**BUDGET BOOK 2002/2003**

SCIENCE II BUILDING

## President's Message

Members of the Campus Community:

I am pleased to present the California State University, Fresno Budget Book for Fiscal Year (FY) 2002/03. This fiscal year represented the first year of fiscal reductions based on the fiscal condition of the state. While we did receive \$1.8 million for compensation increases and \$3.3 million for enrollment growth, we also had to absorb a \$3.2 million mid-year reduction imposed by the State.

Our enrollments have continued to rise. The initial 2002/03 allocation to our campus included funding for 5 percent enrollment growth bringing our FTE target to 16,590. During the year we received funding for an additional 1 percent in enrollment growth bringing our FTE target to 16,689. These additional enrollment growth funds have helped mitigate the impact of the mid-year reduction.

The tables and charts contained in this budget document provide both detail and summary data on the allocation of the General Fund budget for California State University Fresno for FY 2002/03 as well as final budget and expenditure data for FY 2000/01 for comparative purposes. A complete copy of the campus' allocation from the Chancellor can be found on the web at: <http://www.calstate.edu/Budget/>. This document also includes similar detail and summary budget/expenditure data on the Continuing Education, Health Fee, Lottery, and Parking funds as well as the budgets of the University Auxiliaries.

We would appreciate any suggestions or comments regarding the presentation or content of the information in this document. Please direct them to Mr. John Waayers in the University Budget Office at (559) 278-5293, e-mail [jwaayers@csufresno.edu](mailto:jwaayers@csufresno.edu), or send to mail stop TA53.

Sincerely,

John D. Welty  
President

## **UNIVERSITY MISSION, VISION, PLAN, AND BUDGET**

### **The University**

The California State University, Fresno campus is located in the central San Joaquin Valley, against a backdrop of the Sierra Nevada Mountains. The campus has been situated at its present site on the northeast edge of Fresno since 1953. The University is the sixth oldest in the California State University system, originally founded in 1911 as the first junior college in the State. In 1961, under the newly created California State College system, the administration and control of the State colleges was transferred to the Trustees of the California State Colleges. The system was renamed The California State University in 1972.

Located in one of the richest agricultural regions in the world, the University's 327 acre campus was designated an arboretum in 1978. The University's facilities also include a 1,083-acre farm that is considered one of the most modern and best-equipped agricultural facilities in the West.

The campus serves a large, diverse multi-cultural population from the Central Valley and neighboring communities, as well as a good number of students from California, and other states and nations.

### **The Mission**

The University offers a high-quality educational opportunity to qualified students at the bachelor's and master's levels, as well as in joint doctoral programs in selected professional areas. To carry out this mission, the University provides a General Education program and other opportunities to expand students' intellectual horizons, foster lifelong learning, prepare them for further professional study and instill within them an appreciation of cultures other than their own. The University offers undergraduate degrees and programs in the liberal arts and sciences as well as in a variety of professional disciplines emphasizing agriculture, business, engineering and technology, health and human services, and education, preparing students for productive careers and responsible world citizenship. Building upon the strength of these undergraduate programs, graduate programs provide opportunities for personal and career enhancement through advanced study, preparing students for positions of leadership in the arts, sciences and professions.

The University encourages and protects free inquiry and expression, ensuring a forum for the generation, discussion and critical examination of ideas. By emphasizing the primacy of quality teaching and the close interaction between faculty and students, the University seeks to stimulate scholarly inquiry and discourse, inspire creative activity, heighten professional and technical competencies, encourage and support research and its dissemination, and recruit and develop outstanding teacher-scholar/artists.

The University fosters an environment in which students learn to live in a culturally diverse and changing society. Within that environment, it strives to develop a community founded upon mutual respect and shared efforts, in which individuals can communicate openly and work together to enrich the lives of all and to further the growth and excellence of the University. The University seeks and

encourages historically underrepresented students to embark upon and complete a University education.

The University serves the San Joaquin Valley while interacting with the state, nation and world. The University is a center of intellectual, artistic and professional activity. Through applied research, technical assistance, training and other related public service activities, the University anticipates continuing and expanding partnership and linkages with business, education, industry and government.

