C A L S T A T E
FULLERTON

FROM THE PRESIDENT

As President of California State University, Fullerton, I am pleased to welcome you to our 45th annual commencement. Commencement is a very special time for degree candidates, families, friends and other members of the campus community. It is a time when we celebrate the successful conclusion of degree programs designed to foster the development of humane leaders prepared to meet the opportunities and challenges of a changing, diverse world.

Today the university honors some 8,148 undergraduate and graduate students who completed degree requirements in January or who are scheduled to do so in June or August. It is fitting that recognition of your accomplishments should be in the presence of your professors, relatives and friends who have participated in a variety of ways in helping you attain your academic goals. As candidates for graduation, you are the proud products of our academic enterprise.

We hope that you forever will be life-long learners dedicated to the pursuit of excellence and the importance of life issues.

On behalf of the faculty, staff and students of California State University, Fullerton, I extend heartiest congratulations to the Class of 2004 upon reaching this educational milestone. I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family. The future is yours!

A handwritten signature in brown ink that reads "Milton A. Gordon". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Milton A. Gordon

President, California State University, Fullerton

Congratulations, graduates! What an amazing accomplishment. On behalf of the Alumni Association, I offer each of you my heartfelt congratulations on a job well done! I know you are experiencing a wealth of emotions today – success, anticipation and certainly joy as you celebrate your accomplishments. You should feel very proud of yourself for setting your mind to the task and achieving the goal.

As you reflect on your years spent at Cal State Fullerton, I hope you will look back and remember fondly the classmates, the professors, the experience and the setting. I hope you felt a sense of belonging and I hope you realize that the connection does not end when you receive your diploma.

This commencement ceremony is the start of many new beginnings for you. One special new beginning is that of becoming an alumnus of this fine institution. Welcome to the family of over 150,000 successful Titans! Among our Fullerton graduates are Academy Award winning actors and screenwriters, television news reporters, Pulitzer-Prize winning journalists, successful novelists, doctors, lawyers, teachers, professional athletes, entrepreneurs, legislators, scientists and CEO's of major companies. Count yourself as one of these alumni. Count yourself as one of the best. You are a Titan. It is your turn to go out and make a difference.

I encourage you to stay connected to this large Titan network and to your alma mater by joining the Alumni Association. As a member, you will have many opportunities to tie into this network, continue your professional development and maintain the friendships you have made at Cal State Fullerton.

Once again, I offer my sincerest congratulations to you and your family on this achievement, and I welcome you as a fellow alumnus. I hope to meet you by connecting through the Alumni Association.

Best Wishes In All Your Future Endeavors,

Annette Feliciani '80

President, Alumni Association of Cal State Fullerton

ABOUT THE PROGRAM

LIST OF CANDIDATES: Students eligible to participate in the 2004 commencement ceremonies are January 2004 graduates and June 2004 and August 2004 candidates who filed for graduation prior to the announced deadlines.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: cum laude, 3.5 to 3.74; magna cum laude, 3.75 to 3.89; summa cum laude, 3.9 to 4.0. Students who have earned honors at graduation have been awarded ribbons with medallions that bear the seal of the university: white ribbons denote cum laude; orange ribbons denote magna cum laude; and blue ribbons denote summa cum laude. Program notations indicating achievement of these awards are based on the students' records at the end of the fall 2003 semester. Official award of appropriate diplomas and recognition of honors achieved (which are indicated on the diplomas as appropriate) are contingent upon the candidates having met all university requirements and related criteria.

PRESIDENT'S SCHOLARS: Students who are President's Scholars are noted in the list of candidates. This program to recognize academic and extracurricular excellence is sponsored by the President's Associates.

FACULTY MARSHALS: The faculty marshal leading the procession in each commencement ceremony has been honored as the Distinguished Faculty Member of that particular college. This distinction is bestowed by the president upon the nomination of fellow faculty members.

UNIVERSITY HONORS: Students graduating with University Honors have earned 24 units of Honors coursework, achieved a minimum grade point average of 3.5, and completed a Senior Honors Project. These students have been awarded medallions for their achievement. Program notations are based on the students' records at the end of the fall 2003 semester. Official award of University Honors (which is indicated on the diploma) is contingent upon the candidate having met all university requirements and related criteria.

