Sorry, girls. This was too good to pass up. And the quote holds special meaning for me at this time as I run for office and question my sanity.

Love to all,

Susan

**-Asunto: 12 women**

I am supposed to pick 12 women (who have touched my life) and whom I think would want to participate. I think that if this group of women were ever to be in a room together, there is nothing that would be impossible. I hope I chose the right twelve. My hugs, love, gestures and communications hopefully remind you how special you are. Please send this back to me. Remember to make a wish before you read the quotation. That's all you have to do. There is nothing attached. Just send this to twelve women and let me

know what happens on the fourth day. Sorry you have to forward the message, but try not to break this, please. Did you make a wish yet? If you don't make a wish, it won't come true. This is your last chance to make a wish! 'May today there be peace within. May you trust that you are exactly where you are meant to be. May you not forget the infinite possibilities that are born of faith in yourself and others. May you use the gifts that you have received, and pass on the love that has been given to you. May you be content with yourself just the way you are. Let this knowledge settle into your bones, and allow your soul the freedom to sing, dance, praise and love. It is there for each and every one of us. Now, send this to 12 women within the next 15 minutes. And remember to send this back. I count as 1... you'll see why. Suggestion: copy and paste rather than forwarding it.
