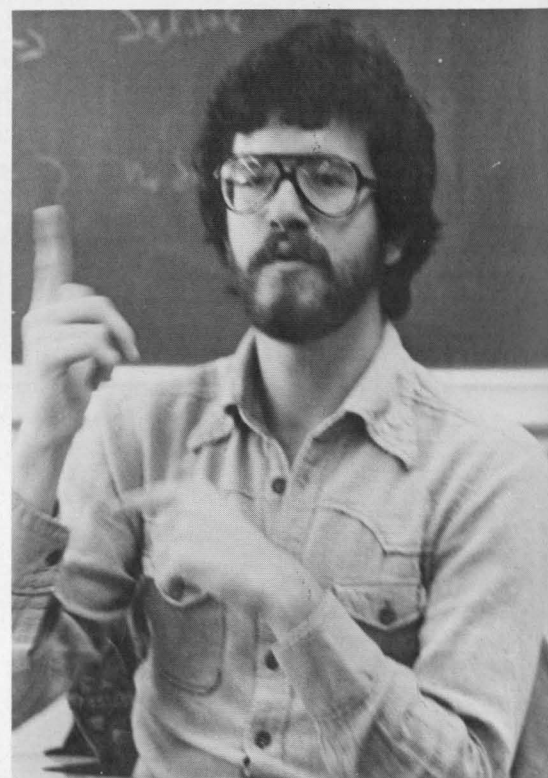

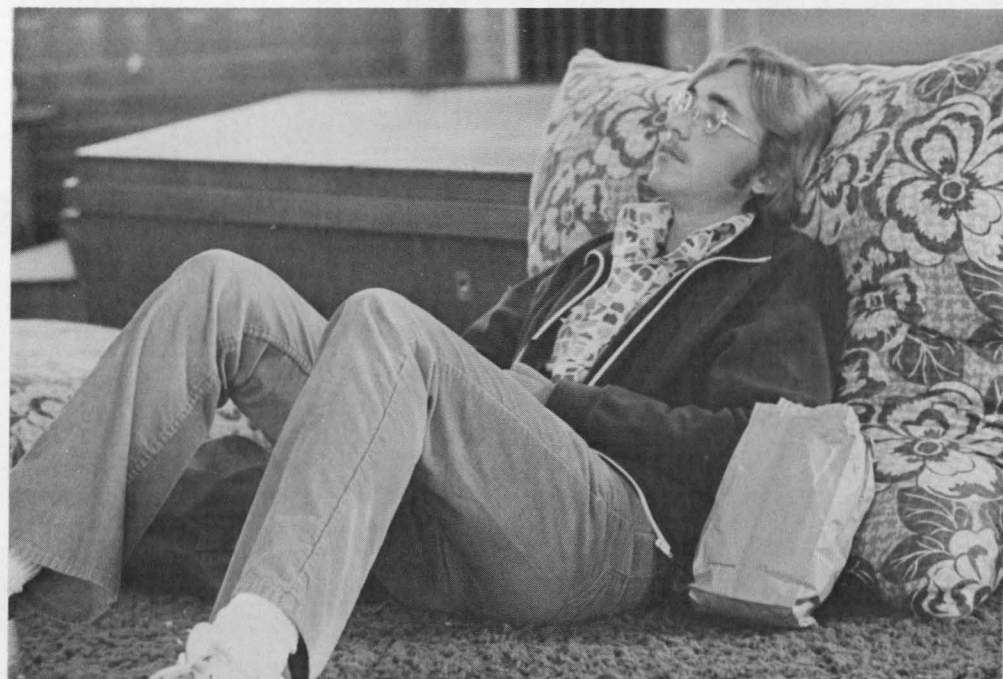

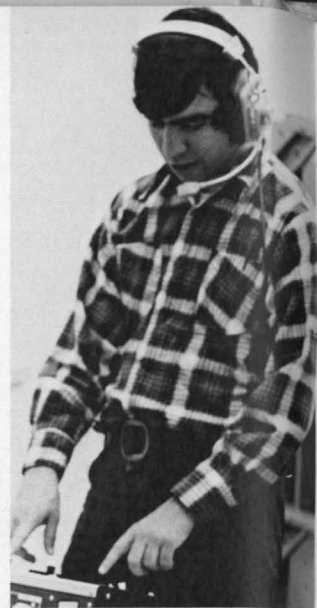

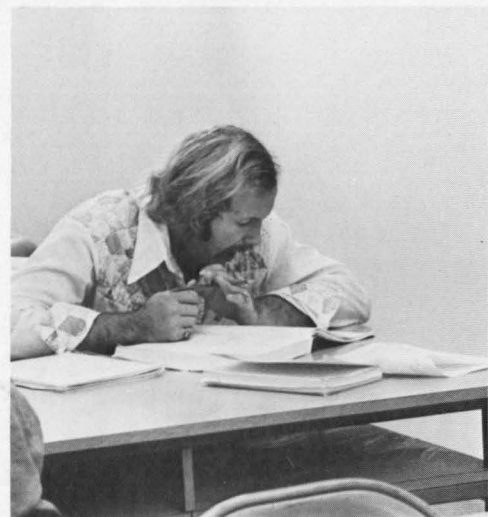

ALSS also had the opportunity to tour UCSF Medical School, UOP Dental School (in San Francisco) and UC Davis School of Veterinary Medicine. Another highlight of last Year's activities was a venture into the "fast food" business world, when some ALSS "pre-professionals" prepared and sold submarine sandwiches at the Science Expo as our fund-raising event.

IVCF LIGHT COMPANY

 Light Company is a chapter of INTER VARSITY CHRISTIAN FELLOWSHIP, a world wide student Christian organization. The purposes of Light Company is to witness a and lead others to a personal relationship in Christ as Lord and Saviour, to help Christians mature through discipleship and help students become aware of world mission fields.

On Tuesday large group meetings, members are exhorted through speakers, singing and sharing. Various small group meetings on Thursdays offer member opportunities to meet for more intimate fellowship centered upon a task, prayer ore Bible studies.

Off campus socials and pot luck fellowship dinners encourages members to meet other students and believers from other clubs and campuses. Also, Light Company sponsors a booktable where free Christian literature is available for the campus.

