### SJSU | KING LIBRARY Spartans Speak

## Be a Part of Spartan History

**Spartans Speak on COVID-19:**  
An invitation to add your experiences to the historical record

Dear Mariah,

San José State's University Archives is seeking documentation of your personal experiences of the COVID-19 pandemic and how this is impacting **you** as a member of our campus community.

If you're sitting here reading this thinking, *why would anybody want to know about my experience during this time? Nobody wants to know what I was doing during the pandemic.* However, when people in the near and distant future seek to gain a better understanding of this moment, your unique perspective will add important depth to the story. **You have a chance to be a part of the Spartan and worldwide historical record. Will you entrust us with your story?**

Participants can submit any or all of the following:

- Journal entries
- Blog posts
- Social media posts
- Photographs
- Audio recordings
- Video recordings
- Any other written or recorded statements reflecting your experiences

As a member of the SJSU community we want your experiences to be part of this collection. If you have any questions or concerns about submitting, please contact me at [carli.lowe@sjsu.edu](mailto:carli.lowe@sjsu.edu).

Wishing you well,  
Carli Lowe, University Archivist

### Submit to Spartans Speak on COVID-19 Collection

Submit your materials to become part of SJSU's University Archives historical record.

SUBMIT

### Participate in Spartans Speak on COVID-19 Podcast

Contribute your voice to the Spartans Speak on COVID-19 podcast led by an SJSU Library Student Ambassador.
