Dr. Marc J. Musser
Chief Medical Director
Veterans Administration
810 Vermont Ave., N.W.
Washington, D. C. 20420

Dear Dr. Musser:

a It has been brought to my attention that Dr. Lance Mason of Playadel Rey, California, has applied for a dental internship at the Martinez VA Hospital. Dr. Mason has been highly recommended to me as an individual with a strong commitment to providing dental care to those elements of the population who are normally outside the health system. While studying at UCLA he has devoted summers to work as a volunteer in the Dental Clinic of the Apache Reservation in Whitewater, Arizona, and on Project HOPE in Brazil. I hope every consideration can be given to his qualifications for an internship at Martinez.

With many thanks and very best wishes.

Sincerely,

Alan Cranston
Chairman
Subcommittee on Health
and Hospitals
