## Circus, Circus: Tears, Fun And Charity

By Barbara Simons

The theme Circus, Circus, was fun. The two clowns and their invisible dog were fun. Live music and a huge inventory of used and new for sale was fun. But for those ladies wearing white carnations it was more tears than fun. Those white carnations were a memorial to their missing colleague who had shockingly and unexpectedly died a few days before the Women's Club/ Workshop/Trading Post and Bazaar of Saturday, October 12.

Betty Keeler and her husband had been a dependable and needed part of Trading Post and Betty will be sorely missed.

But as all good troupers know the show must go on, and so it did. The Trading Post sold their "previously owned" bargains in the Pavilion and the Workshop ladies carried on in the AR, where the newly made handiwork was for sale. The Sawdusters contributed their wooden toys and the needlecraft items stood in a splendid array, just waiting to become holiday gifts.

Coffee and home-made cake were offered in the morning and a hot-dog lunch in the mid-day. All was gay and festive with some bittersweet reminders in the form of white carnations.

and 22. There will be no class in December.

This class is brought to the Village by the Education and Recreation Committee for the convenience of residents who are licensed drivers. All class members also receive a deduction on Auto Insurance. ## Election Results

By Dick Travis, Election Inspectors Chairman

The recent general election, seeking approval of an amendment which would change the percentage of votes needed to amend the CC&Rs from 75% to 66 2/3% was successful, in that 75.8% of the owners voted for it.

An amendment to eliminate Cumulative voting was also passed by 62.4%, more than the required majority.

In order to get 75% of all eligible voters, it was necessary to have a very large turnout, but as of August 10, approximately 1400 voters had voted. This meant that 400 to 500 voters would have to vote before the September 19 deadline. We needed a minimum of 1603 homeowners for the required 75% vote.

With good advice from the Board and homeowners, we formed a committee of 27 residents to telephone those who had not voted.

The non-occupant owners who are habitually non-voters needed an incentive. The Board of Directors sent them letters encouraging them to vote and included a stamped, return envelope. It worked! We received 175 votes that normally would not have been received.

Five days before the deadline, there was a shortfall of 180-200 votes. Undismayed, we sent out a team to explain and assist shut-ins and others. This hard working group got another 120 residents to vote which was just enough, by 16 votes, to

## Problems With The Propositions?

By Barbara Simons

Help is coming to Leisure Village via Channel 12 from the League of Women Voters. If you were not lucky enough to view the one hour program outlining the "pro's and con's" of all the ballot propositions that aired Saturday, October 19, at 10:00 a.m., take heart! Channel 12 has promised to repeat it once more before elections and a third time if there are enough requests.

Thanks to League members in the Village, Paula Lite and Ruth Wideman and Channel 12, a tape was made (without an audience) of two League presenters giving both sides of each issue on the ballot. Candidates are NOT discussed.

Call Channel 12 if you want to see it again.

## Did You Get Shot?

By Sandy Okum

The annual flu shot clinic sponsored by Your Neighbors Care Group for the 15th year, and performed by the Livingston Memorial Nurses, was a huge event again. Close to 550 vaccinations were given to village Medicare clients in 4 hours.

Thanks to the generosity of the Livingston nurses, free flu shots were given to almost all the employees of Leisure Village.

One day before the YNCG clinic, over 200 L.V. Kaiser patients were vaccinated by Kaiser nurses.

See you next year, and hopefully YNCG will be able to offer the pneumonia vaccine.

### Trouble In Paradise

The "angels" of Leisure Village, the above-reproach Women's Club, appear to have run afoul of the California Board of Equalization Sales and Use Tax Division.

There can be no blame imposed on officers past or present, the motives were completely innocent of wrong-doing, but our hard-working and lofty-minded women have somehow escaped paying sales tax for lo these many years without dreaming of having anyone dispute their methods.

All California Thrift-type stores must charge a sales tax. There can be no way around that fact. Women's Club has conducted bazaars (new goods) and trading posts (used items) to raise money for Ventura County charities, good works, and scholarships, as well as Village improvements which would have been unattainable without the work of the women. Several years ago they had to stop conducting the raffle, which was a major money raiser, because of State restrictions.

The L.V. Association charges sales tax on items such as light bulbs and other household items dispensed by service men. Liquor is not sold anywhere in L.V. Ticket sales by entertainment groups all name the fee as a donation, rather than a ticket rate. These examples are evidence of the several modifications of procedure around the Village in deference to State laws, codes, restrictions, but no clubs have considered they have a liability for sales tax.

Inside Leisure Village has full confidence that Women's Club will reach a decision and system which will allow it to continue conducting its affairs in a similar contributory manner, but in accord with California State edicts. It is conceivable that a monetary penalty of some kind may be imposed, but in view of the beneficent nature of the organization, a plea bargain might be presented which would not break the stride of the good works and selfless aims of this honored and honorable group of villagers.

### The Facts And Findings For An Exercise Room

By Moe Kadish,  
Chairman of the PRC's  
ad hoc committee

Because of the wide-spread misinformation going around our Village, as chairman of the Ad Hoc Committee, I would like to "set the record straight."

We found that many other retirement complexes such as ours have exercise rooms. In fact, having an exercise room is the norm and not having an exercise room is the glaring exception.

We also found that many of these retirement communities already have exercise rooms are now refurbishing their Rec. Center and the grounds in order to attract the younger seniors who will be retiring in the coming years. Many of them are proving very successful in attracting new residents.

Our Leisure Village has not done this and as a result our houses have fallen in value and we have become a stagnant community.