## **Vision**

Our vision is to be one of the nation's premier interactive universities, recognized for quality teaching, transformational scholarship, and cultural leadership for the benefit of society. To realize this vision, the university will adopt the following priorities:

- **Develop an engaged and diverse student learning community** with graduates who value lifelong learning, possess a broad general education, communicate effectively, are mathematically literate, appreciate the fine arts, are committed to the principles of tolerance and freedom, and are concerned with the welfare of others and society.
- **Recruit and retain high quality, diverse faculty**, dedicated to teaching, research, creative activity and service, and are recognized for their active involvement in the application of knowledge.
- **Recruit and retain high quality, diverse staff and administrators** dedicated to the support of the academic mission of the university.
- **Engage in high quality research and creative activity in all disciplines**, with particular emphasis on applications that support the region.
- **Build upon existing academic programs and create new academic programs** to help transform and develop the region.
- **Support and develop high quality graduate programs** appropriate to the needs of the region, and achieve the Carnegie classification of "Doctoral/Research University-Intensive" (for Carnegie classification information see [www.carnegiefoundation.org](http://www.carnegiefoundation.org)).
- **Play a major role in transforming our region** by employing the university's resources for the solution of problems and improvement of the lives and livelihoods of its citizens.
- **Establish partnerships and alliances that serve the region** and work with educational institutions to improve the commitment, quality, and value of education.
- **Establish a positive and productive working environment** for the entire university community, which values the individual; supports teamwork and cooperation; requires honesty, integrity, and civility; and inspires enthusiasm and pride.
- **Commit to continuous improvement** by planning, implementing, and evaluating new strategies and improving the university's operational and technological infrastructure to

enhance instruction; support scholarship, research, creative activity and service; and facilitate the delivery of support services for students, staff, faculty and alumni/ae.

- **Search effectively for resources from a wide range of sources** to support all members of the university community in their quest for innovation and excellence.
- **Demonstrate and communicate the quality of the university's programs**, its students, faculty, staff, and alumni/ae and its many and diverse centers of excellence.

## **Plan for Excellence II (2001-2006)**

In the fall of 2000, it became clear that the university had made major progress on most, if not all, of the strategic plan goals. In a short time, over a three-year period (1997-2000), faculty, staff and administrators had accomplished the objectives outlined in the plan's goals. In light of these accomplishments, a new review and evaluation of the university's vision and goals was launched during the 2000-2001 academic year. The final result of this review was the development of our new strategic plan, *Plan for Excellence II: 2001-2006*, which was endorsed by the Academic Senate on September 24, 2001, and approved by the President on October 18, 2001. The implementation phase of the new strategic plan, *Plan for Excellence II*, is currently underway.

## **Indicators of Implementation Success**

As we begin the implementation of the *Plan for Excellence II* goals, it is important that we begin to identify indicators that will measure the successful implementation of our plan. The indicators presented below are an initial reflection on outcomes and accomplishments that are directly related to the plan's goals. This list is not intended to be all-inclusive, and additional indicators will be identified and developed as each major division of the university and the Strategic Planning Steering Committee move forward with the implementation process.

By 2006, if we are successful in implementing our new plan, we will have:

- An Honors College enrollment of 400 students and each College and School will have established an honors program.
- A seamless transition process for students from the junior year in high school to California State University, Fresno that will include on-line coursework, on-line services, and dual admission programs.
- A more diverse student population (ethnically, culturally and geographically), with improved enrollment management in specific academic programs.
- Twenty doctoral graduates per year.
- Increased significantly the number of graduate student assistantships, tuition waivers and fellowships that we provide our students.

- An increasingly diverse and technologically-skilled cohort of teacher/scholars.
- Faculty who are consistently recognized by national awards, such as the Fulbright, Pulitzer Prize, CASE Teacher Award, Hesburgh Award, and Wang Family Excellence Award.
- Achieved a faculty workload that takes into account our vision, and recognizes the responsibilities of faculty in relation to graduate education.
- Adequate resources to support faculty scholarship in the areas of teaching, research, creative activity and service.
- Additional external partnerships and collaborations that enhance academic programs.
- An endowment of at least \$150 million.
- Annual grants and contracts of \$50 to \$60 million
- Implemented, and be within one-to-two years of completing, a capital campaign for academic programs.
- Planned and begun construction on the finest library in the Central California Valley.
- Planned and begun to develop facilities for a Center of Excellence in Agriculture and prepared a long term plan for the university farm laboratory.
- Fully implemented a number of professional development programs, such as the Connections program that is characterized by self-satisfaction of employees; quality service; and positive communication with students, colleagues and visitors.
- A student body with each student having access to a digital device (laptop or similar instrument).
- Technologically accessible classrooms.
- Wireless access to LAN and high speed Internet access will be available on campus and to Central Valley Internet Project (CVIP) clients.
- Alumni/ae that are connected to the campus by the web.
- A full suite of administrative software in place for financial, human resources, and student administrative systems.
- Established the university as a first point of contact for community leaders and public officials who seek assistance in problem solving, applied research, and technical assistance.
- Provided advanced graduate education to policy makers and business and community leaders who will be prepared to contribute their knowledge to transform the region.
- Stimulated the rebirth of the community adjacent to the campus.
- Established a physical presence in additional locations in Fresno and the Central Valley.

