

Patricia

I'm on my way to the
park for a sunning. Be back by
4:30. Dorothy Williams has asked
me out to dinner around 6:00
I'll be back early — 9:30 probably.

If I can join you in a coffee
break today at all, make it betw.
4:30 - 5:00 or after 9:30 &
give me the word by telephone
— since you're out of my reach.

I admire you tremendously for
your courage in studying relent-
lessly. But a coffee break will
make you more effective and we
can hold it to a half hour
your red flowered vine on the

house at the corner is a Bouganvillea
The red ones are relatively new varieties
and gorgeous. If you want it I'll
help you late some night when
the traffic's light

Love Carl

I'll go back by the apt.

now in case you want
to suggest a coffee break time.
If you want I'll gladly cut
the trip to the ranch.