NBC had a story on Tom Brokaw's program featuring Del Webb's Retirement set up in Phoenix. They showed an Exercise Room with ten treadmills and ten bikes all being used. They also showed a computer room with men and women using 20 computers with in-

structor volunteers looking over their shoulders. They also stated that Del Webb was repainting the houses in light colors.

Many other retirement communities in California are doing the same thing. This is our competition.

Several local Real Estate Agents have written letters to the PRC saying that prospective buyers complain about the dark colors of the houses and the lack of an exercise room.

Leisure Village Oceanside operates their exercise room as follows: The users must sign two statements. The first is a certificate that they have received instructions on how to operate the machines, and the second states that they, the users of the exercise room, assume any risk for injury that may occur. Leisure Village Oceanside has not had any lawsuit filed against the Homeowners Assoc. in the ten years they have been in operation.

The PRC recommends we operate our exercise room as it is operated in Leisure Village Oceanside.

State Farm Insurance Co. will raise our liability premium by \$280 per year, because of the Exercise Room. They have informed us that the \$280 premium is based on their experience with the 500 to 600 associations they insure in California.

### Exercise Room: Another View

By Phil Belsky, V.44

Our Board has been requested to provide an adequately equipped exercise room for Leisure Village residents. The L.V. Racquet Club has also requested space and equipment for a table tennis facility. Each activity require approximately 1,000 square feet of enclosed indoor space.

The only building in Leisure Village suitable for these activities is the 5,000 sq. ft. shuffle board annex building. This building is presently limited by the

Camarillo Building Department to a storage facility only because the bathrooms installed were not made for handicap use.

Here is a new 5,000 sq. ft. \$90,000 structure half empty, occupying premium space in the middle of our recreation area. The building is used to store donated merchandise for resale, Player's Guild props and Leisure Village equipment.

Merchandise and equipment can be stored in rental trailers or a quonset hut installed in our R.V. parking lot or behind the administration offices. Space is not such a premium in these locations.

Dear Fellow Villagers,  
Eastern Camarillo, including Leisure Village, has not truly been represented on the Camarillo City Council since the days of former home-owner Bill Esty.

Now is our chance to correct this unfair balance of power. Al Fox is a Leisure Village homeowner, a successful businessman and one who has knowledge and understanding of our needs.

There is no finer candidate running for the City Council seat than Al Fox. We encourage you to vote for Al Fox on election day, November 5.

*Editors' note: The foregoing letter was signed by 40 villagers, whose names are not printed due to lack of space. However, names will be supplied on request.*

Let's use the recreation area for recreation purposes!

Change the shuffle board court bathrooms to handicap usable bathrooms, finished walls, partitions and air conditioning would have to be added to the Annex Building. Install an exercise room and a table tennis room. Retain space for Players' Guild sets. Allocate remaining Annex Building space for future club recreation activities.

*Ed. Note: The PRC made a study on using the Shuffleboard annex use by people. They found it was very expensive to convert. Please consult Gus Ward, PRC*

Letters.....from pg 2

Thank you, Dick Travis, for your dedication to the difficult job of getting the votes necessary to attain passage of **BOTH** the CC&R's and the By-Law Amendments.

You, with your tenacious volunteers, faced with the knowledge that if you worked hard enough you could obtain enough votes to hopefully achieve success, kept the faith, and were victorious.

Thanks to all who participated in this valiant effort.

Georgia Griswold, V 22

The outpouring of phone calls, get well cards and attention is overwhelming. Bob and I also appreciate the food, plants, and concern from the villagers. Thank you, thank you all. My broken leg will be in an awkward cast for 3 months, limiting my activities, but I plan to be as active as I can.

I wish to take this opportunity to thank all my friends for their thoughtful cards, gifts, and food during my time in the hospital and recovering at home. Thank you all again. The phone calls cheered me up too.

I would like to take this opportunity to thank my friends and neighbors for their cards and telephone calls during my stay in the hospital for a hip replacement. I will always remember your thoughtfulness and kindness which helped so much.

Ann Donahue, V.37

The family of our dearly loved sister, Gladys Plotkin, is truly overwhelmed by the love and caring shown us by the wonderful people of Leisure Village. It does indeed take a Village, and we are all so fortunate that ours is Leisure Village.

We thank you all for the many cards, tributes and

telephone calls we have all received.

Gladys's quality of life was so painful these last months that we all take solace in that she is now at peace.

## What If (The Dreamer)

By Sonia Brink

What if

we had no boundaries and could travel without taboo? We would know different cultures and learn from them too.

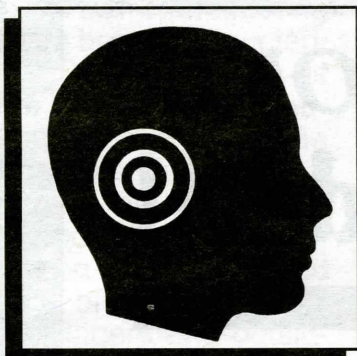

What if

all countries would produce food that grows best in their land and share? Then no one would be hungry, and there would be no famine anywhere.

What if

we would learn about every religion and respect them all? Then maybe no one would believe theirs is the only one great: there'd be no more burning, killing and hate.

Our thanks to all you dear people for your cards and calls following Max's recent operation. We greatly appreciate your caring.

## A Tribute To: Gladys Kaufman Plotkin (Tanya)

By Josephine Cuffari Markey

"Tanya" she replied when I asked her for a nickname to call her by and, because of her exotic nature, Tanya it was between us.

Across the black night sky  
of her own personal, physical pain,  
mental anguish and emotional suffering  
her own..unexpected and miraculous...  
Shooting Star-like Spirit flamed.  
Then...just like a shooting star..  
unexpectedly, and much too soon..  
her light was gone.  
But not too soon for "Tanya"  
(Couldn't you just hear her say:  
"Enough, already!")  
And now her black, black sky  
of earth bound pain is also gone.  
But in the hearts of those of us who love her:  
her own unique, Shooting Star of flaring Spirit  
glows with sweet remembrance.

