

During hours when the Health Service is closed, a qualified student may contact his own physician, in which case the Health Service will allow \$5 toward the cost of one office visit or \$10 toward the cost of one residence visit for any one illness. Should hospitalization for a qualified student be necessary, the Health Service will allow \$10 per day for five days toward the cost of hospitalization which is not otherwise covered by insurance. In addition, an excellent Student Sickness and Accident Insurance Policy is offered through the Health Service.

STUDENT ABSENCES

Students are expected to maintain regular attendance at classes. Extended absences (more than one week) due to illness, death in the immediate family, or other extraordinary emergencies, should be reported immediately to the Counseling Office which will notify the faculty concerned. When any absence occurs, however, the student should contact the instructors involved concerning the possibility of making up the work missed.

STUDENT HOUSING

COLLEGE RESIDENCE HALLS

The college has three new residence halls in operation. Homan Hall houses 207 men and Graves and Baker Halls each house 207 women. The halls are fireproof, air-conditioned buildings having study rooms, lounges, recreation rooms and laundry facilities. Students are housed two to a room. The rooms are attractively furnished, and provide adequate study and living facilities. Linen service is provided, but students are required to furnish their own blankets and towels. Food service is provided by the college cafeteria. For information on residence hall costs, see Fees and Expenses.

Each hall is under the supervision of a well qualified head resident and five student assistants. Students are encouraged to take part in group living through experience in self-government and by taking part in the social and intramural programs. Women living in the halls are required to observe the residence rules of the Associated Women Students.

Further information and applications for reservations may be obtained by writing to the Student Housing Office. Students who are applying for accommodations in the halls must also file an application for admission to the college. Conditional admission can usually be granted on the basis of a transcript of all college or high school work completed to date. For further information on admission procedures and regulations, see page 57.

HOUSING REGULATIONS FOR FRESHMAN WOMEN

The college reserves the right to require all unmarried women students under 21 years of age who are classified as freshmen and who are not living with parents or guardians to live in the residence halls or in other housing approved by the college. Exceptions may be made for those who have written permission from their parents to live elsewhere.

OFF-CAMPUS HOUSING FOR WOMEN

The Student Housing Office maintains a list of approved rooming and boarding houses which have been inspected and meet the college housing standards for women. Women living in approved housing will be required to observe the residence rules of the Associated Women Students. Arrangements for living accommodations should be made well in advance of registration. If women secure housing not on the approved list, the parent or guardian will be asked to assume full responsibility. Students in approved housing are not permitted to change residence during the semester. However, if unusual circumstances make such changes necessary, permission may be obtained from the Student Housing Office.

OFF-CAMPUS HOUSING FOR MEN

The Student Housing Office maintains a list of available student housing as a service to students seeking living accommodations. Students are advised to make arrangements for housing as early as possible before registration. Off-campus living accommodations for men are provided mainly by private homes in the area, with a limited number offering room and board.

Although the college does not approve off-campus housing for men, Fresno State College students living in private homes, apartments, and other types of student housing are expected to conduct themselves in a manner which will enable them to maintain desirable relations with their landlords and their neighbors.

HOUSING FOR MARRIED STUDENTS

The college does not maintain housing facilities for married students and their families. However, the college has arranged with the Fresno City and County Housing Authority for married students to obtain low-cost housing at Hammer Field Village. This housing project is located approximately four miles from the campus and provides acceptable accommodations at low cost. Applications for this housing should be made through the Fresno City and County Housing Authority, 2520 Clinton Avenue, Fresno 3, California.

The Student Housing Office also maintains a list of privately owned rentals, some of which are near the campus. These private rentals range from \$60 to \$80 per month depending on the size and furnishings.

FOOD SERVICE

The Fresno State College Association maintains the college cafeteria and a separate snack bar, The Roundup. The cafeteria provides regular meal services for all students and faculty five days a week and for residence hall students seven days a week during the time college is in session; The Roundup is open weekdays and Saturday mornings.

PLACEMENT AND EMPLOYMENT

Placement and employment services are provided for graduates and students in the profession of teaching, graduates and former students interested in full-time work other than teaching, and students interested in part-time employment enabling them to defray part of their college expenses.

The Office of Placement is maintained by the college as a clearinghouse of employment information. The specific functions of the office are to collect and make available to prospective employers personal data and confidential letters of recommendation of candidates; maintain a current record of employment opportunities; recommend candidates for positions at the request of employers; arrange for interviews between candidates and employers; and conduct a followup program of all candidates placed by this office.

TEACHER PLACEMENT

Membership in the Office of Placement is open (1) to graduates of Fresno State College qualifying for a regular California teaching credential prior to date of employment and (2) to anyone with a bachelor's degree from an accredited institution provided he completes 12 units at Fresno State College including a fundamental education course and qualifies for a regular California teaching credential prior to date of employment. Credential candidates are urged to register with the Office of Placement early during the semester in which they begin their student teaching.