- Additional student housing facilities
- Additional day care facilities.
- Increased individual faculty offices by 25 percent.
- Updated and implemented a long-term maintenance plan for at least 75 percent of our laboratory, clinic and research facilities; and established long-term development and maintenance plans for the remaining 25 percent of these facilities.
- Developed a self-generating power enterprise and model energy conservation program.
- A competitive Division I athletic program with at least 16 to 18 intercollegiate sports.
- Established recognition as the premier cultural and entertainment center in the Central California Valley, which includes the Save Mart Center and the new student recreation center.

### **The University Budget Summary**

The *University Budget Summary* displayed on page 6 is derived from several funding sources, including State General Fund allocations, revenues (fees and tuition), and reimbursements; Trust Funds which are comprised of resources primarily from the Continuing Education Revenue Fund, Health Fees Fund, Parking Revenue Funds, and the Lottery Education Fund; and, the revenues generated by the University Auxiliary organizations. The General Fund is the predominant source for financing University operations.

The budget presentation that follows begins with an overall University summary (blue page) of the total expenditure budgets, position information, and prior year actual expenditures (including encumbrances) of these funding sources, followed by separate summaries (also blue in color) and detail sections for each area. The General Fund is arranged by baseline allocations (Level A) to each area of responsibility. Position, salary, operating expense, and prior year carry forward budgets for each area within the divisions are also detailed. Similar presentations are provided for each of the Trust Funds and the University Auxiliary budgets. **Positions and salary detail are as of September 2002.**

## THE GENERAL FUND

### Allocations and Enrollment

Budget allocations are based on the targeted FTE for each campus. The 2002/03 enrollment target for California State University, Fresno was established set at 16,590 FTES. The State General Fund allocation to support this FTE target was \$173,553,600 which includes \$135,583,000 in State appropriations and \$37,970,000 in revenue and reimbursements. The *General Fund Allocation Changes* are displayed on page 10.

### Budget Principles, Policies, and Programs

Until 1993/94, funding for the California State University (CSU) and its individual campuses was calculated utilizing a complex set of funding formulas (Orange Book) predicated upon FTES, student-faculty ratio and a myriad of additional factors. As a result of the State's fiscal crisis and a commitment to decentralize the CSU, the previous approach to budgeting has been eliminated. In its place, the CSU has adopted a simplified approach that is influenced by student-faculty ratio, size of physical plant and related programmatic considerations. With the change in the CSU budget generation and allocation process, California State University, Fresno redesigned its allocation process. The new process established a base allocation level for each of the major program areas (Instruction/Academic Support, Student Services, Institutional Support, Plant Operations, Athletics and University Priorities Fund). Level "A" is the allocation made from the President to the Provost and each Vice President/Director reporting to the President. Similarly, Level "B" is the allocation made from the Provost/Vice Presidents to the Deans/Directors/Department Heads. (Each division is responsible for establishing a Level "B" allocation mechanism and monitoring expenditures according to that plan.) The Level "A" policy adopted at California State University, Fresno seeks to develop a predictable allocation methodology that assures equitable distribution of resources within the existing financial constraints of the system and is consistent with the following principles developed and adopted by the University Budget Committee of the Academic Senate at California State University, Fresno in the Spring of 1993.

### Principles

During the Spring semester 1993, the University Budget Committee developed a set of principles which were intended to be of assistance in developing a new model of budget allocation. These principles state that the budget allocation process should:

1. Support the chosen directions and priorities of the University.
2. Recognize differences between programs (i.e., delivery modes).
3. Provide for differential growth and differential needs within the University.
4. Provide certainty of allocation (within realities of public funding) for long-term efficiency and stability.
5. Reward "good" behavior.
6. Be perceived to be fair, based on the chosen plan and policies of the University.
7. Utilize minimum resources to administer the allocation process.