## A Pique at Politics: Good Idea, Poor Execution

By Barbara Simons

On Thursday night, October 9, 1996, a good idea was struggling to be born, and we really won't know if that good idea will flourish or be stillborn.

It was billed as a "discussion" group, but for some it sounded more like a "spleen-venting" group with a smaller sub-group of "Please don't confuse me with the facts, my mind is made up." There was an even smaller sub-group of "Let's Forget Civility."

The idea, however, is sound. The suggestion put forth by several attendees that a once a month group discussion be held as a Town Meeting to give the Board, and village residents, more input than they would ordinarily receive from residents' 5 minute statement on the first Monday "Open Board" meeting. All board members should be invited to attend, but not required.

The Town Hall meeting must be better-conducted, follow Robert's Rules of Order and have more unbiased moderators. The subject must be chosen, in advance, be well publicized, including announcements on Channel 12 and a panel of invited experts, both villagers and outsiders, who may be relied on

to keep the facts straight throughout the meeting.

Discussion based on false, and /or partial truths lead to anarchy, spleen venting and incivility. If that's your idea of discussion, then you're not made for politics in Leisure Village...try the Republican or Democratic parties.

Ideas must not be discounted, nor reduced. The "cult" of personality must go.

If there is any homeowner who doesn't understand that politics is the art of compromise, then a course in government and political history is highly recommended.

As my contribution to the concept of "Town Hall" I will add a retrospective fact or two about what was stated on October 9.

On page four of the October, 1996 Leisure Village Ocean Hills Newsletter, a Board sanctioned publication, you will find there a reproduction of a letter from the Village's attorneys. It states that the homeowners have just won a "buildings' defect" award levied against the now bankrupt builder, Leisure Tech. The total award to the homeowners was the largest award of this kind in California.

The homeowners' award will be \$20,800,000. That fact somehow got totally misinterpreted by a resident's report that night. Ocean

Hills is not bankrupt but will, in fact be, many millions of dollars richer.

The exercise machines still stand in Leisure Village, Ocean Hills, despite one of our resident's stating they were no longer there. Their Village is talking about a whole new and larger building for the Fitness activities. With their award they can afford to build whatever they want.

To the former insurance committee person: you may check the facts given to the Board in writing. Have you ever met an insurance man that generously UNDER STATES payments for insurance? Our long-time insurance man is not "some guy off the street" and our increased cost for the exercise room is \$280 more per YEAR.

That night you heard the truth from Mike Shapiro, Board Member; Gus Ward, Chairman of the PRC, Moe Kadish, chairman of the ad hoc committee of the PRC. They all stated that there was no "pro and con," there was only an investigation, known as a feasibility study going on.

Conclusionary jumps to higher home owners' fee from a preliminary feasibility study is just too illogical a jump for my mind to make. But if you get your mental exercise by jumping to conclusions, then the See PIQUE.....Pg 21

# FINALLY, SOMEONE TO VOTE FOR KATHY LONG

## EXPERIENCED LEADERSHIP FOR VENTURA COUNTY

As Chief of Staff to Supervisor Maggie Kildee, I have directly dealt with many of the issues we now face—crime prevention, economic revitalization, protecting our greenbelts, improving county services and using our tax dollars wisely.

My goal as your representative will be to preserve our quality of life and economic security while doing all that I can to prevent our communities from becoming like Los Angeles.

I know our community will be served much better if my voice is heard on the Board of Supervisors. I promise it will always be a voice that speaks for all of us.

*Kathy Long*

*"Kathy Long's experience, extensive knowledge of the issues and her commitment to helping people have made her invaluable as my Chief of Staff. Kathy has utilized her leadership skills and perseverance to solve the problems of residents in Ventura County. She has my full support."*

## The Doctor Is In

- by Dr. Jonathan E. Bugh, D. C. -

## Sciatic Pain

Sciatica is manifested by pain in the buttocks with pain radiating down the back of the legs.

It may be both sides but it is more common on just one side.

Sufferers of sciatica pain have compared their discomfort in the back of their leg to a severely throbbing toothache. The pain can become so severe as to totally disable the sufferer.

Sciatica usually accompanies low back pain, but may be more severe and may occur alone.

"It is mostly commonly caused by peripheral nerve root compression." (Merck Medical Manual)

Spinal vertebral fixations (misaligned vertebrae) in the lumbar spine can and do cause peripheral nerve root compression.

These misaligned vertebrae may, in turn, be caused by old back injuries and later aggravated by back strain due to stressing of the lower back and abdominal muscles through trauma, improper lifting, sports injury, work injuries, etc. when this condition occurs the sciatic nerve can become inflamed from the lower back all the way down the back of the leg resulting in pain, numbness in the leg and or foot and even weakness in the muscles. The sciatica nerves supply energy to the muscles and joints of the hips, buttocks, calves and feet.

The sciatica nerve is the largest nerve in the body. It is formed from several nerve branches emitting from the lower part of our spine. It runs down the back of the leg all the way to the toes.

Many doctors are often frustrat-

ed by sciatica because very often even the strongest pain killers do not give any relief to the sufferer. As with many drugs, there is also the risk of becoming addicted or dependent upon them. The main thing to remember about drugs is that they do not correct or treat the cause of the problem. They mask the symptom.