PHI KAPPA PHI: Among those participating in commencement ceremonies are students wearing a white ribbon with a zigzag design. These students have been elected to membership in the Honor Society of Phi Kappa Phi, a national organization founded in 1897. Students are selected for membership from all of the recognized academic disciplines based on records of outstanding scholarly achievement.

PHOTOGRAPHY: The CSUF Alumni Association has arranged for a commercial studio to photograph each graduate at the moment he or she crosses the platform. Proofs and information on ordering prints will be mailed, with no cost or obligation, to participants. Guests may take photographs during the ceremonies; in the interest of decorum, they are requested to do so from their seats.

ALCOHOLIC BEVERAGES: Alcoholic beverages will not be allowed at any time in the assembly area, at the commencement seating area or at other areas associated with commencement.

SMOKING: Please, no smoking during the ceremonies.

EMERGENCIES: Personnel from the Student Health Center and the Public Safety Department will be on duty to provide aid in the event of emergencies. The emergency telephone number is 278-3333.

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees, but certain universities have authorized the use of colored gowns. Light blue gowns are worn by candidates for associate degrees in terminal technical curriculums. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

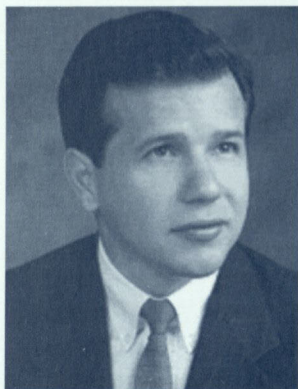

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple, Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters; and light coffee (drab), Business Education.

THE MACE: The mace is a ceremonial symbol of authority carried in academic processions at commencements and convocations. Originating in the Middle Ages, it once was a formidable weapon, held ready to protect the person of dignity. The University Mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973, and Master of Arts in Art in 1976. The design of the mace reflects the university's architecture, colors (blue and white) and location—the site of the first commercially grown valencia orange grove. The stem is of cocobolo, a wood orange in color, while the university's colors are represented through the use of ivory and niello. At the top of the mace is the university seal.

SATURDAY, MAY 29, 2004

Miguel Pulido has proven to be a leader not only within the community, but regionally and nationally. Mayor Pulido has focused his efforts on improving the quality of life for all Santa Ana residents. During his 18 years in Office, the City has experienced a reduction in crime, an increase in home values, a rise in the number of business licenses, an enhancement of the economic opportunities for the private sector, an overall revitalization of the City's infrastructure and an expansion in social and culture venues.

His most significant accomplishments while in office include the 60% decrease in crime, making Santa Ana the safest city among the 100 most populated cities in the U.S.; national recognition of the Santa Ana Police Department; construction of the new state-of-the art police facility; the establishment of strong after-school programs; and improvement of city parks and recreational programs.

Other achievements during his term as mayor include the designation of Santa Ana as an Enterprise Zone by the State of California resulting in nearly 10,000 hiring tax credits being awarded to Santa Ana Firms. He also spearheaded the development of a strategy to assist local businesses with international trade and established the International Business Center. He lead the effort in forming the Mayor's Task Force on Arts and Culture resulting in the development of the Artists Village, including bringing in Cal State Fullerton's graduate arts program and facilitating the relocation of the Orange County High School of the Arts into Santa Ana. He also secured Federal Empowerment Zone status for Santa Ana, delivering federal funds to build capital, increase employment and provide needed services to the City's most disadvantaged neighborhoods. Under his leadership, the Discovery Science Center was located in the Museum District, the Bowers Museum has received \$10 million for expansion, and construction of the \$128 million Ronald Reagan Federal Building and Courthouse in the Civic Center has been completed.

