THE WHITE HOUSE
WASHINGTON

COLLEGE FOOTBALL'S CENTENNIAL

One hundred years ago the first intercollegiate football game was played in the United States. Since that November day when students from Princeton and Rutgers began it all, the game has thrilled generations of Americans as players and spectators.

During its first hundred years, football has become more than a game. It has become a familiar and beloved part of American life and has provided an opportunity for young boys to first learn the discipline and rewards of teamwork. The boundaries of the one-hundred-yard field mark a special place for most Americans; a place in which are born legends of great skill, endurance and courage.

I have always loved football. I consider the time I spent as a member of a college football squad as one of the most rewarding periods of my life. I discovered there--mostly from that unique, if often frustrating, vantage point offered by the bench--that football is a game which engages the skills and talents of the whole man, his spiritual as well as his physical endurance, his mental attitude as well as his emotional conditioning.

My congratulations go to intercollegiate football--and to all those who play the game, whether it be on a make-shift field or in the great stadiums--on its one hundredth birthday. It is a game which not only has thrilled generations of Americans but has also helped to develop qualities of sportsmanship and competitiveness in those generations.

Richard Nixon

CALIFORNIA STATE COLLEGE, HAYWARD

convened its Fall Quarter with 9,300 students — an increase of more than 1,000 over last year — as the ten year old hilltop institution added six new degree programs to its curriculum.

New degrees include the B.S. in Earth Science, M.A. in French, M.S. in Chemistry, M.S. in Statistics, M.S. in Physics and M.A. in Speech.

Dr. Ellis E. McCune, who served as interim president for the past two years, has been appointed permanent president.

New key administrators include Dr. Maurice Dance as vice president for academic affairs, Dr. Patrick O'Donnell as director of admissions and records, and Jose Antonio Mondragon as director of the recently-established Centro de la Raza (Chicano Cultural Center). Dr. Edward France has been appointed chairman of the new Department of Afro-American Studies.

The physical plant is growing, too as work continues on a \$11 million Administration-Library complex.

Cal State Hayward faculty increased by 75 full-time professors to a total of nearly 600. The college is building to a master plan enrollment of 22,500 students by 1978.

The Community - Cal State Stadium Seating Project has reached its goal of raising \$135,000 for the installation of 8,000 permanent seats and the related site development and landscaping for the first phase of the stadium project.

With addition of the permanent seats on the east side, it gives Cal State the largest football stadium in the Far Western Conference with a spectator seating capacity of 8,000.

The seating portion of the project is complete, but the related site development and landscaping are not yet installed. The entrance area to the stadium complex (pictured above), containing the ticket booths, entrance gates, landscaping and donor memorial, are presently being completed. Site development in the stadium, including walkways and guard rails, is scheduled for completion this season.

The stadium project was made possible only through the generous participation of citizens and companies in the area. The College and all the individuals and organizations associated with the Community - Cal State Stadium Seating Drive are indebted to those who have made this project possible. A dedication for the stadium project is scheduled for October 18 of this year, and all donors will be honored at that time.

alma mater

FRY KJELSON

UP FROM THE REST-FUL BAY STRETCH HAYWARD'S
HILLS A-WAY IN - TO THE EAST-ERN SKY,
MOUNT - ING THEIR WATCH ON HIGH. BOUNDS FADE AND
VIEWS EX-PAND, UP WITH THE MOUNT-ING LAND,
'TIL ON THESE ROLL-ING HILLS, VISIONS BROAD GREET THE
EYE. VISIONS BROAD GREET--THE EYE,
SO MAY OUR SPI-RITS FIND THESE AGELESS HILLS A TEACHER,
AND SO MAY LONELY TRUTH RE- WARD THEIR FLIGHTS TO REACH HER
HEARTS AND MINDS WHICH SEEK THE HEIGHTS!

Good Luck!