As doctors of Chiropractic, we use spinal adjustments to reduce pressure on the "pinched" spinal nerves, thereby relieving the pain. Chiropractic treatments help reduce the inflammation of the sciatica nerve and are especially effective when treatments begin in the early stages of the condition. If you choose drugs first, you are simply masking the pain, and even though you may be experiencing some temporary relief, you can be further damaging spinal nerves and thereby allowing the problem to become worse.

Other than a Doctor of Chiropractic, there are very few doctors who are capable and qualified to successfully help spinal disorders. Therefore the first and primary consideration, before even thinking about back surgery, should be a chiropractic consultation.

Any past sufferer of sciatica pain who has had the cause removed through chiropractic will gladly testify that chiropractic treatment first will be the last treatment needs!

## Liedeleers

By Selma Lich

Time not only marches on but flies by virtually unnoticed as it has for Leisure Village, age 23, and for the Liedeleers singing group, age 15. Both are to be congratulated for survival and for continuing to thrive and grow.

This singing group has been inundated with applications for membership from new villagers some of whom, it is rumored, are waiting for admittance to prestigious Juilliard or the "Met". Being an equal opportunity entity, steps will be taken by the Liedeleers to level the playing field by providing for all its members good, clean musical pleasure in a relaxed stress-free environment with no requirement for intimidating auditions.

Meetings are on the second and fourth Tuesdays of each month at 10:00 a.m. in the Lanai Room. Do drop in to visit or to join while there are still openings available. Everyone is welcome. For information please call Selma at 484-8129.

## Free Yoga Class By Eunice Hubbard

Those of us presently in weekly Yoga sessions extend an invitation to all villagers to join us in a free yoga class on Friday, November 8, at 10:30 a.m. Please check with the Recreation Office for the location of this free class after November 1. Our experienced instructor will be Erin Sheffield who has taught Yoga for 20 years.

Beginners are especially welcome! Learn stretching and strengthening postures, breathing and relaxation techniques. Take control over your body and emotions and reduce stress! Don't forget your mat or a blanket for comfort.

## Meet Your Neighbor

By Carol Heyerick

Meet Your Neighbor, meets on the last Friday of the month in the Garden Room at 2:00 p.m.

At the September meeting, Hildi Taylor, Chairman, told about the many clubs

and groups open to all such as: golf, tennis, swimming and exercise. She also mentioned bridge groups which meet several times a week, Tuesday morning crafts, computer classes, dancing and singing groups. With the variety of activities available, it should be no problem for newcomers to find an inter-

est.

Guest speaker for October 25 will be vice president Hunter Cohen of Leisure Village Board of Directors. He is the liaison to the Channel 12 Committee as well as other committees. Eileen Cohen was asked to say a few words about the excellent library. You will enjoy listening to both of

them.

All are welcome to attend the October meeting.

## SENIORS FOR UNRUHE

### BOB UNRUHE FOR CONGRESS, 23rd DISTRICT

#### DOLE-GINGRICH-GALLEGLY: OUT OF THEIR OWN MOUTHS ON MEDICARE!!!

Bob Dole on Medicare. Speech of October 24, 1995: "I was there fighting the fight, voting against Medicare, one of twelve, because we knew it wouldn't work in 1965."

Newt Gingrich on Medicare. Speech of October 24, 1995: "We don't get rid of it in round one because we don't think that's politically smart ... but we think it's going to wither on the vine because we think people are voluntarily going to leave it."

Elton Gallegly on Medicare. Newsletter, 1996: "The Republican plan saves \$132.8 billion from Medicare Part A, and \$137.2 billion from Medicare Part B. Therefore, total savings in the Medicare program are \$270 billion."

Bob Unruhe receives the benefits of Medicare and Social Security and knows how beneficial they are to the health and welfare of Senior Citizens and their families. The Dole-Gingrich-Gallegly team has tried to cut back on these programs and will be successful if they are elected in November. Their "savings" in Medicare would have provided a \$245 billion tax cut for the rich. Their plan would also have required a 100 percent increase in Medicare premiums to be deducted from our monthly Social Security checks. Fortunately, this plan did not come about as a result of the tremendous pressure from the Senior Citizens of the country and the veto of President Clinton.

**Bob Unruhe wants to:**  
Protect Medicare!  
Protect Social Security!  
Protect Family Programs!

**Bob Unruhe's background:** Air Force veteran • many years' experience as high school teacher of history and government • eight years as an elected city councilman in Culver City • three years as an elected member of the California Senior Legislature • married 46 years, five children, seven grandchildren.

After 5 weeks of League Bowling, "Joe's Gang" is in first place, with teams "Pin Pals" and "Kar's Gang" tied for second.

With some high scores so far this season, and with both the men and the "pretty ones" heating up the lanes, it looks like a banner year for bowling.

Meriam Laird leads the way for the ladies with a big 192 game, followed by Vee Flowers 188, Esther Knopf and Helen McGinnis 185, Virginia Mettler, a new bowler to the League, 182, Nancy Moyer and Carol Van Horn 178. Carol also has a scratch series of 475.

For the men, Al Defusco is high with a 227 scratch game, Joe Kremer 223, Hal Brotsky and Al Sparkman, 211, Jerry Schneider 210 and A. D. Flowers 205.

For the would be bowlers out there, call or come down to the lanes and see what you are missing. Subs are always needed.

## GEM AND MINERAL CLUB

**By Don Holmes**

At the Gem and Mineral Club meeting in September, Pres. Dana Street announced that the lapidary shop has received some welcome improvements. The most outstanding are the new table-tops. They are so terrific that one would be reluctant to work on them for fear of doing them damage. However, that is what they are for, so come try them out.

Lois Bear, who always enters her work in the Ventura Fair, showed the work for which she won first and second ribbons.