8. Decentralize decision making consistent with University plans and policies.
9. Mandate a consultative process within all schools/departments/units.
10. Provide an easy transition from the present system, with a phase-in period to minimize chaos.

### Policy

An allocation policy has been established which utilizes a base percentage for each of the six program areas and provides a small amount to be allocated to address University priorities. The base percentage for the five program areas and University Priorities were originally established in 1994/95 for a two-year period. In keeping with policy, these percentages have been reviewed every two years to determine whether a change in the percentages should be made. The last review conducted in the Fall of 2002, by the Level A Review Committee (2 Academic Deans, 2 Faculty members of the Senate's University Budget Committee, a representative from each University division (5), and the University Budget Officer), sustained the current policy through 2002/03.

A historical view of the Allocable Budget percentages is shown in the chart below. It should be noted that the 2002/03 percentages were changed to reflect the realignment of Information Technology. Portions of Information Technology were formally included in the Instruction/Academic Support and Institutional Support programs.

### **PERCENTAGE OF ALLOCABLE BUDGET**

<b>PROGRAM AREA</b>	<b>1996/97</b>	<b>1997/98</b>	<b>1998/99</b>	<b>1999-01</b>	<b>2001/02</b>	<b>2002/03*</b>
Instruction/Academic Support	71.4	71.6	71.53	71.15	72.86	68.48
Student Services	8.4	8.4	8.49	8.78	8.49	8.03
Institutional Support	9.0	9.1	8.87	9.08	7.75	7.00
Plant Operations	9.1	9.1	9.34	9.25	9.20	9.20
Athletics	1.6	1.6	1.77	1.74	1.70	1.70
Information Technology	<u>N/A</u>	<u>N/A</u>	<u>N/A</u>	<u>N/A</u>	<u>N/A</u>	5.59
University Priorities Fund	<u>.5</u>	<u>.2</u>	<u>.00</u>	<u>.00</u>	<u>.00</u>	<u>.00</u>
<b>Total</b>	<b>100.0</b>	<b>100.0</b>	<b>100.00</b>	<b>100.00</b>	<b>100.00</b>	<b>100.00</b>

\*Changes in allocation percentages reflect a decision to create a Level A allocation for Information Technology.

## Programs

*Instruction/Academic Support* includes funding for the Instructional Program, Smittcamp Honors College, Library, University Farm Lab, California Agricultural Technology Institute, Graduate Studies, and Faculty Development and Research.

*Student Services* includes funding for general services to students to include Re-entry Program, Educational Opportunity Program, Advising, Testing, Health Services, Students with Disabilities, Admissions/Records/Evaluations, Outreach, International Students, and Financial Aid.

*Institutional Support* program category includes the President's Office, University Advancement, University Budget Office, Administrative Services (Controller/Accounting/Payroll, Human Resources, University Police, Environmental Health & Safety), as well as the funding for University-wide communications.

The *Plant Operations* program, for budgeting purposes, has been identified separately and includes Facilities Management and Planning, and the University utilities budget.

*Athletics* provides the State funded portion of the Intercollegiate Athletic Program.

*Information Technology* provides a wide range of support including administrative computing, academic computing, digital campus, and a variety of technology projects.

The *University Priority Fund* was established in 1994/95 to provide funding for needs which are consistent with the campus' Plan for the 90s and which are not supported by the regular allocation process. Funding for this program ended in FY 1997/98.

Completing the General Fund are the Centrally Monitored Funds, the University Reserve, and Reimbursed Activities. Centrally Monitored Funds are used for special needs that benefit the University as a whole. The University Reserve is a fund established to accommodate unanticipated and unplanned expenditures during the fiscal year such as legal fees, legal settlements, shortfalls in revenue, emergencies, and major unanticipated expenditures. Finally, Reimbursed Activities is used to record expenditures made initially in the General Fund, for the benefit of other organizations. It contains only those specialized services which are fully reimbursed. For example, the Athletic Corporation funds additional salaries through this fund and then these expenditures are reimbursed to the University.

For future discussions in this document, the budgets have been rearranged organizationally to reflect the more familiar structure of the campus.

