

Villa La Jota
June 20 '90.

Dear Dunder,

I am sorry that you are in
such a state and hope that Mamma &
Maggie will get better. Mrs. Lichen received
your letter yesterday and rode on Polly
to Mrs. Mc Lure's house to get it. Polly is
the horse she is twenty years old. Mrs.
Lichen & Miss Lichen from San Francisco
are here. Miss Lichen is Florence's age.
The Bushmans from Alameda are here.
There is the mother and two girls and they
have been to Europe and speak German,
French & English. There is one, the younger
one that is fourteen and will graduate
next Christmas and the other paints &
sketches, plays the Piano and Guitar.
The younger one plays the Mandolin &
Piano and they both sing. I would

like you to come up here, but you would
see Prison Oaks at every step. There is a
baby calf named Mary and one named
Tido. I received Papa letter. It would
not be too much trouble, will you
send my violin and some music. There
was family coming up to morrow
with four children ranging from 6 to
11. Give my love to all.

I am your loving brother
Avery Morgan

P. S. Charlie will be on the Saturday
evening train.