SUNDAY, MAY 30, 2004

Susan Elizabeth George has authored over fifteen novels in the past fifteen years. Many of these novels have received international awards (1989 Anthony Award, Best First Novel for *A Great Deliverance*; 1989 Agatha Award, Best First Novel for *A Great Deliverance*; 1990 Grand Prix de Litterature Policiere, Paris for *A Great Deliverance*; 1991 MIMI Award, Germany's Award, Best International Crime Novel for *Well-Schooled in Murder*; and 2001 Ohioiana Book Award). Unlike serial authors, each of George's novels have been unique with complex plots and subplots that unify the novel and reinforce the theme. She also thoroughly researches the material for each of her books with details that enrich each story.

Before becoming a novelist she was an English/writing teacher at Mater Dei and El Toro High Schools and Coastline Community College. In this capacity she was awarded the 1980 California Teachers Association WHO Award for Teaching; 1981 Saddleback Valley Teacher of the Year; and 1981 Orange County Teacher of the Year. Clearly, Ms. George was an outstanding educator who positively touched the lives of her students.

With her success as an international author, Ms. George has established the Elizabeth George Foundation that provides philanthropic support to St. Joseph's Hospital; Medicine for Humanity; Friends for Humanity; Friends of Island Academy; Scenarios USA; Operation Jump Start; Writers Institute of the Northwest; Maui Writers Retreat and Conference; SKIP Health Foundation for Disadvantaged Children; and John Fowles Center for Creative Writing. The Elizabeth George Foundation has also awarded grants and scholarships to individuals to enhance scholarship and writing; has commissioned six plays at the South Coast Repertory Theatre; and produced two plays as the honorary producer.

For her dedication as an educator and novelist, and her philanthropic work, Cal State Fullerton is pleased to award Susan Elizabeth George the CSU Honorary Doctorate of Humane Letters on Sunday, May 30, 2004.

Caralyn Marie Mah	Sarah Yoshikawa

OUTSTANDING PROFESSOR

Richard Wiseman, an exemplary teacher with a long history of research in multiple fields of human communication, is a professor of human communication studies who has taught at the university for more than 25 years. He earned his doctorate in speech communication at the University of Minnesota.

While his writings and research areas are diverse, they do tend to have a common denominator – namely, the improvement of communication and relationships in a variety of contexts, such as classrooms, health delivery systems and intercultural situations.

Wiseman's areas of specialty include intercultural communication, interpersonal communication, nonverbal communication, persuasion and research methodology.

Noted by students and colleagues alike for his ability to energize students while teaching complex subject matter, Wiseman consistently receives glowing evaluations from students. Yet, his superb teaching isn't restricted to the classroom. Students often are lined up outside his office door, seeking consultation and advice.

In addition, Wiseman publishes, on average, at least two scholarly articles and three conference papers each year. Over the past 24 years, he has published nine books and authored 58 journal articles or book chapters, most of them focused on intercultural communication. His record of service to professional associations, the university and the community is equally impressive. The awards and honors he has received fill pages. Notable among his accomplishments: He is a Founding Fellow of the International Academy for Intercultural Research (1998); he was chosen to participate in CSUF's Teacher/Scholar in Residence Program (2003); and he was recognized for Outstanding Service to CSUF Students and Student Leadership (1997-98). He has also been honored for Outstanding Service to CSUF (1997), Outstanding Faculty Scholar (1995) and has served as Faculty Marshal at Commencement for the College of Communications in 1994, '97, '98 and 2003.

On campus, Wiseman chairs the University Curriculum Committee and is a member of the Institution Research Board, as well as dozens of other committees and boards. He also volunteers for a number of community organizations, including the Girl Scouts of America, American Youth Soccer Organization and Placentia Cultural Arts Commission.

L.Y. "Mickey" Hollis

RECESSIONAL

** Dr. Lynda Randall designed and handcrafted our Mace,
for the School of Education. It is made of cocoa-bolo
and ebony woods. The mace symbolizes the authority
of the faculty in academic matters and the practice
of shared governance within the university.*

Iran	Singapore	
Israel	South Africa	
Italy	Spain	
Japan	Sri Lanka	
Jordan	Sweden	
Kenya	Switzerland	
Korea, South	Syria	
Kuwait	Taiwan	
	Tanzania	

Learning is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge.

Our affordable undergraduate and graduate programs provide students the best of current practice, theory and research and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society.

We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
