*The California State  
University and Colleges*

A college education at its best consists of a wide variety of activities including classroom endeavors, solitary pursuits in the library, after-class discussions in the cafeteria, participation in or attendance at musical, dramatic and sports events, social interactions with other students at special campus events, and participation in other extra-curricular activities.

I hope this yearbook will provide a valuable record of your experiences at CSB. May the years to come be productive and satisfying for you.

# Associated Students

Cal State Bakersfield 9001 Stockdale Highway, Bakersfield, California 93309 (805) 833-2381

As the official voice of the students of Cal State Bakersfield, we feel it is only fitting that we again sponsor the Treillage for 1982. The Associated Students have strived throughout the year to provide various activities that provided for the cultural, educational, physical, and social well-being of the students. Some of these programs included the film series (which received record attendance), speakers Katherine Brady and Chris Miller (with topics on the serious and lighter sides respectively), and co-sponsorship of many cultural and activity related events.

One of our goals for the year has been to provide leadership and representation for all of the students at every level of the educational system. With the addition of a full-time staff member and the dedicated work of our thirteen Representatives and four Executive Officers, we have begun to move into the realm of professionalism as a campus organization.

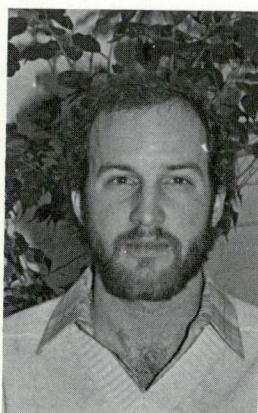

As we move into a new era of higher education that will include tightened budgets and higher student costs, we feel it is essential that students come together and voice their opinions on the future of this institution. The Associated Students will provide the amplification for that voice.

At this time we would like to thank all of those who have participated in making this the best year ever in student government at Cal State Bakersfield.

## Graduation 1982

CSB's twelfth annual commencement was unique in that it was the first early morning ceremony in the college's history. Faculty Marshal Dr. Richard Graves led the procession to the south lawn setting where the platform party, faculty and graduates heard President Jacob P. Frankel introduce distinguished guests. Reverend Tyree Toliver gave the invocation.

Student Jan Robinette Amstutz and Bakersfield Mayor Mary K. Shell were speakers. As the Class of '82 representative, Mrs. Amstutz urged her fellow graduates to cherish the right to disagree with accepted paradigms and warned them not to wait for others, but to achieve and accomplish things on their own. Mayor Shell impressed upon the graduates that they should strive for excellence in all their endeavors.

After President Frankel conferred degrees on behalf of the California State University Board of Trustees, the Class of '82, their families, friends and faculty attended individual school receptions which allowed them to meet and added a personal touch to the momentous day.