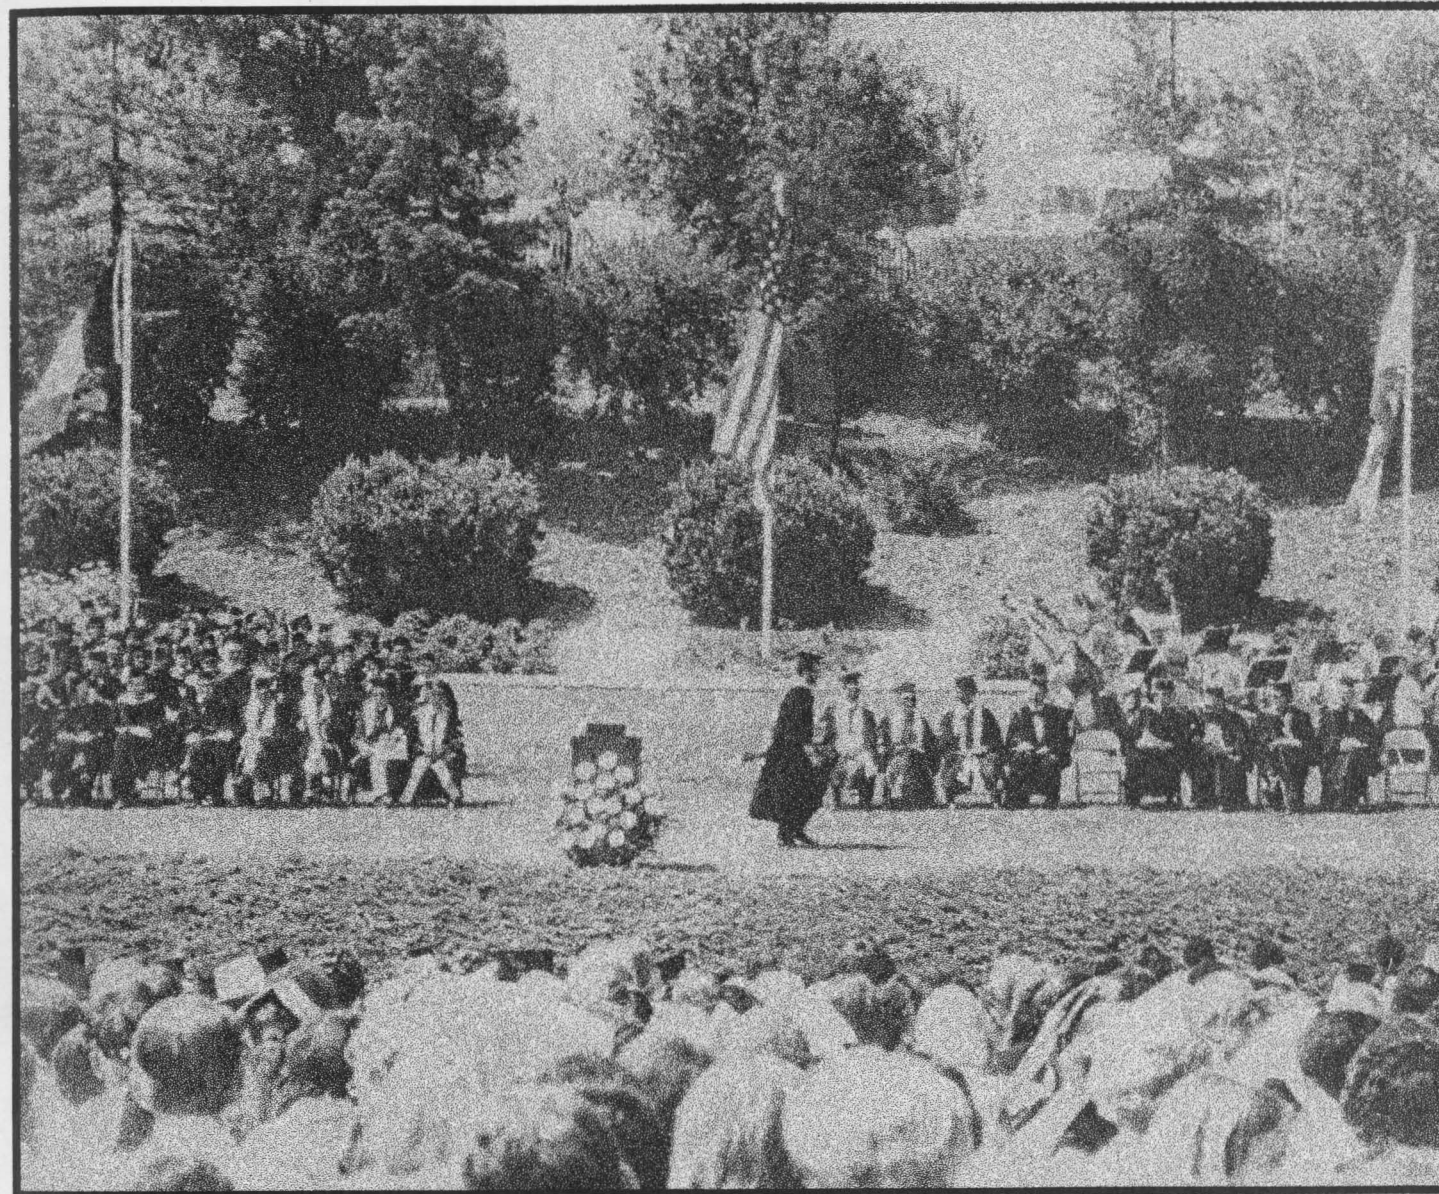

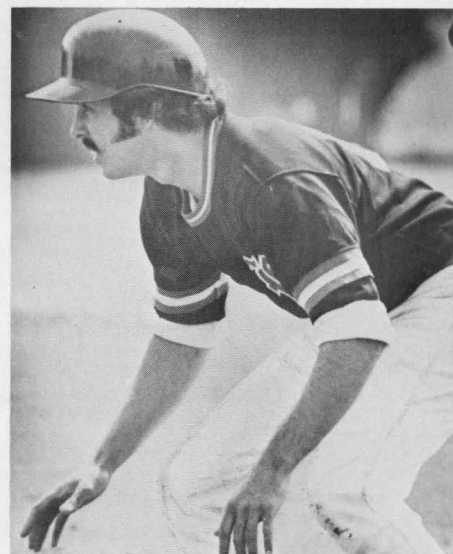

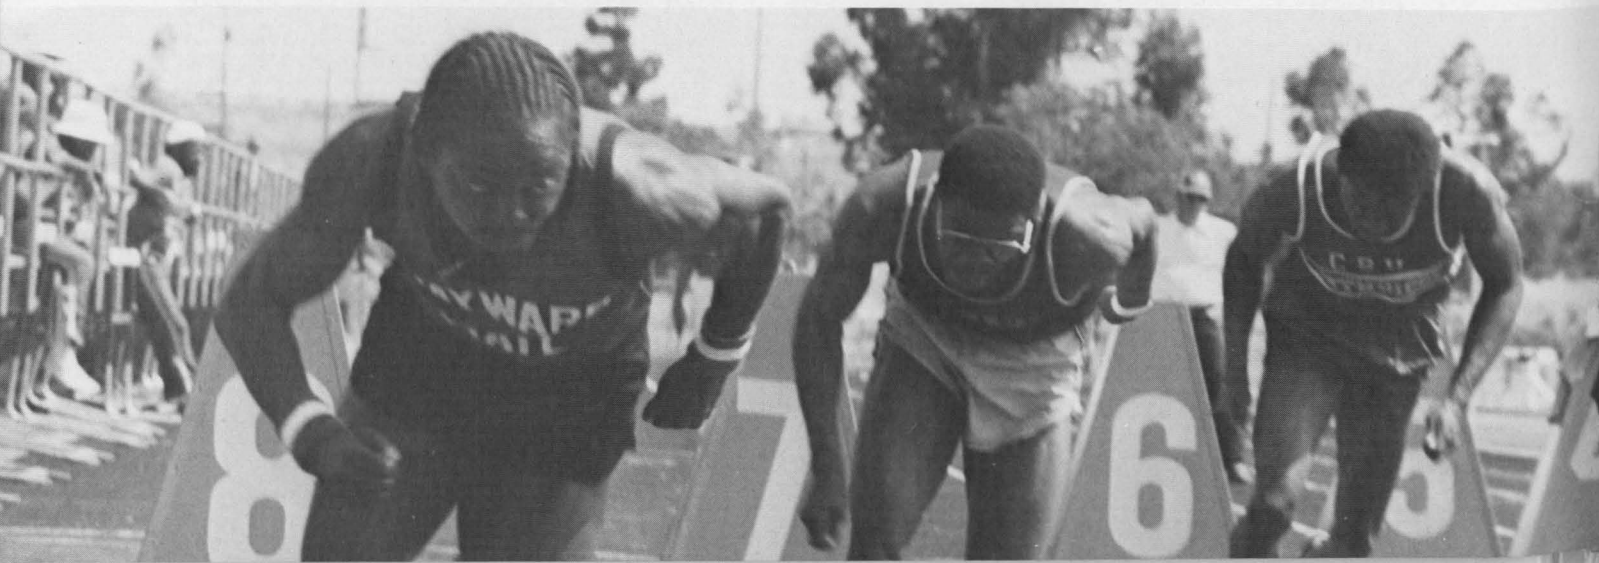

Cal State has had its taste of "the agony of defeat" more often in the past than "the thrill of victory."

