A Message from Governor Brown

“I am determined that California, soon to be the largest state, will continue to be the first state in education, economic opportunity, natural resources development, recreation and law enforcement. I am equally determined that we continue to live within our income as we move this state ahead.

“Your Democratic team in Sacramento is proud of its achievements over the past four years. We pledge the same vigorous action in behalf of all Californians during the next four years.”

GOVERNOR BROWN GETS THINGS DONE!

Since his election in 1958 by a majority of more than 1,000,000 votes, Governor Pat Brown has kept every promise he made to the people of California.

Here are the highlights of his record—a great record that has made California the first state in the Nation.

EMPLOYMENT, wages and retail sales at all-time highs. New industries and payrolls moving into California at record-breaking pace.

NO TAX INCREASE in three years despite greatest population growth in history. All four budgets soundly in balance. Not one penny of deficit spending.

EDUCATION in California leads entire Nation, thanks to Governor's acceleration of classroom construction and higher teacher and curriculum standards.

ABUNDANT WATER and flood control for all of California under Governor Brown's massive water plan. 700-mile man-made river will add billions to state's economy.

NARCOTICS LAWS under Governor Brown toughest in history. California keeps peddler behind bars but rehabilitates his victims.

PRESIDENT KENNEDY HAILS BROWN RECORD

“Under Governor Brown’s leadership, California has moved ahead with sound social and economic programs, modernized and expanded its educational system, developed an historic water program, passed laws guaranteeing the right to fair employment and enacted other progressive legislation benefiting all California.

“We in Washington are cognizant of these and other truly significant achievements. They constitute a proud record. California, the state which is soon to be first in population, should continue to have as its Chief Executive a humane and enlightened leader.”
