

12:30 P.M. March 13, '66.

Dearest Patricia:

Since Easter week is only a little less than 3 weeks away, we should, as you suggested Thursday night, get together a little while tomorrow on where to go for the vacation period.

My day (tomorrow) has threatened to fill up - get celery juice for your Mom; get my alarm clock repaired - the hour hand is com-pletely loose & just swings around; look up some syllabus I'll need later in the week for a trip to Las Lunetas, - also some for a talk on population to the Medical Technology club - & order more if - as I suspect - the supply on hand is inadequate. Also get registered finally with Social Security.

However, the time for none of my jobs is fixed so I can shift them as I please. So - any time that is convenient for you - until evening is O.K. with me. - Before school; after your classes & up to 6:00 P.M. - just phone in the morning & let me know. ^{or late in the evening 7:00 (possibly 8:30) - or later as you choose}

Soon as I know your wishes about where we should go - I can start making contacts & reservations (via telephone) As I said, in general I favor the San Diego

area anywhere from La Jolla on down.
However, if you'd like to work for a closer
location, it's O.K. with me. Any place that
will give us seclusion so we can't be reached
will give us the time for your work on your paper,
time to soak up some sunshine, and,
perhaps, look about a bit. I'll arrange for
two motel units - singles - or, if necessary,
single living units on opposite sides of
an in between living room.

This afternoon I went out to you
Mom's about 4:00 and with your Mom
& Connie, worked to complete cleaning out
the sewer pipes that drain the sink &
the tub in the garage. It took us over
an hour but apparently we were success-
ful - at least the water runs out of the
tub now. Then we cleaned up, rested &
talked (& had dinner - spaghetti & meat
balls - excellent!) and I came home between
8:00 & 8:30.

Have been working on odd & ends
since - mostly correspondence and a few
bills.

It will be good to see you again -
I only for a little while. I hope, as I
presume that you've had an enjoyable
and profitable week end.
I'll be listening for the phone in the morning.
Best wishes Love - Carl.
