00:12:37:20 - 00:12:38:21

00:13:15:10 - 00:13:20:23

Speaker 5

Very special individuals I'd like to introduce to you who have donated their time to be here. And I hope they're around.

00:13:20:29 - 00:13:21:17

Speaker 3

Right.

00:13:21:20 - 00:13:26:08

Speaker 5

I must go. Father Rick Bogie Espinosa and my husband.

00:13:26:15 - 00:13:33:23

Unknown

He was. Yeah, another videographer from the G.I..

00:13:33:23 - 00:14:03:19

Speaker 5

Forum, Al Castellano. And the last person I'm going to introduce to you will be introducing two other individuals. And this person is a member of the G.I. Forum board of directors. He's also a member of Citi's board of directors. And he banks on American Savings. That's Victor Garza.

00:14:03:21 - 00:14:29:23

Speaker 3

No. One, on many occasions when we feel all so proud of ourselves and our people and don't want to special is our friend that was introduced out recently the new chief of police. You know, there's always a reason why. And there are always those kind of people that work behind the scenes that we think you always forget that they have a lot to contribute to the success that many of us enjoy today.

00:14:29:25 - 00:14:57:23

Speaker 3

And one of the such a person here today is not only a personal friend of mine that I enjoy talking with and working with and fighting with, but a person who like to listen to our complaint and a person who does take action and when he came back, I can tell you, you know what? Take it to a city hall for George you to call when he said and Blanca Alvarado said, With that in mind, I'd like to introduce your good friend of all of us last white came.

00:14:57:23 - 00:15:28:13

Speaker 3

Made it come through for us. Thank you. Let whenever people like him. I have many of you before. And I think we want to get to know City manager. What are what are we being a block Lockett We are human achieved like Lupe Yeah no, but we're grateful to this man down here and there's a lot of other positions we want to fill up.

00:15:28:16 - 00:15:55:10

Speaker 3

And you want me to guide and not the FBI, the head of the FBI here locally, and I hate to have your phone call saying they kicked them out of Chicago. They don't want them up here. They send them to Nebraska. They don't want them up there either. But we welcome you here.

00:15:55:13 - 00:15:56:03

Unknown

We get guy, you.

00:15:56:03 - 00:16:14:07

Speaker 3

Know that we're get on the air. And now I interviewed this beautiful friend, a good personal friend of ours, all of us, because I know if he wasn't a friend of all of you, you guys wouldn't be here. I'm proud to be an acquaintance of He's a friend on here. I really believe in him. I believe in the work that he has done for our community and the work that he's going to continue to do.

00:16:14:14 - 00:16:36:18

Speaker 3

But in order for him to be successful and keep this guy out, our health care and student council, then it's our support to make him look successful and be successful. Look, overall, you.

00:16:36:20 - 00:16:58:22

Speaker 2

Well, I'm going to have to change my speech now that lessons here. No, I I'm very grateful to Les. I really I honestly enjoy working with him. He's an OUTFRONT guy who tells you exactly what he thinks. And I appreciate working with someone with the kind of honesty that he works with. He's not afraid to tell me when I when I'm doing the wrong thing.

00:16:58:24 - 00:17:26:28

Speaker 2

And he allows me to tell him what I think as well. And and you couldn't ask for a better relationship than that. But I want to thank you all very much for being here. This makes me feel very good. The support of the community and particularly of the people in the GI Forum means a lot to me. And there's no question in my mind that I would not be in the position that I'm in if I had not had the support of the community over the years.

00:17:27:00 - 00:17:48:29

Speaker 2

And when I think back to when we started with very few Chicanos, that the police department and what we had to go through, not only in terms of working within the department but also in building the bridge to the community. And it took some time because many of us, myself included, had a change. Our attitude about working with the community.

00:17:49:01 - 00:18:12:01

Speaker 2

I am very grateful for everything that took place and the things that happened. There were times when people in this room where they were on the opposite side in terms of how we felt, and eventually we built that bridge and we joined hands in the middle and together we brought about a lot of change. And for that I thank all of you that were involved in that.

00:18:12:04 - 00:18:45:14

Speaker 2

And once we started working together, there's no question that the city had to change. And at the police department had to change. And I intend to continue that change. And as I said time and time again, and bringing the police department closer to the community. Now, so far as the G.I. Forum is concerned, years ago, when then Campos recruited me and I and I, I learned that they refused to bury Mexicanos in the same cemetery in Texas with Anglos merely because of their race.

00:18:45:16 - 00:19:01:10

Speaker 2

I realized that I had to be part of this organization. And even though I have not been as involved as some people have been, my heart has been with it because I believe in what they try to do and what they have done. And as a result of that, any time that I've been able to, I have tried to lend a hand.

00:19:01:13 - 00:19:22:13

Speaker 2

And now that I'm in this very important position, sometimes it's overwhelming, overwhelming for me how people feel about it. I mean, I've had people in the Hispanic community that I don't know come up to me and shake my hand and hug me with tears in their eyes because of the pride that a Hispanic has finally reached this level within a police organization.

00:19:22:16 - 00:19:53:20

Speaker 2

And I tell you that I will do everything I can to make everyone proud that I am in the position and that I will never, ever forget where I came from and who I am with regards to my ethnic background and so forth. So with that, let me thank you very much for holding this reception. And I want you to know that if I can help you in any way, I will do everything that I can and that I will continue to work with the Hispanic community to make things better for all of us.

00:19:53:22 - 00:20:26:09

Speaker 2

I am going to be a chief for everyone. I have to be, but I'm not forgetting where I came from. So thank you all very much for being here.

00:20:26:12 - 00:20:41:28

Speaker 3

But your remarks are one final word. But before we do that, I want you to know that, you know, we have San Francisco straight up here, played by Karl Malden. Well, we're going to have the Final Four on Friday night here on the strength of our there will be this are is going to be lukewarm.

00:20:41:29 - 00:20:54:16

Speaker 5

You do I like to present you with some good even here from did you see we have a t shirt so you can work out in practice for your next basketball game?

00:20:54:19 - 00:21:02:07

Speaker 2

I don't know. I don't know if the knee can take it anymore. It wasn't the basketball game. It was the taxi dancing. The next Friday, they had.

00:21:02:10 - 00:21:07:13

Speaker 5

Some water here. What about Pfizer? Keep the.

00:21:07:15 - 00:21:11:08

Speaker 2

Hair. I don't need us anymore. I don't worry about being too dark anymore.

00:21:11:13 - 00:21:23:04

Unknown

About your mother.

00:21:23:06 - 00:21:25:01

Speaker 5

Thank everyone for coming, Jordan.

00:21:25:01 - 00:22:28:21

Unknown