Because of the holidays, the October 23 meeting was the last meeting before the club meets again on Wednesday, January 22, 1997 at 7:00 p.m. in the MPR

## CERAMIC MOLD DECORATORS CLUB

**By Pepper Heimowitz**

November is a busy month for the Ceramic Mold Decorators Club. An early holiday season celebration luncheon will be held at the Sea Food Parlor in Camarillo on November 6. The club has also been invited to exhibit members' finished ceramics at the annual Arts and Crafts Show.

In October, the club participated at the reception of the Garden Club's tour of homes in Leisure Village. Members' hand decorated pieces were on display.

The kilns are being over-worked because of the many projects created by the participants this past month.

The club always welcomes new members and visitors to workshops held every Wednesday at 10:30 a.m. to 3 p.m. in the Ceramic Room.

## THE CERAMIC PLUS CLUB

**Don Holmes**

The Ceramic Plus Club participated in the LV Art Show on October 12. Nothing was for sale at that time, although there were many offers to buy. Another show is planned early next year in which the various clubs will have sales. Watch the ILV for the announcement.

Al Pachter gave a talk on ceramics, noting that it is the oldest art form in the world and the most durable. He called attention to the Chinese Ceramic Warriors in the October National Geographic magazine.

He also showed a tape on calligraphy which was of special interest to those who do pen and ink work.

Because of the holiday season, this was the last meeting of the year. The next meeting will be January 22, 1997 at 10:30 a.m. in the MPR.

## L.V. RACQUET CLUB

**By Ida Kubica**

The Racquet Club September meeting was well attended by regulars and guests who are encouraged to return as players and members. Ben Miller, pres., quoted a vignette to live by, "Life is a journey, enjoy the ride. Tennis is a ball, let's love it." He read a news item about the Camarillo Brian twins, U.S. Doubles Champions, Junior division, now the number one team in the U.S. and the world. On the opposite end of the age scale, Les Solomon told about the achievements of Dodo Cheney, 81, who along with Corky Murdock, won six Grand Slam Tennis tournaments. Dodo Cheney claimed 269 gold balls for winning in the national tournaments, while Agassi has to date won only one. It's never too late!

Kudos to Al Feldman, Doug Ross and Sy Wyler

for helping Max Nelson and Al August enjoy the pool. It was a labor of love.

Mystery guest, Wanda Saari, a terrific dancer and paddle tennis player, was born in Buffalo, N.Y., married Urho in 1934 and moved to California in 1939. After a period of secretarial work with Remington Rand, she taught swimming in El Segundo grade school for nine years where Urho was the swimming coach. The Saari family is an honored legend at the National Hall of Fame for the many medals received in Olympics Swimming meets. After their two sons and a daughter left, Wanda and Urho moved to Leisure Village in 1977, which they saw as the best place to enjoy the many activities they both shared.

November 13 is the next opportunity to enjoy the camaraderie of fellow members and the delicious goodies of Faye Zelmon and volunteers. See you there at 7:30 p.m. in the MPR.

## R.V. CLUB

**By Kay Murray**

Most of the September R.V. meeting was taken up with a concern that another portion of the R.V. lot might be taken for off-street parking for employees. It was reported that tentative plans have been formulated to set aside 24 spaces along the fence nearest L.V. Drive and the West gate. Members had concerns that at some future time, new residents will add more R.V.s and require the full city requirement of one space for every five homes. It was also stated that L.V. is already short of compliance with the city ordinance in that respect.

A new slate of officers for the club was voted in at the October meeting. Basically, they are the same as the

past year except that Art Thomson has moved up to 1st v.p.

Wagon masters Hank and Rene Clare led a great campout at Pismo Beach in September. The park facilities were outstanding, located a modest walking distance through a sand dune to the beach front. The beach was spectacular with a sizable bird refuge area, a pleasant beach walk, surfers to watch, and quaint shops nearby to browse.

November 1 is the deadline for signing up with wagon master Gerry Stone for the campout at Thousand Trails in Soledad Canyon. The dates are November 15-17, and the cost is \$15 per night. All villagers with recreational vehicles are welcome to join. For more information call Gerry or Barb Stone at 388-8867.

The Leisure Village Orchestra played another concert on October 15 at the Mary Health of the Sick retirement home in Newbury Park. The group has performed there in the past, and, as always, before an appreciative audience in a large assembly room in front of large plate glass windows opening out on a beautiful sweep of lawn.

Orchestra rehearsal is in the MPR on Thursdays from 7:00 to 9:00 p.m.

## SWING DANCE GROUP

By Marjorie Kude

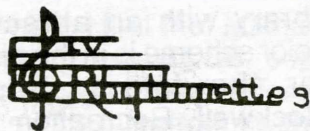

Swing Dance Group will hold its next dance on November 2. Featured will be the Sound of Big Bands. Henry Carfagna will host the evening. Come and reminisce to danceable tunes of days gone by. On November 16 the group will present Fall Frolics with Luella and Paul Kelwin hosting the evening. Coffee, tea and punch will be available. Donation 50 cents BYOB. All Villagers are invited to come.

It is with regret that the group announces that due to ill health Marguerite Abdelnour is unable to continue as president of the committee for the Swing Dance Group. As a group, the committee is resigning at the end of this year.

However, dance music will be provided until then. In order to continue Saturday night dancing in the AR, it will be necessary for volunteers, to form a new Dance Group Committee.

Marguerite and the committee members wish to thank the dancers for their loyalty and support in the past, and a hope new group of volunteers will come forward and continue the Saturday Swing Dances. For more information contact:

Henry Carfagna 484-9983, Luella or Paul Kelwin 987-1446, Ann or Irv Dubin 484-8988, or Marjorie Kude 987-6472.