## TRUST FUNDS

In addition to the State allocation and student fee sources, several other programs provide sources of revenue “entrusted” to the University for specific purposes. They include the Continuing Education Revenue Fund, Health Fees Fund, and Parking Revenue Funds. These programs generate revenue by assessing special fees to those receiving the program benefits. They are classified as enterprise funds, even though not supported explicitly by State appropriations, and as such are subject to State regulation. They are controlled by financial and program policies of the Board of Trustees. Additionally, the University also has various local Trust Funds that provide various other services to the University. The operating budgets for these self-supporting programs come from these projected revenues.

By law, lottery funds must be used for educational purposes. Lottery revenue is projected and budgeted for distribution to the campuses in the Lottery Education Fund. When lottery revenue is in excess of the amounts budgeted, a one-time distribution can be made to campuses.

The Continuing Education Revenue Fund (CERF) is financed by student tuition and other fees. Courses and programs offered include both credit and non-credit instruction, and are delivered on and off the campus. Credit instruction, particularly those of Special Sessions and Summer Sessions, may often be applied to graduate and undergraduate degree programs.

The Health Fees Fund is the repository for the mandatory Student Health Fee and provides resources for the Student Health Center.

Most of the Parking program revenue comes from parking fees and fines paid by users, including students, faculty, staff and visitors. The campus uses the revenue for campus Parking operations and maintenance, for debt service on bonds, and for Ride-share Program expenses. California State University, Fresno currently has 7,683 parking spaces.

## AUXILIARY ORGANIZATIONS

Auxiliary organizations are non-profit, public benefit organizations formed to assist the educational purposes of, and contribute to the educational mission of, the University. They are separate legal entities authorized in the Education Code to provide essential services to students and employees in accordance with local written agreements.

Auxiliary Organizations must be self-supporting and do not receive funding from General Fund sources. They derive revenue from various non-State sources such as contractual arrangements, general assessments, and commercial operations. Revenue in excess of expenditures for a given period is used to establish working capital and reserves, and to pay for capital expenditures or special campus programs. Student union fees collected by the campus are used to pay for the principal, interest and other costs of the building. Any surpluses remaining from the student union fees after the bond and other costs are met may become available to the auxiliary organization to be used to pay union operating expenses.

The following comprise the Auxiliary Organizations at California State University, Fresno:

The Agricultural Foundation of California State University, Fresno  
California State University, Fresno Association, Inc.  
Associated Students of California State University, Fresno  
California State University, Fresno Foundation  
Athletic Corporation of California State University, Fresno  
Fresno State Programs for Children, Inc.

The Agricultural Foundation of California State University, Fresno provides support for the financial management of the enterprise units and student projects. The Agricultural Foundation is responsible for ensuring prudent financial management of the enterprises and providing other related assistance to the College of Agricultural Sciences and Technology. The Agricultural Foundation operates within the context of the California State University, Fresno Farm Laboratory. The majority of capital expenses associated with the Farm Laboratory are funded through the University Farm Lab budget rather than through the Agricultural Foundation.

The California State University, Fresno Association, Inc. is comprised of three main operating units which include University Food Services, the Kennel Bookstore, and the University Student Union. The Association handles all of the commercial businesses of the University. The Kennel Bookstore is the primary provider of textbooks, specialty products, and general merchandise for the campus. University Food Services is the primary provider of prepared food products. The University Student Union serves as a community center and forum for the various groups of individuals who make up the University -- students, faculty, staff, alumni, and guests. The California State University, Fresno Association also operates University Housing. The entire residence hall community is called University Courtyard. The current capacity of the University Courtyard is 993.

The Associated Students of California State University, Fresno is a student-run organization that operates such extra curricular activities as student government, student newspapers, cultural programs, and other student activities related to the overall educational mission of the campus.

The California State University, Fresno Foundation has been designated by the President as the auxiliary to receive all charitable donations to the University. In addition to acceptance and management of charitable gifts, the Foundation is responsible for grant and contract development and administration, and management of trust accounts to support University operations. The Foundation performs all the related accounting and financial reporting for these activities.

The Athletic Corporation of California State University, Fresno was organized in 1982 for the purpose of promoting and assisting California State University, Fresno. The Athletic Corporation achieves this by the funding and operation of intercollegiate athletic competition.

Fresno State Programs for Children, Inc. operates day care services in the Campus Children's Center and the Early Education Center.
