PROFESSIONAL ACTIVITIES

On Tuesday, April 18, Miss Marilyn Mehr of the Counseling Center appeared on the Sunny Today Show, Channel 23, and was interviewed in regard to our Assertiveness Training program offered to students here on campus.

Students wishing to participate in this program are encouraged

to contact the Counseling Center (833-2159) for further information.

Mr. John Acosta attended the National Conference on Bilingual Education held at the University of Texas, Austin, April 13-15. Mr. Acosta is the coordinator for the bilingual-bicultural education grant to the college from Southwest Cooperative Educational Laboratories, Albuquerque, New Mexico.

CAMPUS ACTIVITIES

COLLEGE COUNCIL MEETING

There will be a College Council meeting at 10:30 a.m. on April 26, 1972 in the Deans' Conference Room.

ANNUAL CLUB

There is a trip to Visalia American Yearbook publishing plant the 25th of April. The days activities will include a tour of the plant, lunch and a sneak preview of our book. Please come to SS 110 and ask Gaye Perry for details.

PLAY DUPLICATE BRIDGE

Every Friday evening a group of Bakersfield people go to Tehachapi Men's Prison to play Duplicate Bridge. The cost is \$1.00 per person. If you are interested, please contact Mrs. Perry in SS 110.

THURSDAY, April 27

Human Sexuality Conference	Deans' Conf. Room	10:30-12:00
-------------------------------	----------------------	-------------

BLOOD DRIVE

Blood donations for the second blood drive of this year will be accepted on Tuesday, April 25, from 12:30 to 2:30 p.m. in CB 100. The crack Houchin Bloodmobile crew will be in

charge of the situation.

The purpose of the drive is to build up a campus bank for use by all students, faculty, staff and their immediate dependents. Under the plans of this bank the cost of blood for those needing it is trimmed from \$40 to \$15. The \$15 amount is payment for processing costs.

The faculty and staff as well as the students are urged to donate blood, since this plan affects everyone. Sign-up sheets, which allow a person to set the exact time that he wants to donate his blood, now exist in SS 110, Activities Office. It is desired that people do sign these sheets. However, if that is impossible, come on the 25th anyway. The following donor instructions should be observed:

1. Do not eat any dairy products or fatty foods three hours before donating. Black coffee, water or juice may be taken at any time.
2. You may donate every three months.
3. You must be between 18 and 65 years of age.
4. You must NEVER have had Yellow Jaundice or Infectious Hepatitis.
5. You must weigh more than 110 pounds.
6. You must not have had recent surgery, injury, serious illness, heart disease, or have received blood within 6 months.
7. If you are a woman, you must not have had a child within the past 6 months.
8. If you have a cold, you should not give.

Arrangements have been made with Dr. Geigle and Dr. Lassater to transfer their classes to alternate rooms for this time period. Dr. Geigle's Political Science class meeting at 12:00 in CB 100 will meet in CB 105. Dr. Lassater's English 325 class, meeting at 1:30 in CB 100, will be in CB 105, also.

MASCOTS

Attention potential Mascots!! Beginning today, you may sign up for tryouts to be held later in the quarter. The deadline for sign ups will be May 5. Any student interested is urged to sign up - whether or not he or she has had any previous experience. Annette (outside SS 108) will accept sign ups.

PSYCH DEPARTMENT NEWS

Lyle Freedman, a senior Psychology major, has been accepted into the highly competitive Ph.D. program in Clinical Psychology at the University of Texas at Austin.

Two Psychology majors, Ray Manning and Russell Liesch, have had papers accepted for presentation at the Western Psychology Conference for Undergraduate Research at the University of Santa Clara. Mr. Manning's paper is entitled "Autonomic Correlates of Personality Stability" and is being sponsored by Dr. Patsy Sampson. "A Physiological Limit On Reading Speed" is the title of Mr. Liesch's paper and he is sponsored by Dr. Steve Suter. The papers will be presented on May 6, 1972 in a convention format.

MAY 7 OPEN HOUSE

On Sunday, May 7, from 2:00-4:00 p.m. the college will be sponsoring an Open House for all newly admitted students for next fall quarter. Although it will be an informal gathering, we would like to have approximately 20 currently enrolled students to act as hosts and hostesses, with some taking small groups on tours of the campus, and others to stay in the reception area and answer questions about the college and the programs we offer. If you were ever a new student on a State College campus, you remember the feeling at being all by yourself and not knowing anyone or where anything was. If you would be willing to help, please drop by the Student Activities Office SS 110 and tell Annette.

CHEMISTRY AWARD

In recognition of her outstanding performance in several chemistry courses, the Department of Chemistry has selected CATHY A. RICKETT for the 25th Annual CRC Freshman Chemistry Achievement Award. The Award Program is national in scope, and Miss Rickett is the first recipient from this new College.

After receiving numerous awards and honors at Bakersfield High School, Cathy graduated Number 1 in her class in 1971. Since she had high scores in all five CLEP examinations last September, she is in fact completing her sophomore work this Quarter. The chemistry faculty extends best wishes to Cathy for her continual success.