On October 25, for an early celebration, the Rhythmettes enjoyed a sandwich, dessert, and coffee in a Halloween atmosphere. There is so much talent in the group, that there was no problem putting together entertainment for the fun time. The members "look" for the evening was just about anything that could be put together such as noses, hair, hats, cover-up capes, etc. Beautiful music is always ready as there are some outstanding singing voices and other talents in the group.

The Rhythmettes, having been a "club" for twenty years, were dumbfounded one day to learn that the club had been reclassified as an "activity". This has been corrected and the Rhythmettes is again classified as a "club" with officers, regular board and business meetings as usual.

Practice as usual on Tuesdays in the AR 1:00 to 2:30 p.m.; board and business meetings once a month with Piff De Simone, director, and Lily Baker, pianist.

## VILLAGE SWINGERS SQUARE DANCE CLUB

By George Nolte

It was "School Daze" for the Village Swingers Square Dance Club which met on September 3. Appropriate dress was anything worn from K to 12. Most of the attire was patterned after today's teens, e.g. skirts/jeans, blouses, bobby socks, baggy pants and shirt tails hanging out. It was comfortable dress and it had a psychological effect on the dancing.

The Executive Board

met at the home of Mary Kovach and the general meeting was held on the second Tuesday of the month. The Swingers will perform in an "Exhibition Square" for the Bocce Club at its Holiday Dinner.

"The Good Old Days" was the theme for the third meeting. Swingers' pictures in their early years were displayed. The changes were amazing. Unlike good wine, very few claimed improvement with age.

Just a reminder, dances are every Tuesday from 7:30 to 9:30 p.m. alternating squares and rounds.

## THE LEISURE VILLAGE WOMEN'S CLUB

By Doris Kadish

The monthly meeting of the Women's Club was held on October 3. Edna McCormick, Pres., opened the meeting with the Pledge to the flag.

The minutes were read by Dorothy Fencil and approved as read. Committee heads reports followed. Piff DeSimone announced that the program for next month will feature Vivien Mason, an Oxnard vocalist. She has received many awards, among them, The Golden Star Halo Award from the Southern California Motion Picture Council and the Readers Poll, Best of Ventura County. She has appeared in movies, night-clubs, cruise ships and USO shows. Come and enjoy!

The members were then treated to a performance by the Leisure Village "Belles of Harmony" under the direction of Lois F. Bello with piano accompaniment by Esther Kuebler. They all looked smashing in their costumes of white skirts with silver sequin shells

and blue sequin jackets and they sang as good as they looked. The program included songs we all remember and enjoy. Miriam Dubowsky played a Scott Joplin piano solo. The last number was a sing-a-long but the audience would need more rehearsal to reach the level of the Belles.

Refreshments were served by the refreshment committee headed by Lillian Pizors. As always they were delicious.

## TRADING POST

By Irene Cunningham

The Trading Post and Workshop worked diligently to prepare for the "Big Bazaar" of October 12. The Club anticipated an enjoyable day for the Village. Some highlights will be listed in next month's article.

The Club wishes to show appreciation to the donors of the items, to the buyers of the wares and especially to the many devoted workers. Thanks for the support.

For pickup of future salable items, please call Irene 987-2627.

## Library

By Eileen Cohen

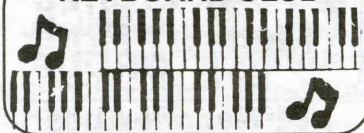

Reminder to all Villagers -- not all references are on Library shelves. The bulletin board in the corner has the latest working LV Board minutes and other items of special interest. Just now it is the copy of the Times article referred to on page one of the September *Village Voice*. Atop the cabinet, are Board minutes, Committee minutes and a book of Architectural Specifications.

Please try to overlook the disintegrating upholstery. The Board is aware of it and something will be done. A more comfortable

library with an attractive color scheme is in the plans for the future. Susan Rockwell, Recreation Facilities Manager, has already received an estimate of cost for the work and is waiting for the Board's decision.

Where are those books that are never returned? A book stamped "Leisure Village Library" was bought recently from a local used book store. Please consider other readers and return Village books to the Village library.

## KEYBOARD CLUB

By Ray Andres

The Keyboard Club did not meet in October but will resume its regular schedule on November 15. Meetings are held on the third Friday of each month at 1:30 p.m. in the AR.

All villagers, and especially new performers, are invited to attend. Refreshments will be served as usual.

## Page From a Memory Book

By Ruth Brott

One day, early in the beginning of my tenure as Director of the Operation Exodus Project, I drove out from my office in New Jersey to J.F.K. International Airport with a photographer and staff writer from our community newspaper to meet an Aeroflot plane carrying five Russian Jewish families into our area. Exhausted from the long flight and the almost as long session with United States immigration authorities, they were permitted to see no one until they were allowed through the swinging doors into the waiting room where they were greeted by the tumultuous crowd of people looking for "their" assigned immigrants.

These bewildered new arrivals did not know what to expect, coming into the brightly lit waiting area, clutching a crumpled piece of paper with their destination scribbled in a few English words. They were overwhelmed with their reception, when eager American "cousins" embraced them with laughter and tears, scooped up the little ones and whisked everyone away to the waiting cars for the short journey to their new homes. That was

where I first met Mikhail, a young man of 38, courageously coming to forge a new life in freedom with his wife and their two young children. A strikingly handsome man, Mike (as he immediately insisted upon being called) seemed totally in charge of the situation, swiftly rounding up kids and gathering up baggage, then heading for the waiting transportation.

