GOVERNOR

July 20, 1977

The Honorable Sue Hone  
Mayor  
City of Berkeley

Berkeley, California

Dear Sue:

It is a pleasure to invite representatives of the California Elected Womens Association to attend a day-long forum in my office on August 10.

I believe that the format that you and Elisabeth Coleman have worked out will provide for a profitable exchange of ideas between your members, the guest speakers and my staff. In addition to those who have been listed as potential participants, I have contacted March Fong Eu about the possibilities of her being a speaker and taking part in other activities during the day.

California elected women have contributed much to this state. I look forward to meeting the members of your organization.

Sincerely,

A large, stylized handwritten signature of Edmund G. Brown Jr. in black ink, written over the printed name and title.