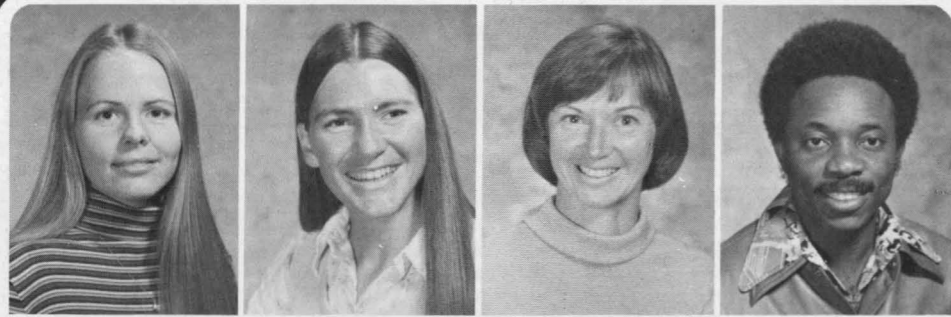

This year, however, the tide began to turn in the Pioneers' favor—wins in football, a tie in basketball for the Far West Conference Championship and top teams in water polo, soccer, tennis, golf, swimming, baseball, and track, too.

For Cal State University, without the support of a scholarship program, it was a year to be proud of coaching and talent, of individual and team efforts, and of just plain doing a good job!