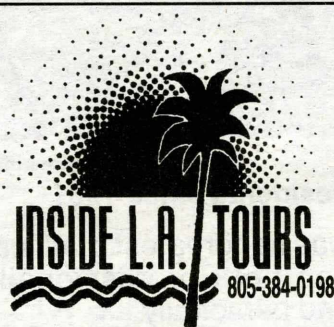

When I visited Mikhail and his family in their new surroundings a few days later he did not seem quite so assured. Yes, he remembered me from the airport, but as we sat on the couch in his beautiful new apartment fully furnished with gifts from his new Jewish community, he seemed genuinely puzzled, and wondered aloud to me why people had done "all of this" for him and his family. Enconced in a modern, two-bedroom apartment, which had been secured for them by the Jewish Family Service and whose rent was paid for the next six months by that agency, Mike told me that all their married life he and Sofia had lived with her parents in Kiev in a cramped, one-bedroom flat. This newfound luxury was totally unreal. For Mike and Sofia with daughter, Fania, and son, Sasha, had been ushered into this beautiful apartment in a tranquil suburban setting, finding a new home fully outfitted down to the soap and toothpaste in the bathrooms and the eggs, orange juice and milk in the refrigerator! The Jewish community eased their way.

Bemused, Mikhail kept wondering why this large

gedge had fallen to them, why he and his family were being welcomed so lavishly into this new world. I shall never forget his words to me that first week of living in America: I don't know why this is happening to me; I don't know why my fellow Jews have taken me and my family into their bosom in such a loving

## Profile: Paul White, A Teacher's Teacher

By Herman Waltzer

Mathematics, nemesis of many a hapless student, has been the challenging, enjoyable, and stimulating vocation of Paul White, Village 42.

After academic studies culminating in a Ph. D. from the University of Virginia, Paul started a long term (35 years) teaching career at the University of Southern California where he taught both undergraduate and graduate courses in mathematics. Eventually, Paul became head of the U.S.C. Mathematics Department.

During his tenure at U.S.C., Paul trained educators throughout the world in the methodology of teaching mathematics. Paul's travels brought him to a variety of interesting and exotic places including Innsbruck, Austria (where he was a visiting professor), India, Nigeria, Uganda, the Middle East, and other locations. While in Africa, he authored textbooks for local teachers of mathematics. During his travels abroad, the White family shared many memorable experiences.

In addition to training foreign teachers, Paul also participated in domestic programs. He contributed to the "Unified Modern Math" project which produced textbooks for advanced high school math-

ematics students and also coordinated the introduction of these texts to the Los Angeles City School District. Finally, after the texts were distributed, Paul trained district staff in the use of these texts as a teaching tool.

Other facets of Paul's career include authorship of professional papers such as mathematical applications to computers. He was also, for a brief period, a consultant to a Las Vegas gambling casino.

His efforts there involved the use of probability theory in the detection of employee fraud.

Paul is not the only mathematician in the White family.

His spouse, Lucille, taught math for many years at Los Angeles City College. Helping students master math fundamentals

was her greatest gratification both professionally and personally.

After the Whites moved to Leisure Village in 1981, they became active bridge players. Lucille has organized bridge tournaments in the Village, and has also demonstrated her proficiency by acquiring Master Points in duplicate bridge play.

The Whites' other hobbies include tennis, golf, hiking, organ playing, and travel. Paul and Lucille have been on more than a score of ocean cruises. There are many mementos in their living room from their foreign travels and sojourns. Most notable are some exquisite African wood carvings.

The White family includes one daughter, two sons, and two grandchildren. Only one of their children has continued the

family tradition in education. He teaches physical education and English as a second language.

The Whites are among those of our residents who have had a most fulfilling life as exemplified by their professions and travels.

### Milestones

The White House will commemorate special occasions in your life with a

letter of congratulations. Birthdays of 80 or more, wedding anniversaries of 50 or more, special awards such as Eagle Scout, etc.

Make the request in writing, Next giving your complete name and address, and information about the occasion. Mail to:

## "To The Retiree Who Wants To Protect Your Money, Income And Assets From Being Wiped Out!"

Retirees who have not set up proper strategies can have all of their net worth wiped out when someone in the family goes into a nursing home. The government can literally take your CD's, Social Security, pension checks, investments, IRA's...you name it.

One of the biggest myths around is that Medicare will pay for Nursing Home expenses. This is completely WRONG! In fact, Medicare usually pays NOTHING towards the costs of staying in a long term facility! YOU are responsible for every dime of Long Term Care Expenses! Many people think that Medi-Cal will pick up the costs of Being in a nursing home. That's true. But, they will only pay after you've lost everything you own! You have to be broke before they kick in a dime!

They can take your Social Security and pension checks, and have them direct deposited to THEM! They can attach your IRA's, CD's...anything! Don't let this happen to you. You need the information that'll teach you how to avoid being a victim of our government's awful secret. You can learn what you need to know by getting a FREE new report called, "How To Protect Your Wealth From Being Taken If You Need Long Term Medical Care." You can get your copy by calling 1-800-867-9237, 24 hrs., for a FREE recorded message.

# ATTENTION CAMARILLO SENIORS!

## Why Are Bill And Hillary So Afraid Of You Attending This Workshop?

You can now go to jail because of your lack of understanding of current Medi-Cal law! JAIL, that's right! Hidden in the Welfare Reform Bill that was recently passed by Congress and signed by our President, is a little provision that, starting January 1, 1997, it is now a felony to dispose of assets in order to qualify for Medi-Cal. The punishment for this offense can be 5 years imprisonment and up to a \$25,000 fine! This means that a 75 year old grandmother who gives money to her grandchildren in the months preceding a nursing home stay will be guilty of a felony.

In California, seniors are losing their money, their income, and their homes at increasing rates because they don't understand the differences between Medicare and Medi-Cal. Most seniors think that Medicare will pay for some, or all, of any nursing home care you or your spouse may need. Unfortunately, this myth simply isn't true! Did you know that if you require a stay in a nursing home...YOU are responsible for everything! And in order for Medi-Cal to step in and pay...YOU MUST HAVE GONE THROUGH MOST OF YOUR ESTATE! In other words, you have to be virtually penniless before Medi-Cal will pay for a nursing home!

**The Government Can FORCE You To Liquidate ALL OF YOUR ASSETS, And Wipe Out Your Life Savings And Income!**

You've worked hard, and saved every penny you could. Scrimping, making do without things, put your kids through school, paid your mortgage down, maybe bought a vacation home. Now you're retired and you should be able to relax. You've got health insurance and/or Medicare, a monthly income and should be OK.

But what if you or your spouse gets sick, resulting in a nursing home stay? Starting on January 1, 1997 if you make any improper asset transfers or gifts during the 30 months (soon to be 36 months) prior to a nursing home stay, your punishment may be spending time in jail! This is bad policy!

**Your Estate Must Be Reduced To \$2,000 To Get Medi-Cal! The Average Couple Would Be Wiped Out After Only A Few Months In A Nursing Home!**

You worked your whole life, pay taxes like there's no tomorrow...and when you need to get some return from those tax dollars...it's just not there!

Rich people don't worry as much, because they can afford to buy high premium nursing home insurance policies. But even they could end up in trouble, because many of those policies have severely restricted benefits. Many of them only pay a small portion of the bills, and then for only a few years! If the illness is serious enough, you too, will have to start digging into your savings. And we all know what happens, and how fast your life savings disappear once you dip into the principal. Especially with nursing home costs running over \$40,000 per year!

Plus, I'll bet you didn't know that the 1988 Spousal Impoverishment Act forces the healthy spouse to lose half of their combined countable assets...and even more, if you're "wealthy" enough!

**Yes, They Can Take Your Social Security And Pension!**

Medi-Cal rules allow the government to take your entire Social Security and pension to pay for the nursing home. It's sickening...but true! And once you've entered the nursing home, there's little or nothing that can be done to stop the financial disaster! Unless you've set up a legal Medi-Cal protection plan before you or a spouse gets sick, you're out of luck!

**You CAN Protect Your Life Savings...Discover The Little Known Legal Secrets No One Has Told You About!**

For the past several years we have helped our clients bullet-proof their assets from the reach of the dreaded Medi-Cal Spend Down. Starting January 1, 1997 we can no longer show people how to protect their

assets. This new law makes it illegal.

**YOU MUST ACT NOW! If You Wait Until January 1, 1997...It May Be Too Late!**

**FREE Workshop Reveals The Secrets You Must Know!**

A local firm has helped families take decisive legal actions to protect their life savings and ensure their future. They are now hosting a series of FREE workshops that will teach you:

How to legally avoid the 30 month "waiting period" (soon to be changed to 36 months). How to virtually bullet-proof your home, so it may never be taken away! Why "giving" money to your children may not help a bit! How to take steps that may prevent your CD's and other bank accounts from being frozen! The almost unheard of methods of maintaining control of your assets...while shielding them from Medi-Cal! The truth about Living Trusts, and why they may not be what you think they are! Little known legal loopholes to protect your life savings! And much, much more!

**Find Out What You MUST Know About Protecting Your Estate...Before It's Too Late!!**

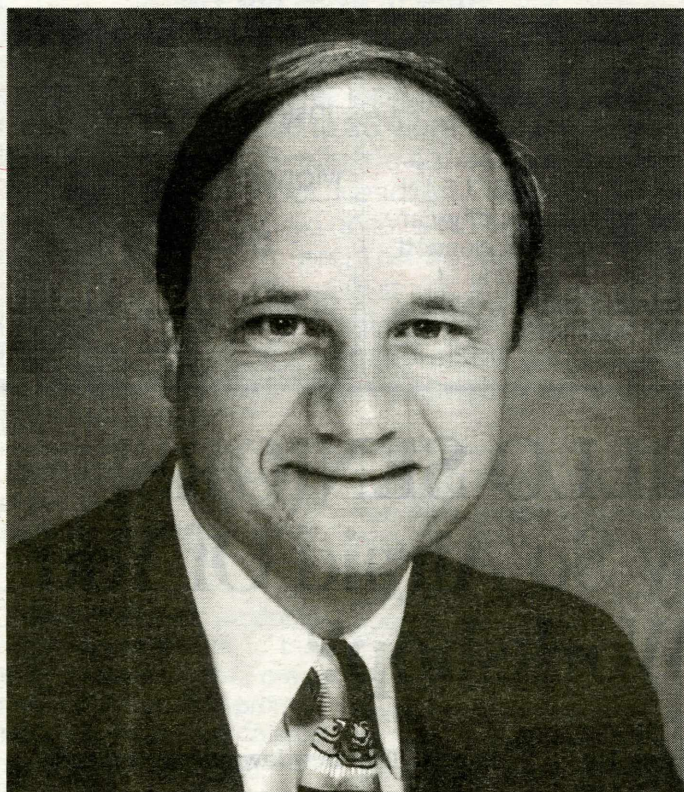

This new provision that is hidden in the Welfare Reform Bill is shocking. If Medi-Cal planning is important to you, there is still time to act before this new law takes effect.

If you'd like to learn more about how to protect yourself NOW, we're holding FREE workshops on Wednesday October 30 and Tuesday, November 5 in Camarillo. Please call our office at the number below for times and location.

A complimentary continental breakfast will be served prior to the workshop.

Call toll free 1-800-579-5342 to make your reservations TODAY, while this is fresh on your mind! Don't wait until this new law becomes effective! Seating is limited, so call NOW!
